Foundation for Medical Care of Tulare & Kings Counties, Inc.
401(K) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Foundation for Medical Care of Tulare & Kings Counties, Inc. 401(K) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, and the related statements of changes in net assets available for benefits for the year ended June 30, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended June 30, 2024 and 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Foundation for Medical Care of Tulare & Kings Counties, Inc. 401(K) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- exercise professional judgment and maintain professional skepticism throughout the audit;
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed;
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements;
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of Delinquent Participant Contributions and Schedule of Assets are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024**

NOTE 1 – Plan Description

The following description of the Foundation for Medical Care of Tulare & Kings Counties, Inc. 401(k) Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. This Plan information is available at the corporate office of Foundation for Medical Care of Tulare & Kings Counties, Inc.

General

Effective July 1, 1982, the Plan is a defined contribution plan, covering employees of Foundation for Medical Care of Tulare & Kings Counties, Inc. (the Plan Sponsor) who are not union employees, non-resident aliens, non-residents of Puerto Rico or leased employees of the Plan Sponsor, and who are age 21 or older and have six months of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan's Trustee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

On July 1, 2024, the Plan was amended to change the service requirement for eligibility. Under the new provision, 1,000 service hours will be required to be eligible for non-elective contributions. Also, the eligibility service computation rules are defined further under this amendment.

Contributions

Each year, participants may elect to defer any percentage or dollar amount of their compensation to the Plan subject to limitation. Participants who have attained age 50 before the end of the calendar year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

Funding consists of employee salary reductions, matching employer safe harbor contributions and non-elective employer contributions. Participants may change their deferred election anytime online. Each pay period, the Plan Sponsor matches 100 percent of elective deferral contributions that are not over four percent of pay. Eligible participants are also credited with a non-elective contribution which is discretionary in amount as determined by the Plan Sponsor.

Non-elective contributions are allocated to eligible participants based on new comparability where there is one group created for each eligible participant. The contribution is allocated to each group in a manner determined by the Plan Sponsor.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer's safe harbor match and non-elective contributions as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – Plan Description (continued)

Vesting

Participants are vested immediately in their voluntary contributions, including elective deferrals, catch-up contributions and rollover contributions, plus actual earnings thereon. For any employer contributions plus actual earnings thereon, participants are vested 20 percent after two years of service with an additional 20 percent for each additional year of service, and are 100 percent vested after six years and 1,000 hours of service.

Notes Receivable from Participants

Participants may borrow from their account up to the lesser of \$50,000 or 50 percent of their vested account balance. Generally, the term of any loan is a maximum of five years. However, if the loan is for the purchase of a principal residence, the Plan Custodian may permit a longer repayment term. The loans are secured by the balance in the participant's account and bear interest at rates of prime rate plus 1.5%, which is commensurate with local prevailing rates as determined by the Plan Custodian. Principal and interest payments are made through payroll deductions. Principal and interest are paid every pay period.

Payment of Benefits

Participant's vested interest in his or her account may be distributed upon retirement, termination of employment, death or hardship. A participant may elect to receive his or her account balance in a lump sum payment or in equal installments over a fixed period selected by the participant based on guidelines provided in the Plan agreement. If the participant's vested account is under \$5,000, it will be paid out in a single lump sum or installments. In the event of undue financial hardship, participants may withdraw all or a part of elective deferral contribution (exclude earnings), rollover contribution, safe harbor matching contribution for immediate financial need.

Forfeited Accounts

Forfeited nonvested account balances are retained by the Plan and are used to offset Plan expenses, pay as additional discretionary non-elective contributions or reduce future employer contributions. At June 30, 2024 and 2023, forfeited nonvested account balances totaled \$57,296 and \$40,135, respectively. In 2024, \$57,296 in non-elective employer contributions were reduced by the balance in the forfeited nonvested account.

NOTE 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

**FOUNDATION FOR MEDICAL CARE OF
TULARE & KINGS COUNTIES, INC.
401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2024**

NOTE 2 – Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of June 30, 2024 and 2023, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan Sponsor which are excluded from these financial statements. Fees related to the distribution and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

NOTE 3 – Certified Investments

Certain information related to investments and notes receivable participants disclosed in the accompanying financial statements and supplemental schedules, including investments and notes receivable from participants held at June 30, 2024, and the related net appreciation in fair value of investments, interest, dividends and capital gains for the year ended at June 30, 2024, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Standard Insurance Company (the Custodian).

NOTE 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Topic 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- a. Quoted prices for similar assets or liabilities in active markets.
- b. Quoted prices for identical or similar assets or liabilities in inactive markets.
- c. Inputs other than quoted prices that are observable for the asset or liability.
- d. Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability; and

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at June 30, 2024 and June 30, 2023.

Pooled Separate Accounts (PSA) – PSAs are made up of a wide variety of underlying investments such as equities, fixed income, mutual funds, other PSAs, Collective Investment Trusts (CTIs), Exchange Traded Funds (ETFs), real property and alternative investment vehicles. The net asset value of a PSA is based on the market value of its underlying investments, but PSA net asset value is not a publicly quoted price in an active market.

In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy.

NOTE 4 – Fair Value Measurements (continued)

Investments Measured Using the Net Asset Value per Share Practical Expedient

The following table summarizes investments for which fair value is measured using net asset value per share practical expedient as of June 30, 2024 and 2023, respectively. There are participant redemption restrictions on some of the underlying investments; the redemption notice period is applicable only to the Plan.

<u>June 30, 2023</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency (If Currently Eligible)</u>	<u>Redemption Notice Period</u>
Pooled separate accounts	\$ 7,145,781	n/a	Daily	30 days

NOTE 5 – Group Annuity Contract with Standard Insurance Company

The Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Standard Insurance Company (Standard) totaling \$1,021,270 as of June 30, 2024. Net deposits and interest credited to the Standard Stable Asset D (the fund) become liabilities against Standard on the Plan's behalf. Daily liquidity is available for participant contributions and withdrawals at contract value regardless of market conditions.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully-benefit-responsive investment contracts because this is the amount received by the participant if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made, less withdrawals and administrative expenses, plus interest credited. Contract value is guaranteed by the full faith and credit of Standard; there are no wrap contracts supporting the liquidity of the fund. The fund is neither a mutual fund nor a bank product. Standard's obligations are not insured by the FDIC or any other federal government agency. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Crediting rates for the Plan's fund are set by Standard using a process similar to that used by banks or other insurance companies for similar products. A crediting rate is declared quarterly for all assets in the fund during the coming quarter. This crediting rate takes into account yield forecasts from Standard's asset advisory group and the margins required for Standard's business. The crediting rate is declared in advance and reset quarterly. The declared credit rating will never be below one percent annually. Management approval is required for all crediting rates. Past crediting rates are not indicative of future rates.

NOTE 5 – Group Annuity Contract with Standard Insurance Company (continued)

Certain events may limit the ability of the Plan to transact at contract value. Such events include termination of the contract, spin-offs, divestitures, layoffs, corporate relocation, partial or total Plan termination, retirement incentive programs or the liberalization of Plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment or other withdrawal restrictions may apply. The Plan Sponsor may choose to pay the market value adjustment directly, if applicable, so that participant's contract values are not affected. If the Plan's Sponsor views the occurrence of any of these events as probable as of the measurement date, details about market value adjustments or other withdrawal restrictions can be obtained through the Plan's account manager.

Standard's positions are that the average yield earned by the entire fund and the actual interest rate credited to participants are the same. When considering the Plan's fund's crediting rate, the yield earned on assets in Standard's general accounts is not relevant. The crediting rate is part of Standard's obligations to the Plan, no matter how Standard's assets perform. There are no particular segregated or identifiable assets ascribed to the Plan's fund.

Standard may terminate the contract with 30 days advance written notice to the contract owner for reasonable cause, which includes the owner's failure to abide by state or federal law, failure to render performance necessary to comply with terms of the contract, Plan disqualification, or failure to adopt the Plan in a reasonable period of time. Upon termination by Standard, a market value adjustment or other withdrawal restrictions may apply.

The Plan Sponsor may choose to pay the market value adjustment directly, if applicable, so that participant's contract values are not affected.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully-benefit-responsive investment contracts because this is the amount received by participant if they were to initiate permitted transactions under the terms of the Plan.

NOTE 6 – Related-Party Transactions and Party-in-Interest Transactions

The Plan Sponsor pays for various plan fees, including bond fees, audit fees and recordkeeping. Certain Plan investments are managed by Standard Insurance Company which is the custodian of the Plan. Participants of the Plan pay for investment management and recordkeeping. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. Transactions with these services providing companies qualify as party-in-interest transactions. For the year ended June 30, 2024, the party-in-interest transactions were as follows:

<u>Service Providing Company</u>	<u>Relationship</u>	<u>Amount of Direct Compensation</u>
Standard Insurance Company	Investment Management, Custodian and Recordkeeping	\$ 3,487

These party-in-interest transactions are exempt from the prohibited transactions rules of ERISA.

NOTE 7 – Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 8 – Tax Status

The IRS has determined and informed the Plan by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

NOTE 9 – Risks and Uncertainties

The assets of the Plan are invested in various investment securities at the direction of the participants. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
