Independent Auditors' Report

The Plan Administrator
Red Collar Pet Foods, Inc. Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Red Collar Pet Foods, Inc. Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of November 4, 2024 and December 31, 2023, the related statements of changes in net assets available for benefits for the period from January 1, 2024 through November 4, 2024, and the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of November 4, 2024 and December 31, 2023, and for the period from January 1, 2024 through November 4, 2024, and the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report,

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management has determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

RED COLLAR PET FOODS, INC. RETIREMENT PLAN

Notes to the Financial Statements

November 4, 2024 and December 31, 2023

(1) Description of plan

The following description of the Red Collar Pet Foods, Inc. Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan which was established to provide retirement benefits for employees of Red Collar Pet Foods, Inc. (the "Plan Sponsor"). The Plan covered substantially all employees upon hire (participants). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

In 2022, the Plan Sponsor sold manufacturing plants in Orangeburg, SC; Clinton, OK; and Washington Court House, OH to Hill's Pet Nutrition which is a member of the Colgate-Palmolive Company. In 2023, the Joplin, MO plant was sold to Sunshine Mills, Inc. In connection with these sales, plan participants working at those locations terminated employment with the Plan Sponsor and were eligible to take distributions from the Plan during 2023. Also in 2023, Nestlè Purina PetCare Company acquired the Red Collar Pet Foods Inc. manufacturing plant in Miami, OK, and those participants were eligible to take distributions from the Plan beginning in 2024. The disposition of these plants qualify as a partial plan termination.

Effective January 1, 2024, the Plan Sponsor froze the Plan such that no new contributions were allowed. Additionally, the board of directors approved a plan to merge the Plan into a professional employer organization (PEO) plan, and all assets were transferred effective November 4, 2024.

(b) Contributions

Prior to January 1, 2024, a participant could have voluntarily made qualified retirement contributions to the Plan which were deductible by the participants for federal income tax purposes under Section 401(k) of the Internal Revenue Code (IRC) or may have been made after-tax in the form of a Roth contribution. Participants may have also contributed amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants directed the investment of their contributions into various investment options offered by the Plan. In order to participate, employees must have made a minimum contribution of 1% of compensation. Participant contributions were permitted up to 100% of compensation, subject to certain IRC limitations. Participants who were age 50 by the end of the plan year were eligible to make additional catch-up contributions to the Plan.

RED COLLAR PET FOODS, INC. RETIREMENT PLAN

Notes to the Financial Statements

November 4, 2024 and December 31, 2023

From January 1, 2022 through January 1, 2024, the Plan Sponsor made matching contributions equal to 100% of each participant's contributions up to 4% of compensation. The Plan also provided that the Plan Sponsor may have contributed each year an amount authorized by the Plan Sponsor's Board of Directors; however, an additional contribution was not required and no additional amounts were contributed for 2024 or 2023. Plan Sponsor and participant contributions could not exceed the maximum amount allowed for federal income tax purposes.

(c) Participant accounts

Each participant's account was credited (charged) with the participant's contributions, allocations of Plan Sponsor contributions, investment earnings (losses), and administrative expenses. Allocations were based on participant compensation or account balances as defined in the plan agreement. The benefit to which a participant was entitled was the benefit that could be provided from the participant's vested account.

(d) Vesting

Participants were immediately vested in their elective salary deferral and all Plan Sponsor contributions plus actual earnings (losses) thereon.

(e) Participant notes receivable

Prior to January 1, 2024, each participant could borrow from his or her accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of his or her vested account balance. The participant notes receivable were secured by the balances in the respective participants' accounts and bore interest at fixed rates, which were commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest were collected ratably through payroll deductions.

(f) Payment of benefits

On termination of service due to death, permanent disability, retirement, or other reasons, a participant may have elected to receive either a lump-sum payment or annual installments over a specified period equal to his or her vested account balance.

(g) Hardship withdrawals

The Plan permitted distributions in the event of a hardship, as defined in the plan agreement. These distributions were taxable and subject to a tax penalty equal to 10% of the hardship distribution amount if the participant was younger than age 59½. Hardship withdrawals were limited to the participant's elective account balance.

RED COLLAR PET FOODS, INC. RETIREMENT PLAN

Notes to the Financial Statements

November 4, 2024 and December 31, 2023

(h) Administrative expenses

Certain expenses of maintaining the Plan were paid directly by the Plan Sponsor and were excluded from these financial statements. Recordkeeping fees, investment advisory fees, and certain transaction fees are included in administrative expenses and charged directly to the applicable participant accounts. Investment related expenses are included in net appreciation in fair value of investments.

(i) Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(2) Summary of significant accounting policies

(a) Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

(b) Investment valuation and income recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by Ascensus, LLC, as agent for Ascensus Trust Company ("Ascensus") and the investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(c) Participant notes receivable

Participant notes receivable are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant notes receivable are reclassified as distributions based upon the terms of the plan document.

(d) Payment of benefits

Benefits are recorded when paid.

RED COLLAR PET FOODS, INC. RETIREMENT PLAN

Notes to the Financial Statements

November 4, 2024 and December 31, 2023

(e) Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(f) Events occurring after reporting date

The Plan Sponsor has evaluated events and transactions that occurred between November 4, 2024, and February 20, 2025, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

(3) Certified information

Certain information related to investments reported and disclosed in the accompanying financial statements, including the fair value of investments, and participant notes receivable held at December 31, 2023, and net appreciation in fair value of investments, interest and dividend income, and interest on participant notes receivable for the period ended November 4, 2024, and the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Ascensus.

(4) Fair value measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2023.

- (i) *Money market and mutual funds:* Valued based on the funds' reported closing net asset values (NAV) of shares held by the Plan as of the last business day of the plan year. The money market and mutual funds are deemed to be actively traded.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level the Plan's assets within the fair value hierarchy as of December 31, 2023:

Fair Value Measurements as of
December 31, 2023 Using the Following Inputs

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Money market fund	\$ 1,336,569	\$ -	\$ -	\$ 1,336,569
Mutual funds	<u>14,234,294</u>	<u>-</u>	<u>-</u>	<u>14,234,294</u>
Total assets in the fair value hierarchy	\$ <u>15,570,863</u>	\$ <u>-</u>	\$ <u>-</u>	\$ <u>15,570,863</u>

(5) Income tax status

The Plan Sponsor adopted a non-standardized pre-approved profit sharing plan, which received a favorable opinion letter from the Internal Revenue Service (IRS) on June 30, 2020, which stated that the pre-approved plan was designed in accordance with the applicable sections of the IRC. The Plan itself has not received a determination letter from the IRS stating that the Plan is qualified under Section 401(a) of the IRC. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and is therefore, qualified and exempt from taxation.

Notes to the Financial Statements

November 4, 2024 and December 31, 2023

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of November 4, 2024 and December 31, 2023, there were no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Related party and party-in-interest transactions

Vanguard Retirement Plan Access provided services to the Plan through a partnership with Ascensus, therefore assets managed by The Vanguard Group are party-in-interest transactions under ERISA. As described in Note 1, the Plan paid expenses to various service providers and held participant notes receivable which also qualify as party-in-interest transactions.
