INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
Glenmeadow, Inc. 403(b) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Glenmeadow, Inc. 403(b) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of September 30, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Glenmeadow, Inc. 403(b) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended September 30, 2024 and 2023, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the financial statements of Glenmeadow, Inc. 403(b) Retirement Plan referred to in the first paragraph. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

As described in Note 2 of these financial statements, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Glenmeadow, Inc. 403(b) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Our responsibility is to conduct an audit of Glenmeadow, Inc. 403(b) Retirement Plan Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of Glenmeadow, Inc. 403(b) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets held (at end of year) as of September 30, 2024 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis of Disclaimer of Opinion section, it is inappropriate to and we do not express an opinion on the supplemental schedule referred to above.

GLENMEADOW, INC. 403(b) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2024 AND 2023

1. DESCRIPTION OF PLAN:

The following description of the Glenmeadow, Inc. 403(b) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Glenmeadow, Inc. (the "Organization"). Participants may start to defer into the Plan upon hire date regardless of age; however, participants must be at least age 21, and have one year of service (at least 1,000 hours) in order to receive the Organization's matching contributions. Entry date for the Organization contributions is the first day of each quarter after meeting the service and age requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute up to 100% of their eligible compensation as defined in the Plan agreement, subject to certain limitations (both in deferrals and Roth contributions), and the Plan also allows for catch up contributions for participants over age 50. The Plan provides for discretionary matches of 100% of a participant's elective deferrals up to 3% of eligible compensation. For the years ended September 30, 2024 and 2023, the Organization made discretionary matches totaling \$82,225 (\$84,922 less forfeitures used of \$2,697) and \$93,118, respectively. These amounts are included in employer contribution receivable at September 30, 2024 and 2023. In addition, the Plan provides for an additional discretionary contribution equal to a percentage of participants' eligible compensation. There was no additional discretionary contributions for the years ended September 30, 2024 and 2023. A participant must be at least 21 years of age, have completed one year of service (1,000 hours) and be employed on the last day of the Plan year in order to receive the Organization's discretionary contribution.

Rollover contribution

Rollover contributions from other qualifying plans, as determined by the Plan administrator, may be contributed to the Plan. Participants shall be 100% vested in the value of their rollover account at all times.

Notes receivable from participants

The provisions of the Plan allow participants to borrow a portion of their vested account balances. Borrowings may not exceed the lesser of \$50,000 or 50% of the participant's vested account balance with a minimum loan of \$1,000. Notes shall bear a reasonable rate of interest commensurate with local prevailing rates, must be repaid ratably within 5 years, or 10 years if used to acquire a principal residence, and are secured by the balance in the participant's account. The interest rates charged to participants ranged from 3.25% to 8.5%. Principal and interest is paid ratably through payroll deductions, so long as the participant is employed by the Organization. Upon termination, all outstanding loans must be repaid or they become deemed distributions.

Participant accounts

Each participant's account is credited with the participant's contribution and an allocation of the Organization's contribution and plan earnings (losses) and charged with an allocation of investment and administrative expenses. Allocations are based on participant compensation, participant transactions or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers several mutual funds and an insurance company general account as investment options for participants.

GLENMEADOW, INC. 403(b) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2024 AND 2023

1. DESCRIPTION OF PLAN: (CONTINUED)

Payment of benefits

Upon termination of services, death, disability, or retirement, participants may request a distribution in a lump-sum amount, installment payments, or an annuity contract. Certain investment options are restricted in the type of payment allowed. Participants may also choose to roll over distributions to other eligible retirement plans. If the Plan is terminated, the entire account balances will be distributed to participants.

Vesting

A participant's interest in his or her individual contributions to the Plan and any related earnings is fully vested at all times. Participants are 100% vested in Organization contributions after 3 years of service.

Forfeited accounts

Forfeited balances of terminated participants' nonvested accounts are used to reduce future employer contributions. For the year ended September 30, 2024, accounts forfeited totaled \$2,697. For the year ended September 30, 2023, there were no unallocated forfeitures. During March 2024, forfeitures of \$250 were used to reduce employer contributions for the 2023 Plan year. During March 2023, forfeitures of \$1,645 were used to reduce employer contributions for the 2022 Plan year. Any unallocated forfeiture balances will be used to offset employer contributions in the future.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America and the applicable accounting requirements of the Department of Labor (DOL) Rules and Regulations for Reporting and Disclosure under ERISA.

Exclusion of certain annuities and custodial accounts

The Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity and custodial accounts and the related income and distributions are not determinable.

Investment valuation and income recognition

Investments held by the Plan are stated at fair value with the exception of fully-benefit responsive investment contracts which are stated at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). Contract value reflects the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan and is the relevant measure for the portion of assets attributable to fully benefit-responsive investment contracts. All investments are participant directed.

In accordance with the policy of stating investments at fair value, the Plan presents in the statements of changes in net assets available for benefits, the net appreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation on those investments.

GLENMEADOW, INC. 403(b) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2024 AND 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

Investment valuation and income recognition (continued)

Earnings on investments, with the exception of participant loans, are allocated on a pro rata basis to individual participant accounts based on the type of investment and the ratio of each participant's individual account balance to the aggregate of participant account balances. The portion of interest included in each loan payment made by a participant is recognized as interest income in the participant's individual account.

Notes receivable from participants

Notes receivable from participants are recorded at their unpaid balance plus any accrued but unpaid interest. Since the participant's remaining vested investment balance is sufficient to cover the outstanding loan amount, there is no allowance for doubtful accounts at September 30, 2024 and 2023. Interest is calculated and included in the repayment terms of the loan when the loan is initiated and is recognized with the amortization of the loan as each payment is remitted. Notes are monitored for repayment under the original loan terms and defaulted when active participants cease payments past the allowed grace period. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. For terminated participants, once a distribution is requested, the outstanding loan balance will be netted against the remaining vested investment balance.

Payment of benefits

Benefit payments are recorded when paid.

Administrative expenses

The Organization directly pays certain costs related to the operation of the Plan at no charge to the Plan. Certain investment, third party administrator and loan processing fees are paid by the Plan and are included in administrative expenses.

Use of estimates

The preparation of the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America and DOL rules and regulations for reporting and disclosure under ERISA requires the Plan administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results may differ from those estimates.

3. INVESTMENT CONTRACT:

Certain funds are invested in an insurance company general contract account, the Standard Stable Value Fund (a fully benefit-responsive contract), administered by The Standard. The funds are fully and unconditionally guaranteed by The Standard. The Standard maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield and crediting interest rate net of administrative expenses was 3.01% and 2.66% for 2024 and 2023, respectively. The interest rates are reset at various times during the year.

GLENMEADOW, INC. 403(b) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2024 AND 2023

3. INVESTMENT CONTRACT: (CONTINUED)

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction under ERISA. The Plan administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

4. FAIR VALUE MEASUREMENTS:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at September 30, 2024 and 2023.

GLENMEADOW, INC. 403(b) RETIREMENT PLAN

**NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2024 AND 2023**

4. FAIR VALUE MEASUREMENTS: (CONTINUED)

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities Exchange Commission (“SEC”). These funds are valued at the closing price recorded on the active market in which these individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables sets forth by level, within the fair value hierarchy, the Plan’s assets at fair value as of September 30:

	Fair Value Measurement at September 30, 2024			
	Total Fair Value	Level 1	Level 2	Level 3
Investment at fair value: Mutual funds	\$ 5,977,685	\$ 5,977,685	\$ -	\$ -

	Fair Value Measurement at September 30, 2023			
	Total Fair Value	Level 1	Level 2	Level 3
Investment at fair value: Mutual funds	\$ 5,140,757	\$ 5,140,757	\$ -	\$ -

5. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

6. TAX STATUS:

The Plan is an ERISA plan established under Section 403(b) of the Internal Revenue Code. The Internal Revenue Service has not offered a determination letter for this type of plan at the date of this audit report. On March 31, 2017, the Internal Revenue Service (IRS) issued an opinion on Volume Submitter 403(b) Plans which this Plan is a part of. The IRS determined that the form of the Plan is acceptable under section 403(b) of the Internal Revenue Code for use by eligible employers for the benefit of their employees.

GLENMEADOW, INC. 403(b) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS SEPTEMBER 30, 2024 AND 2023

6. TAX STATUS: (CONTINUED)

Although the Plan does not have a determination letter, the Plan administrator and Organization management believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code.

Plan management evaluates tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of September 30, 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to September 30, 2021.

7. RELATED PARTY TRANSACTIONS:

The Standard Insurance Company (the "Standard") is the third-party administrator and as such fees paid to The Standard are party-in-interest transactions. Total fees paid to The Standard in 2024 and 2023 were \$52,397 and \$50,379, respectively. Other fees paid by the Plan for investment management services were included in net appreciation in the fair value of the investments.

Certain employees of the Organization who may also be participants in the Plan perform administrative services at no cost to the Plan.

8. INFORMATION CERTIFIED BY THE CUSTODIAN:

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, Reliance Trust Company, the custodian of the Plan assets, certified to the Plan administrator, the fair value and physical custody of investments to be complete and accurate as of September 30, 2024 and 2023 and investment transactions, investment income and net appreciation included in the statements of changes in net assets available for benefits for the years ended September 30, 2024 and 2023, the information contained in Notes 3 and 4 and the information in the supplemental Schedule of Assets Held (at End of Year).

9. RISKS AND UNCERTAINTIES:

The Plan provides for various investment options in any combination of mutual funds and an insurance company general contract. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
