INDEPENDENT AUDITOR'S REPORT

To the ESOP Committee and participants of the
Valkyrie Enterprises, Inc. Employee Stock Ownership Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Valkyrie Enterprises, Inc. Employee Stock Ownership Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) which comprise the statements of net assets available for benefits as of May 15, 2024 and December 31, 2023 (in Liquidation), and the related statement of changes in net assets available for benefits for the period from January 1, 2024 to May 15, 2024 (in Liquidation), and the related notes to the financial statements (the financial statements).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of May 15, 2024 and December 31, 2023, and for the period from January 1, 2024 to May 15, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of the report,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is responsible for maintaining a current Plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Valkyrie Enterprises, Inc. Employee Stock Ownership Plan

Notes to Financial Statements May 15, 2024 and December 31, 2023 (in Liquidation)

1. Description of Plan

The following description of the Valkyrie Enterprises, Inc. Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

Valkyrie Enterprises, Inc. (the Company) established the Plan effective January 1, 2018 and the Plan has been amended since that date. The Plan operated as a leveraged employee stock ownership plan (ESOP) through May 15, 2024. The Plan is designed to comply with Section 4975(e)(7) of the Internal Revenue Code (IRC) of 1986, as amended, and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is administered by the ESOP Committee (the Committee) appointed by the Board of Directors of the Company.

Plan Termination

Effective May 18, 2022 (the Termination Date), Valkyrie Enterprises, Inc. was acquired through a 100% stock acquisition to an unrelated acquirer, Valkyrie Holdco, LLC. As of the Termination Date, the Board of Directors of the Company adopted a resolution to terminate the Plan in a standard termination, in accordance with the provisions of ERISA. As of the Termination Date, no new participants were allowed to enter the Plan and each participant as of the Termination Date became fully vested, as defined in the Termination Amendment to the Plan. As of October 31, 2022, approximately 70% of Plan assets were distributed from the Plan, as directed by the Trustee. The remaining 30% of Plan assets was distributed to Participants on May 15, 2024.

In accordance with accounting principles generally accepted in the United States, the Plan changed its basis of accounting from the going concern basis to the liquidation basis at the Termination Date.

Eligibility

Prior to the Termination Date, all employees of the Company who had completed one year of service and were covered employees, as defined in the Plan document, were eligible to participate in the Plan. Participants could enter the Plan as of the first day of the Plan quarter immediately following the quarter in which the participant completed 1,000 hours of service and attained age 21. Participants who did not have 1,000 hours of service during such Plan year or were not employed on the last day of the Plan year, unless due to death, disability, or retirement, were generally not eligible for an allocation of Company contributions for such year. All

Valkyrie Enterprises, Inc. Employee Stock Ownership Plan

Notes to Financial Statements May 15, 2024 and December 31, 2023 (in Liquidation)

employees who met eligibility requirements as of May 17, 2022 were eligible and the Plan was frozen thereafter.

Contributions

Prior to the Termination Date, the Company could contribute to the Plan an amount determined by its Board of Directors paid in cash or in shares of Company stock. The Company was obligated to make contributions to the Plan, which, when aggregated, equaled the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its notes payable. Participants were not permitted to make contributions to the Plan. Contributions were subject to certain limitations. With the Termination, contributions were frozen effective as of May 17, 2022.

Participant Accounts

Prior to the Termination Date, a separate account was maintained for each participant and each participant's account consisted of an "ESOP Stock Account" and a "ESOP Cash Account". The accounts were credited with an allocation of Company contributions, plan earnings and losses and charged with an allocation of expenses, if any. Only those participants who were eligible employees of the Company as of the last day of the Plan year received the allocation of contributions. Cash dividends were allocated in accordance with the Plan document. Company contributions were allocated in proportion to each participant's compensation compared with the total compensation of all participants as defined in the Plan document.

Plan investment income is allocated to each participant's account based on the ratio of each participant's account balance as it bears to total participant account balances as of the last day of each Plan year.

Vesting

Prior to the Termination Date, a participant's vesting in their accounts, plus earnings thereon, was based on years of service which were earned under the Plan. If employment ended on or after normal retirement or because of death or disability, participants would be fully vested in their accounts. Otherwise, participants were vested 20% after two years of service and 20% each year thereafter.

Effective upon the Termination Date, all participants in the Plan were immediately 100% vested in their accounts.

Valkyrie Enterprises, Inc. Employee Stock Ownership Plan

Notes to Financial Statements May 15, 2024 and December 31, 2023 (in Liquidation)

Payment of Benefits

Prior to the Termination Date, upon termination of service due to death, disability or retirement, participants were entitled to receive payment of the vested balance of their account beginning in the Plan year following the event. For termination of service due to other reasons, with certain exceptions, the earliest distribution date shall be in the sixth Plan year following the participant's termination of employment. Distributions could be in the form of cash or Company stock and if Company stock, must be immediately sold to the Company or Plan.

After the Termination Date, payment of benefits in cash were made as soon as administratively feasible, as determined by the Trustee.

Administrative Expenses

Prior to the Termination Date, expenses of the Plan were paid in whole or in part by the Company or the Plan. The Company does not expect reimbursement from the Plan for any payments of administrative expenses paid on behalf of the Plan.

Effective upon the Termination Date, in accordance with the stock purchase agreement, an escrow account in the amount of \$400,000 was retained by the Company to pay the remaining administrative expenses through final termination. As of December 31, 2023, approximately \$235,000 was paid for administrative expenses, including trust company management fees of \$3,933. An additional \$131,000 was paid from the escrow account for administrative expenses through March 28, 2024, and the remaining escrow balance of approximately \$34,000 was distributed on May 15, 2024 to the seller and participants based on their proportionate ownership percentage. In accordance with the stock purchase agreement, the seller's ownership percentage is 42% and participants the remaining 58%.

On March 08, 2024, the participants portion of the remaining escrow in the amount of \$19,862 was deposited to the Plan and was recorded as receivable from escrow in the accompanying December 31, 2023 statement of net assets available for benefits.

2. Summary of Significant Accounting Policies

Basis of Accounting

As of the Termination Date, the Plan's basis of accounting changed from the going concern basis to the liquidation basis of accounting and accordingly, the liquidation basis of accounting is used to present the 2024 and 2023 financial statements.

Valkyrie Enterprises, Inc. Employee Stock Ownership Plan

Notes to Financial Statements May 15, 2024 and December 31, 2023 (in Liquidation)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Allocations

Prior to the Termination Date, the financial statements of the Plan presented separately the assets and liabilities and changes therein pertaining to the accounts of employees with rights in allocated stock (allocated) and stock not yet allocated to employees (unallocated), including shares that were committed to be released. Prior to the termination, shares were released from collateral and became allocated generally in the period in which debt service was actually paid.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Plan management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through December 6, 2024, which is the date the financial statements were available to be issued.

3. Information Certified by the Qualified Institution

All information in the accompanying financial statements, including the investments held at May 15, 2024 and December 31, 2023 (in Liquidation), and the net change in fair value of the investments for the period from January 1, 2024 to May 15, 2024 (in Liquidation), was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Argent Institutional Trust Company.

4. Investments and Fair Value Measurements

The Financial Accounting Standards Board established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three levels. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, and the lowest priority to unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Valkyrie Enterprises, Inc. Employee Stock Ownership Plan

Notes to Financial Statements May 15, 2024 and December 31, 2023 (in Liquidation)

Level 1 – unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2 – other significant observable inputs, including quoted prices in active markets for similar securities

Level 3 – unobservable inputs

Observable inputs are those based on market data obtained from sources independent of the Plan, and unobservable inputs reflect the Plan’s own assumptions based on the best information available. The input levels are not necessarily an indication of the risk or liquidity associated with financial instruments at that level but rather the degree of judgment used in determining those values.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at May 15, 2024 and December 31, 2023.

Investments as of December 31, 2023 in the mutual fund are valued at quoted market prices of the identical security in an active market (Level 1).

There were no investments held by the Plan as of May 15, 2024. The following table summarizes the Plan’s investment based on the inputs used to determine its value as of December 31, 2023:
