## INDEPENDENT AUDITOR'S REPORT

The Trustees of  
The Rumpke Consolidated Companies, Inc. & Affiliates  
Defined Benefit Pension Plan  
Cincinnati, Ohio

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of The Rumpke Consolidated Companies, Inc. & Affiliates Defined Benefit Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of The Rumpke Consolidated Companies, Inc. & Affiliates Defined Benefit Pension Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended June 30, 2024 and 2023, stating that the certified investment information, as described in the Certified Investments note to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of The Rumpke Consolidated Companies, Inc. & Affiliates Defined Benefit Pension Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about The Rumpke Consolidated Companies, Inc. & Affiliates Defined Benefit Pension Plan's ability to continue as a going concern within one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of The Rumpke Consolidated Companies, Inc. & Affiliates Defined Benefit Pension Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about The Rumpke Consolidated Companies, Inc. & Affiliates Defined Benefit Pension Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplementary Schedules Required by ERISA**

The supplementary schedules, as noted in the table of contents, together referred to as “supplementary information,” are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary schedules, we evaluated whether the supplementary schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplementary schedules, other than the information in the supplementary schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplementary schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**DEFINED BENEFIT PENSION PLAN**  
**NOTES TO THE FINANCIAL STATEMENTS**

**NOTE 1 - DESCRIPTION OF THE PLAN**

The following description of The Rumpke Consolidated Companies, Inc. & Affiliates Defined Benefit Pension Plan (the Plan) provides only general information. Participants should refer to the Plan document and the summary plan description for a more complete description of the Plan's provisions.

**General**

The Plan is a noncontributory defined benefit plan covering substantially all employees of Rumpke Consolidated Companies, Inc. & Affiliates (collectively, the Company) who have one year of service, (defined as 1,000 hours of service by the end of the 12-month period beginning on date of hire or any anniversary of that date), are age twenty-one or older, and were hired prior to June 1, 2009. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors oversees the governance of the Plan. The Plan's Retirement Plan Committee determines the appropriateness of the Plan's investments, monitors investment performance, and reports to the Plan's Board of Directors.

**Funding Policy**

The Plan's funding policy is for the Company, as determined by the Plan's independent actuary, to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. For the years ended June 30, 2024 and 2023, the Company made contributions of \$12,000,000 and \$10,410,678, respectively. The Company's contributions for 2024 and 2023 exceeded the minimum funding requirements of ERISA.

**Pension Benefits**

Benefits are based on each participant's average monthly earnings using the highest three consecutive years of compensation as well as years of credited service multiplied by predetermined factors. The Plan has a normal retirement age of 62 and also permits early retirement benefits beginning at age 55 with 10 years of service.

Upon termination of employment with vested rights or reaching normal or early retirement age, participants have the option of receiving their vested benefit in the form of a one-time lump sum payment or several annuity options available, as selected by the participant.

**Vesting**

Participants are fully vested upon completion of five years of credited service.

**Death and Disability Benefits**

If an active participant dies before normal retirement age (62) and prior to actual retirement or any other severance of employment and has a vested interest, the participant's beneficiary will be entitled to a death benefit, as defined, and commence as soon as possible. If an active participant becomes disabled before normal retirement age and prior to actual retirement or any other severance of employment and has a vested interest, the participant will receive a distribution equal to the accrued benefit, as defined, if employment ends as a result of disability.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**Use of Estimates**

The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and expenses. Certain estimates relate to unsettled transactions and events as of the date of the financial statements. Other estimates relate to assumptions about the ongoing operations and may impact future periods. Accordingly, upon settlement, actual results may differ from estimated amounts.

**Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. (see the Fair Value Measurements note).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Payment of Benefits**

Payments of benefits are recorded when paid.

**Administrative Expenses**

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

**Net Assets Available for Benefits**

Net assets available for benefits at both June 30, 2024 and 2023 include \$-0- allocated to the accounts of persons who, prior to that date, had withdrawn from participating in earnings and operations of the Plan.

**Tax Status**

The Internal Revenue Service has determined and informed the Company by letter dated February 14, 2017 that the Plan and related trust are designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore believes that the Plan is qualified and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more than likely would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of both June 30, 2024 and 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. Currently, the prior three years are open under Federal statutes of limitations and remain subject to review and change. The Plan is not currently under audit, nor has it been contacted by any taxing authority.

**Subsequent Events**

The Plan has evaluated subsequent events through February 6, 2025, which is the date the financial statements were available to be issued.

**THE RUMPKE CONSOLIDATED COMPANIES, INC. & AFFILIATES  
DEFINED BENEFIT PENSION PLAN**

**NOTE 3 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS**

Accumulated plan benefits are those future periodic payments, including lump sum distributions that are attributable under the Plan's provisions to the service employees have rendered through the valuation date.

Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are accumulated based on average monthly compensation of the participants for the highest three consecutive plan years and the participant's benefit years, not to exceed 35 years. The accumulated plan benefits for active employees are based on services rendered to the valuation date and average compensation during the highest three years of earnings through the date as of which the benefit information is determined. Benefits payable under all circumstances (i.e., retirement, death, disability, and termination of employment) are included to the extent they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated Plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated Plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The actuarial present value of accumulated plan benefits is based on an end-of-year benefit information date.

The computations of the actuarial present value of accumulated plan benefits were made as of July 1, 2024 and 2023. Had the valuations been performed as of June 30, 2024 and 2023, there would be no material differences.

The significant actuarial assumptions used in the valuations were as follows:

	June 30,			
	2024		2023	
Assumed Rate of Return on Investments	6.5%		6.5%	
Mortality Assumption	2024 Pri-2012 Blue Collar Mortality Table Projected Generationally MP-2021		2023 Pri-2012 Blue Collar Mortality Table Projected Generationally MP-2021

**NOTE 3 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS (Continued)**

The following presents the actuarial present value of accumulated Plan benefits:

	June 30,	
	<u>2024</u>	<u>2023</u>
Actuarial Present Value of Accumulated Plan Benefits		
Vested Benefits		
Participants Currently Receiving Payments	\$ 2,401,460	\$ 2,451,016
Other Participants	<u>66,863,046</u>	<u>64,600,296</u>

Non-Vested Accrued Benefits	<u>165,327</u>	<u>148,355</u>
Total Actuarial Present Value of Accumulated Plan Benefits	<u>\$ 69,429,833</u>	<u>\$ 67,199,667</u>

The following is a summary of changes in actuarial present value of accumulated plan benefits:

	Years Ended June 30,	
	<u>2024</u>	<u>2023</u>
Actuarial Present Value of Accumulated Plan Benefits at Beginning of Year	\$ 67,199,667	\$ 65,591,152
Change During the Year Attributable to		
Benefits Accumulated During Plan Year	6,484,874	7,781,926
Interest Adjustment	4,117,164	3,933,941
Benefits Paid During the Plan Year	(7,840,792)	(10,300,127)
Changes in Actuarial Assumptions	<u>(531,080)</u>	<u>192,775</u>
Actuarial Present Value of Accumulated Plan Benefits at End of Year	<u>\$ 69,429,833</u>	<u>\$ 67,199,667</u>

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

**NOTE 4 - FAIR VALUE MEASUREMENTS**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

**LEVEL 1** – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

**LEVEL 2** – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

**THE RUMPKE CONSOLIDATED COMPANIES, INC. & AFFILIATES  
DEFINED BENEFIT PENSION PLAN**

**NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)**

**LEVEL 3** – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at either June 30, 2024 or 2023.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may provide a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at June 30, 2024:

June 30, 2024	Investments at Fair Value			Total
	Level 1	Level 2	Level 3	
Mutual Funds	\$ 68,061,421	\$ -	\$ -	\$ 68,061,421
Total Assets in the Fair Value Hierarchy	\$ 68,061,421	\$ -	\$ -	\$ 68,061,421

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at June 30, 2023:

June 30, 2023	Investments at Fair Value			Total
	Level 1	Level 2	Level 3	
Mutual Funds	\$ 55,925,829	\$ -	\$ -	\$ 55,925,829
Total Assets in the Fair Value Hierarchy	\$ 55,925,829	\$ -	\$ -	\$ 55,925,829

Gains and losses included in changes in net assets available for benefits for the years ended June 30, 2024 and 2023, are reported in net appreciation in fair value of investments.

#### **NOTE 5 - CERTIFIED INVESTMENTS**

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplementary schedules, including investments held at both June 30, 2024 and 2023, and the net appreciation in fair value of investments, interest, and dividends for the years then ended, was obtained by management and agreed to or derived from information certified as complete and accurate by Charles Schwab Trust Bank, the trustee of the Plan.

#### **NOTE 6 - PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event the Plan terminates, the net assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would be payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
2. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) up to the applicable limitations.
3. All other vested benefits (that is vested benefits not insured by the PBGC).
4. All non-vested benefits.

A full description of the defined benefit plan termination priorities is available in the Plan document.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan sponsor and the level of benefit guaranteed by the PBGC.

#### **NOTE 7 - RELATED-PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS**

Certain Plan investments are managed by Charles Schwab Trust Bank or a related entity. Charles Schwab Trust Bank is the trustee for the Plan. Therefore, these transactions qualify as party-in-interest transactions as defined under ERISA guidelines. Fees paid by the Plan to the trustee, as well as to other service providers to the Plan, such as the actuary, the investment advisor, and auditor are included in either administrative expenses or net appreciation in fair value of investments. The Company pays directly certain other fees related to the Plan's operations.

These party-in-interest transactions are exempt from the prohibited transaction rule of ERISA.

Several employees of the Company provide administrative services to the Plan, such as day to day administration and oversight. The Company does not charge the Plan for these services.

**NOTE 8 - RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible, that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated Plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would be material to the financial statements.

Except where otherwise indicated, the following assumptions were selected by the plan sponsor with the concurrence of the actuary. Prescribed assumptions are based on the requirements of the relevant law, the Internal Revenue Code and applicable regulation. The actuary was not able to evaluate the prescribed assumptions for reasonableness for the purpose of the measurement.

**Valuation Date**

July 1, 2023

**Participant and Asset Information Collected as of**

July 1, 2023

**Retirement Rates (FE)**

All active participants are assumed to retire at the following rates:

<u>Age</u>	<u>Rate</u>
55-59	5%
60	10%
61-65	20%
66-67	25%
68+	100%

100% of terminated vested participants are assumed to commence at the later of their current age or age 62.

As the plan is not large enough to have credible experience, retirement rates are based on professional judgement and expectation for the general population adjusted as necessary for the specific provisions of the plan.

**Mortality Rates**

Healthy & Disabled (FE)

IRS 2023 Static Mortality - sex distinct RP2006 as provided in IRC 430(h)(3). Mortality projections are based on SOA Improvement Scale MP-2021 and the projection methodology described in IRS regulation 1.430(h)(3)-1(c). The table of decrement rates is available in Revenue Notice 2022-22.

The mortality table is prescribed by federal regulation.

Lump Sum

2023 Applicable Mortality as prescribed by IRC 417(e)

The mortality table is prescribed by federal regulation.

ASC 960 (FE)

Pri-2012 Blue Collar Mortality table projected generationally with MP-2021

As the plan is not large enough to have credible experience, mortality assumptions are set to reflect general population trends.

**Disability Rates (FE)**

None

Due to the size of the plan and lack of subsidies, in our professional judgement explicitly valuing a disability decrement does not improve the accuracy of the valuation sufficiently to justify the added complexity.

**Withdrawal Rates (FE)**

In accordance with the Sarason-Crocker T-7 termination table. Sample rates are as follows:

<u>Age</u>	<u>Rate</u>
25	9.67%
30	9.30%
35	8.71%
40	7.75%
45	6.35%
50	4.22%
55	1.55%
60	0.15%

As the plan is not large enough to have credible experience, withdrawal assumptions reflect the results of general termination experience studies.

**Interest Rates**

	1st Segment (0-5 years)	2nd Segment (5-20 years)	3rd Segment (20+ years)
Minimum Funding and Benefit Restrictions - Prescribed (CO)	4.75%	5.00%	5.74%
Maximum Funding - Prescribed (CO)	2.50%	3.83%	4.06%
PBGC - Prescribed (CO)	5.26%	5.23%	5.16%
ASC 960 (CO)	6.50%	6.50%	6.50%

All segment rates are based on the sponsor's election to use a 4 month lookback. The PBGC interest rates are based on the sponsor's election to use the Standard calculation method.

Interest rates for Minimum and Maximum Funding are prescribed by IRS regulation. The ASC 960 interest rate is the expected long term rate of return on assets. This assumption has been set by the plan sponsor in conjunction with their asset advisors. Detailed evaluation of this assumption was outside the scope of our engagement.

---

<b>Annual Pay Increases (CO)</b>	4.00% per annum  The annual pay increase reflects the employer's average target increase for a career employee
<b>Payment Form Election (FE)</b>	
Lump Sums	100% of active participants are assumed to take a lump sum
Annuity	100% for current terminated vested participants are assumed to take a single life annuity
<b>Expense and/or Contingency Loading (FE)</b>	The Target Normal Cost is increased by \$700,000 to cover anticipated administrative expenses paid from the trust for the plan year.
<b>Marital Status and Ages (FE)</b>	80% of Participants assumed to be married. Husbands are assumed to be three years older than their wives.
<b>Market Value of Assets</b>	Equal to the fair value of assets as of the valuation date, plus the discounted value of contributions (if applicable) made following the valuation date and before the date of this report for the purpose of satisfying the prior year's funding requirements.
<b>Plan Asset Valuation Method</b>	PPA Smoothed Value of Assets. Gains or losses on the Market Value of Assets are recognized over three years, subject to a 10% corridor around the Market Value of Assets.
<b>Expected Rate of Return on Assets (CO)</b>	For determination of the Plan Asset value, the expected return on assets is the plan's long-term expected return on asset assumption, limited by the third segment rate.
<b>Cost Method (CO)</b>	PPA requires the use of the Unit Credit cost method for determining the minimum required contribution and PBGC premiums. The maximum tax deductible contribution calculation includes limited Projected Unit Credit calculations as required under IRC 404.  ASC 960 requires the use of the Unit Credit cost method.

FE indicates an assumption representing an estimate of future experience

MD indicates an assumption representing observations of estimates inherent in market data

CO indicates an assumption representing a combination of an estimate of future experience and observations of market data

A year of vesting service is credited for each plan year in which a participant is credited with 1,000 hours of service.

#### For Benefit Accrual

A year of benefit service is credited for each plan year in which a participant is credited with 1,000 hours of service. Based on Plan Years commencing July 1, 1985.

### Employee Contributions

Participants shall not be required or permitted to make contributions under the Plan.

### Payment Forms

#### Normal Form

A Life Annuity for single participants. The normal retirement benefit shall be payable to married participants in the form of an actuarially equivalent Qualified Joint and 50% Survivor Annuity.

#### Optional Forms

Life Annuity, 5, 10, 15, & 20-Year Certain & Life Annuity, 50%, 66 2/3% 75%, & 100% Joint and Survivor Annuity, Lump Sum.

### Actuarial Equivalence

For accelerated forms of payment: Actuarial Equivalence will be computed using the greater of the UP-1984 Mortality Table and 6.00% or the equivalent annual benefit computed using the "PPA applicable mortality table" and the interest rate determined under Code Section 417(e)(3) for the month of May preceeding the Plan Year that contains the annuity start date.

For non-accelerated forms of payment: Actuarial Equivalence will be computed using 6.00% per annum and UP-1984 Mortality Table (no pre-retirement mortality).
