INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
PureCycle Technologies, Inc. 401(k) Plan
Jacksonville, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of PureCycle Technologies, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C), which comprise the statement of net assets available for benefits as of December 31, 2023, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certification from qualified institutions as of December 31, 2023, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

INDEPENDENT AUDITOR'S REPORT (CONTINUED)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule, Form 5500 Schedule H Line 4i Schedule of Assets Held at End of Year as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of Plan:

The following description of the PureCycle Technologies, Inc. 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan, established on January 1, 2023, is a defined contribution plan covering all full-time employees of PureCycle Technologies, Inc. (the “Company”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

In 2021, the Company completed its business combination with Roth CH Acquisition I Co., and in connection therewith, the Company terminated its participation in a multiple employer plan. In early 2023, the account values for the PureCycle Technologies, Inc. participants in the multiple employer plan were transferred to the Plan in a plan to plan transfer.

Contributions

Participants may contribute pre-tax compensation to the Plan, as defined by the Plan and subject to certain limitations set by the Internal Revenue Code. The Plan has an automatic enrollment provision providing for a 4% salary deferral, whereby employees must elect out of the Plan if they do not wish to participate. In addition, employees who have attained age 50 by the end of the Plan year may make catch-up contributions up to limits defined by the IRS. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Company makes matching contributions to participants' accounts. The Company has elected safe harbor provisions. Safe harbor matching contributions are 100% of a participant's contribution up to 4% of eligible compensation, subject to certain Plan limitations. The Company at its discretion may make an employer nonelective contribution. During 2023, the Company did not make an additional employer nonelective contribution.

Administrative Expenses

In accordance with Plan provisions, the Company or the Plan may pay administrative expenses of the Plan. Recordkeeping and other administrative services expenses are paid by the Plan and allocated to participant accounts. Plan expenses charged for transactions that are participant specific are deducted from the respective participant account.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, allocations of Company contributions, and participant earnings. Participant earnings are based on an allocation of plan earnings respective to each participant’s account balances and investment selections. Any related administrative expenses based on participant earnings or account balances are deducted from the participant’s account. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested balance.

Notes to Financial Statements

1. Description of Plan (Continued):

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. Participants are credited with a year of service if 1,000 hours are worked annually.

Participant vesting in employer nonelective contributions are as follows:

Years of Service	Vesting Percentage
Less than 1	0%
1 but less than 2	25%
2 but less than 3	50%
3 but less than 4	75%
4 or more	100%

Participants are immediately vested in employer contributions made under safe-harbor provisions plus actual earnings thereon. All employer contributions become fully vested in the event of death, disability, or after reaching normal retirement age while under the Company's employment.

Forfeited Accounts

Forfeited nonvested accounts may be used to pay administrative expenses, reduce employer contributions, or be allocated to eligible participants in the same manner as profit-sharing contributions. At December 31, 2023 there were no forfeited nonvested accounts. During 2023, the Plan used no forfeited nonvested accounts to reduce employer contributions or pay Plan expenses.

Payment of Benefits

On termination of service due to death, disability, retirement or other reasons, a participant may elect to receive a lump-sum distribution equal to the value of the participant's vested interest in their account in accordance with Plan provisions. Additionally, hardship withdrawals and certain other in-service withdrawals are also permitted by the Plan if certain criteria are met.

Account balances that are under \$5,000 may be automatically distributed upon termination of service as a lump sum without the consent of the participant.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan offers a selection of mutual funds and a guaranteed investment contract as investment options for participants.

Notes Receivable from Participants

Although loans are not currently offered in the Plan, any loans transferred into plan will continue to be administered and repaid through payroll until paid in full. The loans are secured by the balance in participant's account. No new loans can be issued, and no refinances will be allowed.

2. Summary of Accounting Policies:

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are presented at fair value, except fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurements. Contract value is the relative measurement attribute for that portion of the net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of investments are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Realized gains and losses on the sales of securities are reported on the average cost method.

Payment of Benefits

Benefits are recorded when paid

Notes Receivable from Participants

Notes receivable from participants are reported at amortized principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Delinquent notes receivable from participants are reclassified as distributed based upon the terms of the Plan document. The loans are secured by the balance in the participants' accounts.

Risks and Uncertainties

The Plan invests in a combination of investment securities which are exposed to various risks, such as interest rates, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

3. Fair Value Measurements:

Financial Accounting Standards Board, Statement of Accounting Standards Codification Topic 820 (“ASC 820”) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted market prices in active markets for identical assets or liabilities (Level 1 measurements) and gives the lowest priority to unobservable inputs (Level 3 measurements). The three levels of inputs within the fair value hierarchy are defined as follows:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access as of the measurement date.

Level 2: Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly.

Level 3: Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

In many cases, a valuation technique used to measure fair value includes inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy. The following descriptions of the valuation methods and assumptions used by the Plan to estimate the fair values of investments apply to investments held directly by the Plan.

Mutual funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The following table sets forth by level within the fair value hierarchy the Plan investment assets at fair value as of December 31, 2023:

<i>December 31,</i>	Level	2023
Mutual funds	1	\$ 5,633,597
Total investments at fair value		<u>\$ 5,633,597</u>

4. Investment Contract with Insurance Company:

The Plan invests in a fixed account group annuity contract with Great-West Life & Annuity Insurance Company (“GWI”), which is a fully benefit-responsive investment contract. GWI maintains the contributions in a general account. The account is credited with contributions and earnings on the underlying investments and charged for participant withdrawals and administrative expenses.

The guaranteed investment contract issuer is contractually obligated to repay the principal and a guaranteed minimum interest rate of 0.10% to the Plan.

PureCycle Technologies, Inc. 401(k) Plan
Notes to Financial Statements

4. Investment Contract with Insurance Company (Continued):

The guaranteed investment contract is fully benefit-responsive, and as such contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed interest contract. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Contract value of the guaranteed investment contract was \$583,344 at December 31, 2023. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include but may not be limited to the following: 1) complete or partial termination of the Plan, 2) the establishment or activation of, or material change in, any Plan investment fund, or an amendment to the Plan or a change in the administration or operation of the Plan, including offering a competing fund (a fund with similar investment strategies and assets as the investment contract) without the approval of GWI. The guaranteed interest contract permits contract termination with sufficient notice or with other violations of the contractual terms.

5. Information Certified by Custodians:

Investments, except the guaranteed investment contract, included in the statement of net assets available for benefits as of December 31, 2023, and the interest and net appreciation in fair value of investments included in the statement of changes in net assets available for benefits for the year ended December 31, 2023 have been derived from information certified as complete and accurate by Empower Trust Company, LLC, custodian, in accordance with 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under Employee Retirement Income Security Act of 1974. The guaranteed investment contract included in the statement of net assets available for benefits as of December 31, 2023, and the interest and net appreciation in fair value of investments included in the statement of changes in net assets available for benefits for the year ended December 31, 2023 have been derived from information certified as complete and accurate by Empower Annuity Insurance Company, custodian, in accordance with 29 CFR 2520.103-5(c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under Employee Retirement Income Security Act of 1974.

<i>December 31,</i>		<i>2023</i>

Notes to Financial Statements

6. Parties-in-Interest Transactions:

Empower Retirement, LLC is the administrator and recordkeeper for the Plan, and Empower Trust Company, LLC (“Empower”) is the custodian and manages the GWI guaranteed investment contract; therefore, transactions involving these parties qualify as party-in-interest transactions permitted under provisions of ERISA. Fees paid to Empower entities, which are subsidiaries of GWI, by the Plan for administrative expenses amounted to \$13,470 for the year ended December 31, 2023. Revenue received on investments managed by Empower related to revenue sharing may be applied to pay Plan expenses or allocated to participant accounts.

Sageview Advisory Group, LLC (“Sageview”) provides investment management and advisory services to the Plan. Accordingly, transactions with these companies qualify as party-in-interest transactions. During 2023, the Plan paid Sageview \$5,746 during 2023 for investment management and advisory services.

Included in the Plan assets are notes receivable from participants. At December 31, 2023, notes receivable from participants amounted to \$17,980. For the year ended December 31, 2023, interest income related to notes receivable from participants amounted to \$1,026. These transactions qualify as party-in-interest transactions permitted under provisions of ERISA.

7. Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100 percent vested in their accounts.

8. Tax Status:

The Plan sponsor adopted a plan which received a favorable opinion letter, issued to the document provider, from the Internal Revenue Service dated June 01, 2021, which states that the Plan is designed in accordance with the applicable sections of the Internal Revenue Code (“IRC”) and is, therefore, not subject to tax under present income tax law. The Plan is required to operate in conformity with the IRC to maintain its qualification. Management is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

Management has evaluated the Plan's tax positions and concluded that as of December 31, 2023, the Plan had taken no uncertain tax positions that require recognition of liability (or asset) in the accompanying financial statements. The Plan is not subject to income tax examination by the U.S. federal, state or local tax authorities for years before 2023, the year the Plan was effective.

9. Reconciliation of Financial Statements to the Form 5500:

The following is a reconciliation of net assets per the Form 5500 to net assets available for benefits per these financial statements as of December 31, 2023.

<i>December 31,</i>	2023
Net assets reflected on Form 5500	\$ 6,234,921
Employer contributions receivable	133,377
Net assets reflected in the financial statements	<u>\$ 6,368,298</u>

The following is a reconciliation of net additions to net assets per these financial statements to the Form 5500 for the year ended December 31, 2023.

<i>Year Ended December 31,</i>	2023
Net change in net assets per Form 5500	\$ 3,220,424
Change in contribution receivable	133,377
Net change in net assets per financial statements	<u>\$ 3,353,801</u>

10. Subsequent Events:

The Securing a Strong Retirement Act (“SECURE 2.0 Act”) was signed into law on December 29, 2022, and includes mandatory and optional provisions with varying effective dates in 2023 and later. The Plan Administrator will determine the optional provisions to elect and amend the Plan document accordingly.

Management has evaluated subsequent events through January 31, 2025, the date the financial statements were available to be filed and has determined that, except as disclosed above, there were no material events requiring recognition or disclosure.
