## Independent Auditor's Report

To the Plan Administrator and Participants  
Corrado Management Services, LLC  
Group Medical Plan  
New Castle, Delaware

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Corrado Management Services, LLC Group Medical Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits and benefit obligations as of July 31, 2024 and 2023, the related statements of changes in net assets available for benefits and changes in benefit obligations for the years ended July 31, 2024 and 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended July 31, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance, and; therefore, is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

## **Auditor's Responsibilities for the Audit of the Financial Statements (continued)**

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Other Matter - Supplemental Schedules Required by ERISA**

The supplemental schedules of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of July 31, 2024 and Schedule H, Line 4j - Schedule of Reportable Transactions for the year ended July 31, 2024 are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to, or derived from, the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to, or is derived from, the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**Other Matter - Supplemental Schedules Required by ERISA (continued)**

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Notes to Financial Statements

July 31, 2024 and 2023

#### **Note 1 - Description of Plan**

The following description of the Corrado Management Services, LLC Group Medical Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

##### **General**

The Plan is a defined benefit health and welfare plan covering active full-time employees of Corrado Management Services LLC, Corrado American, LLC, Heavy Equipment Rentals, Inc., and Corrado Construction Company, LLC (collectively, the Company) working at least 30 hours per week. Exempt and non-exempt employees are eligible after 45 days of full-time employment. Former employees may elect coverage under the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) provisions. Benefits are also provided to dependents of these individuals who elect coverage on their behalf. Certain retired employees and their dependents who had been covered under the Plan when the Plan was fully insured were grandfathered for coverage after the Plan became self-insured. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan is part of Keystone Benefit Partners, LLC, which is a member owned, member governed organization of employers. The members collectively negotiate and purchase employee benefits and participant in risk and cost management programs. The funds of the Plan are held in the Keystone Benefits Trust, through which expenses of the health plans are paid. The employees are required to pay for a portion of the cost of the benefit.

##### **Contributions**

The Company shall contribute such amounts to the Plan as necessary for timely payment of all claims and administrative expenses of the Plan. The Company provides for stop-loss insurance over a specified amount as per the agreement with the reinsurance carrier, with the premiums being paid by funds deposited in the Plan. Employee contributions are determined on a fixed fee basis. The amount varies depending on the selection of individual or eligible dependent coverage.

##### **Benefits**

The Plan provides medical and prescription drug benefits to substantially all employees of the Company who meet the service requirements of the Plan and to their covered dependents. Dependents are eligible if they are a covered employee's spouse or unmarried child (or someone to who they are legal guardian) under the age of 26 (and children must be primarily dependent upon the employee). Children of any age can be covered if the child is disabled - meaning they cannot maintain employment due to mental or physical handicap, etc. COBRA coverage is available for termination as defined in the plan document.

The Company provides medical and prescription drug benefits and pays the administrative fees incurred. The employees pay a portion of their medical coverage based upon the coverage chosen through payroll deferrals. All medical and prescription drug benefits are self-insured.

Current health claims are processed through the Highmark network.

### Notes to Financial Statements

July 31, 2024 and 2023

#### **Note 2 - Summary of Significant Accounting Policies**

##### **Basis of Accounting**

The accompanying financial statements are prepared on the accrual basis of accounting.

##### **Use of Estimates**

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, benefit obligations and changes therein, claims incurred but not reported (IBNR), claims payable, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

##### **Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis.

##### **Payment of Benefits**

Premiums paid by the Company or the trust are recorded as insurance premiums in the accompanying statement of changes in net assets available for benefits when paid.

Claim payments are recorded when paid by the third-party claims processor.

##### **Stop Loss Insurance**

The Plan has a stop loss insurance arrangement whereby the stop loss insurance will cover the Plan's obligations for any plan participant's claims in excess of a fixed dollar amount (self-insured retention). The self-insured retention for the Company amounted to \$70,000 per covered person for each of the years ended July 31, 2024 and 2023. In addition, the Plan has an aggregate stop loss insurance arrangement whereby the aggregate stop loss insurance will cover the Plan's obligations if all claims exceed a fixed dollar amount. Premiums for stop loss insurance are included in insurance premiums in the accompanying statement of changes in net assets available for benefits. For the years ended July 31, 2024 and 2023, stop loss reimbursements of \$513,798 and \$447,206, respectively, have been netted with claims paid in the accompanying statement of changes in net assets available for benefits.

##### **Claims Incurred, but Not Yet Reported**

Plan obligations at July 31, 2024 and 2023 for health claims incurred by active participants, but not yet reported at that date are estimated by the Plan's actuary in accordance with accepted actuarial principles based on claims data provided by the Plan's third-party claims administrator. These amounts are paid by the Plan only if claims are submitted and approved for payment. Such estimated amounts are reported in the accompanying statement of benefit obligations. Due to the short-term nature of the reserve liability, time value of money was not used to discount future payments.

July 31, 2024 and 2023

#### **Note 2 - Summary of Significant Accounting Policies (continued)**

##### **Administrative Expenses**

The Plan's assets are administered under a contract with Wilmington Trust, the custodian of the Plan.

The Plan pays administrative expenses that consist primarily of administrative fees paid to third-party administrators and the custodian. These expenses are reported on the statement of changes in net assets available for benefits as administrative expenses.

#### **Note 3 - Information Certified and Provided by Wilmington Trust**

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments held and accrued interest at July 31, 2024 and 2023, and interest income for the years ended July 31, 2024 and 2023, was obtained by management and agreed to, or derived from, information certified as complete and accurate by Wilmington Trust, the custodian of the Plan.

#### **Note 4 - Fair Value Measurements**

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

### Notes to Financial Statements

July 31, 2024 and 2023

#### Note 4 - Fair Value Measurements (continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used at July 31, 2024 and 2023:

Shares of the money market fund are valued at the quoted net asset value of shares held by the Plan at year-end.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Fair Value Measurements at July 31, 2024				
	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Total
Money market fund	\$ 1,949,889	\$ -	\$ -	\$ 1,949,889
Fair Value Measurements at July 31, 2023				
Money market fund	\$ 1,540,142	\$ -	\$ -	\$ 1,540,142

#### Changes in Fair Value Levels

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

Plan management evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended July 31, 2024 and 2023, there were no transfers in or out of Level 3.

### Notes to Financial Statements

July 31, 2024 and 2023

#### **Note 5 - Tax Status**

The Plan is funded through a non-qualified trust under Internal Revenue Code (IRC) 419(a). The trust files Form 1041, U.S. Income Tax Return for Estates and Trusts. Plan management believes that the Plan is being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Income taxes of \$33,459 and \$10,274 were paid by the Plan for the years ended July 31, 2024 and 2023, respectively, and are included in administrative expenses in the statement of changes in net assets available for benefits. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. Federal, state, or local tax authorities for years before 2021.

#### **Note 6 - Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to modify the benefits provided to active employees, discontinue its contributions at any time, and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan, remaining assets will be applied in a uniform and nondiscriminatory manner toward the provision of benefits for, or on account of, the participants. No assets of the Plan may revert to the Company or be used for purposes other than for the exclusive benefit of the Plan's participants.

#### **Note 7 - Risks and Uncertainties**

The Plan invests in a money market fund. Money market funds are exposed to various risks such as interest rate, market, and credit risks. Due to the minimal level of risk associated with money market funds, it is unlikely but remotely possible that changes in the value of the money market fund will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

The actuarial value of benefit obligations is reported based on certain assumptions applied to historical claim information which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

#### **Note 8 - Related Party Transactions and Party-In-Interest Transactions**

Certain plan investments are managed by Wilmington Trust, the custodian of the Plan and; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management and custody services are immaterial.

### Notes to Financial Statements

July 31, 2024 and 2023

#### Note 9 - Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at July 31:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$ 1,961,916	\$ 1,582,721
Benefit obligations currently payable	<u>(151,820)</u>	<u>(114,571)</u>
<b>Net Assets Available for Benefits per the Form 5500</b>	<b><u>\$ 1,810,096</u></b>	<b><u>\$ 1,468,150</u></b>

The following is a reconciliation of claims paid, net per the financial statements to the Form 5500 for the year ended July 31, 2024:

Claims paid, net per the financial statements	\$ 925,107
Benefit obligation payable - beginning of year	(114,571)
Benefit obligation payable - end of year	<u>151,820</u>
<b>Claims Paid Per the Form 5500</b>	<b><u>\$ 962,356</u></b>

Claims that have been processed and approved for payment at year-end but not paid, and claims incurred but not reported, are not considered liabilities under U.S. GAAP and, therefore, are not presented as liabilities or claims paid in the statement of net assets available for benefits or statement of changes in net assets available for benefits, but are recorded on the Form 5500 as a liability.

Currently, the Plan does not offer post-retirement benefits and, thus, they are not included in the above benefit obligation payable calculation. The only exception to this are the grandfathered employees and dependents (See Note 1). The Plan Sponsor has determined that there are no material benefit obligations related to this exception as of July 31, 2024 and 2023.

#### Note 10 - Subsequent Events

Plan management has evaluated subsequent events through January 23, 2025. This date is the date the financial statements were available to be issued. No material events subsequent to July 31, 2024 were noted.
