Independent Auditor's Report

To the Plan Administrator of
RCI 401(k) Plan
Slidell, Louisiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of RCI 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agree to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Note 1. Description of Plan

The following brief description of the RCI 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution plan covering employees of RCI Acquisition Sub, LLC and Subsidiary (the Company) who have one year of service and are age 18 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

In August 2023, the Plan was restated, and funds were converted to a new custodian and recordkeeper in October 2023. This conversion initiated a "blackout" period beginning October 5, 2023, and continued through the week of November 10, 2023. During this period, employees were temporarily unable to direct or diversify investments in their individual accounts or obtain a distribution from the Plan. However, account and contributions remained invested during this time. Also, during this period, plan assets transferred to the new custodian were transferred into mapped options by the participants. Future investment contributions were to be invested in these mapped options unless changed after the blackout period was over. If there were no investment elections on file at the new custodian, contributions were to be allocated to the Plan's default investment option.

Contributions

Each year, participants may elect to contribute portions of their eligible compensation, up to the maximum allowable under the Internal Revenue Code (IRC). Participants who do not affirmatively elect not to participate in the Plan upon becoming eligible, will automatically have compensation deferred at 3%. Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions. The Company may make a safe-harbor-matching contribution equal to 100% of a participant's salary deferral (including catch-up contributions) up to 3% and 50% for the next 2% of eligible compensation.

The Plan also allows for Roth elective deferrals. A participant's Roth elective deferral is treated in the same manner as elective deferrals for all plan purposes, except that Roth elective deferrals are separately accounted for, as are gains and losses attributed to those Roth elective deferrals.

RCI 401(k) PLAN

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Participant Accounts

Participants direct the investment of their contributions into various investment options offered by the Plan. Each participant's account is credited with the participant's contributions and allocations of the Company's discretionary contributions, plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Distributions from plan assets are made upon the participant's death, disability, retirement, termination of service, or other circumstances as described in the Plan Document. Distributions are made in the form of a lump sum payment only. After attainment of age 65 and 5 years of service, withdrawals can be made from any of the participant's accounts under the Plan. Upon termination, a participant whose vested account balance is \$5,000 or less is immediately cashed out and distributed a benefit in a single lump sum payment. Fully vested participants who have attained age 59½ and who have not separated from service may obtain distributions of their account balances. Additionally, under certain circumstances of financial hardship, the participant is allowed to withdraw funds from the Plan.

Vesting

Participants are immediately vested in their contributions which include salary deferrals, catch-up contributions, and rollover contributions, plus actual earnings thereon. Participants are also immediately vested in company safe harbor matching contributions.

Forfeitures

Participants are fully vested in all contributions to the Plan; therefore, there are no forfeitures at December 31, 2023 and 2022.

Participant Loans

Under the provisions of the Plan Document, participants are not allowed to borrow from their individual accounts.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Administrative Expenses

Administrative expenses of the Plan may be paid by the Company or the Plan as provided in the Plan Document.

RCI 401(k) PLAN

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from plan participants and the contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Tax Status

The Plan has adopted a preapproved plan document that has received an opinion letter from the Internal Revenue Service (IRS) dated June 30, 2020, stating that the form of the preapproved plan document was in compliance with applicable requirements of the IRC. The Plan has been amended since adopting the preapproved plan document; however, the Plan Administrator believes the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions. In February 2023, the Plan received a notice from the IRS to examine the tax year ended December 31, 2020. The exam took place on-site during 2023 of which no significant matters were noted. It was communicated to management that the exam would be closed following the departure of the examiner. No formal correspondence closing the examination has been received to date from the IRS.

Use of Estimates

The preparation of the financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Notes to Financial Statements

Note 3. Information Certified by the Former Custodian and Current Custodian

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC and Empower Annuity Insurance Company of America, as attorney-in-fact for Talcott Resolution Life Insurance Company (former custodian), a qualified institution, and Transamerica Financial Life Insurance Company Inc. (current custodian), a qualified institution:

	2023	2022
Investments, at Fair Value		
Pooled Separate Account	\$ 8,722,296	\$ 6,728,888
Total Investments, at Fair Value	\$ 8,722,296	\$ 6,728,888

The former and current custodians also certified to the completeness and accuracy of \$1,284,977 of net appreciation in fair value of investments, and \$108,375 of interest and dividends for the year ended December 31, 2023.

Note 4. Fair Value Measurements

The *Fair Value Measurement* Topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

Note 4. Fair Value Measurements (Continued)

The three levels of the fair value hierarchy are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Pooled Separate Account: Valued at the net asset value (NAV) per unit of the underlying investments as adjusted for the Plan's participation in the pooled account.

The method described above may produce a fair value calculation that may not be indicative of the net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

RCI 401(k) PLAN

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

December 31, 2023	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy	\$ -	\$ -	\$ -	\$ -
Investments Measured at Net Asset Value ^(a)				<u>8,722,296</u>
Total Investments, at Fair Value				<u>\$ 8,722,296</u>

December 31, 2022	Level 1	Level 2	Level 3	Total
Total Assets in the Fair Value Hierarchy	\$ -	\$ -	\$ -	\$ -
Investments Measured at Net Asset Value ^(a)				<u>6,728,888</u>
Total Investments, at Fair Value				<u>\$ 6,728,888</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investments Measured Using the NAV per Share Practical Expedient

The following table summarizes participant directed investment options in the Plan's separate account investment for which fair value is measured using the NAV per share practical expedient as of December 31, 2023 and 2022:

	Fair Value		Unfunded Commitments
	2023	2022	
Pooled Separate Accounts	<u>\$ 8,722,296</u>	<u>\$ 6,728,888</u>	

Note 5. Related-Party and Party-in-Interest Transactions

Certain plan investment options are managed by Transamerica Financial Life Insurance Company Inc., the Plan's current custodian and recordkeeper. Therefore, these transactions qualify as party-in-interest. Consequently, such transactions are permitted under the provisions of the Plan and are exempt from the provision of the party-in-interest transactions under ERISA.

RCI 401(k) PLAN

Notes to Financial Statements

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7. Subsequent Events

The Plan Administrator has evaluated subsequent events through the date that the financial statements were available to be issued, February 9, 2025, and determined that the following events occurred that require disclosure:

- Plan amendments were adopted to remove an eligibility exclusion, effective 1/1/24, and remove automatic enrollment, effective 11/2/24.
- Third-Party Administrator and fiduciary responsibilities were transitioned to another provider. Recordkeeping duties remained with the current custodian.
- There was a broker transition that resulted in another blackout period, allowing for proprietary funds from the former broker to be mapped to similar funds within the current custodian.

No further subsequent events occurring after February 9, 2025 have been evaluated for inclusion in these financial statements.
