Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of the Chesapeake Bay Beach Club, LLC 401(k) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Part IV, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Part IV, Line 4i – Schedule of Assets are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

NOTE 1 – PLAN DESCRIPTION

Plan Description

The following description of the Employee Benefit Plan of Chesapeake Bay Beach Club, LLC (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions. The Plan was established in 2017 and is sponsored by Chesapeake Bay Beach Club, LLC and includes another participating employer, Tidewater Inn, LLC (the “Companies”).

General

The Plan is a defined contribution plan covering substantially all employees of the Plan sponsors. Employees are eligible to participate in elective deferrals in the Plan after reaching 18 years of age. Employees are immediately eligible to participate in the Plan upon hiring. Employees are eligible for the employer match after having completed one year of service. An employee is considered to have completed a year of service after completing 1,000 hours of service during the 12-month period which begins on the date of employment. In addition, an employee must have completed 1,000 hours of service per each plan year.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) and the Economic Growth and Tax Relief Reconciliation Act of 2001 (“EGTRRA”). The Board of Trustees is responsible for oversight of the Plan. The Trustee determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

Participant Contributions

Participants may contribute pretax annual compensation as defined by the Plan, up to a maximum of \$22,500 during the 2023 plan year. Participants over the age of 50 are also allowed additional catch-up contributions up to \$7,500 for 2023. The Plan also permits participant rollover contributions.

The Plan has an auto-enrollment provision, whereby all newly eligible employees who do not make an opt-out election will be automatically enrolled in the Plan at a salary deferral of 1%. This policy will apply to all participants unless they affirmatively elect not to participate in the Plan, annually.

Employer Contributions

The Companies make employer matching contributions equal to 100% of the first 3% of total participant contributions and may declare a discretionary profit-sharing contribution. During 2023 and 2022, the Companies did not elect to make profit-sharing contributions.

Contributions are subject to limitations set by the Internal Revenue Service.

NOTE 1 – PLAN DESCRIPTION (Continued)

Participant Accounts

Each participant's account is credited or charged with the participant's contributions, Companies' matching and profit-sharing contributions, forfeitures and Plan earnings and losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All funds are participant-directed unless otherwise noted.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the remainder of their account is based on years of continuous service. Employer matching contributions and earnings are vested 20% per year, starting after one full year of service. A participant is 100% vested after five years of credited service.

Investment Options

Upon enrollment in the Plan, a participant may direct employee and employer contributions in any of twenty-four investment options, sponsored by Ascensus Trust Company, the Plan's custodian. Participants may change their investment options daily through an electronic voice activation system or through website interaction provided by the custodian.

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, subject to the Plan agreement. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or annuity. If a participant has reached the age of 59 ½, distributions may be made at the participant's election from their vested balance, without requiring the participant to terminate employment.

Forfeitures

Forfeitures of the non-vested portion of a participant's employer matching account are primarily used to pay plan administrative costs or to reduce the employer's matching contribution. Alternatively, forfeitures may be allocated to participants as an additional matching contribution. There were no forfeitures at December 31, 2023.

Plan Administrative Costs

The majority of administrative costs of the Plan are paid by the Plan sponsors. Plan participants paid \$15,342 of administrative costs for the year ended December 31, 2023.

NOTE 2 –SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared in accordance with U.S. generally accepted accounting principles (GAAP) on the accrual basis.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles of the United States requires the Plan's administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustees determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair market value includes the Plan's gains and losses on investments bought and sold as well as held during the year. See Note 8 for discussion of fair value measurements.

Risks and Uncertainties

The Plan provides for various investment fund options. Investments are exposed to various risks such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Deferred Payment of Benefits

Net assets available for plan benefits which represent deferred vested benefits for participants who have withdrawn from the Plan but have not been paid include \$188,280 and \$243,725 at December 31, 2023 and 2022, respectively. Benefit deductions are recognized when paid.

NOTE 2 –SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Subsequent Events

Events that occurred subsequent to December 31, 2023 have been evaluated by the Companies' management for potential recognition or disclosure in the financial statements through the date of the independent auditor's report, which is the date the financial statements were available to be issued. The Companies did not have any material recognizable subsequent events during this period. Management has determined no events occurred that would require recognition.

NOTE 3 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts, and assets of the Plan will be distributed in accordance with the Plan's provisions.

NOTE 4 – TAX STATUS

The Plan is qualified pursuant to Section 401(a) of the Internal Revenue Code and, accordingly, the net investment income is exempt from income taxes. The Plan obtained its latest determination letter on March 31, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving its latest determination letter. However, the plan administrator and the plan's management believe that the Plan is currently designed and being operated in compliance with the with the applicable requirements of the Internal Revenue Code.

NOTE 5 – EXCESS PARTICIPANTS' CONTRIBUTIONS

At December 31, 2023 and 2022, the Plan accrued payables of \$83 and \$2,134 for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed by the Internal Revenue Service. Excess contributions outstanding at year-end will be repaid to the respective participants in the subsequent period.

NOTE 7 – PARTY-IN-INTEREST TRANSACTIONS

The administrator of the Plan is Ascensus, LLC, who receives fees from Plan participants (see Note 1). The custodian of the Plan is Ascensus Trust Company, who acts as the Plans' trustee and receives fees as a reduction of the return earned on each fund. The Companies provide the Plan with certain accounting and administrative services for which no fees are charged. All such transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

NOTE 8 – FAIR VALUE MEASUREMENTS

The Company accounts for the fair value of its investments under the Fair Value Measurement topic of the FASB Accounting Standards Codification, which provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under this guidance are described as follows:

Level 1

Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of reporting date.

Level 2

Inputs to the valuation methodology are other than quoted prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Level 3

Inputs to the valuation methodology are unobservable inputs and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following is a description of the valuation methodologies used for assets measured at fair value.

NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 8 – FAIR VALUE MEASUREMENT (Continued)

Mutual Funds

These investments are public investment vehicles valued using the net asset value (“NAV”) provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is a quoted price in an active market and these investments are classified within Level 1 of the valuation hierarchy.

Common / Collective Trusts (“CCT”)

CCTs are public investment vehicles valued using NAV as a practical expedient to estimating fair value provided by the administrator of the fund. NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. NAV is not a publicly-quoted price in an active market. The investment objectives seek the preservation of principal and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. Pursuant to Accounting Standards Codification 820, Fair Value Measurement, the CCTs have not been classified under the fair value hierarchy.

The following table sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
