The 401(k) Plan Committee and Participants
ASM Assembly Systems 401(k) Plan
Suwanee, Georgia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of ASM Assembly Systems 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the Participants, to determine the benefits due or which may become due to such Participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4a - schedule of delinquent participant contributions for the year ended December 31, 2023, and Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or are derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedules agrees to, or is derived from, in all material respects, the information prepared and certified by qualified institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

ASM Assembly Systems 401(k) Plan

Notes to Financial Statements

1. Description of the Plan

The following brief description of the ASM Assembly Systems 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan and was adopted by ASMPT SMT USA, LLC (the Company) that provides deferred tax benefits, savings, and Company discretionary contributions to eligible employees who have reached the age of 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan, adopted by the Company effective October 1, 2013, was restated effective January 1, 2022. No significant changes were made to the Plan as a result of this restatement.

Contributions

Eligible employees may elect to contribute, on a pretax basis, up to 100% of their eligible compensation to the Plan, not to exceed the limit under the Internal Revenue Code (IRC). In addition, eligible Participants are permitted to make catch-up contributions, which are eligible for matching contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled Participants have their deferral rate set at 6% with no automatic annual increases.

The Company provides a discretionary matching contribution equal to 50% of deferrals up to 6% of the Participant's annual compensation contributed to the Plan. The Company may also make an annual discretionary non-elective contribution to the Plan. Participants employed on the last day of the Plan year will share in this contribution. No such contribution was made by the Company during the year ended December 31, 2023.

Participant Accounts

Each Participant's account is credited with the Participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contributions and Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings (losses) thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A Participant is 50% vested after one year, 75% after two years, and 100% vested after three years of credited service.

ASM Assembly Systems 401(k) Plan

Notes to Financial Statements

1. Description of the Plan (cont.)

Payment of Benefits

Benefits may be paid to the Participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the Plan document. The Plan provides for a normal retirement age of 65. In-service distributions are allowed from a portion of the Participant's account, upon reaching the age of 59½. The total vested portion of a Participant's account balance is distributed in the form of a lumpsum payment or installments. Participants experiencing financial hardship may withdraw a portion of their vested account balance, as defined in the Plan document.

Notes Receivable from Participants

A Participant may borrow the lesser of \$50,000 or 50% of his or her vested account balance. Loans are repayable through payroll deductions and are secured by the Participant's account balance. The interest rate is determined by the Plan administrator based on prevailing market conditions and is fixed over the life of the note. Loans are repaid over a period not to exceed five years with exceptions for the purchase of a primary residence.

Forfeitures

At December 31, 2023 and 2022, there were \$2,490 and \$12,107 forfeited non-vested account balances, respectively. Forfeited balances of terminated Participants' non-vested accounts are used to reduce future Company contributions or to offset Plan expenses. During the year ended December 31, 2023, \$31,371 of previously forfeited funds were used to reduce Company contributions.

Plan Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from Participants are charged directly to the Participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

The Plan participates in a revenue sharing program and income from the program can be used to pay Plan administrative expenses. The revenue sharing program account balance was \$283 and \$279 at December 31, 2023 and 2022, respectively. During the year ended December 31, 2023, total revenue sharing income was \$48,517, and Plan expenses of \$48,517 were paid using those revenue credits.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting. The Plan follows accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

ASM Assembly Systems 401(k) Plan

Notes to Financial Statements

2. Summary of Significant Accounting Policies (cont.)

Investment Valuation and Income (Loss) Recognition

The investments of the Plan are reported at fair value, with the exception of the fully benefit-responsive investment contract, which is valued at contract value. Contract value is the relevant measurement for that portion of the net assets available for benefits because contract value is the amount Participants would normally receive if they initiate permitted transactions under the terms of the Plan.

The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodian and insurance company.

Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date. Interest income (loss) is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a Participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Contributions

Contributions from Plan Participants and the matching contributions from the Company are recorded in the year in which they are received.

Payment of Benefits

Benefit payments to Participants are recorded upon distribution.

3. Certified Information

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Annuity Insurance Company of America and Empower Trust Company, LLC (collectively, Empower) have certified that the financial information included in the financial statements and supplemental schedule as of December 31, 2023 and 2022, and for the year ended December 31, 2023, provided to the Plan is complete and accurate. The information as to investment assets and transactions therein, and investment income (loss) included in the accompanying financial statements and supplemental schedule as of December 31, 2023 and 2022, and for the year ended December 31, 2023, are covered by such certifications.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

ASM Assembly Systems 401(k) Plan

Notes to Financial Statements

4. Group Annuity Contract

The guaranteed portfolio fund is a fully benefit-responsive guaranteed investment contract with Empower Annuity Insurance Company of America (Empower Annuity). Empower Annuity maintains the contributions in a general account. The account is credited with earnings (losses) on the underlying investments and charged for Participant withdrawals and administrative expenses. The contract is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Empower Annuity, represents contributions made under the contract, plus earnings (losses), less Participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest is based on a formula agreed upon with the issuer but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provision, (3) bankruptcy of the Company or other Plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include a) an uncured breach of the Plan's investment guidelines, b) a material amendment to the contract without the issuer's consent, c) a violation of a material obligation under the contract, or d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Participants are probable of occurring.

5. Fair Value Measurement

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements). The three levels of the fair value hierarchy under GAAP are described below:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

ASM Assembly Systems 401(k) Plan

Notes to Financial Statements

5. Fair Value Measurement (cont.)

Basis of Fair Value Measurement (cont.)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual Funds - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts - Investments included in the self-directed brokerage accounts include mutual funds (valued as noted above), common stocks and money market funds. Common stocks are valued at the closing price reported on the active market on which the individual securities are traded. Money market funds are stated at fair value based upon quoted prices of the NAV of shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2023 and 2022.

<i>December 31, 2023</i>	Level 1		Level 2		Level 3		Total

ASM Assembly Systems 401(k) Plan

Notes to Financial Statements

6. Tax Status

The Plan is based on the Non-Standardized Pre-Approved Profit Sharing/Money Purchase Plan with CODA (Pre-Approved Plan) sponsored by Empower Retirement, LLC. The Internal Revenue Service (IRS) has opined and informed Empower Retirement, LLC by a letter dated November 14, 2022, that the Pre-Approved Plan is designed in accordance with applicable sections of the IRC. The Plan administrator believes that the Plan is designed, and is being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Party-In-Interest

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any part rendering service to the Plan, the Company, and certain others. The recordkeeping and custody functions for the underlying investments held by the Plan are performed by Empower. Usual and customary fees were paid for investment management services. Notes receivable from participants are also defined by ERISA as party-in-interest transactions. Such transactions are exempt from the prohibited transaction rules.

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of termination, Participants will become 100% vested in their accounts, and the Plan administrator will facilitate the distribution of account balances under the provisions of the Plan and trust agreement until all assets have been distributed.

9. Risks and Uncertainties

The Plan's investments include funds which invest in various types of investment securities and in various companies within various markets. Investment securities are exposed to several risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

10. Delinquent Participant Contributions

During 2023 and 2022, employee withholdings of \$72,929 and \$83,544 were not remitted within the appropriate time period by the Company, respectively. The Company remitted the 2022 delinquent contributions during 2023 and remitted \$47,739 of the 2023 delinquent contributions during 2023. The Company intends to remit the remaining \$25,190 from the 2023 delinquent contributions, and lost earnings for both years, to the Plan during 2024. These transactions constituted prohibited transactions as defined by ERISA.

ASM Assembly Systems 401(k) Plan

Notes to Financial Statements

11. Subsequent Events

The Plan has evaluated subsequent events through October 09, 2024, the date the financial statements were available to be issued, and has determined that, except for the matters noted below, no significant events occurred after December 31, 2023, but prior to the issuance of these financial statements, that would have a material impact on its financial statements.

Effective March 28, 2024, the Plan was amended. As a result, the Plan name was changed to ASMPT 401(k) Plan and all part-time, intern, co-op, or temporary employees are to be excluded from the automatic enrollment provisions.
