## INDEPENDENT AUDITOR'S REPORT

To the Participants and Administrator of the  
Western Youth Services 403(b) Retirement  
Savings and Incentive Plan:

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements***

We have performed the audits of the financial statements of the Western Youth Services 403(b) Retirement Savings and Incentive Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended June 30, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of June 30, 2024 and 2023 and for the year ended June 30, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

### ***Opinion on the Financial Statements***

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion on the Financial Statements***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for twelve months from the date these financial statements were issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks.

Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

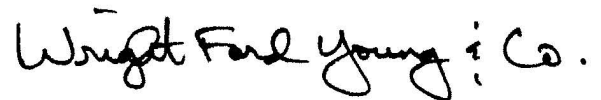

***Other Matter — Supplemental Schedules Required by ERISA***

The supplemental schedules, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) and Schedule H, Line 4a - Schedule of Delinquent Participant Contributions, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WESTERN YOUTH SERVICES 403(b) RETIREMENT SAVINGS AND INCENTIVE PLAN

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2024 AND 2023

1. DESCRIPTION OF PLAN

The following description of the Western Youth Services 403(b) Retirement Savings and Incentive Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted on September 1, 1998 to qualify as a defined contribution retirement plan for Western Youth Services' (the Company or Employer) eligible employees. The Plan has a deferred salary arrangement provision as defined under Section 403 of the Internal Revenue Code (the IRC). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Eligible employees may participate in the salary deferral portion of the Plan upon their hire date with no minimum age requirement.

Administration

The Plan is administered by the Company.

Contributions

Participants may elect to contribute up to 100% of eligible pre-tax or post-tax compensation, not to exceed the limits of the IRC. Participants direct the investment of their pre-tax and Roth contributions into various investment options offered by the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

During the year ended June 30, 2024, the Company provided matching contributions to eligible participants equal to 100% of deferrals up to 3% of eligible compensation. Employer matching contributions are provided to eligible participants who have completed 90 days of service. Certain employee classifications are not eligible for matching contributions. The Company may also make discretionary matching contributions to eligible participants who are employed on the last day of the plan year. No discretionary contributions were made during the year ended June 30, 2024.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer matching and discretionary contributions (if eligible), and Plan earnings. Allocations of the Company's discretionary contributions are based on the participant's compensation and the total compensation of all eligible participants. Allocations of the Company's matching contributions are allocated as a percentage of the participant contribution. Allocations of fund earnings are based upon the ratio that each participant's fund balance bears to the total investment fund balance.

WESTERN YOUTH SERVICES 403(b) RETIREMENT SAVINGS AND INCENTIVE PLAN

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2024 AND 2023

1. DESCRIPTION OF PLAN – (Continued)

Payment of Benefits

On termination of service due to death, disability, retirement, or other reasons a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or an annuity. Participants may also elect to rollover their account to another tax deferred account or remain in the Plan until they are legally required to begin taking distributions. All vested account balances not exceeding \$1,000 will be immediately distributed in a lump-sum payment. All vested account balances exceeding \$1,000, but not exceeding \$5,000, will be rolled into an Individual Retirement Account. With the plan administrator's approval, participants may withdraw all or part of their deferral contributions in the event of financial hardship.

Vesting

Participants are 100% vested in their contributions and Company matching and discretionary contributions, plus actual net earnings thereon.

Notes Receivable from Participants (Plan Assets)

Participants investing through The Variable Annuity Life Insurance Company (VALIC) in mutual funds may borrow from their mutual fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1 to 5 years or within a reasonable period of time that is longer than 5 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a fixed rate of 1% above the current prime interest rate, as published in the Wall Street Journal at the time of loan issuance. Principal and interest is paid by the participant directly to VALIC, in accordance with the loan's amortization schedule.

Participant Loans (Non-Plan Assets)

Participants investing through VALIC in variable annuity contracts may use their vested participant account balance to collateralize loans directly from VALIC outside the Plan. The balances of these loans are not paid through payroll and are not included in the Plan's assets. However, upon commencement of the loan, an amount equal to the principal amount loaned by VALIC is transferred from the participant's investment account to the Loan Collateral Fund and Loan Escrow Fund. These funds are fixed income investments that earn a stated rate of interest that is allocated to the individual participant account. As payments are made to VALIC outside of the Plan, the collateral is released from the Loan Collateral and Loan Escrow Funds and reinvested according to the participant elections for contributions. A policy loan is considered to be in default when no payments are made within 45 days after the due date of the payment. Upon default, VALIC will foreclose on the loan and remove the collateral from the Plan if the participant has a right to a current distribution.

WESTERN YOUTH SERVICES 403(b) RETIREMENT SAVINGS AND INCENTIVE PLAN

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2024 AND 2023

1. DESCRIPTION OF PLAN – (Continued)

Participant Loans (Non-Plan Assets) – (Continued)

If the participant is not eligible for a current distribution, the collateral will remain in the Plan until the loan is paid in full or the participant becomes eligible for a distribution. As of June 30, 2024 and 2023, approximately \$10,000 and \$13,000, respectively, was held in the Loan Collateral Fund and Loan Escrow Funds. No allowance for credit losses has been recorded as of June 30, 2024 and 2023.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the period. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants (Plan Assets)

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative fees and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Plan Fees and Administrative Expenses

Plan fees and administrative expenses are generally paid by the Plan, unless paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Certain record keeping fees are paid by the Plan and included in administrative expenses. Certain transactional fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

WESTERN YOUTH SERVICES 403(b) RETIREMENT SAVINGS AND INCENTIVE PLAN

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2024 AND 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

Subsequent Events

The Company has evaluated subsequent events through the date of the independent auditor's report, which is the date the accompanying financial statements were available to be issued.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

3. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under this framework are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTES TO THE FINANCIAL STATEMENTS

JUNE 30, 2024 AND 2023

3. FAIR VALUE MEASUREMENTS – (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2024 and 2023.

*Guaranteed interest accounts:* These investments are part of the general assets of an insurance company. These investments are valued based on the total deposits and interest, less fees adjusted by the estimated surrender charge of the lesser of 5% of the amount of all purchase payments received during the past 60 months or 5% of the amount withdrawn for all distributions if the amount withdrawn exceeded 10% of the participant's account value. The assets are classified within level 3 of the valuation hierarchy because the contracts are not fully-benefit responsive and the asset values are not based on quoted active markets and are valued primarily based on unobservable inputs.

*Variable annuity contracts:* These investments are valued using the net asset value (NAV) provided by an insurance institution. The NAV as provided by an insurance institution is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying mutual fund investments held by the fund, less its liabilities. Unit values are calculated from the daily NAV, using quoted market prices of the underlying investments and using the number of shares held by the funds at year end.

*Registered investment companies:* These investments are public investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price on an active market and classified within level 1 of the valuation hierarchy.

The preceding methods described may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of June 30, 2024 and 2023:

<sup>(a)</sup> In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) as a practical expedient, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit the reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

In regards to the classification of investment options offered by the Plan, there were no reclassifications in or out of levels 1, 2 or 3 during the year ended June 30, 2024. The nature, risks and investment objectives of the investments above, including those for which fair value is estimated using the NAV as a practical expedient, can be found in the Plan's enrollment literature. As of June 30, 2024, there were no unfunded commitments associated with any of these investments. As of June 30, 2024, the Plan's investment in variable annuity contracts allowed for daily redemption, without any prior notice required. If a participant sells \$5,000 or more of this investment, the participant is prohibited from purchasing \$5,000 or more in the same investment for 30 calendar days. A surrender charge will be applied and is calculated as the lesser of 5% of the amount of all purchase payments received during the past 60 months or 5% of the amount withdrawn for all distributions if the amount withdrawn exceeded 10% of the participant's account value.

Exceptions to the surrender charge include: money applied to provide a payout option, death benefits, if no purchase payments have been received during the 60 months prior to the date of surrender, if the account has been in effect for 15 years or longer, if the account has been in effect

for 5 years or longer and the participant has attained age 59.5, the participant has become totally and permanently disabled, and if the participant is at least 55 years old, is no longer employed by the employer that established the Plan and the participant's account was established at least 5 years prior to the date of surrender.

The following table presents a summary of changes in the fair value of the Plan's level 3 assets for the year ended June 30, 2024:

Balance, at June 30, 2023	\$ 2,111,985
Interest	59,052
Purchases	240,114
Administrative fees	(7,899)
Settlements	<u>52,484</u>
Balance, at June 30, 2024	<u>\$ 2,455,736</u>

The fair value of the guaranteed interest accounts is based on significant unobservable inputs, including the interest rates of the applicable investment contracts. Significant fluctuations in any of the inputs in isolation could result in a significantly different fair value measurement.

The following table provides quantitative information about the significant unobservable inputs used for recurring fair value measurements categorized within Level 3 as of June 30, 2024 and 2023:

June 30, 2024	Valuation Techniques	Unobservable Inputs	Range of Inputs
Guaranteed interest accounts - Fixed Accounts under the annuity platform	Demand value <sup>(1)</sup>	Declared crediting rates Maturity dates	1.75% - 3.25% * 6/30/2024 - 6/30/2029
Guaranteed interest accounts - Fixed Interest Option under the mutual fund platform	Demand value <sup>(1)</sup>	Declared crediting rates Maturity dates	1.50% - 2.35% * 6/30/2024 - 6/30/2034

3. FAIR VALUE MEASUREMENTS – (Continued)

\* The minimum guaranteed interest rate varies by participant and depends on the date the participant established his/her account. Participant accounts set up before December 1, 2003 have a minimum guaranteed interest rate of 3.00%. The minimum guaranteed interest rate for accounts set up on or after December 1, 2003 is 2.00%. Effective January 1, 2011, contracts issued to new participants have an indexed guaranteed minimum interest rate.

<sup>(1)</sup>The estimated fair value is based upon the demand value, which is the amount due to the contract holder under the surrender provisions of the contract. The amount due to the contract holder is the amount of deposits, plus interest, less fees, less a surrender charge equal to the lesser of 5% of the amount of all deposits received during the past 60 months or 5% of the amount withdrawn for all distributions if the amount withdrawn exceeded 10% of the participant's account value. The contract value approximates fair value at June 30, 2024 and 2023.

4. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. As of June 30, 2024, the Plan held approximately 28% of its investments in two funds.

5. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIANS

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, The Variable Annuity Life Insurance Company (VALIC) and VALIC Trust Company Inc. (VALIC Trust), the custodians of the Plan, have certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of June 30, 2024 and 2023.
- Net appreciation in fair value of investments, interest and dividend income, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended June 30, 2024.
- Investments and notes receivable from participants reflected on the schedule of assets (held at end of year).

JUNE 30, 2024 AND 2023

6. PARTY-IN-INTERST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. Certain Plan investments are managed by VALIC or VALIC Trust, the custodians of the Plan. The Plan also has investments in guaranteed interest accounts which are part of the general assets of VALIC. During 2024, the Plan paid \$50,129 in contract administration and third party administrator fees. The Plan issues loans to participants, which are secured by the balances in the participants' accounts. The Company paid certain administrative expenses of the Plan, including audit fees. These transactions qualify as party in interest transactions for which a statutory exemption exists.

Fees incurred by the Plan for investment management services are netted against net appreciation in fair value of investments. These fees are paid to the investment fund manager and may include certain revenue sharing fees that are paid to VALIC and VALIC Trust or related entities, other investment custodians and investment advisors. Additionally, certain administrative expenses related to participant initiated transactions are paid directly to VALIC and are included in Plan fees and administrative expenses on the accompanying statement of changes in net assets.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to terminate or amend the Plan at any time, subject to the provisions of ERISA.

8. TAX STATUS

The Company adopted a Volume Submitter 403(b) Plan which received a favorable opinion letter from the Internal Revenue Service (IRS) on March 31, 2017 which stated that the Plan, as then designed, was in accordance with the applicable sections of the IRC. The Plan has since been restated. The plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTES TO THE FINANCIAL STATEMENTS

9. PROHIBITED TRANSACTIONS

During the Plan years ended June 30, 2024 and 2023, the plan sponsor inadvertently failed to deposit \$28,892 and \$23,561, respectively, of participant deferrals within the required timeframe as stated by ERISA. These deferrals were deposited beyond the earliest expected date on which assets could be segregated from the employer's assets. The U.S. Department of Labor considers late deposits to be prohibited transactions. The plan sponsor is in the process of calculating and remitting lost earnings on these deferrals and intends to deposit the lost earnings during 2025 and does not believe that these issues will have a material impact on the Plan's net assets available for benefits or the Plan's tax status.

10. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at June 30, 2024 and 2023:
