Independent Auditors' Report

The Retirement Plan Committee
Waller Lansden Dortch & Davis 401(k) Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Waller Lansden Dortch & Davis 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 (in liquidation), and the related statement of changes in net assets available for benefits for the year then ended (in liquidation), and the statement of net assets available for benefits as of December 31, 2022 (ongoing) and the related statement of changes in net assets available for benefits for the year then ended (ongoing), and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report,

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter - Basis of Accounting

As discussed in Note 1 to the financial statements, the governing body of the Plan approved a plan of liquidation during 2023, and management determined liquidation is imminent. As a result, the Plan has changed its basis of accounting from the going concern basis used in presenting the 2022 financial statements to the liquidation basis used in presenting the 2023 financial statements. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets as of December 31, 2023 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WALLER LANSDEN DORTCH & DAVIS 401(K) RETIREMENT PLAN

Notes to the Financial Statements

December 31, 2023 (in liquidation) and 2022 (ongoing)

(1) Description of plan

The following description of the Waller Lansden Dortch & Davis 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan which was adopted to provide retirement benefits for employees of Waller Lansden Dortch & Davis, LLP (the "Plan Sponsor"). The Plan covers substantially all employees who are age twenty-one or older and have completed one year of service ("participants"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective January 1, 2014, the Plan Sponsor amended the Plan to exclude employees who are both engaged by the Plan Sponsor to practice law and are not highly compensated, as defined in the Internal Revenue Code ("IRC"). These excluded employees became participants in the Waller Lansden Dortch & Davis, LLP Plan II ("Plan II"). During 2022, \$744,547 of Plan II assets were transferred into the Plan. No transfers occurred during 2023.

Pursuant to an agreement and plan of merger dated January 2, 2023, the Plan Sponsor combined with Holland & Knight, LLP ("Holland & Knight"). In connection therewith, the Plan Sponsor approved the liquidation of the Plan. Additionally, the Plan was amended on January 1, 2023 to 1) eliminate new participants from entering the Plan, 2) make no further Plan Sponsor nonelective contributions to the Plan, and 3) no longer allow participants to make contributions to the Plan. On or prior to June 16, 2023, participants that were employed by Holland & Knight were spun off and net assets, including participant loans, totaling \$171,059,007, were transferred from the Plan to the Holland and Knight Profit Sharing Plan and Trust. All remaining assets of the Plan will be liquidated as soon as administratively possible.

Notes to the Financial Statements

December 31, 2023 (in liquidation) and 2022 (ongoing)

(b) Contributions

Prior to January 1, 2023, each participant could elect to contribute to the Plan up to a maximum of \$20,500. In addition, participants who had reached age 50 or older at any time during the plan year could make additional elective deferrals designated as catch-up contributions up to \$6,500. Eligible wages included regular wages, overtime, and bonuses. The maximum contribution amount was adjusted annually for inflation, as announced by the United States Secretary of the Treasury. Participants could elect to contribute into a variety of participant directed funds through Matrix Trust Company ("Matrix") or through a broker of their choice. Participant contributions to the Plan were made by means of payroll deductions during each regular payroll period. A participant could make rollover contributions directly from certain other qualified plans or from certain qualified special individual retirement accounts. Employees who did not make an affirmative election to participate, were automatically enrolled in the Plan under a qualified automatic contribution arrangement at the rate of 3% of compensation. This rate increased annually in 1% increments up to a maximum of 6% or until the participant elected otherwise.

Prior to January 1, 2023, the Plan Sponsor made a safe harbor contribution of 3% of each participant's compensation for all participants eligible to receive the safe harbor contribution. The Plan Sponsor could also contribute a supplemental contribution for the non-highly compensated participants who received safe harbor contributions and for certain participants who were classified as paralegals. For 2022, the Plan Sponsor contributed 4.5% of those participants' compensation as a supplemental contribution.

Prior to January 1, 2023, the Plan also provided that the Plan Sponsor could contribute each year an amount authorized by the Plan Sponsor's Board of Directors for participants who were not eligible for the safe harbor and supplemental contributions. For 2022, the Plan Sponsor contributed 3% to 11.5% of those participants' compensation up to a maximum of \$40,500.

(c) Participant accounts

Each participant's account is credited or charged with the participant's contributions, and allocations of Plan Sponsor contributions, investment earnings or losses and administrative expenses. Allocations are based on each participant's compensation or account balances as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

(d) Vesting

Participants are immediately vested in their elective salary deferral contribution plus actual earnings (losses) thereon. Participants are fully vested in safe harbor contributions after two years of service and fully vested in all other Plan Sponsor contributions after three years of service, plus actual earnings (losses) thereon.

WALLER LANSDEN DORTCH & DAVIS 401(K) RETIREMENT PLAN

Notes to the Financial Statements

December 31, 2023 (in liquidation) and 2022 (ongoing)

(e) Notes receivable from participants

Each participant may borrow from his or her account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of his or her vesting account balance. The notes are secured by the vested balances in the respective participants' accounts. The notes outstanding as of December 31, 2022 through the date of transfer (Note 1) bore interest at fixed rates ranging from 4.25% to 6.50%, which were commensurate with local prevailing rates as determined quarterly by the plan administrator at the time the notes were taken. Principal and interest were paid ratably through payroll deductions.

(f) Payment of benefits

Participants are eligible for payment of vested benefits upon retirement, death, permanent disability, or termination of employment. Payments may be in the form of a lump sum or as a qualified joint and survivor annuity. For money purchase accounts, payments may be in the form of a lump sum or as a qualified joint and survivor annuity.

Active employees who have attained age 59 1/2 may withdraw all or a portion of their vested account balances, provided that withdrawals of "money purchase" accounts are not permitted prior to age 65. Participants may withdraw all or a portion of their vested account values under a specified hardship withdrawal, as defined by the Plan as well as rollover accounts they have contributed.

(g) Administrative expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to withdrawals, management of the Plan and the administration of notes receivable from participants are included in administrative expenses and charged directly to the applicable participants' accounts. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

WALLER LANSDEN DORTCH & DAVIS 401(K) RETIREMENT PLAN

Notes to the Financial Statements

December 31, 2023 (in liquidation) and 2022 (ongoing)

(b) Investment valuation and income recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment advisers. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant notes are reclassified as distributions based upon the terms of the plan agreement.

(d) Payment of benefits

Benefits are recorded when paid.

(e) Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(f) Events occurring after reporting date

The Plan Sponsor has evaluated events and transactions that occurred between December 31, 2023 and February 13, 2025, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Certified information

Information related to investments and notes receivable from participants reported and disclosed in the accompanying financial statements and supplemental schedule, including investments at fair value and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, interest and dividend income and interest income on notes receivable from participants for the years ended December 31, 2023 and 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Matrix Trust Company ("Matrix").

(4) Fair value measurements

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

- (i) *Mutual funds*: Valued at the net asset value ("NAV") of shares held by the Plan at year end in an active market.

WALLER LANSDEN DORTCH & DAVIS 401(K) RETIREMENT PLAN

Notes to the Financial Statements

December 31, 2023 (in liquidation) and 2022 (ongoing)

- (ii) *Private-brokerage investments:* Investments are primarily in common stock, mutual funds, exchange traded funds, bonds, money market funds, certificates of deposits, preferred stock, annuities, limited partnerships/hedge funds, cash and cash equivalents. Common stock, mutual funds and exchange traded funds are valued at the NAV of shares held by the Plan at year end in an active market. Certain bonds are valued at the closing price reported in the active market in which the bond is traded (level 1 inputs). Other bonds are valued based on yields currently available on comparable securities of issuers with similar credit ratings (level 2 inputs). When quoted prices are not available for identical or similar bonds, the bond is valued using matrix pricing, a mathematical technique widely used in the industry to value debt securities without relying exclusively on quoted prices for the specific securities but rather by relying on the securities' relationship to other benchmark quoted securities (level 2 inputs). Money market funds and certificates of deposits are estimated to approximate deposit account balances, payable on demand, as no discounts for credit quality or liquidity were determined to be applicable (level 2 inputs). Cash and cash equivalents are valued at the outstanding balance as reported by Newport and Matrix. Limited partnerships classified as level 3 are valued using a market approach based on the NAV calculated by the fund managers and other unobservable inputs with respect to underlying level 3 investments, including independent broker values, transactions in the same or similar instruments, data from capital markets, and other financial metrics.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Fair Value Measurements as of December 31, 2023 using the following inputs

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

(a) The collective trusts are measured at NAV as a practical expedient to estimate fair value and, therefore, has not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using NAV as a practical expedient as of December 31, 2022. The collective trusts provide for daily participant redemptions by the Plan at reported NAV per share with a 30 day written notice. The redemption notice period below is applicable only to Plan level transactions.

Notes to the Financial Statements

December 31, 2023 (in liquidation) and 2022 (ongoing)

The following table provides a summary of changes in fair value of the Plan's Level 3 assets for the years ended December 31, 2023 and 2022:

	Fair Value Measurements Using Significant <u>Unobservable Inputs (Level 3)</u>
	<u>Private- brokerage investments</u>

Interest income	31,765
Purchases	188,784
Sales	<u>(1,787,498)</u>
Balance at December 31, 2023	\$ <u>-</u>

(5) Income tax status

The Plan obtained a favorable determination letter on October 19, 2015, in which the Internal Revenue Service ("IRS") stated that the Plan was in compliance with the applicable requirements of the IRC. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. The plan administrator believes that the Plan, as amended, is designed and is currently being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to the Financial Statements

(6) Related party and party-in-interest transactions

Professional fees were paid by the Plan to Matrix for administration fees and advisor fees on brokerage accounts during 2023 and 2022, which qualify as party-in-interest transactions. As discussed in Note 1, the Plan paid expenses to various service providers and holds notes receivable from participants which also qualify as party-in-interest transactions.

(7) Risks and uncertainties

The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.
