INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of:

Urology of St. Louis, Inc. Cash Balance Pension Plan
St. Louis, Missouri

Opinion

We have audited the accompanying financial statements of Urology of St. Louis, Inc. Cash Balance Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits (in liquidation) and of accumulated plan benefits (in liquidation) as of July 31, 2024 and December 31, 2023, and the related statement of changes in net assets available for benefits (in liquidation) and of changes in accumulated plan benefits from January 1, 2024 to July 31, 2024 and for the year ended December 31, 2023, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits and accumulated plan benefits of Urology of St. Louis, Inc. Cash Balance Pension as of July 31, 2024 and December 31, 2023, and the changes in its net assets available for benefits and changes in its accumulated plan benefits for the period from January 1, 2024 to July 31, 2024 and for the year ended December 31, 2023, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Urology of St. Louis, Inc. Cash Balance Pension Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter – Basis of Accounting

As described in Note 2 to the financial statements, the governing body of Urology of St. Louis, Inc. Cash Balance Pension Plan approved a plan of liquidation on December 31, 2023, and, accordingly, the Plan's financial statements are prepared on the liquidation basis of accounting. Generally accepted accounting principles require financial statements to be prepared on the liquidation basis of accounting when an entity is in liquidation or when liquidation is imminent. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness Urology of St. Louis, Inc. Cash Balance Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

UROLOGY OF ST. LOUIS, INC. CASH BALANCE PENSION PLAN
NOTES TO FINANCIAL STATEMENTS
JULY 31, 2024 AND DECEMBER 31, 2023

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Urology of St. Louis, Inc. Cash Balance Plan (the Plan) provides only general information. Participants should refer to the Plan and Trust Agreement (Plan Document) for a complete description of the Plan's provisions.

General

The Plan is a noncontributory cash balance defined benefit pension plan established on January 1, 2012, covering all full-time employees of Urology of St. Louis, Inc. (referred to as the Company). The Plan will maintain a hypothetical cash balance account for each participant. The account is a notional account that is used to determine the amount of retirement benefit payable to a participant. The participants will not have an actual account and will not have claim to any assets of the Plan. The account is equal to the sum of the participant's contribution credits and interest credits. For each year of service, a contribution credit is credited to the participant's cash balance account as of the last day of the Plan Year based on their designated group. Physicians set their own contribution amount. All other eligible participants are set at 3% of eligible compensation. The cash balance account is credited with interest annually, which is based on the yield on 30-year Treasury Bonds, with an annual floor of 3.5%. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company functions as the Plan Administrator.

The Plan froze all benefit accruals and new participants as of June 15, 2020, and became unfrozen upon its termination effective December 31, 2023.

Contributions

The Company makes annual contributions to the Cash Balance Plan as required by law, based on an actuarially determined amount sufficient to fund the benefits provided under the plan. The contribution amount varies annually, influenced by factors such as participants' ages and the trust's investment performance. An independent enrolled actuary certifies that the Company meets the minimum funding requirements each year. During 2024 and 2023, the Company made employer contributions of approximately \$304,000 and \$0, respectively.

Funding Policy

The Plan's funding policy for the Plan is to contribute at least the minimum amount required under ERISA and the Internal Revenue Code (the Code). The Company ceased making funding contributions effective June 15, 2020. However, upon the Plan's termination on December 31, 2023, all remaining benefit obligations were fully settled as of June 6, 2024.

Contributions to the Plan are made and the actuarial present value of accumulated plan benefits is reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

NOTE 1 - DESCRIPTION OF THE PLAN – CONTINUED

Vesting

A participant's retirement benefits will be 100% vested and non-forfeitable.

Notes Receivable from Participants

Loans are not permitted by the Plan.

Pension Benefits

Employees are eligible for normal retirement benefits at age 65. The Plan also has provisions for early retirement benefits. The normal retirement pension is payable monthly as long as the participant lives, with payments ceasing upon the participant's death. If the present value of the pension does not exceed \$5,000, a lump sum payment is automatic. Retirement benefits can also be paid in the form of a lump sum, joint and survivor annuity, or life annuity with a certain period.

Upon termination of employment other than by retirement, disability, or death, a participant may elect to receive a lump sum payment equal to the present value of the pension, as soon as administratively possible after termination of employment.

Death and Disability Benefits

If a participant dies after commencing distribution of his or her benefit, the death benefit is the benefit payable under the form of payment in effect at the time of death. If a participant dies before commencing distribution of his or her benefit under the Plan, his or her beneficiary shall be entitled to a death benefit under the Plan. The Plan shall pay the death benefit to the beneficiary as of the first day of the month following the date of death as a single sum payment or as a life annuity, as the beneficiary elects in writing. If the beneficiary is the participant's spouse, the form of payment, in the absence of any written election to the contrary, is a life annuity.

Plan Termination

The Company elected to terminate the Plan effective December 31, 2023. All Plan assets were distributed out of the Plan as of July 31, 2024.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Basis of Accounting

The Company has determined that plan liquidation is imminent, and the Plan has elected to prepare the financial statements using the liquidation basis of accounting in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Investment Valuation and Income Recognition

Investments are reported at liquidation basis value, which approximates fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as those held during the year.

Fair Value Measurements

The Plan's investments are reported at liquidation basis value, which approximates fair value in the accompanying statements of net assets available for benefits (in liquidation). The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Market Risk

The Plan invests in various investments which, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Furthermore, due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the accompanying statements of net assets available for benefits (in liquidation).

NOTES TO FINANCIAL STATEMENTS
JULY 31, 2024 AND DECEMBER 31, 2023

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Administrative Expenses

Administrative expenses that are plan-related are paid primarily by the Plan; all other expenses are paid by the Plan Sponsor. All administrative expenses paid by the Plan Sponsor are not reflected in the accompanying financial statements.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the Plan are based on the participant's hypothetical cash balance.

The actuarial present value of accumulated plan benefits is determined by an actuary from SPS, LLC and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuation as of January 1, 2024 and 2023, are an average retirement age of 65 and an assumed average rate of investment return of 4.0%. The foregoing actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. As allowed by FASB ASC 960, the Plan presents its benefit obligation information as of the beginning of the year, which in this case is January 1, 2024 and 2023. Accordingly, the present value of accumulated plan benefits as of July 31, 2024 and December 31, 2023, was \$0 and \$3,231,398, respectively.

NOTE 3 – FAIR VALUE MEASUREMENTS

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobserved inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

- | | |
|----------|---|
| Level 1: | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
|----------|---|

NOTE 3 – FAIR VALUE MEASUREMENTS - CONTINUED

- Level 2: Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

The asset’s or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Cash and equivalents: Cash consists of cash on deposit with banks. Cash equivalents represent money market funds or short-term investments with original maturities of three months or less from the date of purchase, except for those amounts that are held in the investment portfolio which are invested for long-term purposes. Cash and cash equivalent are valued at fair value, which approximates cost basis.

Money market accounts: Valued at carrying value, which approximates fair value.

Certificates of deposit: Valued based on maximizing the use of observable inputs for similar certificates of deposits. This includes basing value on yields currently available on comparable certificates of deposit from other issuers.

Government securities: Valued based on the length of the remaining term of the security, the coupon rate, and the current interest rate. Inputs including interest rate, coupon rate, and term length, to measure fair value are observable.

There were no assets valued at fair market value held by the Plan as of July 31, 2024. The following tables set forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2023:

NOTES TO FINANCIAL STATEMENTS
JULY 31, 2024 AND DECEMBER 31, 2023

NOTE 4 – TAX STATUS

The Plan has received an opinion letter from the Internal Revenue Service dated February 28, 2023, stating that the written form of the underlying prototype plan document is qualified under Section 401(a) of the Internal Revenue Code (the Code), and that any employer adopting this form of the Plan will be considered to have a plan qualified under Section 401(a) of the Code. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax exempt.

The Plan follows the provisions of ASC 740, Income Taxes of the FASB Accounting Standards Codification. The Plan believes it has no uncertain tax positions that qualify for either recognition or disclosure. As of July 31, 2024, due to the statutes of limitations, the Plan is no longer subject to examination of its 5500 by the IRS for years prior to 2019.

NOTE 5 – PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments were held by Merrill Lynch, Pierce, Fenner & Smith Incorporated (Merrill), the custodian. Plan administration and record keeping was performed by Steidle Pension Solutions, LLC. Investment advising was performed by Merrill Lynch. Actuarial services were performed by Steidle Pension Solutions, LLC. Therefore, any administrative and advising fees paid during the year to these parties qualify as party-in-interest transactions.
