Independent Auditor's Report

**To the Plan Administrator
Puget Sound Kidney Centers Tax-Sheltered Annuity Plan
Everett, Washington**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Puget Sound Kidney Centers Tax-Sheltered Annuity Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of March 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended March 31, 2024 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of March 31, 2024 and 2023, and for the year ended March 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplementary information, as listed in the accompanying table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplementary information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplementary information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplementary information, we evaluated whether the supplementary information, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplementary information, other than the information in the supplementary information that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplementary information agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PUGET SOUND KIDNEY CENTERS TAX-SHELTERED ANNUITY PLAN

Notes to Financial Statements For the Year Ended March 31, 2024

Note 1 - Plan Description

The following description of the Puget Sound Kidney Centers Tax-Sheltered Annuity Plan (the Plan) provides general information only. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan covering eligible employees of Puget Sound Kidney Centers (the Employer). The Plan is intended to meet the requirements under Section 403(b) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

VALIC Trust Company, Inc. and Variable Annuity Life Insurance Company (collectively referred to as VALIC) served as the custodian and recordkeeper of the Plan through March 14, 2024. Effective March 15, 2024, the majority of Plan's assets were transferred from VALIC to Nationwide Trust Company, FSB. Effective March 14, 2024, Nationwide Trust Company, FSB and Nationwide Financial Services, Inc. (collectively referred to as Nationwide) became the custodian and recordkeeper of the Plan, respectively. There was \$1,254,078 in fixed annuities held with VALIC at March 31, 2024.

Eligibility - All employees are eligible to make elective deferrals to the Plan upon commencing employment. All employees who have completed two years of service with the Employer, as defined by the plan document, are eligible to receive employer matching contributions.

Contributions - Eligible employees may elect to defer up to 100% of their compensation as pre-tax or Roth contributions. Participants who have attained age 50 before the end of the calendar year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other eligible retirement plans (rollover).

The Employer may make discretionary employer matching contributions. For the year ended March 31, 2024, the Employer elected to match 100% of deferrals of the first 7% of eligible compensation that a participant contributes to the Plan.

Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts - Each participant's account is credited with the participant's contributions and matching contributions as well as allocations of plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their account into various investment options offered by the Plan.

Vesting - Participants are immediately vested in their contributions and employer matching contributions plus earnings thereon.

Notes Receivable From Participants - Participants may borrow from their account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account. Loans are secured by the balance in the participant's account. Interest rates are set at 1% above the prime rate, as defined. Principal and interest is paid ratably through payroll deductions.

PUGET SOUND KIDNEY CENTERS TAX-SHELTERED ANNUITY PLAN

Notes to Financial Statements For the Year Ended March 31, 2024

Note 1 - Continued

Policy Loans - Prior to Nationwide becoming the custodian and recordkeeper for the Plan, VALIC allowed participants to take a loan that was funded from the general assets of VALIC (Policy Loans). Principal and interest for Policy Loans are repaid directly to VALIC. Accordingly, Policy Loans are not reported on the statements of net assets available for benefits and related interest income is not reported on the statement of changes in net assets available for benefits. When a participant took a Policy Loan, the participant account balance was not reduced; however, a portion of the participant's account is pledged, or held in collateral, to cover the outstanding Policy Loan in case of default. The interest rate for Policy Loans may be fixed or variable and the initial rate is determined by the terms of the controlling contract. There was \$94,888 and \$104,555 in outstanding Policy Loans at March 31, 2024 and 2023, respectively and is included in the fair value of the fixed annuity contracts on the statements of net assets available for benefits.

Payment of Benefits - Upon termination of service, retirement, death, or disability, a participant, or their beneficiary, may elect to receive an annuity, lump-sum, or installment payment. Effective March 18, 2024, the option for taking an annuity payment was eliminated. Participants who have attained age 59½ may also elect to receive a distribution of their elective deferral account balance prior to termination of employment (in-service withdrawals). The Plan also allows for hardship withdrawals in accordance with provisions specified in the plan document. Participants may also elect to receive in-service withdrawals from balances rolled into the Plan.

Note 2 - Summary of Accounting Policies

Basis of Accounting - The financial statements of the Plan have been prepared on the accrual basis of accounting.

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants - Notes receivable from participants are measured at their unpaid principal balance. Accrued but unpaid interest, if any, would not have a material impact on the Plan's financial statements. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. No allowances for credit losses has been recorded as of March 31, 2024 and 2023.

Pledged Collateral for Defaulted Policy Loans - Defaulted Policy Loans or loans in foreclosure are recognized as a liability in the statements of net assets available for benefits at the time of default. When the participant associated with the liability incurs a distributable event and has a right to a distribution, the liability is eliminated.

PUGET SOUND KIDNEY CENTERS TAX-SHELTERED ANNUITY PLAN

Notes to Financial Statements For the Year Ended March 31, 2024

Note 2 - Continued

Payment of Benefits - Benefits are recorded when paid.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Transaction based fees for notes receivable from participants and distributions are charged directly to participant accounts. Certain investment related expenses are charged directly against the fund's investment performance and, therefore, are not separately disclosed in the accompanying financial statements.

Subsequent Events - The Plan's management has evaluated subsequent events through February 10, 2025, the date on which the Plan's financial statements were available to be issued.

Note 3 - Fair Value Measurements

GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 - Unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than the quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Unobservable inputs that are significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based upon the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at March 31, 2024 and 2023.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

PUGET SOUND KIDNEY CENTERS TAX-SHELTERED ANNUITY PLAN

Notes to Financial Statements For the Year Ended March 31, 2024

Note 3 - Continued

Variable Annuity Accounts - Variable annuity accounts are valued at the NAV per share at the close of each business day as reported by each underlying fund, which is then adjusted for dividends and fees. The NAV is used as a practical expedient for measuring fair value.

Fixed Annuity Contracts - Non fully benefit-responsive fixed annuity contracts are valued at fair value by the insurance company by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of March 31, 2024 and 2023:

Fair Value Measurements as of March 31, 2024				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 18,388,246	\$ -	\$ -	\$ 18,388,246
Fixed annuity contracts			1,254,079	1,254,079
Total Assets in the Fair Value Hierarchy	\$ 18,388,246	\$ -	\$ 1,254,079	\$ 19,642,325

Fair Value Measurements as of March 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 14,976,508	\$ -	\$ -	\$ 14,976,508
Fixed annuity contracts			2,352,869	2,352,869
Total Assets in the Fair Value Hierarchy	\$ 14,976,508	\$ -	\$ 2,352,869	17,329,377
Investments measured at NAV ^(a)				1,875,314
Total Investments at Fair Value				\$ 19,204,691

- (a) Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Notes to Financial Statements For the Year Ended March 31, 2024

Note 3 - Continued

A description of the significant investment strategies for investments measured using the NAV per share (or its equivalent) practical expedient are required to be disclosed unless the investment files a Form 5500 as a direct filing entity. The variable annuity accounts are presented in categories based on their significant investment strategy.

	2023 Fair Value	Redemption Frequency	Redemption Notice Period
Equity funds	\$ 1,108,719	Daily	None
Specialty funds ^(a)	\$ 314,352	Daily	None
Hybrid funds ^(b)	\$ 265,049	Daily	None
Global/international equities	\$ 100,507	Daily	None
Fixed income funds	\$ 86,687	Daily	None

(a) These investment options invest in global real estate, health sciences, and science and technology securities.

(b) These investment options invest primarily in balanced and lifestyle asset allocation securities.

The following table sets forth a summary of certain changes in the fair value of the Plan's level 3 assets for the year ended March 31, 2024:

	VALIC Fixed Account Plus
Purchases	\$ 14,090
Issuances	\$ -

The following table presents the Plan's level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and ranges of values for those inputs as of March 31, 2024 and 2023:

	Valuation Technique	Unobservable Inputs	March 31, 2024 Range (Average)	March 31, 2023 Range (Average)
VALIC Fixed Account Plus	Discounted cash flow	Risk-adjusted discount rate applied.	1.00% to 3.25% (1.80%)	1.00% to 3.00% (1.69%)

PUGET SOUND KIDNEY CENTERS TAX-SHELTERED ANNUITY PLAN

Notes to Financial Statements For the Year Ended March 31, 2024

Note 4 - Fixed Annuity Contracts

Prior to March 14, 2024, participants were able to invest in fully benefit-responsive fixed annuity contracts issued by VALIC. Subsequent to that date, participants are able to invest in a fully benefit-responsive fixed annuity contract issued by Nationwide. Both VALIC and Nationwide maintain contributions in a general account. The accounts are credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. VALIC and Nationwide are contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by VALIC and Nationwide. The crediting rate cannot be less than 1.5% for the VALIC fixed annuity contracts and cannot be less than 1.0% for the Nationwide fixed annuity contract. The guaranteed investment contract does not permit VALIC or Nationwide to terminate the agreement prior to the scheduled maturity date.

The contracts meet the fully benefit-responsive criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events may include amendments to the plan documents, bankruptcy of the plan sponsor or other plan sponsor events that cause a significant withdrawal from the Plan, or premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events may include an uncured violation of the Plan's investment guidelines, a breach of material obligation under the contract, material misrepresentations, or a material amendment to the agreement without the consent of the issuer.

Note 5 - Certified Investments

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments held at March 31, 2024 and 2023, and investment income or loss for the year ended March 31, 2024, that is disclosed in the accompanying financial statements and supplementary information, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Nationwide Trust Company, FSB, The Variable Annuity Life Insurance Company, and VALIC Trust Company, Inc. The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplementary information.

PUGET SOUND KIDNEY CENTERS TAX-SHELTERED ANNUITY PLAN

Notes to Financial Statements For the Year Ended March 31, 2024

Note 5 - Continued

Effective March 14, 2024, the Plan changed its qualified institutions from The Variable Annuity Life Insurance Company and VALIC Trust Company, Inc. to Nationwide Trust Company, FSB. Certain fixed annuity contracts subject to liquidation restrictions still remained with The Variable Annuity Life Insurance Company at March 31, 2024.

Note 6 - Tax Status

Management adopted a VALIC Retirement Services Company volume submitter 403(b) plan document. VALIC Retirement Services Company received an approval letter from the IRS dated April 5, 2018, which states that the form of the plan document satisfies the applicable provisions of Section 403(b) of the IRC.

Effective March 18, 2024, management adopted a Nationwide Financial Services, Inc. volume submitter 403(b) plan document. Nationwide received an approval letter from the IRS dated March 31, 2017, which states that the form of the plan document satisfies the applicable provisions of Section 403(b) of the IRC.

The Plan's management believes that the Plan is currently designed and being operated in a manner that would not jeopardize the tax benefits associated with these arrangements. The Plan is subject to audits by the IRS; however, there are currently no audits for any tax periods in progress.

Note 7 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 8 - Party-in-Interest Transactions

Certain plan investments are annuity contracts issued by VALIC and its affiliates or Nationwide and its affiliates; therefore, transactions with such investments and fees paid from the Plan to VALIC or Nationwide qualify as party-in-interest transactions. The Plan pays certain expenses related to plan operations to various service providers and also issues loans to participants. These transactions are party-in-interest transactions.

Note 9 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events such as a pandemic or international conflict which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 10 - Concentrations of Credit Risk

Financial instruments that potentially subject the Plan to concentrations of credit risk consist principally of fixed annuity contracts issued by VALIC or Nationwide. These investments represent approximately 29% and 34% of total plan investments at March 31, 2024 and 2023, respectively. The Plan's management seeks to limit its credit exposure by placing its contracts with high-credit quality institutions.

4b			
4c			
4d			
4e			
4f			
4g			
4h			
4i			
4j			
4k			
4l			
4m			
4n			

b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)

c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)

d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)

e Was this plan covered by a fidelity bond?

f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?

g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?

h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?

i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)

j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)

k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?

l Has the plan failed to provide any benefit when due under the plan?

m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)

n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☐ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year

5b If, during this plan year, any assets or liabilities were transferred from this plan to another plan(s), identify the plan(s) to which assets or liabilities were transferred. (See instructions.)
