INDEPENDENT AUDITORS' REPORT

Board of Directors
Defined Benefit Plan for Employees of EPIC
Peoria, Illinois

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Defined Benefit Plan for Employees of EPIC (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits and accumulated plan benefits as of December 31, 2022 (in liquidation) and 2021 (ongoing), statements of changes in net assets available for benefits and changes in accumulated plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Defined Benefit Plan for Employees of EPIC's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Defined Benefit Plan for Employees of EPIC and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

As discussed in Notes 1, 2, and 7 to the financial statements, the Board of Directors authorized the termination of the Plan, and Plan management determined liquidation is imminent during 2022. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the ongoing basis used in presenting the 2021 financial statements to the liquidation basis used in presenting the 2022 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Board of Directors
Defined Benefit Plan for Employees of EPIC

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Defined Benefit Plan for Employees of EPIC's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at year end) as of December 31, 2022 and schedule of reportable transactions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Board of Directors
Defined Benefit Plan for Employees of EPIC

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

DEFINED BENEFIT PLAN FOR EMPLOYEES OF EPIC
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 (IN LIQUIDATION) AND 2021 (ONGOING)

NOTE 1 DESCRIPTION OF PLAN

The following description of Defined Benefit Plan for Employees of EPIC (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan was frozen on May 15, 2004. EPIC (the Employer) will continue to make minimum required contributions until the Plan is fully funded. New participants will not be admitted to the Plan, and vesting has ceased for enrolled participants.

General

The Plan is a defined benefit pension plan established December 1, 1980, covering substantially all employees of the Employer prior to being frozen. The Plan was amended and restated throughout the years to comply with tax legislation and most recently amended effective May 1, 2022. The finance committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Directors. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Plan assets include investments that were merged from a previous defined contribution plan offered by the Employer. See Note 7 for disclosure of the Plan termination.

Pension Benefits

Employees became eligible upon completing one year of service and attaining the age of 21. One year of service was completed by working a minimum of 1,000 hours of service.

Participants are eligible for retirement benefits upon reaching age 65. Participants can elect early retirement between the ages of 55 and 65 with a reduction in benefits. The Plan provides for survivor's income benefits.

The Plan's annual normal retirement benefit equals 1.25% of the final average earnings multiplied by credited service (no maximum), plus 0.5% of final average earnings in excess of the Social Security average wage times years of credited service (maximum 35 years). Final average earnings is defined as the annual average of the highest five consecutive years' compensation earned during the last 10 years of service prior to May 15, 2004. Credited service is defined as service under a prior plan of the Employer plus service with the Plan after meeting the eligibility requirement prior to May 15, 2004. Minimum benefit under this Plan shall not be less than the benefit that would have been received under the prior plan of the Employer. For early optional retirement, benefit payments are reduced 1/15 for each of the first five years that the participant's benefit commencement date precedes their normal retirement date and 1/30 for each of the next five years. Participants, with 20 years of service with the Employer, may retire at age 62 without reduction of benefit.

If a participant terminates employment and the present value of the participant's vested, accrued benefit is not greater than \$5,000, the participant will receive a distribution of the present value of the entire vested portion of such accrued benefit. If the present value of the participant's vested accrued benefit is between \$1,000 and \$5,000, the Employer may authorize that the benefit be rolled into an individual retirement account in the participant's name. Otherwise, participants receive their accrued vested benefits in the form of a life annuity or a qualified joint and survivor annuity. Effective October 1, 2021, the Plan was amended to add a single sum payment as an optional form of benefit.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 (IN LIQUIDATION) AND 2021 (ONGOING)**

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Death and Disability Benefits

If a vested participant dies before his benefit commencement date, at the date on which he attains his earliest retirement age, the participant's eligible spouse, if then living, or eligible child shall receive pension benefits equal to the standard survivor benefit calculated as if the participant had terminated employment on the day before his date of death and retired in the later of his date of death or early retirement age and had elected the 66-2/3% joint and survivor annuity with 10 years certain and continuous benefit payment method. Active employees who become totally disabled receive annual disability benefits that are equal to the normal retirement benefits they have accumulated as of the time they become disabled.

Vesting

Vesting is based on years of continuous service. An employee was 100% vested after seven years of credited service. Vesting ceased May 15, 2004.

Funding Policy

The Employer funds the Plan on an annual basis based on actuarially determined funding amounts. These contributions have met the minimum funding requirements of ERISA.

Purchase of Annuity Contracts

The Plan signed an agreement, dated December 16, 2022, with Mutual of America Life Insurance Company (MOA) to annuitize the remaining accumulated plan benefits and transfer liability to MOA effective December 21, 2022, with a benefit commencement date of January 1, 2023. Net premiums paid to MOA totaled \$1,847,419 and \$-0- for the years ended December 31, 2022 and 2021, respectively. The Plan signed an agreement, dated May 26, 2022, with CMFG Insurance Company (CMFG) to annuitize certain accumulated plan benefits and transfer liability to CMFG effective July 1, 2022, with a benefit commencement date of July 1, 2022. Net premiums paid to CMFG totaled \$4,187,941 and \$-0- for the years ended December 31, 2022 and 2021, respectively.

Plan Termination

In 2022, the Board of Directors approved to amend and terminate the Plan effective October 1, 2022 (also see Note 7). The Plan administrator notified eligible participants of their options, subject to amended provisions. In December 2022, approximately \$2,722,000 in lump sum payments were paid out to participants who elected this option. See separate disclosure in Note 1 on the purchase of an annuity contracts. As part of the Plan termination, management had excess funds returned back to the Plan Sponsor. In 2022, \$2,036,207 of funds were returned back to the Plan Sponsor. All remaining assets as of December 31, 2022 were distributed in January 2023.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

As a result of the Plan termination effective October 1, 2022, Plan management determined the liquidation of the Plan is imminent during 2022. In accordance with accounting principles generally accepted in the United States of America, the Plan has changed its basis of accounting from the going concern basis used in presenting the 2022 financial statements to the liquidation basis used in presenting the 2023 financial statements. Under the liquidation basis of accounting, assets are stated at their estimated net realized cash value expected to be collected in settling or disposing of assets during the liquidation process and liabilities are stated at their anticipated settlement amounts.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Employer as provided by the Plan document. Expenses that are paid directly by the Employer are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation in fair value of pooled separate accounts presented in the accompanying statements of changes in net assets available for benefits.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 (IN LIQUIDATION) AND 2021 (ONGOING)**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events

The Plan has evaluated subsequent events through January 8, 2025; the date the financial statements were available to be issued.

NOTE 3 ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated Plan benefits are those estimated future periodic payments, including lump sum distributions that are attributable under the Plan's provisions to the service employees have rendered. Accumulated Plan benefits include benefits expected to be paid to:

- a) retired or terminated employees or their beneficiaries,
- b) beneficiaries of employees who have died, and
- c) present employees or their beneficiaries.

Benefits under the Plan are accumulated based on the employees' highest five consecutive complete credited years of compensation out of the last ten latest years prior to May 15, 2004. The accumulated plan benefits for active participants are based on their annual average of the highest five consecutive years' compensation earned during the last 10 years of service prior to May 15, 2004.

Benefits payable under all circumstances – retirement, death, disability, and termination of employment – are included, to the extent they are deemed attributable to employee service rendered to the valuation date. Benefits to be provided through annuity contracts are excluded from Plan assets and are excluded from accumulated plan benefits.

The actuarial present value of accumulated plan benefits is determined by the Plan's independent actuary, Mutual of America Life Insurance Company, and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal or retirement) between the valuation date and the expected date of payment.

The significant actuarial assumptions used in the valuation as of December 31, 2021 were:

- a. Life expectancy of participants – The PRI-2012 Total Dataset Employee Table with Mortality Improvement Projection Scale MP-2021, separate for males and females.
- b. Retirement age assumptions – Normal retirement age of 64 years or immediate if beyond age 64.
- c. Investment return – The assumed rate of return was 3.5% per annum for pre-retirement and 3.5% per annum for postretirement.

DEFINED BENEFIT PLAN FOR EMPLOYEES OF EPIC
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 (IN LIQUIDATION) AND 2021 (ONGOING)

NOTE 3 ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS (CONTINUED)

The change in actuarial assumptions for 2021 of \$2,991,383 primarily relates to the change in mortality table and change in assumed rate of return.

The computations of the actuarial present value of accumulated plan benefits were made as of January 1, 2022. Had the valuation been performed as of December 31, and 2021, there would be no material differences.

In 2022, the Board of Directors approved to amend and terminate the Plan effective October 1, 2022. There was no valuation performed as of December 31, 2022 as a result of the Plan's termination. The actuarial present value of accumulated plan benefits was calculated based upon the actual distributions paid to participants and payments to insurance carriers discounted using a weighted average rate of 3.5%.

NOTE 4 CERTIFICATION OF INVESTMENT INFORMATION

Mutual of America Life Insurance Company, the qualified institution of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the statements of changes in net assets available for benefits for the years then ended, and the supplemental schedule of assets (held at end of year) as of December 31, 2022.

NOTE 5 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

DEFINED BENEFIT PLAN FOR EMPLOYEES OF EPIC
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 (IN LIQUIDATION) AND 2021 (ONGOING)

NOTE 5 FAIR VALUE OF INVESTMENTS (CONTINUED)

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2021.

Pooled Separate Accounts: Valued at the net asset value (NAV) of units as determined by the insurance company. NAV is a readily determinable fair value and is the basis for current transactions.

General Account: The fair value of the general account represents the estimated liquidation value determined within contract specifications, which is determined as deposits, plus accrued interest, less withdrawals.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

2022				
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	\$ -	\$ 3,253	\$ -	\$ 3,253
General Account	-	-	6,506	6,506
Total Assets at Fair Value	\$ -	\$ 3,253	\$ 6,506	\$ 9,759

Total Assets at Fair Value	\$ -	\$ 1,302,422	\$ 9,895,653	\$ 11,198,075

The following tables set forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31:

General Account

Quantitative Information About Significant Unobservable Inputs Used in Level 3 Fair Value Measurements

The following table represents the Plan's Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs as of December 31:

2022					
Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values	Weighted Average
General Account	\$ 6,506	Assumed Proceeds at Discontinuance	Composite Crediting Rate	1.00%	N/A
2021					
Instrument	Fair Value	Principal Valuation Technique	Unobservable Inputs	Range of Significant Input Values	Weighted Average
General Account	\$ 9,895,653	Assumed Proceeds at Discontinuance	Composite Crediting Rate	1.00%	N/A

NOTE 6 CONTRACT WITH INSURANCE COMPANY

The Plan invests in an investment contract with the insurance company under which the Plan deposits payments into the insurance company's general account fund (General Account). The insurance company maintains the contributions in an unallocated fund to which it adds interest based on the current crediting interest rates assigned to the fund. A minimum interest rate of 1.00% is guaranteed under the contract for 2022 and 2021. Interest is credited to the fund as of the end of each calendar year. The crediting rate of interest at December 31, 2022 and 2021 was 1.00% for any new contributions. The interest rate is adjusted annually at the discretion of the insurance company and exceeds the minimum rate guaranteed under the contracts. The General Account assets are carried at amortized cost, or contract value, which is deemed to approximate fair value.

DEFINED BENEFIT PLAN FOR EMPLOYEES OF EPIC
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 (IN LIQUIDATION) AND 2021 (ONGOING)

NOTE 7 PLAN TERMINATION

Certain benefits under the Plan are insured by the PBGC as of the effective date of Plan termination. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination. However, there is a statutory ceiling, which is adjusted periodically, on the amount of an individual's monthly benefit that the PBGC guarantees. That ceiling applies to those pensioners who elect to receive their benefits in the form of a single-life annuity and are at least 65 years old at the time of retirement or Plan termination (whichever comes later). For younger annuitants, or for those who elect to receive their benefits in some form more valuable than a single-life annuity, the corresponding ceilings are actuarially adjusted downward.

Benefit improvements attributable to Plan amendments may not be fully guaranteed if the effective date of Plan termination is within five years of the Plan amendment. After the first year, the PBGC would guarantee 20% of any benefit improvements that resulted in benefits below the ceiling, with an additional 20% guaranteed each year the Plan continued beyond the Plan amendment date. If the amount of the benefit increase below the ceiling is also less than \$100, \$20 of the increase (rather than 20%) becomes guaranteed by the PBGC each year following the effective date of the amendment. As a result, only the primary ceiling would be applicable after five years.

Plan management has completed the standard requirements prescribed by ERISA. See Note 1 for more information on the Plan termination.

NOTE 8 PLAN TAX STATUS

The Internal Revenue Service (IRS) has determined and informed the Employer by a letter, dated July 6, 2012, that the Plan and related trust are designed in accordance with applicable requirements of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 9 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

NOTE 10 PARTY-IN-INTEREST TRANSACTIONS

The Plan investments are managed by Mutual of America Life Insurance Company. Mutual of America Life Insurance Company is the qualified institution as defined by the Plan and, therefore, the investment transactions qualify as party-in-interest transactions. As described in Note 2, the Plan paid certain expenses related to Plan operations and investment activity to various service providers. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.
