INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Trustees
AANW Holdings LLC 401(k) Profit Sharing Plan and Trust
Clackamas, Oregon

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of AANW Holdings LLC 401(k) Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits - in liquidation as of April 14, 2023 and December 31, 2022 and the related statements of changes in net assets available for benefits - in liquidation for the period from January 1, 2023 to April 14, 2023 and for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of April 14, 2023 and December 31, 2022, and for the period from January 1, 2023 to April 14, 2023 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

Plan Termination and Liquidation Basis of Accounting

As discussed in Note 6 to the financial statements, the governing body of AANW Holdings LLC 401(k) Profit Sharing Plan and Trust approved a plan of liquidation as of November 30, 2022, and management started the process of liquidating the Plan, which was completed April 14, 2023. As a result, the Plan has followed the liquidation basis of accounting in presenting the 2023 and 2022 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

Auditor's Responsibilities for the Audit of the Financial Statements, continued

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

AANW HOLDINGS LLC 401(K) PROFIT SHARING PLAN AND TRUST

Notes to Financial Statements

April 14, 2023 and December 31, 2022

Note 1 - Description of the Plan

The following description of the AANW Holdings LLC 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of AANW Holdings LLC, which includes participating employers Airstream Adventures Northwest, LLC (of Oregon), Airstream Adventures NW LLC (of Washington), Airstream Adventures NW LLC (of Idaho), Airstream Adventures LLC, AANW Inc., Adventure Trailers LLC, MOV3 LLC, and SBAANW LLC (collectively, the Company). To be eligible, employees must complete three months of service and be at least 18 years of age. Union and certain nonresident aliens who have no earned income from sources within the United States are not eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, participants may contribute up to 100% of pretax and after-tax annual compensation, subject to limits of the tax law as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Employee and employer contributions were not allowed after the date of termination on November 30, 2022 (see Note 6).

Participants are automatically enrolled at a deferral rate of 3% of eligible wages. However, participants may change their deferral election at any time. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company matches a discretionary portion of participants' annual deferral.

Matching contributions are based upon the amount contributed by each participant. The matching contribution is a discretionary amount determined by the Company on a yearly basis, provided the participant has worked 1,000 hours during the Plan year and is employed on the last day of the Plan year. Matching contributions were 50% of participant contributions in 2022, up to a maximum of \$2,000 per participant. Additionally, the Company may elect to make a separate nonelective discretionary contribution to the Plan at the end of the Plan year. In 2022, the Company did not elect to make a separate nonelective discretionary contribution.

Investment Elections

Participants direct the investment of their contributions into various investment options offered by the Plan. Participants have the opportunity to change their investment combinations on a daily basis.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings and charged with an allocation of administrative expenses. Allocations are made in a manner which recognizes each participant's account balance, investment selection and timing of contributions and withdrawals. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Additionally, participants are 100% vested in their non-elective contributions (safe harbor). Vesting in the Company's discretionary match plus actual earnings thereon is based on years of continuous service and occurs gradually. A participant becomes partially vested at the end of two years of credited service and is 100% vested after six years of credited service. A participant becomes fully vested in the entire balance of his or her account upon attainment of normal retirement age, permanent disability, death, or termination of the Plan. Any amount not vested upon a participant's separation from service is forfeited and may be used to reduce the Company's contribution or pay Plan expenses.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Otherwise, if the participant's vested balance exceeds \$5,000, the participant must consent to distribute their account before normal retirement age. Vested account balances less than \$5,000 upon termination will be distributed without the participant's consent in a lump sum. The Plan may also make hardship distributions to participants in certain situations subject to defined limitations.

Forfeitures

At April 14, 2023 and December 31, 2022, forfeited non-vested accounts totaled \$0. During the year ended December 31, 2022, forfeitures of \$45,754 were used to reduce employer contributions. During the period ended April 14, 2023, no forfeitures were used to reduce employer contributions or pay Plan expenses.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the liquidation basis of accounting.

Under the liquidation basis of accounting, assets are measured to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process and liabilities are measured using the accrual basis of accounting and would include any expected costs of the disposal of assets and other costs expected to be incurred during the liquidation process. The Plan has been fully liquidated as of April 14, 2023.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investments Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payments of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. The Plan permits the payment of Plan expenses to be made from the Plan's assets. Fees are charged to participants on a pro rata basis, equally to participant accounts, or specifically to a participant account for transactions specifically related to that participant.

Note 2 - Summary of Significant Accounting Policies, continued

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through January 23, 2025, the date the financial statements were available to be issued.

Note 3 - Information Certified by Custodian

The Plan's investments are held by Mid Atlantic Trust Company (the Custodian). Investment decisions are made at the direction of the participants. The investments are credited for earnings thereon and charged for withdrawals and expenses as charged by the Custodian. The Plan Administrator has obtained certifications from the Custodian as of April 14, 2023 and December 31, 2022, and the period ended April 14, 2023 and for the year ended December 31, 2022, that the following information provided to the Plan Administrator by the Custodian is complete and accurate:

- Investments, at fair value
- Net appreciation (depreciation) in fair value of investments
- Interest and dividends

Note 4 - Fair Value Measurements

Fair value is the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

The Plan follows a fair value hierarchy to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Three levels of inputs may be used to measure fair value:

Level 1 - quoted prices in active markets for identical assets or liabilities.

Level 2 - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Note 4 - Fair Value Measurements, continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at April 14, 2023 and December 31, 2022:

Registered Investment Companies (Mutual Funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

Common Collective Trusts (CCT): CCTs invest in a variety of guaranteed investment contracts, domestic stocks, international stocks, mutual funds, bonds, and other securities. The majority of the underlying securities have observable level 1 quoted pricing inputs. While the underlying asset values are generally based on publicly quoted prices, the NAV of each individual CCT is not valued using publicly quoted prices.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

	Investments at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 794,491	\$ -	\$ -	\$ 794,491
Total investments in the fair value hierarchy	\$ 794,491	\$ -	\$ -	794,491
Investment measured at NAV				2,575
Total investments at fair value				\$ 797,066

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable value collective trust fund	\$2,575	N/A	Daily	12 months

Note 5 - Fully Benefit-Responsive Common Collective Trust

The Goldman Sachs Stable Value Collective Trust (the Fund) seeks to earn current income, while seeking to preserve capital and stability of principal. The Fund also seeks to maintain a stable NAV of \$1.00 per Unit. The Fund invests in "benefit responsive" contracts (Stable Value Contracts) such as, wrap agreements and insurance company separate account agreements, under which the insurance company or other financial institution contract issuer agrees, subject to certain conditions, to make payments from the contract in connection with redemptions from the Fund for plan participant-initiated benefit payments at "book value" (also referred to as, contract value) comprised of principal plus interest crediting adjustments. The Fund's Stable Value Contracts typically relate to a portfolio or portfolios of fixed income securities or units, or other interests in fixed income commingled funds.

The Fund is subject to risk factors that relate to Stable Value Contracts. These risk factors include credit risk with respect to the obligations of Stable Value Contract providers, and the fact that the market for Stable Value Contracts is limited. While Stable Value Contracts generally provide for plan participant transfers and withdrawals to be paid at full contract value, certain withdrawals from the Fund (e.g. complete withdrawals by an eligible plan) generally will be subject to 12 months' advance notice.

Notes to Financial Statements

April 14, 2023 and December 31, 2022

Note 5 - Fully Benefit-Responsive Common Collective Trust, continued

Stable Value Contracts typically have terms that provide that contract withdrawals relating to certain redemptions by eligible plans may not be paid at full contract value, and contracts also define certain termination events that permit the provider to terminate the contract at market value and pursuant to which the Fund would receive the market value of the covered assets as of the date of termination, which could be less than book value. These types of provisions could limit the Fund's ability to maintain a stable NAV of \$1.00 per Unit.

Participants are also exposed to risks associated with investing in the fixed income markets, including interest rate risk, credit risk and call/extension risk. For example, changes in interest rates will impact the return earned by the Fund as well as the relative market value to book value ratio of the Fund.

Note 6 - Plan Termination

The Trustees have the right under the Plan to terminate the Plan subject to the provisions of ERISA. Effective November 30, 2022, the Plan Sponsor announced the termination of the Plan. The final liquidation of the Plan occurred on April 14, 2023. As a result, Plan participants are 100% vested in all Plan benefits.

Note 7 - Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan's prototype plan sponsor by an opinion letter dated April 10, 2014, that the Prototype Non-standardized Profit Sharing Plan sponsored by Paychex, Inc., which has been adopted by the Plan, is acceptable pursuant to section 401 of the Internal Revenue Code (IRC) and in compliance with the applicable requirements of the IRC. The Plan has not requested its own determination letter from the IRS. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements at April 14, 2023. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Party-in-Interest Transactions

Paychex, Inc. provides third party administration services to the Plan, and Mid Atlantic Trust Company provides custodian services to the Plan. Transactions with these entities qualify as party-in-interest transactions and are exempt from the prohibited transaction rules under ERISA. For the Plan year from January 1, 2023 to April 14, 2023, fees paid by the Plan were \$11,414. For the year ended December 31, 2022, fees paid by the Plan for recordkeeping services was \$17,751.
