Independent Auditor's Report

Board of Directors
TPC Engineering Holdings, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the TPC Engineering Holdings, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information as described in Note 3 of the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter—Plan Spin off and Mergers

As discussed in Note 9 to the financial statements, the Board of Directors of TPC Engineering Intermediate, Inc., the Plan's sponsor, voted on October 31, 2023, to spin off the assets of participant accounts of active TPC Wire & Cable Corp. employees into the TPC Wire & Cable Corp. 401(k) Retirement Saving Plan. The aforementioned plan assets were transferred on December 20, 2023. Our opinion has not been modified with respect to this matter.

As discussed in Note 10 to the financial statements, the Board of Directors of TPC Engineering Intermediate, Inc., the Plan's sponsor, voted on March 16, 2024, to merge the 603 Manufacturing, LLC 401(k) Profit Sharing Plan & Trust into the Plan. All plan assets were transferred to the Plan on April 5, 2024. Our opinion has not been modified with respect to this matter.

As discussed in Note 10 to the financial statements, the Board of Directors of TPC Engineering Intermediate, Inc., the Plan's sponsor, voted on May 23, 2024, to merge the C.E. Precision Assemblies, Inc. 401(k) Plan into the Plan. All plan assets were transferred to the Plan on June 10, 2024. Our opinion has not been modified with respect to this matter.

As discussed in Note 10 to the financial statements, the Board of Directors of TPC Engineering Intermediate, Inc., the Plan's sponsor, voted on August 30, 2024, to merge the Qualastat Electronics, Inc. Profit Sharing and 401(k) Plan into the Plan. The effective date of the merger was December 31, 2024, and all plan assets were received by the Plan in January 2025. Our opinion has not been modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2023 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules of assets Schedule H, line 4(i)—schedule of assets (held at end of year) as of December 31, 2023 and Schedule H, line 4(a) delinquent participant contributions for the year ended December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TPC Engineering Holdings, Inc. 401(k) Plan

Notes to Financial Statements

Note 1. Description of the Plan

Effective September 27, 2023, the name of the Plan was changed from TPC Wire & Cable Corp. 401(k) Retirement Savings Plan to TPC Engineering Holdings, Inc. 401(k) Plan.

The following description of the TPC Engineering Holdings, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the summary plan description for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established by TPC Engineering Holdings, Inc. (the Company and Plan sponsor) and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). All employees who have completed at least 30 days of service with the Company are eligible to participate. Upon enrollment in the Plan, a participant may direct employer and employee contributions to any combination of available investment options.

Contributions: Each year, participants may contribute up to 100% of pretax annual compensation (salary reduction contributions), as defined in the Plan document, up to the maximum limits of the Internal Revenue Code (IRC). Participants may also contribute amounts representing distributions from other qualified plans (rollover contributions). Unless employees affirmatively elect not to participate, all eligible employees will be automatically enrolled in the Plan with participant contributions equal to 5% of eligible compensation. The automatic enrollment deferral percentage will increase by 1% up to the maximum automatic enrollment deferral percentage of 6%. The Plan sponsor matches 100% of employee contributions for contributions up to 4% of the participant's compensation. Additional Company contributions may be contributed at the discretion of the Company's Board of Directors. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant accounts: Each participant's account is credited with the participant's salary reduction contributions, rollover contributions and an allocation of the Company's contributions and Plan's earnings (net of administrative expenses). Allocations are based on the participant's eligible compensation or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in all contributions and earnings thereon.

Payment of benefits: Benefits may be paid to the participant or beneficiary upon death, disability, retirement or termination of employment, as defined in the Plan document. The Plan provides for normal retirement at age 65. The total participant's account balance is distributed in the form of a lump-sum payment, installments, or an annuity. Participants experiencing financial hardship, if certain criteria are met, or who have attained age 59½ may withdraw a portion of this account balance as defined in the Plan.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Participants are allowed to have only one loan outstanding at any time. Loan terms cannot exceed five years with the exception of the purchase of a primary residence, as defined in the Plan document. These loans are secured by the balance in the participant's account. The loans bear an interest rate equal to one percentage point above the prime rate at the time of issuance. Principal and interest is paid ratably through payroll deductions.

Plan termination: Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, the account of each participant shall be nonforfeitable and shall continue to participate in the earnings credited, expenses charged and any appreciation or depreciation of the applicable investment fund until the vested account is distributed.

TPC Engineering Holdings, Inc. 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes in net assets and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Valuation of investments and income recognition: The Plan's investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Notes receivable from participants: Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. Interest income is recorded on the accrual basis. Delinquent participant loans are reclassified as benefit payments to participants based upon the terms of the Plan document.

Contributions: Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Benefit payments: Benefit payments to participants are recorded when paid.

Risks and uncertainties: The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2022, one fund made up approximately 13% of the Plan's total investments. At December 31, 2023, three funds made up approximately 52% of the Plan's total investments (each individually greater than 10%). This is considered a concentration of credit risk.

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments on the statement of changes in net assets available for benefit for the year ended December 31, 2023.

Notes to Financial Statements

Note 3. Information Certified by Empower Retirement, LLC and Empower Annuity Insurance Company of America (Collectively, Empower)

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by the trustee and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that the information provided to the Plan administrator by the trustee related to the following assets is complete and accurate. Empower Annuity Insurance Company of America certified the investment information related to the group annuity contract and all other investment information was certified by Empower Retirement, LLC. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedules related to the following assets.

	2023	2022
Common collective trusts	\$ 9,595,972	\$ -
Institutional separate account	\$ 622,107	\$ -
Registered investment companies	\$ 3,330,011	\$ 21,430,740
Group annuity contract	\$ 929,100	\$ 1,303,586
Notes receivable from participants	\$ 410,755	\$ 471,527

The trustee also certified the completeness and accuracy of the following for the year ended December 31, 2023:

Net appreciation in fair value of investments	\$ 3,605,679
Interest and dividends	\$ 191,260
Interest income on notes receivable from participants	\$ 23,707

Note 4. Fair Value Measurements

Accounting standards established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the accounting standards are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

TPC Engineering Holdings, Inc. 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Registered investment companies: Registered investment companies held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded and are valued at the daily closing price as reported by the fund.

Institutional separate account: Valued at the NAV of shares held by the insurance company in their institutional accounts at year-end end. The Plan's interest in the institutional separate accounts is valued based on the information reported by the trustee.

Common collective trusts: Valued at the NAV of units of the common collective trust fund. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the trust less its liabilities. This practical expedient is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, which the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value as of December 31:

	2023			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 3,330,011	\$ -	\$ -	\$ 3,330,011
Total assets in the fair value hierarchy	\$ 3,330,011	\$ -	\$ -	3,330,011
Investments measured at NAV (a)				10,218,079
Investments, at fair value				<u>\$ 13,548,090</u>

	2022			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 21,430,740	\$ -	\$ -	\$ 21,430,740
Investments, at fair value	\$ 21,430,740	\$ -	\$ -	<u>\$ 21,430,740</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits. There are no participant or Plan redemption restrictions for these investments.

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period. For the years ended December 31, 2023 and 2022, there were no transfers in or out of Levels 1, 2 or 3.

The following table set forth additional disclosures of the Plan's investments whose fair value is estimated using the NAV per share (or its equivalent) as of December 31:

Investment	2023			
	Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Common collective trusts	\$ 9,595,972	None	Daily	None
Institutional separate account	622,107	None	Daily	None
	<u>\$ 10,218,079</u>

Note 5. Investment Contract with Empower

The Plan has a benefit-responsive traditional investment contract with Empower. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The group annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. Contract value, as reported to the Plan by Empower, represents contributions made under the contract plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate of 0%, as stated in the contract, and prevailing market conditions. Interest crediting rate is reset quarterly.

There are no events which limit the ability of the Plan to transact at contract value with the issuer. The contract does permit the insurance company to terminate the agreement prior to the scheduled maturity date.

Note 6. Party-in-Interest Transactions

The Plan currently invests in a guaranteed interest account managed by affiliates of Empower. Empower is the trustee, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Administrative fees paid to Empower and other service providers which qualify as parties-in-interest amounted to \$96,072 for the year ended December 31, 2023.

Note 7. Tax Status

Effective November 14, 2022, the Plan adopted a standardized form of a prototype plan sponsored by Empower. The prototype plan has received an opinion letter from the IRS as to the prototype plan's qualified status. The Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan administrator is not aware of any events that have occurred that might adversely affect the Plan's qualified status.

U.S. GAAP requires management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements

Note 8. Prohibited Transactions

During 2023, the Plan sponsor inadvertently failed to deposit \$73,349 of participant contributions and loan repayments within the required timeframe as stated by the United States Department of Labor regulations. The Plan sponsor intends to deposit lost earnings to correct this failure in 2025. The correction will be made from the Plan sponsor's assets and not from assets of the Plan.

Note 9. Spin-off of TPC Wire & Cable Corp. Employees

In connection with the corporate divestiture of TPC Acquisition Holdings, Inc., effective December 20, 2023, the assets of participant accounts of active TPC Wire & Cable Corp. employees were spun out of the TPC Engineering Holdings, Inc. 401(k) Plan to a newly formed plan, TPC Wire & Cable Corp. 401(k) Retirement Savings Plan. The aforementioned assets were transferred out of the Plan on December 20, 2023 in the amount of \$14,418,242 and have been presented as "Spinoff of TPC Wire & Cable assets" on the statement of changes in net assets available for benefits for the year ended December 31, 2023.

Note 10. Subsequent Events

On March 16, 2024, the Plan Sponsor authorized the merger of 603 Manufacturing, LLC 401(k) Profit Sharing Plan & Trust into the Plan. The assets were transferred in on April 5, 2024 in the amount of \$3,032,236.

On May 23, 2024, the Plan Sponsor authorized the merger of C.E. Precision Assemblies, Inc. 401(k) Plan into the Plan. The assets were transferred in on June 10, 2024 in the amount of \$1,039,776.

On August 30, 2024, the Plan Sponsor authorized the merger of Qualastat Electronics, Inc. Profit Sharing and 401(k) Plan into the Plan. The effective date of the amendment was December 31, 2024, and all plan assets were received by the Plan in January 2025 in the amount of \$1,537,283.

The Plan Administrator has evaluated subsequent events through February 4, 2025, the date the financial statements were available to be issued.
