Strawbridge Studios, Inc. Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Strawbridge Studios, Inc. Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended June 30, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan by a bank or similar institution or insurance carrier that is regulated, serviced, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of June 30, 2024 and 2023, and for the year ended June 30, 2024, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance, and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) at June 30, 2024, is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

A. DESCRIPTION OF THE PLAN

The following description of Strawbridge Studios, Inc. (the “Company”) Retirement Plan (the “Plan”) provides only general information. Prior to July 1, 2019, the Strawbridge Studios, Inc. Retirement Plan was a profit sharing plan named Strawbridge Studios, Inc. Profit Sharing Plan. Effective July 1, 2019, the Plan was amended from a profit sharing plan to a defined contribution plan. Participants should refer to the Summary Plan Description or Plan Document for a more complete description of the Plan’s provisions.

1. General. The Plan is a defined contribution plan covering all eligible employees who have attained the age of 21 and completed one year of service with a minimum of 1,000 hours of service, as defined by the Plan. Management of the Company serves as Plan Sponsor of the Plan and controls the operation and administration of the Plan. PCS serves as the Plan’s recordkeeper and AdvisorTrust serves as the Plan’s directed trustee. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).
2. Contributions. Participants may contribute up to 100% of their pre-tax annual compensation or after-tax compensation, as defined by the Plan, subject to Internal Revenue Code (“IRC”) limitations. The limit for 2024 is \$23,000, with an additional “catch-up contribution” of \$7,500 allowed for participants who have attained age 50 before the end of the Plan year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company also makes safe harbor contributions of not less than 3% of participants’ compensation. Additionally, the Company may, in its sole discretion, make a profit sharing contribution on participants’ behalf in an amount determined by the Company. Such contributions, if made, will be allocated in an amount designated by the Company to be allocated to similarly situated eligible participants. Employees must complete at least 1,000 hours of service during the plan year and be employed by the Company on the last day of the plan year in order to receive a profit sharing contribution.
3. Participant accounts. Each participant’s account is credited with the participant’s contribution and Company contributions, as well as allocations of Plan earnings. Participant accounts are charged with benefit payments and allocations of administrative expenses paid by the Plan. Allocations are based on participants’ eligible compensation for the Plan year or participant account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.
4. Vesting. Participants are immediately vested in their contributions and safe harbor contributions made by the Company. Participants’ interest in the Company’s profit sharing contributions will vest based on participant’s years of vesting service according to a 2-6 year graded vesting schedule of 20% per year starting with two years of vesting service.
5. Payment of benefits. Upon termination of service due to death, disability, retirement or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant’s vested interest in their account or partial withdrawals. Participants may also request a hardship distribution from their vested contributions plus actual earnings thereon. The participant must be currently employed with the Company and qualify for a hardship distribution under the Internal Revenue Service (“IRS”) guidelines.

Page 2 of 7

A. DESCRIPTION OF THE PLAN (CONTINUED)

6. Forfeitures. Forfeited nonvested accounts are used to pay Plan administrative expenses and reduce employer contributions. At June 30, 2024 and 2023, forfeited nonvested accounts totaled \$390 and \$3,016, respectively. During the year ended June 30, 2024, \$2,146 of forfeitures were used to pay plan expenses, and \$14,656 were used to reduce employer safe harbor matching contributions made during the year.

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. Basis of accounting. The financial statements of the Plan are prepared under the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").
2. Cash and cash equivalents. Cash and cash equivalents consist of monies on deposit at financial institutions and money market funds. At times, the Plan places deposits with high-quality financial institutions that may be in excess of federally insured amounts. The Plan has not experienced any financial loss related to such deposits.
3. Estimates. The preparation of financial statements in conformity with U.S. GAAP requires the Plan Sponsor to make estimates and assumptions that affect certain reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates and assumptions, and those differences could be material.
4. Investment valuation and income recognition. Investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (i.e., the exit price). See Note D for a discussion of fair value measurements. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers and trustees.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

5. Benefits. Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

6. Administrative expenses. The Plan's administrative expenses are paid by either the Plan or the Company, as provided by the Plan Document. Certain administrative functions are performed by the employees of the Company. No such employee receives compensation from the Plan. Additionally, certain expenses of the Plan, primarily audit, administrative, and regulatory compliance fees, are paid directly by the Company. As a result, those expenses paid by the Company are not included in the Plan's financials. Expenses relating to specific participant transactions (distributions) are charged directly to the participant's account.

Several of the investment fund options are subject to investment fees based on a percentage of invested assets, as disclosed in the funds' prospectus. All such investment fees are charged directly against the funds' investment performance and thus are not separately disclosed in the accompanying financial statements. These fees are included in net appreciation of fair value of investments.

C. INFORMATION PREPARED AND CERTIFIED BY ADVISORTRUST

The accompanying financial statements and supplemental schedule include the following unaudited information as of June 30, 2024 and 2023, and for the year ended June 30, 2024, that was obtained from data that has been prepared and certified as complete and accurate by AdvisorTrust.

D. FAIR VALUE OF ASSETS

U.S. GAAP establishes a hierarchal disclosure framework which prioritizes and ranks the level of market price observability used in measuring investments at fair value. Market price observability is impacted by a number of factors, including the type of investment and the characteristics specific to the investment. Investments with readily available active quoted prices or for which fair value can be measured from actively quoted prices generally will have a higher degree of market price observability and a lesser degree of judgment used in measuring fair value.

Investments measured and reported at fair value are classified and disclosed in one of the following categories:

Level 1 – Quoted prices are available in active markets for identical investments as of the reporting date.

Level 2 – Pricing inputs are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, are valued at prices for similar assets or liabilities in markets that are not active, or determined through the use of models or other valuation methodologies.

Level 3 – Pricing inputs are unobservable and include situations where there is little, if any, market activity for the investment. Fair value for these investments is determined using valuation methodologies that consider a range of factors, including but not limited to the price at which the investment was acquired, the nature of the investment, local market conditions, trading values on public exchanges for comparable securities, current and projected operating performance and financing transactions subsequent to the acquisition of the investment. The inputs into the determination of fair value require significant management judgment. Due to the inherent uncertainty of these estimates, these values may differ materially from the values that would have been used had a ready market for these investments existed.

In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, an investment's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the investment.

D. FAIR VALUE OF ASSETS (CONTINUED)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2024 and 2023.

Mutual funds and exchange traded funds – Valued at the daily closing price as reported by the fund. Such funds held by the Plan are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds and exchange traded funds held by the Plan are deemed to be actively traded, and are valued at fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables summarize, by level within the fair value hierarchy, the Plan's assets for which fair values are determined on a recurring basis as of June 30, 2024 and 2023. Classification within the fair value hierarchy table is based on the lower level of any input that is significant to the fair value measurement.

	Fair Value as of June 30, 2024			
	Level 1	Level 2	Level 3	Total
Cash and cash equivalents, interest bearing	\$ 188,230	\$ -	\$ -	\$ 188,230
Mutual funds	4,652,766	-	-	4,652,766
Exchange traded funds	8,162,784	-	-	8,162,784
Total investments	<u>\$ 13,003,780</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 13,003,780</u>

	Fair Value as of June 30, 2023			
	Level 1	Level 2	Level 3	Total
Cash and cash equivalents, interest bearing	\$ 198,454	\$ -	\$ -	\$ 198,454
Mutual funds	4,968,748	-	-	4,968,748

F. TAX STATUS

The Plan is relying on Internal Revenue Service (“IRS”) approval of the non-standardized prototype profit sharing plan that it is using. The IRS has determined and informed the third-party administrator by a letter dated June 30, 2020, that the prototype Plan Document was designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). Therefore, Plan management believes the Plan is qualified and the related trust is tax-exempt.

G. RECLASSIFICATIONS

Certain reclassifications have been made to the 2023 financial statements in order to conform to 2024 presentation. Such reclassifications had no effect on net assets.

H. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, credit risks, and overall market volatility. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

I. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions.

J. SUBSEQUENT EVENTS

Management has evaluated subsequent events for recognition or disclosure through January 20, 2025, the date the financial statements were available to be issued. Plan management did not identify any events that occurred subsequent to year-end that require disclosure in the financial statements.
