INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of
SC Fuels 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of SC Fuels 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of January 9, 2023 and December 31, 2022 and the related statement of changes in net assets available for benefits for the period of January 1, 2023 to January 9, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of SC Fuels 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of January 9, 2023 and December 31, 2022, and for the period of January 1, 2023 to January 9, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of SC Fuels 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about SC Fuels 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of SC Fuels 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about SC Fuels 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

1. DESCRIPTION OF PLAN

The following description of the SC Fuels 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for more detailed information of the Plan’s provisions.

General

The Plan was a defined contribution plan. The Plan covered all eligible employees of Southern Counties Oil Company, a California Limited Partnership and its affiliates (the “Company”), who are 21 years old or older and have completed 250 hours of service within the 3-month period following the employee’s employment commencement date. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Participants’ contributions were made to the Plan by means of salary deferral by which the participant was entitled to defer the lesser of 80% of their compensation or a fixed amount determined annually by the Internal Revenue Service. Furthermore, catch-up contributions and rollover contributions from other qualified plans were accepted by the Plan. The Company matched participant contributions of \$.33 for each \$1.00 contributed up to 6.0% of eligible compensation. There were no matching contributions made to the Plan for the period of January 1, 2023 to January 9, 2023. To be eligible for matching contributions, an employee must have completed 1,000 service hours during the plan year. The Company may have elected to make a discretionary employer contribution to the Plan. No discretionary contributions were made to the plan by the Company during 2023.

Automatic Enrollment

Automatic enrollment provides that, in the absence of an employee election to the contrary, the employer automatically withholds a 3.0% 401(k) deferral from the employee’s paycheck. The deferral rate will be increased by 1.0% annually, with a cap at 6.0%. This applies to all employees meeting the eligibility requirement.

Participant Accounts

Each participant’s account was credited with the participant’s contribution, the Company’s matching and discretionary contributions, and an allocation of Plan earnings. Allocations of plan earnings were based on participant balances. Participant accounts were charged with an allocation of administrative expenses that are paid by the Plan. The benefit to which a participant was entitled was the benefit that can be provided from the participant’s vested interest in their account.

Notes Receivable from Participants

Participants were able to borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions were treated as a transfer to (from) the investment fund from (to) the Loans to Participants fund. Loans had to be repaid within 5 years, except in limited circumstances, such as the purchase of a primary residence. The loans were secured by the balance in the participant’s account and bore interest between 3.25% and 7.75%. Rates were commensurate with local prevailing rates at the initiation of the loan, as determined quarterly by the Plan administrator.

Forfeitures

Participants terminating employment with the Company forfeit any non-vested employer profit sharing contributions and earnings thereon. Forfeitures were used to reduce employer matching discretionary contributions or to pay administrative expenses. There were no forfeitures used during the period of January 1, 2023 to January 9, 2023 to reduce employer contributions or administrative expenses of the Plan. On January 9, 2023 and December 31, 2022, forfeited non-vested accounts totaled \$0 and \$4,256, respectively.

SC Fuels 401(k) Plan
Notes to Financial Statements
January 9, 2023 and December 31, 2022

Vesting

Participants were immediately vested in their deferral and rollover contributions plus actual earnings thereon. Vesting in each participant's Company contribution and earnings thereon was determined in accordance with the following table:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1 year	0%
1-2	25%
2-3	50%
3-4	60%
4-5	80%
5 or more years	100%

Payment of Benefits

Upon termination of service due to death, permanent disability, retirement or early retirement, as defined by the Plan document, a participant may elect to receive a distribution of his or her vested account balance as either a lump-sum amount or as installments. The Plan allowed for hardship distributions, as defined in the Plan document. Withdrawals made by terminating participants were based upon the vested balance in their individual accounts at the time of termination and were recorded in the year of distribution.

Administrative Expenses

All expenses incurred by the Plan were paid from the Plan's assets to the extent the expenses have not been paid by the Company. For the period of January 1, 2023 to January 9, 2023, no administrative expenses were paid for by the Plan. Certain investment related expenses have been offset with net investment income and are not readily determinable.

Investments

Each participant directed the allocation of his or her contribution, and employer matching and discretionary profit-sharing contributions to one or more investment options offered by the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Investments are measured at quoted prices in an active market and have been certified complete and accurate by Empower Annuity Insurance Company of America and Empower Trust Company, LLC (see Note 4). Investments are reported at fair value (except for fully benefit responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Risks and Uncertainties

The Plan provided for various investment options in mutual funds, which invest in investment securities. Investment securities are exposed to various risks such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risk in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of January 9, 2023 or December 31, 2022. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payments of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent Events

The Plan evaluated subsequent events through February 24, 2025, the date the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements.

3. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used in 2023 and 2022 for investments measured at fair value.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Plan held no investments at fair value as of January 9, 2023. The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 49,804,122	\$ -	\$ -	\$ 49,804,122
Total investments at fair value	<u>\$ 49,804,122</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 49,804,122</u>

4. INFORMATION CERTIFIED BY THE PLAN'S CUSTODIANS

No auditing procedures were performed by the independent registered public accountant, as permitted by 29 CFR 2520.103-8 of the Department of Labor's rules and regulations and disclosure under ERISA with respect to information certified as complete and accurate by the custodians, except for comparing such information with the information reported in the financial statements. Based on the information provided and certified by the custodian, there are no fixed income obligations, leases, or debt instruments in default or deemed uncollectible, as defined by ERISA, for the period of January 1, 2023 to January 9, 2023 and year ended December 31, 2022. Accordingly, Empower Annuity Insurance Company of America and Empower Trust Company, LLC, the custodians of the Plan, have certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of January 9, 2023 and December 31, 2022.
- Net depreciation in fair value of investments, interest, and dividends reflected on the accompanying statement of changes in net assets available for benefits for the period of January 1, 2023 to January 9, 2023.

5. PLAN TERMINATION

On January 9, 2023, the Plan merged and \$55,473,154 of the Plan's funds were transferred to Pilot Travel Centers LLC 401(k) Plan ("Pilot"). Upon that date, all participants within the plan became 100% vested in all contributions. As part of the merger, assets held within the fully benefit-responsive investment contract were not liquidated and remained within accounts held at Empower Annuity Insurance Company of America until liquidated by individual contract holders. These assets held with Empower became part of the Pilot Plan upon merge.

6. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan held an investment contract with Empower Annuity Insurance Company of America. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The investment contract held by the Plan is summarized as follows:

	2023	2022
Group annuity contract	\$ -	\$ 4,603,744

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a semiannual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contract is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
- Premature termination of the contract
- Plan termination or merger (see note 5)
- Changes to the Plan's prohibition on competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal operations.

During the period, the plan merged into the Pilot Plan. As part of this event, the investment contract was not liquidated, however balances were transferred to the new Plan while assets remained in accounts maintained by Empower Annuity Insurance Company of America. The new Pilot Plan took over the existing contract.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer.

7. TAX STATUS

The Plan is a Basic Prototype Profit Sharing Plan that is sponsored by Empower Trust Company, LLC. The Internal Revenue Service has determined and informed the Company in a letter dated March 31, 2014, that the Plan, as designed, is in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designated and being operated in compliance with the applicable requirements of the IRC.

The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of January 9, 2023 and December 31, 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments were managed by Empower Annuity Insurance Company of America and Empower Trust Company, LLC are the custodians as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Additionally, notes receivable from participants are considered party-in-interest transactions.
