Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **SMITH & HOWARD**

(2) EIN: **58-1250486**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)	☒	☐	1378

**To the Retirement Plan Committee and Participants
IAP Worldwide Services Retirement Savings Plan**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of IAP Worldwide Services Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued (or within one year after the date that the financial statements are available to be issued when applicable).

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule of Delinquent Participant Contributions and Schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

NOTE 1 – DESCRIPTION OF PLAN

The following description of the IAP Worldwide Services (“IAPWS”) Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan was established effective January 1, 1982 for participation by eligible employees of Johnson Controls World Services Inc. (the “Company” and “employer”). Effective March 30, 2005, the Plan was transferred to IAP Worldwide Services, Inc. (“IAPWS”) as part of the sale of the Johnson Controls World Services Division. The Plan is maintained as a defined contribution plan providing retirement savings benefits to eligible participants based on eligibility requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

Appointed by the Company, the IAPWS Executive Review Committee - Compensation and Benefits, is the Plan Administrator (“Plan Administrator”).

Contributions

Eligible employees may elect to participate by contributing up to 30% of their eligible salary or wages to the Plan on a pre-tax basis and up to 20% of their eligible salary or wages on an after-tax basis subject to certain limitations of the Internal Revenue Code. Eligible employees who have attained at least age 50 may elect to contribute up to 50% of their eligible salary or wages as catch-up contributions to the Plan subject to Internal Revenue Service (“IRS”) limitations. Participants’ contributions are deposited in the Plan’s investment options elected by the participant. The employer makes contributions to the Plan on behalf of the participants as determined by job class.

Vesting

The Plan provides for full and immediate vesting of participant contributions. Employer contributions vest in accordance with vesting requirements specified within each job class.

Rollovers from Other Plans

A participant who has received a distribution of his/her interest in a qualified retirement plan may elect to deposit all or any portion of the eligible amount of such distribution as a rollover to this plan.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, allocations of the Employer contributions (if any) and his/her share of the Plan’s income (loss). The Plan’s income (loss) with respect to each investment fund is allocated based on the proportion that each participant’s account balance invested in such fund has to the total of all participants’ account balances invested in such fund.

**IAP WORLDWIDE SERVICES
RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 of up to the lesser of 50% of their vested account balance or \$50,000. Notes receivable transactions are treated as a transfer between the investment funds and the Participants Notes Receivable fund. The notes receivable from participants are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Interest rates range from 3.25% to 8.50% for notes receivable outstanding at December 31, 2023. Principal and interest payments occur ratably through regular payroll deductions over a period not to exceed five years, unless the notes receivable from participants were used to purchase a primary residence in which case the notes receivable terms may exceed five years, a reasonable time period to be determined at the time of the note receivable.

Payment of Benefits

Participants may periodically withdraw a portion of their after-tax voluntary contributions and related earnings, if any. Pre-tax contributions and related earnings may be withdrawn for hardship reasons, except for participants who have reached age 59 1/2. These participants may withdraw pre-tax contributions without establishing hardship. Employer vested contributions and related earnings may be withdrawn for hardship reasons or upon termination of employment. Upon the death of a participant, his spouse or beneficiary is entitled to receive one-hundred percent of the participant's account balance. Disabled participants are entitled to one-hundred percent of their account balance.

Administrative Expenses

Administrative, transaction and service based expenses are paid by the Plan, as allowed by plan provisions, with all remaining expenses paid by the Company.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting. The Plan follows accounting standards set by the Financial Accounting Standards Board ("FASB"). The FASB sets accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**IAP WORLDWIDE SERVICES
RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value, with the exception of the fully benefit-responsive contract noted below. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

The Plan has a fully benefit-responsive contract that holds investment contracts as a part of its underlying assets. Investment contracts held by a defined contribution plan are required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The contract value of fully benefit-responsive investment contracts represented contributions plus earnings, less participant withdrawals and administrative expenses. The Statements of Net Assets Available for Benefits present the investment contracts at contract value at December 31, 2023 and 2022.

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Participant Forfeitures

Forfeitures may be applied to reduce future employer contributions under the Plan. Forfeited non-vested accounts totaled \$234,108 and \$220,200 at December 31, 2023 and 2022, respectively. During 2023, \$99,163 of forfeitures were used to pay plan expenses during the year.

Recognition of Benefits

Benefits are recorded when paid.

**IAP WORLDWIDE SERVICES
RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

NOTE 3 – INVESTMENTS (UNAUDITED)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company ("Fidelity") and Prudential Retirement Insurance and Annuity Company ("Prudential") have provided certification that the financial information included in the financial statements and supplemental schedules as of December 31, 2023 and 2022 and for the year ended December 31, 2023 provided to the Plan is complete and accurate. The information as to investment assets and transactions therein, and investment income included in the accompanying financial statements and supplemental schedules as of December 31, 2023 and 2022 and for the year ended December 31, 2023 is covered by such certifications and has not been audited by independent auditors.

NOTE 4 – FAIR VALUE MEASUREMENTS

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Basis of Fair Value Measurement

Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 – Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 – Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Basis of Fair Value Measurement (Continued)

Common Collective Trusts

Common collective trusts are valued at the net asset value (“NAV”) of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Mutual Funds

Mutual funds represent investments with various investment managers. The fair values of these investments are determined by reference to the fund’s underlying assets, which are principally marketable equity and fixed income securities.

Shares held in mutual funds traded on national securities exchanges are valued at the net asset value (“NAV”) as of December 31, 2023 and 2022. It is not probable that the mutual funds will be sold at amounts that differ materially from the NAV of shares sold.

Money Market Funds

Money market funds are valued using the amortized cost or penny rounding method as permitted by Rule 2a-7 under the Investment Company Act of 1940, which approximates their fair value.

The following table set forth by level within the fair value hierarchy the Plan investment assets and investment liabilities at fair value, as of December 31:

	<u>Level 1</u>	<u>Level 2</u>	<u>2023</u> <u>Level 3</u>	<u>NAV (*)</u>	<u>Total</u>

(*) Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

NOTE 5 – GUARANTEED INVESTMENT CONTRACT WITH PRUDENTIAL

The Plan entered into a fully benefit-responsive guaranteed investment contract with Prudential. Prudential maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the Statements of Net Assets Available for Benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Prudential, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2023 and 2022 was \$13,936,780 and \$13,616,786, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1 percent. Such interest rates are reviewed on a quarterly basis for resetting. During the year ended December 31, 2023, the crediting rate of the investment contract was 2.35%.

NOTE 5 – GUARANTEED INVESTMENT CONTRACT WITH PRUDENTIAL (Continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 6 – INCOME TAX STATUS

The Plan applied for and received a determination letter from the IRS dated May 20, 2011 stating that their restated Plan, effective January 1, 2007, is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended subsequent to the initial submission in 2009. The Company believes that the Plan continues to qualify and to operate as designed.

NOTE 7 – PLAN TERMINATION

The Company reserves the right to terminate or amend the Plan at any time, subject to plan provisions. In the event of termination of the Plan, each participant shall be immediately vested with respect to both participant and Company contributions. All plan assets will be distributed to participants in accordance with ERISA guidelines.

NOTE 8 – RELATED PARTIES AND PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. These parties include investment advisory, recordkeeping and accounting services.

Certain Plan investments were managed by Fidelity and Prudential. Fidelity and Prudential are the trustee and certifying entity of the Plan, and therefore, these transactions qualify as party-in-interest transactions. Also, notes receivable from participants are defined by ERISA as party-in-interest transactions

**IAP WORLDWIDE SERVICES
RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonable possible that changes in the values of securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

At December 31, 2023 and 2022, two and one investment represented approximately 24% and 11%, respectively, of the Plan's total investments.

NOTE 10 – OPERATION FAILURE

The Plan filed under the Self-Correction Program ("SCP") of the Employee Plans Compliance Resolution Program (Internal Revenue Procedure 2018-12) to correct the below described operational error. Certain participants were not allowed to contribute to the Plan from certain compensation received that met the Plan's definition of eligible compensation. The error occurred in the 2020 plan year and in the aggregate was an insignificant operational failure, allowing for correction under the SCP. During 2024, the Plan Sponsor calculated the participant's contributions, matching contributions and Plan earnings as a result of the operational failure totaling \$80,602 and contributed the funds from the Plan Sponsor's general assets.

NOTE 11 – DELINQUENT PARTICIPANT CONTRIBUTIONS

During 2023, employee withholdings of \$1,378 were not remitted within the appropriate time period by the Company. These transactions constituted prohibited transactions as defined by ERISA. The Company plans to remit the delinquent contributions plus lost earnings in 2024, but elected not to do so through the Voluntary Fiduciary Correction Program ("VFCP") given the immaterial amount.

NOTE 12 – SECURE ACT 2.0

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2023 financial statements.

NOTE 13 – SUBSEQUENT EVENTS

The Plan was amended effective January 13, 2024 to change the name of the Plan from IAP Worldwide Services Retirement Savings Plan to IAP World Services Retirement Savings Plan. The Plan Sponsor name was also changed from IAP Worldwide Services, Inc. to IAP World Services, Inc.

Management has evaluated subsequent events through October 18, 2024, the date the financial statements were available to be issued.

INDEPENDENT AUDITORS' REPORT

**To the Retirement Plan Committee and Participants
IAP Worldwide Services Retirement Savings Plan**

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of IAP Worldwide Services Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued (or within one year after the date that the financial statements are available to be issued when applicable).

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule of Delinquent Participant Contributions and Schedule of Assets (Held at End of Year) as of and for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

NOTE 1 – DESCRIPTION OF PLAN

The following description of the IAP Worldwide Services (“IAPWS”) Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General

The Plan was established effective January 1, 1982 for participation by eligible employees of Johnson Controls World Services Inc. (the “Company” and “employer”). Effective March 30, 2005, the Plan was transferred to IAP Worldwide Services, Inc. (“IAPWS”) as part of the sale of the Johnson Controls World Services Division. The Plan is maintained as a defined contribution plan providing retirement savings benefits to eligible participants based on eligibility requirements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

Appointed by the Company, the IAPWS Executive Review Committee - Compensation and Benefits, is the Plan Administrator (“Plan Administrator”).

Contributions

Eligible employees may elect to participate by contributing up to 30% of their eligible salary or wages to the Plan on a pre-tax basis and up to 20% of their eligible salary or wages on an after-tax basis subject to certain limitations of the Internal Revenue Code. Eligible employees who have attained at least age 50 may elect to contribute up to 50% of their eligible salary or wages as catch-up contributions to the Plan subject to Internal Revenue Service (“IRS”) limitations. Participants’ contributions are deposited in the Plan’s investment options elected by the participant. The employer makes contributions to the Plan on behalf of the participants as determined by job class.

Vesting

The Plan provides for full and immediate vesting of participant contributions. Employer contributions vest in accordance with vesting requirements specified within each job class.

Rollovers from Other Plans

A participant who has received a distribution of his/her interest in a qualified retirement plan may elect to deposit all or any portion of the eligible amount of such distribution as a rollover to this plan.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, allocations of the Employer contributions (if any) and his/her share of the Plan’s income (loss). The Plan’s income (loss) with respect to each investment fund is allocated based on the proportion that each participant’s account balance invested in such fund has to the total of all participants’ account balances invested in such fund.

**IAP WORLDWIDE SERVICES
RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 of up to the lesser of 50% of their vested account balance or \$50,000. Notes receivable transactions are treated as a transfer between the investment funds and the Participants Notes Receivable fund. The notes receivable from participants are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the Plan Administrator. Interest rates range from 3.25% to 8.50% for notes receivable outstanding at December 31, 2023. Principal and interest payments occur ratably through regular payroll deductions over a period not to exceed five years, unless the notes receivable from participants were used to purchase a primary residence in which case the notes receivable terms may exceed five years, a reasonable time period to be determined at the time of the note receivable.

Payment of Benefits

Participants may periodically withdraw a portion of their after-tax voluntary contributions and related earnings, if any. Pre-tax contributions and related earnings may be withdrawn for hardship reasons, except for participants who have reached age 59 1/2. These participants may withdraw pre-tax contributions without establishing hardship. Employer vested contributions and related earnings may be withdrawn for hardship reasons or upon termination of employment. Upon the death of a participant, his spouse or beneficiary is entitled to receive one-hundred percent of the participant's account balance. Disabled participants are entitled to one-hundred percent of their account balance.

Administrative Expenses

Administrative, transaction and service based expenses are paid by the Plan, as allowed by plan provisions, with all remaining expenses paid by the Company.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting. The Plan follows accounting standards set by the Financial Accounting Standards Board ("FASB"). The FASB sets accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**IAP WORLDWIDE SERVICES
RETIREMENT SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition

The investments of the Plan are reported at fair value, with the exception of the fully benefit-responsive contract noted below. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

The Plan has a fully benefit-responsive contract that holds investment contracts as a part of its underlying assets. Investment contracts held by a defined contribution plan are required to be reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The contract value of fully benefit-responsive investment contracts represented contributions plus earnings, less participant withdrawals and administrative expenses. The Statements of Net Assets Available for Benefits present the investment contracts at contract value at December 31, 2023 and 2022.

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Participant Forfeitures

Forfeitures may be applied to reduce future employer contributions under the Plan. Forfeited non-vested accounts totaled \$234,108 and \$220,200 at December 31, 2023 and 2022, respectively. During 2023, \$99,163 of forfeitures were used to pay plan expenses during the year.

Recognition of Benefits

Benefits are recorded when paid.

NOTE 3 – INVESTMENTS (UNAUDITED)

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company ("Fidelity") and Prudential Retirement Insurance and Annuity Company ("Prudential") have provided certification that the financial information included in the financial statements and supplemental schedules as of December 31, 2023 and 2022 and for the year ended December 31, 2023 provided to the Plan is complete and accurate. The information as to investment assets and transactions therein, and investment income included in the accompanying financial statements and supplemental schedules as of December 31, 2023 and 2022 and for the year ended December 31, 2023 is covered by such certifications and has not been audited by independent auditors.

NOTE 4 – FAIR VALUE MEASUREMENTS

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Basis of Fair Value Measurement

Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 – Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 – Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

NOTE 4 – FAIR VALUE MEASUREMENTS (Continued)

Basis of Fair Value Measurement (Continued)

Common Collective Trusts

Common collective trusts are valued at the net asset value (“NAV”) of units of a collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Mutual Funds

Mutual funds represent investments with various investment managers. The fair values of these investments are determined by reference to the fund’s underlying assets, which are principally marketable equity and fixed income securities.

Shares held in mutual funds traded on national securities exchanges are valued at the net asset value (“NAV”) as of December 31, 2023 and 2022. It is not probable that the mutual funds will be sold at amounts that differ materially from the NAV of shares sold.

Money Market Funds

Money market funds are valued using the amortized cost or penny rounding method as permitted by Rule 2a-7 under the Investment Company Act of 1940, which approximates their fair value.

The following table set forth by level within the fair value hierarchy the Plan investment assets and investment liabilities at fair value, as of December 31:

	<u>Level 1</u>	<u>Level 2</u>	<u>2023</u> <u>Level 3</u>	<u>NAV (*)</u>	<u>Total</u>
Mutual Funds	\$ 132,721,515	\$ -	\$ -	\$ -	\$ 132,721,515

(*) Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in the tables above are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

NOTE 5 – GUARANTEED INVESTMENT CONTRACT WITH PRUDENTIAL

The Plan entered into a fully benefit-responsive guaranteed investment contract with Prudential. Prudential maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the Statements of Net Assets Available for Benefits at fair value with an adjustment to contract value in arriving at net assets available for benefits. Contract value, as reported to the Plan by Prudential, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2023 and 2022 was \$13,936,780 and \$13,616,786, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1 percent. Such interest rates are reviewed on a quarterly basis for resetting. During the year ended December 31, 2023, the crediting rate of the investment contract was 2.35%.

NOTE 5 – GUARANTEED INVESTMENT CONTRACT WITH PRUDENTIAL (Continued)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 6 – INCOME TAX STATUS

The Plan applied for and received a determination letter from the IRS dated May 20, 2011 stating that their restated Plan, effective January 1, 2007, is designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended subsequent to the initial submission in 2009. The Company believes that the Plan continues to qualify and to operate as designed.

NOTE 7 – PLAN TERMINATION

The Company reserves the right to terminate or amend the Plan at any time, subject to plan provisions. In the event of termination of the Plan, each participant shall be immediately vested with respect to both participant and Company contributions. All plan assets will be distributed to participants in accordance with ERISA guidelines.

NOTE 8 – RELATED PARTIES AND PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. These parties include investment advisory, recordkeeping and accounting services.

Certain Plan investments were managed by Fidelity and Prudential. Fidelity and Prudential are the trustee and certifying entity of the Plan, and therefore, these transactions qualify as party-in-interest transactions. Also, notes receivable from participants are defined by ERISA as party-in-interest transactions

NOTE 9 – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonable possible that changes in the values of securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

At December 31, 2023 and 2022, two and one investment represented approximately 24% and 11%, respectively, of the Plan's total investments.

NOTE 10 – OPERATION FAILURE

The Plan filed under the Self-Correction Program ("SCP") of the Employee Plans Compliance Resolution Program (Internal Revenue Procedure 2018-12) to correct the below described operational error. Certain participants were not allowed to contribute to the Plan from certain compensation received that met the Plan's definition of eligible compensation. The error occurred in the 2020 plan year and in the aggregate was an insignificant operational failure, allowing for correction under the SCP. During 2024, the Plan Sponsor calculated the participant's contributions, matching contributions and Plan earnings as a result of the operational failure totaling \$80,602 and contributed the funds from the Plan Sponsor's general assets.

NOTE 11 – DELINQUENT PARTICIPANT CONTRIBUTIONS

During 2023, employee withholdings of \$1,378 were not remitted within the appropriate time period by the Company. These transactions constituted prohibited transactions as defined by ERISA. The Company plans to remit the delinquent contributions plus lost earnings in 2024, but elected not to do so through the Voluntary Fiduciary Correction Program ("VFCP") given the immaterial amount.

NOTE 12 – SECURE ACT 2.0

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included SECURE Act 2.0. SECURE Act 2.0 contains over 90 new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. Most of the significant provisions will become effective in 2024 and thereafter. Accordingly, there is no material impact to the Plan's 2023 financial statements.

NOTE 13 – SUBSEQUENT EVENTS

The Plan was amended effective January 13, 2024 to change the name of the Plan from IAP Worldwide Services Retirement Savings Plan to IAP World Services Retirement Savings Plan. The Plan Sponsor name was also changed from IAP Worldwide Services, Inc. to IAP World Services, Inc.

Management has evaluated subsequent events through October 18, 2024, the date the financial statements were available to be issued.
