Independent Auditor's Report

To the Participants and Plan Administrator of
Yokohama Industries Americas Inc. Profit Sharing and 401(k)
Versailles, Kentucky

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Yokohama Industries Americas Inc. Profit Sharing and 401(k) (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements, continued

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by a institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

YOKOHAMA INDUSTRIES AMERICAS INC. PROFIT SHARING AND 401(K)

Notes to the Financial Statements

1. Description of the Plan

The following description of the Yokohama Industries Americas Inc. Profit Sharing and 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Yokohama Industries American, Inc. (the Employer and Plan Sponsor), SAS Rubber Company and YH America South Carolina LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility

Employees are eligible to participate in the Plan after one month of service. Eligible participants can enter the Plan on the first day of the month on or following their one month of service. At that time, participants can begin deferring compensation into the Plan and become eligible for both the employer matching, employer nonelective contributions and safe harbor matching contributions.

Contributions

Participants may contribute up to the maximum allowable annual contribution as defined by the Plan. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan Sponsor makes safe harbor matching contributions on behalf of eligible participants equal to 100% up to the first 4% of participants' eligible compensation contributed to the Plan. The Plan Sponsor may, at its discretion, make a nonelective contribution each Plan year on behalf of eligible participants. During the year ended December 31, 2022, the Plan Sponsor made no nonelective contributions to the Plan. Contributions are subject to Internal Revenue Service (IRS) limitations.

Participant Accounts

Individual accounts are maintained for each Plan participant. Each participant’s account is credited with the participant’s contribution and the Plan Sponsor's contributions and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan adoption agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investment Options

Participants direct the investment of their contributions into various investment options offered by the Plan. If no such direction is made, participant accounts are invested in accordance with default investment alternatives as established under the Plan. The Plan Sponsor's contributions are automatically invested in the same investment options at the same percentage as participant deferral contributions.

1. Description of the Plan, continued

Vesting

Participants are immediately in their contributions and the Plan Sponsor's safe harbor contributions plus actual earnings thereon. Participant vesting in the Plan Sponsor's nonelective contributions vary by class of participant as defined in the plan adoption agreement. If a participant dies, becomes disabled, or reaching normal retirement age, they are automatically 100% vested in all accounts.

Participant Loans

Participants may borrow up to a maximum of the lesser of $50,000 or 50% of their vested balance, reduced by the highest outstanding loan balance in the preceding 12 months. The loans are secured by the balance in the participant's account and bear interest at a fixed rate determined by the loan administrator. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

Participants become eligible for benefit payments upon retirement, termination, disability or death. Participants my elect a lump sum payment or equal installments over a period of time. On termination of service, if a vested account balance does not exceed $1,000, the distribution will be made in a lump sum payment. If the vested account balance is $1,000 to $5,000, participants have the option of receiving the vested account balance in a lump sum payment or rolling the balance into an Individual Retirement Account (IRA). If the vested account balance exceeds $5,000, participants are permitted to leave their account balance in the Plan until they elect to receive benefits or to rollover their balance to another qualified plan or IRA. In certain circumstances, participants my make hardship withdrawals as defined by the Plan adoption agreement. Active participants may also take distributions from the Plan upon attainment of age 59 1/2.

Forfeited Accounts

All forfeitures are applied to Plan Sponsor contributions and Plan expenses. As of December 31, 2022 and 2021, forfeited nonvested accounts totaled $15,106 and $12,985, respectively. No forfeitures were reallocated during 2022. No forfeitures were used to reduce contributions during 2022. There were no forfeited participant balances during 2022.

Risks and Uncertainties

The Plan provides for participant directed investment options in various securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

2. Summary of Significant Accounting Policies

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) which require management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates. The following is a summary of the significant accounting policies consistently followed by the Plan in the preparation of its financial statements:

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Administrator determines the Plan's valuation policies utilizing information provided by the custodian.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains or losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan participants and the matching contributions from the Plan Sponsor are recorded in the year in which employee contributions are withheld from compensation.

Notes Receivable from Participants

Participant loans are classified as notes receivable from participants and measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based on the terms of the Plan adoption agreement.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

As of December 31, 2022 and 2021, there were no outstanding payments to persons electing to withdraw from the Plan.

Administrative Expenses

Trustee fees and investment management fees are charged to the Plan as a reduction of investment return and included in the investment income (loss) reported by the Plan. All other expenses of the Plan are paid by the Plan Sponsor.

2. Summary of Significant Accounting Policies, continued

Administrative Expenses, continued

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of distributions and notes receivables from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan's management has evaluated subsequent events for accounting and disclosure requirements through February 26, 2025, the date that the financial statements were available to be issued. There were no events occurring during the evaluation period that require recognition or disclosure in the financial statements.

3. Information Certified or Provided by Custodian

The Plan's asset information included in this note and throughout the Plan's financial statements and supplemental schedules was prepared by or derived from information provided by the Fidelity Management Trust Company (Fidelity), the custodian of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that asset information provided to the Plan Administrator by the custodian is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditor's not to perform any auditing procedures with respect to asset information in this note and which appears throughout the financial statements and the ERISA-required supplemental schedules.

The following table presents the fair value of assets (except for fully benefit-responsive investment contracts, which are reported at contract value) in the Plan that were certified by Fidelity.

	2022	2021
Investments, at fair value	**$ 27,661,912**	$ 36,866,299
Notes receivable from participants	**$ 137,056**	$ 33,784

Fidelity also certified to the completeness and accuracy of $7,231,301 of net realized and unrealized depreciation in the fair value of mutual funds, $541,352 of interest and dividends related to the investments and $3,014 of interest on notes receivable for the year ended December 31, 2022.

4. Fair Value Measurement

The Plan classifies its investments based on a hierarchy consisting of: Level 1 (valued using quoted prices from active markets for identical assets), Level 2 (not traded on an active market but for which observable market inputs are readily available), and Level 3 (valued based on significant unobservable inputs). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds: Valued at cost which approximates fair value.

There have been no changes in the valuation methodologies used at December 31, 2022 and 2021.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan Administrator believes the valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	Level 1	Level 2	Level 3	Total
2022				
Mutual funds	**$ 26,574,446**	**$ -**	**$ -**	**$ 26,574,446**
Money market fund	**1,087,466**	**-**	**-**	**1,087,466**
Total investments in fair value hierarchy	**$ 27,661,912**	**$ -**	**$ -**	**$ 27,661,912**
2021				
Mutual funds	$ 35,863,573	$ -	$ -	$ 35,863,573
Money market fund	1,002,726	-	-	1,002,726
Total investments in fair value hierarchy	$ 36,866,299	$ -	$ -	$ 36,866,299

4. Fair Value Measurements, continued

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Plan management evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

5. Related Party and Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity. Fidelity is the custodian as defined by the Plan and therefore, these transactions qualify as party-in-interest. Administrative expenses of $73,973 for the year ended December 31, 2022 are comprised of fees paid by the Plan to Fidelity for investment management services and withdrawal charges.

Additionally, indirect fees are paid to Fidelity based on investment account values. These fees range from 0.02% to 0.41% of the investment account value. The fees reduce net appreciation in fair value of investments on the statement of changes in net assets available for benefits.

6. Tax Status

The Plan uses a prototype Plan adoption agreement sponsored by Fidelity. Fidelity received an opinion letter from the IRS, dated June 30, 2020, which states that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. However, the Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

7. Plan Termination

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

8. Prohibited Transactions

During the year ended December 31, 2022, certain participant withholdings in the amount of $414,160 were not remitted timely by the Plan Sponsor. Participant contributions were remitted during the 2022 Plan year.

During the year ended December 31, 2021, certain participant withholdings in the amount of $316,898 were not remitted timely by the Plan Sponsor. Participant contributions were remitted during the 2021 Plan year.

7. Prohibited Transactions, continued

Plan management intends to fully correct late remittances by contributing lost earnings to participants in 2025. These transactions constitute prohibited transactions as defined by ERISA. The Plan Sponsor is aware of the occurrences and have taken the appropriate steps to correct the situation by implementing procedures to ensure all future remittances are completed within the prescribed time period.

9. Reconciliation of the Financial Statements to Form 5500

A reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2022 and 2021, is as follows:
