Independent Auditor's Report

Board of Directors and Retirement Savings Plan Committee
The 401(k) Retirement Savings Plan of Broadmoor Hotel, Inc.
Colorado Springs, Colorado

Opinion

We have audited the financial statements of The 401(k) Retirement Savings Plan of Broadmoor Hotel, Inc. (the Plan), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule listed in the table of contents is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Board of Directors and Retirement Savings Plan Committee
The 401(k) Retirement Savings Plan of Broadmoor Hotel, Inc.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 1. Description of the Plan

General

The following description of The 401(k) Retirement Savings Plan of Broadmoor Hotel, Inc. (the Plan) provides only general information. Participants should refer to the plan document and *Summary Plan Description*, which are available from the plan administrator, for a more complete description of the Plan's provisions.

The Plan is a defined contribution plan sponsored by the Broadmoor Hotel, Inc. (the Company) for the benefit of full-time employees who have at least 30 days of service and are age 21 or older and part-time employees who have at least one year of service and are age 21 or older. Related employers who also participate in the Plan include Manitou and Pike's Peak Railway Company, Emerald Valley Ranch, LLC, PF, LLC and The Oklahoma Publishing Company. The Plan is subject to the provisions of the *Employee Retirement Income Security Act of 1974* (ERISA). Effective June 21, 2022, Nationwide Trust Company, FSB (Nationwide Trust) is the trustee of the Plan and Nationwide Life Insurance Company (Nationwide Life) serves as the record keeper for the Plan. Prior to June 21, 2022, Fidelity Management Trust Company (FMT) was the trustee of the Plan and Fidelity Investments Institutional Operations Company, Inc. (FIIOC) served as the record keeper for the Plan.

Contributions

The Plan permits eligible employees, through a salary deferral election, to have the Company make annual contributions of up to 100% of eligible compensation, as defined. Employee Roth, rollover and catch-up contributions are also permitted. The Company makes matching contributions of 50% of employees' salary deferral amounts up to 6% of employees' compensation. Contributions are subject to certain limitations.

Participant Investment Account Options

Each participant has the option of directing their contributions into any of the various investment options offered by the Plan and may change the allocation daily.

The plan document also includes an automatic deferral feature whereby a participant is treated as electing to defer a certain percentage of eligible compensation unless the participant made an affirmative election otherwise. The automatic deferral feature also provides for an annual increase in the percentage deferred and is ultimately capped at 6%.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company's contribution and plan earnings and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements
December 31, 2023 and 2022

Vesting

Participants are immediately vested in their voluntary contributions plus earnings thereon. Vesting in the Company's contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is fully vested after five years of continuous service. The nonvested balance is forfeited upon termination of service. The Plan's vesting schedule is as follows:

Years of Service	Vested %
0 to 1 year	0%
2 years	40%
3 years	60%
4 years	80%
5 years	100%

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the vested interest in their account or annual installments (but only with respect to participants or beneficiaries who must receive minimum required distributions). Upon termination of service for other reasons, a participant may receive the value of the vested interest in their account only as a lump-sum distribution.

Forfeited Accounts

Forfeitures may be used to pay plan expenses or to reduce future company contributions. During 2023 and 2022, forfeitures of \$162,478 and \$83, respectively, were used to reduce company contributions, and forfeitures of \$0 were used to pay plan expenses each year. At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$60,843 and \$139,246, respectively.

Notes Receivable from Participants

The plan document includes provisions authorizing loans from the Plan to active eligible participants. Loans are made to any eligible participant demonstrating a qualifying need. The minimum amount of a loan shall be \$1,000. The maximum amount of a participant's loan is determined by the available loan balance restricted to the lesser of \$50,000 or 50% of the participant's vested account balance at the date of the loan. All loans are covered by demand notes and are repayable over a period not to exceed five years (except for loans for the purchase of a principal residence) through payroll withholdings. Interest on the loans is based on local prevailing rates as determined by the plan administrator.

Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes in net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of Investments and Income Recognition

Quoted market prices, if available, are used to value investments. Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year-end. The Plan's interest in the collective trust is valued based on information reported by the investment advisors using the audited financial statements of the collective trust at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year, as well as reinvested dividends.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon terms of the plan document.

Plan Tax Status

Effective July 1, 2022, the Plan operates under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust document sponsored by Nationwide Financial Services, Inc. or its suppliers. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified, and the related trust was tax exempt as of the financial statements date.

Prior to June 21, 2022, the Internal Revenue Service had determined and informed the Company by a letter dated August 3, 2017, that the Plan and related trust were designed in accordance with applicable sections of the IRC. Although the Plan had been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believed that the Plan was designed, and was being operated, in compliance with the applicable requirements of the IRC and, therefore, believed that the Plan was qualified, and the related trust was tax-exempt.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

Administrative expenses may be paid by the Company or the Plan, at the Company's discretion.

Note 3. Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50% or more of such an employer or employee association, or relatives of such persons.

Individually nonmaterial expenses paid to parties in interest aggregated \$87,991 and \$59,540 during the years ended December 31, 2023 and 2022, respectively. The Plan incurs expenses related to general administration, and certain accounting and auditing fees related to the Plan. The Company pays certain of these expenses and provides certain administrative services at no cost to the Plan.

Note 4. Disclosures About Fair Value of Plan Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Recurring Measurements

The following tables present the fair value measurements of assets recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2023 and 2022:

(A) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The 401(k) Retirement Savings Plan of Broadmoor Hotel, Inc.
Notes to Financial Statements
December 31, 2023 and 2022

Following is a description of the valuation methodologies and inputs used for assets measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets pursuant to the valuation hierarchy. There have been no significant changes in the valuation techniques during the years ended December 31, 2023 and 2022. The Plan had no liabilities measured at fair value on a recurring basis. In addition, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis. There were no assets classified within Level 2 or Level 3 of the fair value hierarchy during 2023 or 2022.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy.

Investment Measured Using the Net Asset Value per Share Practical Expedient

The fair value of the Plan's investment in the collective trust is measured at the net asset value per share practical expedient as of December 31, 2023 and 2022. The investment objective of the collective trust is to provide preservation of capital, stable returns consistent with its comparatively low risk profile, and liquidity for payments. There are no funding commitment requirements and there are no participant redemption restrictions for this investment.

Note 5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 6. Subsequent Events

Subsequent events have been evaluated through September 30, 2024, which is the date the financial statements were available to be issued.

Effective January 1, 2024, the Plan was amended to allow part-time employees who are 21 and older to participate after 30 days.
