Independent Auditor's Report

To the Plan Committee and Participants
GTS Platform 401(k) Plan
Canton, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed audits of the financial statements of GTS Platform 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022 and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements ("financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report,

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter —Supplemental Schedules Required by ERISA

The supplemental schedules, as listed in the accompanying table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion,

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

GTS Platform 401(k) Plan

Notes to Financial Statements

1. Description of Plan

The following description of the GTS Platform 401(k) Plan formerly known as the Orbital Energy Group 401(k) Plan (the "Plan") provides only general information. Participants should refer to the summary plan description for a more complete description of the Plan's provisions.

During 2023, Gibson Technical Services, Inc. ("GTS") assumed the role of Plan Sponsor from Orbital Infrastructure Group, Inc. ("OIG"). OIG filed for bankruptcy during 2023 and as such employees of OIG and affiliated entities Orbital Gas Systems Inc. ("OGS"), Orbital Power, Inc. ("OPI"), Orbital Solar Services Inc. ("OSS"), and Eclipse Foundation Group, Inc. ("EFG") became fully vested in their account balances. See Note 6.

In 2023, assets from the Immco, Inc. 401k Profit Sharing Plan, of approximately \$594,000 were merged into the Plan. Employees of Immco, Inc. were immediately eligible for participation in the Plan.

General

The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended. To be eligible to participate in the Plan, an employee must have attained the age of 18 and completed 60 days of service. Employees may begin participation as of the first day following the date on which they meet the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Contributions

Eligible employees are automatically enrolled at a 3% pre-tax deferral percentage, which will increase by increments of 1% each January 1 up to a maximum of 6%, unless they elect an alternative percentage or decline participation. Participants may otherwise elect to contribute a percentage of their pre-tax or after-tax annual compensation, as defined in the Plan, not to exceed the limits set by the Internal Revenue Service ("IRS"). Participants who have attained age 50 are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans ("rollovers"). The Company makes matching contributions of 100% of the first 6% of compensation contributed by participants to the Plan. The Company may also make a discretionary profit-sharing contribution to be determined annually by the Board of Directors. No discretionary profit-sharing contributions were made for 2023.

Upon enrollment in the Plan, a participant may direct contributions in any of the investment options offered through the Plan. Participants may change their investment options and deferral percentages at any time.

Participant Accounts

Each participant's account is credited with the participant's and the Company's contributions and an allocation of the Plan's net earnings and administrative expenses. Allocations are based upon participant earnings, account balances, or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

See accompanying independent auditor's report.

GTS Platform 401(k) Plan

Notes to Financial Statements

1. Description of Plan (Concluded)

Vesting

Participants are immediately vested in their voluntary contributions, plus any income or loss thereon. Participants become fully vested in the Company's matching contributions in accordance with a 2-year cliff vesting schedule. Vesting in the Company's discretionary profit-sharing contributions, plus any income or loss thereon is based on years of continuous service according to the following schedule:

Years of Continuous Service	Vesting Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Payment of Benefits

Upon termination of service due to death, disability, retirement, or separation, a participant may elect to receive a lump-sum payment or installment payments over a period not to exceed the life expectancy of the participant and the designated beneficiary. In-service distributions may be made to participants who have reached age 59½. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan.

Forfeitures

Forfeitures from non-vested participant accounts may be used to offset future Company matching contributions or administrative expenses. During 2023, forfeitures of approximately \$293,000 were used to offset Company matching contributions. There were no forfeitures available as of December 31, 2023 and 2022.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$500 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. Participants may have two outstanding notes at any given time. The notes are secured by the balance in the participant's account and bear a reasonable rate of interest as determined by the plan administrator based on rates available for similar loans from commercial lending institutions. The maximum term of a note for other than the purchase of a primary residence shall be five years. Principal and interest are repaid ratably through payroll deductions.

Administrative Expenses

The Company absorbs certain expenses incidental to the administration of the Plan, including internal administrative costs. Other fees, including trustee and recordkeeping, may be paid by the Company or the Plan. Loan and distribution fees are paid from the affected participant's account.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared under the accrual basis of accounting.

Based upon information as of October 16, 2023, the financial statements as of and for the year ended December 31, 2022 were presented in accordance with the liquidation basis of accounting due to the expected termination of the Plan resulting from the bankruptcy filing of OIG. However, the Plan was ultimately able to continue as a going concern with GTS assuming the role of plan sponsor in late 2023 as outlined in Note 1. This reorganization of the Plan in 2023 did not otherwise impact the Plan's previously issued financial statements as of and for the year ended December 31 2022.

See accompanying independent auditor's report.

GTS Platform 401(k) Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies (Concluded)

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent notes receivable are reclassified as distributions based upon the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Management has evaluated events occurring subsequent to the date of the financial statements through January 17, 2025, the date the financial statements were available to be issued, and has determined that no events have occurred that require adjustments to or additional disclosure in the financial statements.

3. Certified Investment Information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Trust Company ("Principal").

4. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

See accompanying independent auditor's report.

GTS Platform 401(k) Plan

Notes to Financial Statements

5. Income Tax Status

The Plan has adopted a prototype plan document sponsored by Principal Life Insurance Company ("PLIC"). The IRS has determined and informed PLIC by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since the date of the determination letter; however, the plan administrator believes that the Plan is currently designed and being operated in compliance with applicable provisions of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants' accounts will become fully vested and nonforfeitable.

In August 2023, OIG filed for Chapter 11 bankruptcy. As a result of this filing, participants employed by OIG, OGS, OPI, OSS, and EFG underwent a partial plan termination, resulting in affected participants becoming fully vested in their account balances.

7. Party-in-Interest Transactions

Fees paid by the Plan to PLIC for recordkeeping and other administrative services were approximately \$87,000 during 2023.

Certain investments of the Plan were managed by Principal, the trustee of the Plan, and as such, these transactions qualified as party-in-interest.

8. Fair Value Measurements

The Plan has adopted Accounting Standards Codification 820, "Fair Value Measurements and Disclosures" ("ASC 820"), which establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The three levels of the fair value hierarchy under ASC 820 are as follows:

Basis of Fair Value Measurement

- Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;
- Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;
- Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year-end. The NAV for these investments is a quoted price in an active market and is classified within Level 1 of the valuation hierarchy.

See accompanying independent auditor's report.

GTS Platform 401(k) Plan

Notes to Financial Statements

8. Fair Value Measurements (Concluded)

Common collective trust funds: Valued at NAV as determined by the issuer using the estimated fair value of the underlying assets, minus liabilities, which are valued primarily through the use of directly and indirectly observable inputs. As the value of these investments is readily determinable, these funds are classified within Level 2 of the valuation hierarchy.

Pooled separate accounts: Valued at unit value as reported by the issuer based on quoted market prices of the underlying assets, which is then adjusted for dividends and separate accounts fees. As the value of these investments is readily determinable, these investments are classified within Level 2 of the valuation hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes the investments by level as defined within the fair value hierarchy as of December 31, 2023.

	Investment Assets at Fair Value			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 3,414,354	\$ -	\$ -	\$ 3,414,354

The following table summarizes the investments by level as defined within the fair value hierarchy as of December 31, 2022.

9. Delinquent Participant Contributions

During the year ended December 31, 2022, participant loan repayments of approximately \$1,100 and employee elective deferrals of approximately \$9,100 were not remitted within the appropriate time period by the Company. These transactions constitute prohibited transactions as defined by ERISA. As of the report date, the Company was in the process of taking the necessary corrective actions, including the calculation and remittance of lost earnings to participant accounts.
