Independent Auditors' Report

To the Plan Administrator of
Duro Hilex Poly, LLC Employees Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Duro Hilex Poly, LLC Employees Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Benefits as of April 18, 2024 (in liquidation) and February 29, 2024 (in liquidation), and the related Statements of Changes in Net Assets Available for Benefits for the period March 1, 2024 to April 18, 2024 and for the year ended February 29, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of April 18, 2024 (in liquidation) and February 29, 2024 (in liquidation), and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the period March 1, 2024 to April 18, 2024 (in liquidation) and the year ended February 29, 2024 (in liquidation) stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Plan Termination and Liquidation Basis of Accounting

As discussed in Note 1 to the financial statements, the plan administrator approved the termination of the Plan effective February 28, 2023, and determined liquidation to be imminent. As a result, the Plan's financial statements are presented on the liquidation basis of accounting. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for at least one year following the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4(j) - Schedule of Reportable Transactions for the period March 1, 2024 to April 18, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Duro Hilex Poly, LLC Employees Pension Plan

Notes to Financial Statements

April 18, 2024 and February 29, 2024
(in Liquidation)

1. Description of Plan

The following description of the Duro Hilex Poly, LLC Employees Pension Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a noncontributory defined benefit pension plan covering certain salaried employees of Novolex previously known as, Duro Hilex Poly, LLC (the Company, Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Securities Act of 1974 (ERISA).

The Plan's Investment Committee has overall responsibility for the operation and administration of the Plan and determines the appropriateness of the Plan's investment offerings, monitors investment performance.

The Plan was amended on June 4, 2003 to effectively freeze the Plan on August 31, 2003, at which time all participants under the Plan ceased to accrue additional benefits from that point forward. Additionally, effective the date of the freeze, the Plan does not permit new entrants.

As a result of an asset purchase agreement involving the Plan Sponsor, on June 11, 2014, the Plan Sponsor was changed to Duro Hilex Poly, LLC (previously Duro Bag Manufacturing Company) and the Plan changed its name to Duro Hilex Poly, LLC Employees Pension Plan (previously Duro Bag Manufacturing Company Employees' Pension Plan).

On February 17, 2023, the Company adopted a resolution consenting to the termination of the Plan effective February 28, 2023 and the Company adopted an amendment effectuating that termination. All benefits are expected to be paid by the end of April 2024, either through a lump-sum payment offering or annuity contract purchase.

During January 2024 the Plan offered an election window to participants to receive their benefits under the Plan as a lump-sum payment. Benefit payments paid under the lump-sum payments totaled approximately \$3,142,000.

On February 16, 2024 the Plan and the Company entered into a commitment agreement with American National Insurance Company (ANICO) and American National Life Insurance Company of New York (ANICONY) to purchase a single premium non-participating group annuity contract. The settlement value of the contract with ANICO and ANICONY totaled \$18,363,493 and was paid during the period from March 1, 2024 to April 18, 2024.

Funding Policy

The Plan's funding policy is for the Company to contribute an amount which will meet or exceed the annual ERISA minimum funding requirement. The minimum funding requirements of ERISA were met in 2024.

Pension Benefits

Employees with five or more years of service are entitled to annual pension benefits beginning at normal retirement age, which is 65. The Plan provides for normal retirement benefits upon reaching the normal retirement age, as defined by the Plan and has provisions for early retirement, death and disability benefits. Benefits under the Plan are based on a percentage of employees' highest average compensation during any consecutive five-year period of the employees' last ten years of credited service times the participants credited service years. A vested participant who terminated for any reason other than retirement, disability or death is entitled to the monthly vested termination benefit beginning on the normal retirement date in the amount of their accrued benefit. Participants may elect to receive their pension benefits, subject to certain Plan provisions, in the form of a joint and survivor annuity or as a lump-sum. If the participant's accrued benefit is less than \$5,000, the participant is paid a lump-sum payment as soon as practical after the termination date.

Death and Disability Benefits

If an active employee dies, a death benefit equal to 50% of the value of the employee's accumulated pension benefit is paid to the employee's spouse. To be eligible for a disability benefit, employees must have 15 years of service and be fully disabled under the Federal Social Security Act on or before August 31, 2003. Active employees who become totally disabled receive annual disability benefits that are equal to the normal retirement benefit actuarially reduced for commencement prior to the normal retirement date.

2. Summary of Accounting Policies

Basis of Accounting

As a result of the termination of the Plan, the financial statements as of April 18, 2024 and February 29, 2024 and for the period March 1, 2024 to April 18, 2024 and for the year ended February 29, 2024, have been prepared on the liquidation basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company, as applicable. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits payments to participants are recorded upon distribution.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net depreciation in fair value of investments in the statements of changes in net assets available for benefits.

Subsequent Events

Subsequent events were evaluated through February 13, 2025, the date the financial statements were available to be issued.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Notes to Financial Statements

April 18, 2024 and February 29, 2024
(in Liquidation)

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at February 29, 2024 (in liquidation).

Money market fund: Valued at the quoted net asset value (NAV) of shares held by the Plan at year end.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of February 29, 2024 (in liquidation):

Assets at Fair Value as of February 29, 2024	Level 1	Level 2	Level 3	Total
Money market fund	\$ 345,018	\$ -	\$ -	\$ 345,018
Total assets in the fair value hierarchy	345,018	-	-	345,018
Total investments at fair value	\$ 345,018	\$ -	\$ -	\$ 345,018

4. Concentrations

The Plan holds certain investments that represent 10% or more of the Plan's net assets available for benefits. As of February 29, 2024 (in liquidation), the Plan held one such investment \$345,018. There were no such investments as of April 18, 2024.

5. Information Certified by Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA for 2024. Accordingly, State Street Bank and Trust, the Trustee of the Plan, has certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of April 18, 2024 and February 29, 2024 and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the period March 1, 2024 to April 18, 2024 (in liquidation) and the year ended February 29, 2024 (in liquidation) and the information reported in the supplemental Schedule H, Line 4(j) - Schedule of Reportable Transactions for the period March 1, 2024 to April 18, 2024 (in liquidation).

6. Related-Party and Party in Interest Transactions

The Plan's investments are administered under a contract with State Street Bank and Trust, the Trustee of the Plan. Contributions are held and managed by State Street Bank and Trust, who invests cash received, interest and dividend income and makes distributions to participants. These transactions are party in interest transactions under ERISA.

As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. Additionally, certain administrative functions of the Plan are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. These transactions are party in interest transactions under ERISA.

7. Plan Termination

The Company has the right under the Plan to change, amend or terminate the Plan, subject to the provisions of ERISA and its related regulations. The Company has elected to terminate the Plan. The provisions of the Plan provide that, when the Plan is terminated, the Plan's members will be fully vested in their rights under the Plan to the extent then funded in the order of priority specified in the Plan. Further information concerning the priority order of participants' claims to the assets of the Plan is contained in the plan document, which is available to all of the Plan's participants. On February 17, 2023, the Company adopted a resolution consenting to the termination of the Plan effective February 28, 2023, and the Company adopted an amendment effectuating that termination.

8. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated July 5, 2012, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.
