Independent Auditor's Report

To the Plan Administrator
CGT U.S. Limited / Textileather Corporation 401(k) Profit Sharing Plan
New Braunfels, Texas

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of CGT U.S. Limited / Textileather Corporation 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the Statement of Net Assets Available for Benefits as of December 31, 2021, and the related Statement of Changes in Net Assets Available for Benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of CGT U.S. Limited / Textileather Corporation 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditor's Report (continued)

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of CGT U.S. Limited / Textileather Corporation 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about CGT U.S. Limited / Textileather Corporation 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Independent Auditor's Report (continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of CGT U.S. Limited / Textileather Corporation 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about CGT U.S. Limited / Textileather Corporation 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CGT U.S. Limited / Textileather Corporation 401(k) Profit Sharing Plan

Notes to Financial Statements

1. **Description of the Plan** The following description of the CGT U.S. Limited / Textileather Corporation 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of CGT U.S. Limited and Textileather Corporation (the "Company") who have completed one month of service, except for nonresident aliens and employees covered by a collective bargaining agreement. There is a one year service requirement of at least 1,000 hours for the Company's contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions: Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (rollovers). The Plan allows for discretionary matching contributions. During 2021, the Company contributed 50 percent of the first six percent of compensation that a participant contributed to the Plan. Profit sharing amounts may be contributed at the discretion of the Company. Participants must complete at least 1,000 hours of service during the Plan year to receive an allocation of any discretionary profit sharing contribution. There were no such contributions for the Plan year ended December 31, 2021. Participants direct the investment of their contributions and Company contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

Participant accounts: Each participant's account is credited with the participant's contributions, the Company's discretionary matching contributions, if any, as well as allocations of the Company's discretionary profit sharing contribution, if any, and Plan earnings. Participant accounts may also be charged with an allocation of certain administrative expenses. Investment earnings and losses are allocated based upon the investment performance of each investment in the participant's account. Allocations of the Company's discretionary profit sharing contributions, if any, are based on the ratio of the participant's compensation to total compensation for the Plan year. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

CGT U.S. Limited / Textileather Corporation 401(k) Profit Sharing Plan

Notes to Financial Statements

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years or up to fifteen years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus one percent. Principal and interest are paid through payroll deductions.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contributions is based on years of continuous service of at least 1,000 hours per year. A participant is 20 percent vested after one year of service is completed, and vests an additional 20 percent per year until full vesting after five years.

Payment of benefits: Benefits are payable upon retirement at age 65, disability, death, or termination of employment. Hardship withdrawals and in-service withdrawals at age 59 1/2 are also permitted, subject to provisions described in the Plan document. Benefits are payable in lump sum payments.

Forfeited accounts: At December 31, 2021 and 2020, forfeited nonvested accounts totaled \$18,474 and \$15,410, respectively. These accounts will be used to reduce future Company contributions or to pay Plan expenses. During 2021, no forfeited nonvested accounts were used to reduce Company contributions and \$52 were used to pay Plan expenses.

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Company. Transaction expenses, such as loan and distribution administration fees, are charged directly to the participant's account.

2. Significant accounting policies

Basis of accounting: The financial statements of the Plan are prepared under the accrual method of accounting.

CGT U.S. Limited / Textileather Corporation 401(k) Profit Sharing Plan

Notes to Financial Statements

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent loans are reclassified as distributions based upon the terms of the Plan document.

Other employer contributions: During 2019 to 2021, the Company did not refund excess contributions within a year of the Plan year end. As a result, the Company must make a corrective contribution to non-highly compensated participants in an amount equal to the excess contributions that should have been refunded. This amount is reported as other employer contributions and other employer contributions receivable in the accompanying financial statements. The Company made the corrective contribution in 2023.

Excess contributions payable: Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service are recorded as a liability with a corresponding reduction to contributions.

Contributions: Participant contributions and the related Company discretionary matching contributions, if any, are recognized in the period the participant contribution is withheld from compensation. Company discretionary profit sharing contributions, if any, are recognized in the period the related eligible compensation is paid to the participant.

Payment of benefits: Benefits are recorded when paid.

CGT U.S. Limited / Textileather Corporation 401(k) Profit Sharing Plan

Notes to Financial Statements

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events: The Plan has evaluated subsequent events for disclosure in these financial statements through February 4, 2025, which is the date the financial statements were available to be issued.

3. Certified information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2021 and 2020, and net appreciation in fair value of investments, interest income, and interest income from notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Transamerica Life Insurance Company Inc., the insurance company of the Plan.

4. Fair value measurements

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 and 2020.

The fair value of the units of pooled separate accounts is based on the net asset value ("NAV") on the last business day of the Plan year provided by the entity holding the accounts. The NAV is used as a practical expedient to estimate fair value and is determined by the insurance company based on the fair value of the underlying assets in the accounts, less the liabilities.

All investments of the Plan are measured using net asset value as practical expedient to estimate fair value and therefore, are not subject to the fair value hierarchy. Investments in all pooled separate accounts can be redeemed immediately at the current net asset value based on the fair value of the underlying assets. There are no withdrawal limits, redemption frequency limits or redemption notice periods. There were no unfunded commitments for these investments as of December 31, 2021 and 2020.

CGT U.S. Limited / Textileather Corporation 401(k) Profit Sharing Plan

Notes to Financial Statements

-
- 5. Guaranteed investment contract** The Plan participates in a traditional benefit responsive investment contract with Transamerica Life Insurance Company ("Transamerica") via an investment in a group annuity contract. Transamerica commingles the assets of the contract with other assets in its general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Transamerica is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Contract value, as reported to the Plan by Transamerica, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct withdrawals or transfer all or a portion of their investment at contract value.
- There are no reserves against contract value for credit risk of the contract issuer or otherwise.
- 6. Risks and uncertainties** The Plan provides for investments in various securities that are exposed to risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in future statements of net assets available for benefits.
- 7. Plan termination** Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.
- 8. Tax status** The Plan is a volume submitter plan of Huntington National Bank which received an opinion letter on March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the form of the plan document was acceptable under the applicable requirements of the Internal Revenue Code ("IRC"). The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.
- Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

CGT U.S. Limited / Textileather Corporation 401(k) Profit Sharing Plan

Notes to Financial Statements

- 9. Party-in-interest transactions** Certain Plan investments are managed by affiliates of Transamerica Life Insurance Company. Transamerica is the recordkeeper and insurance company as defined by the Plan. These transactions qualify as exempt party-in-interest transactions.
- 10. Subsequent event** Effective January 1, 2022, a pre-approved defined contribution plan sponsored by Newport Group Inc was adopted as an amendment and restatement of the Plan. No significant Plan provisions were affected by the amendment and restatement.
