## Independent Auditors' Report

To the Plan Administrator of  
St. John's School Retirement Plan:

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of St. John's School Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended June 30, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of St. John's School Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of June 30, 2024 and 2023, and for the year ended June 30, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

### Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of St. John's School Retirement Plan. Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

### Basis for Disclaimer of Opinion

As discussed in Note 8, St. John's School Retirement Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to July 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about St. John's School Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Our responsibility is to conduct an audit of St. John's School Retirement Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matters described in the *Basis for Disclaimer of Opinion* section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of St. John's School Retirement Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

## **Supplemental Schedule Required by ERISA**

The supplemental schedule of assets (held at end of year) as of June 30, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the *Basis for Disclaimer of Opinion* section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule.

## St. John's School Retirement Plan

Notes to Financial Statements for the year ended June 30, 2024

---

### NOTE 1 – DESCRIPTION OF PLAN

The following brief description of St. John's School Retirement Plan (the Plan) is provided for general informational purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all employees of St. John's School (the School). Employees are eligible to participate in the Plan on the first day of the first payroll period following their date of hire. Plan entry dates are the first day of any payroll period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – The Plan provides for both participant contributions and employer contributions as follows:

- *Participant contributions* – Employees may elect to contribute up to 100% of their compensation as defined by the Plan on a pre-tax basis or as Roth contributions on an after tax basis, subject to certain limitations under the Internal Revenue Code (the Code). All eligible participants automatically defer 5% of compensation each pay period, unless the participant elects not to defer or to defer an alternative amount. Participants who are age 50 and older or have at least 15 years of credited service with the School may elect to make additional catch-up contributions, as defined by the Plan. Participants also may rollover any amounts they receive as distributions from another qualified retirement plan.
- *Employer contributions* – Employees who have completed two years of eligibility service and make a participant contribution of at least 5% of their compensation are eligible for employer matching contributions commencing with the first day of the first payroll coincident with or immediately following the date on which the employee completes two years of service. The two years of service requirement may be waived by the plan administrator for any employee who within 90 days prior to employment with the School was participating in a comparable plan. The School makes the matching contribution each pay period based on the number of years of completed service ranging from 5% for less than 10 years of completed years of service to 10% for 25 years or more of completed years of service.

Participants direct the investment of all contributions into various investment options offered by the Plan.

Vesting – Participants are immediately 100% vested in all contributions plus actual earnings thereon.

Participant accounts – Each participant's account is credited with the participant's salary reduction contributions and matching contributions, and an allocation of the investment earnings for each fund in which their account is invested. Allocations of investment income and expenses are based on the proportion that each participant's account bears to the total of all participant account balances. The only benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Notes receivable from participants – Participants may borrow from their fund accounts a maximum equal to the lesser of \$50,000, reduced by the highest outstanding loan balance in the preceding one-year period or 50% of their account balance. Each loan is secured by the balance in the participant's account. Loan terms range from one to five years unless for the purchase of a principal residence, for which loan terms may range up to 10 years. No loan in an amount less than \$1,000 will be granted to any participant for

any single purpose general loan. Participants may also borrow money directly from Teachers Insurance and Annuity Association of America (TIAA). These loans are not included in Plan assets, but are secured by a portion of the participant's account. The collateral is held in the TIAA Traditional Annuity Account. At June 30, 2024 and 2023, these non-trusted loans totaled approximately \$11,000 and \$15,000, respectively.

Distribution of benefits – The Plan provides for benefit distributions to plan participants or their beneficiaries, equal to the balance of their accounts upon death, disability, retirement, or other termination of employment. Additionally, participants may qualify for a hardship withdrawal, while still employed, for the purpose of immediate and heavy financial needs, as defined in the Plan. Effective June 1, 2024, the Plan was amended to allow participants to withdraw a portion or all of their elective participant contributions, while still employed, upon attaining age 59 ½.

Plan termination – Although it has not expressed any intent to do so, the School has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

## **NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of accounting – The Plan's financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment valuation – Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors and insurance companies. See Note 6 for discussion of fair value measurements.

The Plan invests in fully benefit-responsive investment contracts and presents these investments in the financial statements at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value of fully benefit-responsive investment contracts represents contributions plus earnings, less participant withdrawals and administrative expenses.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions from Plan participants and the employer matching contributions are recorded in the year in which the participant contributions are withheld from compensation.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of June 30, 2024. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Benefits paid to participants – Benefit payments to participants are recorded upon distribution.

Expenses – Certain expenses of maintaining the Plan are paid directly by the School and are excluded from these financial statements. Fees related to the administration of loans are charged directly to the participant’s account and are included in administrative expenses. Certain investment-related expenses are included in net appreciation in fair value of investments. Other investment-related and recordkeeping expenses paid by the Plan are included in administration expenses.

Estimates – Management must make estimates and assumptions to prepare financial statements in accordance with generally accepted accounting principles. These estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported amounts of additions and deductions. Actual results could vary from the estimates that were used.

### **NOTE 3 – TAX STATUS**

The Plan has been designed to qualify under Section 403(b) of the Code. The terms of the Plan have been prepared to conform to the listing of Section 403(b) plans that have been pre-approved by the Internal Revenue Service. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b). Plan management believes the Plan is currently designed and operating in accordance with the applicable requirements of the Code.

### **NOTE 4 – INVESTMENTS**

At June 30, 2024 and 2023, certain assets of the Plan were invested in funds managed by TIAA and College Retirement Equities Fund (CREF), as insurance companies. These transactions qualify as party-in-interest transactions. These transactions are exempt from the prohibited transaction rules of ERISA.

Individual investments that represent 10% or more of the Plan’s net assets as of June 30, 2024 and 2023 are as follows:

	<u>2024</u>	<u>2023</u>
TIAA Traditional Annuity Account	\$24,716,307	\$24,404,516
CREF Stock Account	\$16,071,311	\$15,081,222

Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participant account balances.

### **NOTE 5 – INFORMATION CERTIFIED BY INSURANCE COMPANIES**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held and notes receivable from participants at June 30, 2024 and 2023, and net appreciation in fair value of investments and interest and dividends for the year ended June 30, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by TIAA and CREF, as insurance companies and as recordkeeper and agent for TIAA, FSB, the custodian of certain Plan assets for the period from June 30, 2023 through July 14, 2023 and for TIAA Trust. N. A., custodian of certain plan assets for the period from July 15, 2023 through June 30, 2024.

## NOTE 6 – FAIR VALUE MEASUREMENTS

Generally accepted accounting principles establish a hierarchy that prioritizes inputs used to measure fair value. The three levels of the fair value hierarchy are as follows:

- *Level 1* – Inputs are unadjusted quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the reporting date.
- *Level 2* – Inputs are other than quoted prices included in Level 1, which are either directly observable or can be derived from or corroborated by observable market data at the reporting date.
- *Level 3* – Inputs are not observable and are based on the reporting entity’s assumptions about the inputs market participants would use in pricing the asset or liability.

Assets measured at fair value at June 30, 2024 are as follows:

	<u>LEVEL 1</u>	<u>LEVEL 2</u>	<u>LEVEL 3</u>	<u>TOTAL</u>
Mutual funds	\$ 50,048,579			\$ 50,048,579
CREF accounts	48,093,110			48,093,110
Non-benefit responsive fixed annuity contracts			\$ 17,660,229	17,660,229
TIAA Real Estate Account	<u>4,388,410</u>			<u>4,388,410</u>
Total assets measured at fair value	<u>\$ 102,530,099</u>	<u>\$ 0</u>	<u>\$ 17,660,229</u>	<u>\$ 120,190,328</u>

Assets measured at fair value at June 30, 2023 are as follows:

	<u>LEVEL 1</u>	<u>LEVEL 2</u>	<u>LEVEL 3</u>	<u>TOTAL</u>
Mutual funds	\$ 43,018,256			\$ 43,018,256
CREF accounts	43,004,495			43,004,495
Non-benefit responsive fixed annuity contracts			\$ 17,481,835	17,481,835
TIAA Real Estate Account	<u>5,106,828</u>			<u>5,106,828</u>
Total assets measured at fair value	<u>\$ 91,129,579</u>	<u>\$ 0</u>	<u>\$ 17,481,835</u>	<u>\$ 108,611,414</u>

Following is a description of the valuation methods and inputs used for each major class of assets measured at fair value. There have been no changes in the methods used at June 30, 2024 and 2023.

- *Mutual funds* are registered investment company funds whose fair value is estimated based on net asset values calculated and published each day on active exchanges.
- *CREF accounts* invest principally in equity securities, fixed-income instruments and short-term investments in accordance with each portfolio’s investment objectives. Account investments are primarily valued using market quotations or prices obtained from independent pricing sources who may employ various pricing methods to value the investments, including matrix pricing. CREF Money Market Account holdings are generally valued at amortized cost. Each account determines its unit value each day. Unit values are published each day the New York Stock Exchange (NYSE) is open and are the basis for current transactions.
- *Non-benefit responsive fixed annuity contracts* are valued using a quantitative model based on assumptions of future interest rates and related discounted cash flows. Since the annuity is not available for sale or transfer on any securities exchange, transactions in similar investment instruments are not observable.

- *TIAA Real Estate Account* generally invests in real estate properties and real estate-related investments. The account’s value is principally derived from the market value of the underlying real estate holdings or other real estate-related investments. Real estate holdings are valued principally using external appraisals, which are estimates of property values based on a professional’s opinion. Securities held are priced using values obtained from independent pricing sources. Unit values are calculated and published each day the NYSE is open and are the basis for current transactions.

These valuation methods may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate, the use of different methods or assumptions could result in a different fair value measurement at the reporting date.

Purchases of Level 3 assets during the year ended June 30, 2024 totaled \$ 2,774,231. The following table represents the Plan’s Level 3 financial instruments, the valuation techniques used to measure the fair value of those financial instruments, and the significant unobservable inputs and the ranges of values for those inputs.

<u>INSTRUMENT</u>	<u>FAIR VALUE</u>	<u>VALUATION TECHNIQUE</u>	<u>SIGNIFICANT UNOBSERVABLE INPUTS</u>	<u>RANGE OF SIGNIFICANT INPUT VALUES</u>
Non-benefit responsive fixed annuity contracts	\$17,660,229	Discounted cash flow	Risk-adjusted discount rate applied	4.00%-6.75%

#### **NOTE 7 – INVESTMENT CONTRACT WITH INSURANCE COMPANY**

The Plan has entered into an investment contract with TIAA. The fixed annuity portion of this contract, or the TIAA Traditional Annuity Account (TIAA TAA), is maintained by TIAA in a general account and is backed by TIAA’s claim-paying ability. During the accumulation phase, TIAA TAA provides a guarantee of principal, a guaranteed minimum rate of interest, and the potential for additional interest if declared by TIAA. Together, the guaranteed minimum and additional amounts make up the “crediting rate” in the accumulation phase of the account. TIAA groups the funds received over discrete periods into “vintages.” The interest credited to each vintage period reflects the investment returns initially obtained on TIAA’s investments during the period.

Certain contract types are fully benefit-responsive; therefore, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to these contracts. Of the amounts invested in TIAA TAA, \$7,056,078 and \$6,922,681 are fully benefit-responsive at June 30, 2024 and 2023, respectively, and \$17,660,229 and \$17,481,835 are non-benefit responsive at June 30, 2024 and 2023, respectively. Non-benefit responsive contracts contain liquidity restrictions on the redemption of TIAA TAA accumulations by participants, which could impact the value realized upon exiting the contract.

The crediting interest rate is supported by the investment performance of a large, diversified portfolio (TIAA’s General Account), is correlated with the highest quality debt security yields, and is adjusted for contract liquidity, but may not be less than 1% to 3% based on the individual participant’s contract type. TIAA declares a current interest rate annually.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

#### **NOTE 8 – NET ASSETS AVAILABLE FOR BENEFITS**

The provisions of ERISA for plan years beginning after January 1, 2009 related to 403(b) plans were amended to include an audit requirement for large plans (generally those with 100 participants or more). Prior to that time, the School did not routinely receive participant account records from the third-party administrator. Further, the School's record retention policies did not result in the maintenance of payroll records dating to the inception of the Plan. As a result, adequate documentation was not available for the Plan to verify the proper balance of net assets available for benefits at June 30, 2010, which was the first year an audit was required.

#### **NOTE 9 – SUBSEQUENT EVENTS**

Effective July 1, 2024, the Plan was amended for the auto-enrollment provisions to only apply to full-time employees. The Plan also implemented an auto-escalation feature where the deferral rate increases 0.5% per year until a deferral rate of 10% is reached.

Management has evaluated subsequent events through February 6, 2025, which is the date that the financial statements were available for issuance. As a result of this evaluation, no other events were identified that are required to be disclosed or would have a material impact on reported net assets available for benefits or changes in net assets available for benefits.
