INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
the James R. Vannoy & Sons 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of James R. Vannoy & Sons 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of James R. Vannoy & Sons 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note I to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of James R. Vannoy & Sons 401(k) Profit Sharing Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about James R. Vannoy & Sons 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a

material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of James R. Vannoy & Sons 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about James R. Vannoy & Sons 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of James R. Vannoy & Sons 401(k) Profit Sharing Plan is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

JAMES R. VANNOY & SONS
401(k) PROFIT SHARING PLAN
Notes to Financial Statements
December 31, 2023 and 2022

Note A - Description of Plan:

The following description of the James R. Vannoy & Sons 401(k) Profit Sharing Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL - The Plan is a defined contribution plan covering all full-time employees of James R. Vannoy & Sons Construction Company, Inc., Jemsite Development, LLC, and JL Golf Managment, LLC (collectively the "Company") who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

CONTRIBUTIONS - Each year, participants may contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions and company contributions into various investment options offered by the Plan. The Company contributes 50 percent of the first 5 percent of base compensation that a participant contributes to the Plan. Additional amounts may be contributed at the option of board of directors of the respective companies. Contributions are subject to certain IRS limitations.

PARTICIPANT ACCOUNTS - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings (losses) and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note A – Description of Plan (continued):

VESTING - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

PAYMENT OF BENEFITS - On termination of service due to death, total and permanent disability, or retirement, a participant is entitled to receive 100% of his or her account balance without regard to vesting. For termination of service due to other reasons, a participant is entitled to receive his or her vested account balance. Participants may elect to receive their benefit in a single lump sum payment, or substantially equal periodic installments over a period of years not to exceed the life expectancy of the participant or their spouse.

Terminated participant's whose vested portion of a participant's individual account does not qualify as an eligible rollover distribution and has a value which does not exceed \$1,000 will receive a single lump sum distribution.

Terminated participant's whose vested portion does qualify as an eligible rollover distribution and does not exceed \$1,000 in value may direct the Plan Administrator in a direct rollover or receive a single lump sum distribution.

If the value of the vested participant's individual account exceeds \$1,000 and qualifies as an eligible rollover distribution, the participant may choose a single lump sum distribution or a direct rollover. If the participant fails to direct the Plan Administrator, the Administrator will pay the funds into an individual retirement account as a direct rollover.

If the vested value of the account of a deceased participant does not exceed \$5,000, the Plan will distribute the entire amount in a single lump sum to the beneficiary.

FORFEITED ACCOUNTS - At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$119,584 and \$118,982, respectively. Forfeitures are maintained in the fixed income account by the trustee. Profit sharing contribution forfeitures may be applied first to payment of plan administration expenses and any remaining forfeitures are to be allocated to the remaining Plan participants. Matching contribution forfeitures may be applied first to payment of plan administration expenses and any remaining forfeitures are to be used towards matching contributions.

Note B - Summary of Significant Accounting Policies:

DATE OF MANAGEMENT'S REVIEW – Subsequent events were evaluated through, February 7, 2025, which is the date the financial statements were available to be issued.

BASIS OF ACCOUNTING - The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

USE OF ESTIMATES - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION – Investments in mutual funds and pooled separate accounts are reported at fair value. Fully benefit – responsive investment contracts are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrative committee determines the Plan's valuation policies utilizing information provided by investment advisors and trustees. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

EXCESS CONTRIBUTIONS PAYABLE – Amounts payable to participants totaling \$133,673 for contributions in excess of amounts allowed by the IRS are recorded as a liability, with a corresponding reduction to 2023 contributions. The corrections were made in March, 2024. Excess contributions were \$91,001 for 2022.

PAYMENT OF BENEFITS - Benefits are recorded when paid.

OPERATING EXPENSES – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. In 2023, the Plan utilized forfeitures to reimburse the Company \$42,750 for current and prior year expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Note C- Fair Value Measurements:

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of fair value hierarchy consist of:

Level 1 inputs include unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 inputs include observable inputs other than quoted prices for identical assets or liabilities.

Level 3 inputs are unobservable.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs would only be used when Level 1 or Level 2 inputs were not available. There were no changes in the methods used to measure fair value at December 31, 2023 and 2022.

LEVEL 1 Fair Value Measurements – The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end.

LEVEL 2 Fair Value Measurements - The fair value of pooled separate accounts (investment option under a group variable annuity) is determined using a quoted price of the underlying mutual fund less an expense factor. This calculated unit value is then compared to a value determined in a manner similar to a mutual fund net asset value calculation.

Note C- Fair Value Measurements (continued):

The following tables set forth by level within the fair value hierarchy the Plans investments at fair value:

<u>December 31, 2023</u>	Fair Value Measurements Using		
	<u>Fair Value</u>	<u>(Level 1)</u>	<u>(Level 2)</u>
Mutual fund investments at fair market value	\$ 19 375 746	\$ 19 375 746	\$ -
Pooled separate account within a variable annuity at fair value	620 010	-	620 010
	<u>\$ 19 995 756</u>	<u>\$ 19 375 746</u>	<u>\$ 620 010</u>

<u>December 31, 2022</u>	Fair Value Measurements Using	
	<u>Fair Value</u>	<u>(Level 1)</u>
Mutual fund investments at fair market value	<u>\$ 16 219 313</u>	<u>\$ 16 219 313</u>

Gains and losses included in changes in net assets available for benefits for 2023 and 2022, are reported in net appreciation (depreciation) in fair value of mutual fund investments.

Note D – Investments in Contract with Insurance Company:

The Plan holds a portfolio that includes traditional investment contracts. These contracts meet the fully benefit-responsive investment contract criteria and therefore are reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses.

Note D – Investments in Contract with Insurance Company (continued):

The following represents the contract values of contracts held by the Plan at December 31:

	<u>2022</u>	<u>2022</u>
Traditional Investment contracts		
Key Guaranteed Portfolio Fund	<u>\$ 1 207 752</u>	<u>\$ 2 140 175</u>

The Plan has a group annuity contract with Great-West Life & Annuity Insurance Company. The group annuity contract, Key Guaranteed Portfolio Fund, is a fixed account that is part of the general account of Great-West Life & Annuity Insurance Company. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium long-term portfolio compared to the minimum interest crediting rate (which will never be less than 0% as stated in the contract), and prevailing market conditions. Interest crediting rate is reset quarterly.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. These events may be different under each contract. Examples of such events include the following:

1. The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code or the failure of the trust to be tax-exempt under Section 501(a) of the Internal Revenue Code
2. Premature termination of the contracts
3. Plan termination or merger
4. Changes to the Plan's prohibition on competing investment options
5. Bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that significantly affect the Plan's normal activities

The plan administrator does not believe that any events are probable of occurring that would limit the ability of the Plan to transact at contract value with plan participants or the issuers.

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from the contract value. Those events may be different under each contract. Examples of such events include the following:

1. An uncured violation of the Plan's investment guidelines
2. A breach of material obligation under the contract
3. A material misrepresentation
4. A material amendment to the agreements without the consent of the issuer.

Note E- Party-In-Interest Transactions:

The Company provides the Plan with certain accounting and administrative services for which no fees are charged. See Note B regarding party-in-interest transactions involving operating expenses.

The group annuity contract (see Note D) is managed by Great-West Life & Annuity Insurance Company. Great-West Life & Annuity Insurance Company is affiliated with the Plan trustee and, therefore, these transactions qualify as party-in-interest transactions.

Plan investments include pooled separate accounts available as an investment option under a group variable annuity contract issued by Empower Annuity Insurance Company (EAIC), a company affiliated with the Plan trustee, and therefore these transactions qualify as party-in-interest transactions.

All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note F - Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

Note G - Tax Status:

The Plan operates under the Great-West Trust Company Defined Contribution Prototype Plan and Trust. The Prototype Plan has an opinion letter from the Internal Revenue Service dated March 31, 2014, stating that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has determined that the Plan does not have any uncertain tax positions taken that would require recognition of a liability or disclosure in the financial statements as of December 31, 2023 and 2022. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

Note H – Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.
