Independent Auditors' Report

To the Plan Administrator
Johnson, Pope Profit Sharing Plan and Trust:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audits of the financial statements of Johnson, Pope Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2023 and 2022

(1) **Description of Plan**

The following description of the Johnson, Pope Profit Sharing Plan and Trust (the “Plan”) provides only general information. Participants should refer to the plan document or Summary Plan Description for a more complete description of the Plan’s provisions.

(a) **General**

The Plan, which became effective January 1, 1976, is a defined contribution plan covering eligible employees of Johnson, Pope, Bokor, Rupel & Burns, LLP (the “Company”). The Plan was restated effective January 1, 2021 in accordance with the Internal Revenue Service’s (“IRS”) mandatory restatement cycle. Employees are eligible to participate in the Plan upon hire and may enter the Plan on the first day of month coinciding with or next following the eligibility requirement. There is no age requirement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

(b) **Contributions**

Participants may make pre-tax or Roth contributions to the Plan based on the amount they have specified in a salary deferral agreement, as limited by Federal income tax regulations (\$22,500 in 2023). Additionally, the Plan provides for “catch-up” contributions for participants age 50 or older, subject to Federal income tax regulations (\$7,500 in 2023).

The Company may make profit-sharing or matching contributions to the Plan at the discretion of the Company. For plan year 2023, the Company matched 25% of contributions by eligible employees which totaled approximately \$427,000. Participants are required to be employed in an eligible position as of the last day of the plan year and to have worked 500 hours to qualify to receive that year’s matching contribution.

Profit-sharing contributions are allocated to participants employed by the Company on the last day of the plan year based on the ratio of the participant’s eligible compensation for the plan year to the eligible compensation of all participants for the plan year. The Company declared discretionary profit-sharing contributions of approximately \$1,362,000 for 2023.

(c) **Participant Accounts**

Each participant’s account is credited with the participant’s contribution and allocation of (a) the Company’s matching or profit sharing contribution and (b) plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account balance.

Participants have the ability to direct the investment of their account balances between various mutual funds and a money market fund. Each investment has a unique and varied investment objective.

(1) Description of Plan - Continued

(c) Participant Accounts - Continued

Prior to plan year 2015 the Plan offered a self-directed brokerage account as an additional investment option for participants. This election was discontinued during prior year 2015 and the participants who opted into the self-directed brokerage account were able to keep their investments within the self-directed brokerage accounts, however no new contributions may be made into these accounts.

(d) Vesting

Participants are immediately vested in their contributions, and effective January 1, 2019, Company match, and profit sharing contributions plus actual earnings thereon.

(e) Payment of Benefits

On termination of service due to death, or disability, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. For participants with vested balances less than \$1,000, participants receive a lump-sum distribution as soon as administratively feasible. In addition, the plan administrator may permit a participant to take partial distributions or installment distributions solely to the extent necessary to satisfy the required minimum distributions rules under the plan agreement.

The Plan also has a hardship withdrawal provision which allows active participants, meeting specified requirements, to take a distribution from their vested account balance that does not exceed an amount that satisfies their immediate financial need plus any related taxes.

(f) Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at the Wall Street Journal's prime rate at date of transaction plus one percent, as determined by the plan administrator. Loans existing as of December 31, 2023 had interest rates ranging from 4.50% to 9.25%.

Principal and interest are paid ratably through payroll deductions. Notes considered in default as defined by the plan document become due in their entirety and become a taxable distribution to the participant, unless the participant resumes repayment of the loan outside of the Plan.

(g) Administration Expenses

Certain expenses of the Plan are paid by the Company and are not included in the statement of changes in net assets available for benefits. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

(h) Forfeited Accounts

Forfeitures may be used to reduce the Plan's administrative expense and/or any Company contributions. As of December 31, 2023 and 2022, forfeitures totaled approximately \$23,600, and \$5,700, respectively. No forfeitures were used during 2023.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting and present net assets available for benefits and changes in net assets available for benefits in accordance with accounting principles generally accepted in the United States of America.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Accordingly, actual results may differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

(d) Risks and Uncertainties

The Plan provides for various investment options in a combination of investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the valuation of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

(e) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

(f) **Payment of Benefits**

Benefits are recorded when paid.

(3) **Information Certified by the Trustee**

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Capital Bank and Trust Company, the trustee of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments at fair value and notes receivable from participants, excluding self-directed brokerage accounts totaling \$18,636,202 and \$14,921,893 as shown in the statements of net assets available for benefits, as of December 31, 2023 and 2022, respectively;
- Total investment income and related investment activity, excluding \$3,920,892 related to self-directed brokerage accounts, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023;
- Assets held for investment purposes excluding self-directed brokerage accounts totaling \$18,636,202, as shown in the supplemental schedule, as of December 31, 2023.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

(4) **Fair Value Measurements**

The Plan applies the provisions of Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, *Fair Value Measurement*, in measuring fair value. ASC Topic 820 established a three tier fair value hierarchy which prioritizes the inputs used in measuring fair value as follows:

Level 1: Observable inputs such as quoted prices in active markets;

Level 2: Inputs, other than quoted prices in active markets, that are observable either directly or indirectly;

Level 3: Unobservable inputs in which there is little or no market data, which require the reporting entity to develop its own assumptions.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Following is a description of the valuation methodologies used for the investments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy.

(4) Fair Value Measurements - Continued

Registered Investment Companies

Registered investment companies are valued at quoted market prices in an active market, which represent net asset values of shares held by the Plan at year end and are classified as Level 1 investments.

Self-Directed Brokerage Accounts

Underlying securities are valued at fair value based on the closing price reported on the active market or inactive market in which the individual securities, registered investment companies or corporate bonds are traded. Self-directed brokerage accounts as of December 31, 2023 and 2022 had readily determinable values and were traded in active markets.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

<u>Description</u>	<u>Assets Measured at Fair Value at December 31, 2023</u>	<u>Fair Value Measurements at Reporting Date</u>		
		<u>Observable Inputs (Level 1)</u>	<u>Significant Other Observable Inputs (Level 2)</u>	<u>Significant Unobservable Inputs (Level 3)</u>

(5) **Related Party Transactions and Party-in-Interest Transactions**

The Plan invests in registered investment companies managed by Capital Bank and Trust Company. Capital Bank and Trust Company acts as the investment trustee for only those investments as defined by the Plan. These transactions qualify as party-in-interest transactions but are exempt from prohibited transaction rules. Fees incurred by the Plan for the investment management services are included in net appreciation (depreciation) in fair value of investments and administrative expenses. The Plan paid certain expenses related to the Plan's operations and investment activity to various service providers. These transactions are party-in-interest transactions. The Plan made direct payments to parties-in-interest of approximately \$192,000 for the year ended December 31, 2023. Notes receivable from participants also qualify as party-in-interest transactions. The Plan Sponsor pays directly any other fees related to the Plan's operations.

(6) **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all participants will become 100% vested in their accounts.

(7) **Tax Status**

The Plan has adopted a pre-approved plan document. The pre-approved plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the plan document, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan has been amended, however the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(8) **Subsequent Events**

The Plan has evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through December 11, 2024, the date the financial statements were available to be issued.
