INDEPENDENT AUDITORS' REPORT

To the Administrative Committee and Participants
Cullman Primary Care, P.C. 401(k) Profit Sharing Plan
Cullman, Alabama

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Cullman Primary Care, P.C. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of August 30, 2024 and December 31, 2023, and the related statement of changes in net assets available for benefits for the period ended August 30, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Cullman Primary Care, P.C. 401(k) Profit Sharing Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of August 30, 2024 and December 31, 2023 and for the period ended August 30, 2024, stating that certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- The amounts and disclosure in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified by qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Cullman Primary Care, P.C. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cullman Primary Care, P.C. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an audit report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cullman Primary Care, P.C. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statement.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statement, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

The plan sponsor ceased doing business December 31, 2023, effectively terminating the Plan. All assets of the Plan were distributed to participants in 2024. Therefore, the 2024 and 2023 Statements of Assets Available for Benefits and 2024 Statement of Changes in Assets Available for Benefits are presented on the liquidation basis.

CULLMAN PRIMARY CARE, P.C.
401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED AUGUST 30, 2024 AND DECEMBER 31, 2023

Note A - Plan Description

The following description of Cullman Primary Care, P.C. (Company) 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan funded by employee and employer contributions and administered by Cullman Primary Care, P.C. Participation in the Plan is available to all eligible employees of Cullman Primary Care, P.C. and its affiliates. The Plan document provides for allocation provisions and the disposition of forfeitures. The Plan is subject to the provisions of Employees Retirement Income Security Act (ERISA).

Eligibility. Employees are eligible to participate in the Plan after attaining age 21 and completing 1 year of service. Plan entry is on the first day of each quarter following satisfaction of age and service requirements.

Contributions. The employer's profit-sharing contribution is discretionary within the limits of the provisions of the Internal Revenue Code. The Plan uses the safe harbor method of compliance for the Actual Deferral Percentage test which provides for a 3% contribution to all participating employees. Employees may defer any percentage of compensation up to the maximum amount allowable by law. Participants age 50 and over may make an additional deferral as a "catch-up contribution." The Plan document provides for allocation provisions. The Company remits contributions to the plan custodian, Mid Atlantic Trust Company and to the Self-Directed Brokerage Accounts (the Custodians).

Participant Accounts. Participant accounts are credited with the participant's contributions and the allocation of employer contributions, as well as Plan earnings, and charged with an allocation of administrative expenses. Participants may direct the investment of their account balances into various investment options offered by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note A - Plan Description - Continued

Payment of Benefits. A participant's account becomes fully vested upon the participant's death, disability or attaining normal retirement age. Upon the participant's termination, death, disability or retirement, the vested benefits allocated to the participant's account are paid in a lump sum payment.

Vesting. Participants vest in employer profit sharing contributions on a graded schedule with 100% vesting after six years of service. Participants are always fully vested in their deferral contributions and employer safe harbor non-elective contributions. Amounts not vested at the time a participant receives a distribution are forfeited and may be used to reduce the employer's contribution. Upon Plan termination, all participants became fully vested. See Note G for discussion of Plan termination. As of August 30, 2024 and December 31, 2023, forfeited non-vested accounts totaled \$0 and \$7,565, respectively.

Forfeitures. Forfeiture allocations may be used to offset employer contributions. Forfeitures of \$7,565 were applied to reduce contributions in 2023.

Administrative Expenses. The Sponsor pays most of the administrative costs of the Plan associated with professional services provided to the Plan and the cost of communications to the participants. Administrative expenses recorded in the Plan represent transactional fees paid directly by participants to the recordkeeper.

Note B - Summary of Significant Accounting Policies

Basis of Accounting. As discussed in Note G to the financial statements, the Plan was effectively terminated as of December 31, 2023. Plan assets were liquidated and distributed in 2024. As required by accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the going concern basis to the liquidation basis in presenting 2024 and 2023 financial statements. Our opinion is not modified with respect to this matter.

Financial Statement Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition. Investments are presented at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The reported value of the Stable Value Fund is Net Asset Value (NAV), which is calculated by the fund based on net assets, which include fully benefit responsive contracts at contract value. This NAV represents the Plan's fair value since this is the amount at which the Plan transacts with the fund. Shares of mutual funds are valued at the net asset value of shares held by the Plan based on quoted prices at year end.

Note B - Summary of Significant Accounting Policies – Continued

See Note D for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

All investments in the Plan are participant directed. The Plan presents in the statement of changes in net assets the net appreciation or depreciation in the fair value of its investments, which consists of realized gains or losses and the unrealized appreciation or depreciation on those investments. Realized gains or losses on investments represent the difference between the original cost and the related market price of the investments at the time of disposition. Prior to disposition, differences between the original cost and the fair value of investments at the end of the year represent unrealized appreciation or depreciation.

Operating Expenses. Some expenses of maintaining the plan are paid by the Sponsor.

Contributions. Employer and employee contributions are reported in the year services are rendered to the Company by the Plan participants.

Payment of Benefit. Benefits are reported in the year paid.

Risks and Uncertainties. The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the values of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Date of Management's Review. The Plan has evaluated subsequent events through January 27, 2025, which is the date the financial statements were available to be issued, and concluded no events or transactions occurred during that period requiring recognition or disclosure.

Note C - Information Prepared and Certified by Custodian (Unaudited)

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Mid Atlantic Trust Company:

- Investments – Fair value, excluding self-directed brokerage accounts
- Interest and dividend income, excluding self-directed brokerage accounts
- Net appreciation (depreciation) in fair value of investments, excluding self-directed brokerage accounts

The Plan administrator instructed the auditors not to perform, and they did not perform, any auditing procedures with respect to this information, except for comparing the information with the related information included in the financial statements and supplemental schedule.

Note D - Fair Value Measurements

FASB ASC Section 820 - *Fair Value Measurements and Disclosures* establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The hierarchy consists of three broad levels, described as follows:

Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.

Level 2 – Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.

Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds, Self-directed brokerage accounts - Valued at the closing price reported on the active market on which the individual securities are traded.

Collective investment fund – Valued at the net asset value (NAV), as provided by the administrator, used as a practical expedient to estimate fair value. The NAV is based on the value of underlying assets owned by the fund, less its liabilities, divided by the number of shares outstanding.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note D – Fair Value Measurements – Continued

The following table presents, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

| <u>December 31, 2023</u> | <u>Fair Value</u> | <u>Fair Value Measurements Using:</u> | | |
|--|----------------------|---------------------------------------|----------------|----------------|
| | | <u>Level 1</u> | <u>Level 2</u> | <u>Level 3</u> |
| Self-directed brokerage accounts | \$ 316 | \$ 316 | \$ - | \$ - |
| Mutual funds | <u>13,720,426</u> | <u>13,720,426</u> | <u>-</u> | <u>-</u> |
| Total investments in the fair value hierarchy | 13,720,742 | <u>\$ 13,720,742</u> | <u>\$ -</u> | <u>\$ -</u> |
| Investments measured at NAV: Collective investment fund (a) | <u>484,269</u> | | | |
| Total investments at fair value | <u>\$ 14,205,011</u> | | | |

(a) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. There are no unfunded commitments for these investments, they are valued daily, and there are no redemption restrictions.

Note E - Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are in self-directed brokerage accounts managed by the Plan recordkeeper. These transactions qualify as party-in-interest transactions.

Note F - Plan Tax Status

The Plan has adopted a volume submitter plan document approved by the Internal Revenue Service as being in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator believes the Plan is designed and operated in compliance with the Plan document and applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan follows accounting standards relating to uncertainty of income tax positions. The Plan administrator assessed whether there were any uncertain tax positions that may give rise to income tax liabilities and determined that there were no such matters requiring recognition in the accompanying financial statements. The Plan files information returns under U.S. federal jurisdiction. With few exceptions, the Plan is no longer subject to U.S. federal tax examinations for years before 2021.

Note G - Plan Termination

The Sponsor ceased doing business as of December 31, 2023, effectively terminating the Plan. The Plan distributed all assets to participants in 2024. Because of the Plan termination, participants became fully vested in all employer contributions.

Note H - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits and changes in net assets available for benefits per the financial statements to Form 5500 at August 30, 2024 and December 31, 2023:

INDEPENDENT AUDITORS' REPORT

To the Administrative Committee and Participants
Cullman Primary Care, P.C. 401(k) Profit Sharing Plan
Cullman, Alabama

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Cullman Primary Care, P.C. 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of August 30, 2024 and December 31, 2023, and the related statement of changes in net assets available for benefits for the period ended August 30, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Cullman Primary Care, P.C. 401(k) Profit Sharing Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from a qualified institution as of August 30, 2024 and December 31, 2023 and for the period ended August 30, 2024, stating that certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section-

- The amounts and disclosure in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified by qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Members:

- The American Institute of Certified Public Accountants
- The Alabama Society of Certified Public Accountants

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Cullman Primary Care, P.C. 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cullman Primary Care, P.C. 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an audit report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cullman Primary Care, P.C. 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statement.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statement, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

The plan sponsor ceased doing business December 31, 2023, effectively terminating the Plan. All assets of the Plan were distributed to participants in 2024. Therefore, the 2024 and 2023 Statements of Assets Available for Benefits and 2024 Statement of Changes in Assets Available for Benefits are presented on the liquidation basis.

CULLMAN PRIMARY CARE, P.C.
401(k) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED AUGUST 30, 2024 AND DECEMBER 31, 2023

Note A - Plan Description

The following description of Cullman Primary Care, P.C. (Company) 401(k) Profit Sharing Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution plan funded by employee and employer contributions and administered by Cullman Primary Care, P.C. Participation in the Plan is available to all eligible employees of Cullman Primary Care, P.C. and its affiliates. The Plan document provides for allocation provisions and the disposition of forfeitures. The Plan is subject to the provisions of Employees Retirement Income Security Act (ERISA).

Eligibility. Employees are eligible to participate in the Plan after attaining age 21 and completing 1 year of service. Plan entry is on the first day of each quarter following satisfaction of age and service requirements.

Contributions. The employer's profit-sharing contribution is discretionary within the limits of the provisions of the Internal Revenue Code. The Plan uses the safe harbor method of compliance for the Actual Deferral Percentage test which provides for a 3% contribution to all participating employees. Employees may defer any percentage of compensation up to the maximum amount allowable by law. Participants age 50 and over may make an additional deferral as a "catch-up contribution." The Plan document provides for allocation provisions. The Company remits contributions to the plan custodian, Mid Atlantic Trust Company and to the Self-Directed Brokerage Accounts (the Custodians).

Participant Accounts. Participant accounts are credited with the participant's contributions and the allocation of employer contributions, as well as Plan earnings, and charged with an allocation of administrative expenses. Participants may direct the investment of their account balances into various investment options offered by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note A - Plan Description - Continued

Payment of Benefits. A participant's account becomes fully vested upon the participant's death, disability or attaining normal retirement age. Upon the participant's termination, death, disability or retirement, the vested benefits allocated to the participant's account are paid in a lump sum payment.

Vesting. Participants vest in employer profit sharing contributions on a graded schedule with 100% vesting after six years of service. Participants are always fully vested in their deferral contributions and employer safe harbor non-elective contributions. Amounts not vested at the time a participant receives a distribution are forfeited and may be used to reduce the employer's contribution. Upon Plan termination, all participants became fully vested. See Note G for discussion of Plan termination. As of August 30, 2024 and December 31, 2023, forfeited non-vested accounts totaled \$0 and \$7,565, respectively.

Forfeitures. Forfeiture allocations may be used to offset employer contributions. Forfeitures of \$7,565 were applied to reduce contributions in 2023.

Administrative Expenses. The Sponsor pays most of the administrative costs of the Plan associated with professional services provided to the Plan and the cost of communications to the participants. Administrative expenses recorded in the Plan represent transactional fees paid directly by participants to the recordkeeper.

Note B - Summary of Significant Accounting Policies

Basis of Accounting. As discussed in Note G to the financial statements, the Plan was effectively terminated as of December 31, 2023. Plan assets were liquidated and distributed in 2024. As required by accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the going concern basis to the liquidation basis in presenting 2024 and 2023 financial statements. Our opinion is not modified with respect to this matter.

Financial Statement Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition. Investments are presented at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The reported value of the Stable Value Fund is Net Asset Value (NAV), which is calculated by the fund based on net assets, which include fully benefit responsive contracts at contract value. This NAV represents the Plan's fair value since this is the amount at which the Plan transacts with the fund. Shares of mutual funds are valued at the net asset value of shares held by the Plan based on quoted prices at year end.

Note B - Summary of Significant Accounting Policies – Continued

See Note D for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

All investments in the Plan are participant directed. The Plan presents in the statement of changes in net assets the net appreciation or depreciation in the fair value of its investments, which consists of realized gains or losses and the unrealized appreciation or depreciation on those investments. Realized gains or losses on investments represent the difference between the original cost and the related market price of the investments at the time of disposition. Prior to disposition, differences between the original cost and the fair value of investments at the end of the year represent unrealized appreciation or depreciation.

Operating Expenses. Some expenses of maintaining the plan are paid by the Sponsor.

Contributions. Employer and employee contributions are reported in the year services are rendered to the Company by the Plan participants.

Payment of Benefit. Benefits are reported in the year paid.

Risks and Uncertainties. The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the values of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Date of Management's Review. The Plan has evaluated subsequent events through January 27, 2025, which is the date the financial statements were available to be issued, and concluded no events or transactions occurred during that period requiring recognition or disclosure.

Note C - Information Prepared and Certified by Custodian (Unaudited)

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by Mid Atlantic Trust Company:

- Investments – Fair value, excluding self-directed brokerage accounts
- Interest and dividend income, excluding self-directed brokerage accounts
- Net appreciation (depreciation) in fair value of investments, excluding self-directed brokerage accounts

The Plan administrator instructed the auditors not to perform, and they did not perform, any auditing procedures with respect to this information, except for comparing the information with the related information included in the financial statements and supplemental schedule.

Note D - Fair Value Measurements

FASB ASC Section 820 - *Fair Value Measurements and Disclosures* establishes a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The hierarchy consists of three broad levels, described as follows:

Level 1 – Inputs consist of unadjusted quoted prices for identical assets in active markets that the plan has the ability to access.

Level 2 – Inputs consist of 1) quoted prices for similar assets in active markets, 2) quoted prices for identical or similar assets in inactive markets, 3) inputs other than quoted prices that are observable, and 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term.

Level 3 – Inputs consist of unobservable inputs where there is little or no market activity, and the reporting entity makes estimates and assumptions related to the pricing of the asset including assumptions regarding risk.

The assets fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual Funds, Self-directed brokerage accounts - Valued at the closing price reported on the active market on which the individual securities are traded.

Collective investment fund – Valued at the net asset value (NAV), as provided by the administrator, used as a practical expedient to estimate fair value. The NAV is based on the value of underlying assets owned by the fund, less its liabilities, divided by the number of shares outstanding.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note D – Fair Value Measurements – Continued

The following table presents, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023:

| <u>December 31, 2023</u> | <u>Fair Value</u> | <u>Fair Value Measurements Using:</u> | | |
|---|----------------------|---------------------------------------|----------------|----------------|
| | | <u>Level 1</u> | <u>Level 2</u> | <u>Level 3</u> |
| Self-directed brokerage accounts | \$ 316 | \$ 316 | \$ - | \$ - |
| Mutual funds | <u>13,720,426</u> | <u>13,720,426</u> | <u>-</u> | <u>-</u> |
| Total investments in the fair value hierarchy | 13,720,742 | <u>\$ 13,720,742</u> | <u>\$ -</u> | <u>\$ -</u> |
| Investments measured at NAV: | | | | |
| Collective investment fund (a) | <u>484,269</u> | | | |
| Total investments at fair value | <u>\$ 14,205,011</u> | | | |

(a) Certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits. There are no unfunded commitments for these investments, they are valued daily, and there are no redemption restrictions.

Note E - Related Party Transactions and Party-In-Interest Transactions

Certain Plan investments are in self-directed brokerage accounts managed by the Plan recordkeeper. These transactions qualify as party-in-interest transactions.

Note F - Plan Tax Status

The Plan has adopted a volume submitter plan document approved by the Internal Revenue Service as being in compliance with the applicable requirements of the Internal Revenue Code. The Plan administrator believes the Plan is designed and operated in compliance with the Plan document and applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan follows accounting standards relating to uncertainty of income tax positions. The Plan administrator assessed whether there were any uncertain tax positions that may give rise to income tax liabilities and determined that there were no such matters requiring recognition in the accompanying financial statements. The Plan files information returns under U.S. federal jurisdiction. With few exceptions, the Plan is no longer subject to U.S. federal tax examinations for years before 2021.

Note G - Plan Termination

The Sponsor ceased doing business as of December 31, 2023, effectively terminating the Plan. The Plan distributed all assets to participants in 2024. Because of the Plan termination, participants became fully vested in all employer contributions.

Note H - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits and changes in net assets available for benefits per the financial statements to Form 5500 at August 30, 2024 and December 31, 2023:
