Independent Auditor's Report

The Pension Committee of ChildFund International USA
Christian Children's Fund, Inc. Pension Plan
Richmond, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Christian Children's Fund, Inc. Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits (in liquidation) as of April 30, 2024 and June 30, 2023, and the related statements of changes in net assets available for benefits (in liquidation) for the period from July 1, 2023 to April 30, 2024 and for the year ended June 30, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA ("ERISA Section 103(a)(3)(C) audit"). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency ("qualified institution"), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of April 30, 2024 and June 30, 2023, for the period from July 1, 2023 to April 30, 2024, and for the year ended June 30, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP"); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As further discussed in Note 1 to the financial statements, the Investment Committee of the Employer approved a plan of liquidation on December 15, 2022, and management determined liquidation is imminent. As a result, the Plan is using the liquidation basis of accounting in its 2023 and 2024 financial statements. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4j—schedule of reportable transactions for the period from July 1, 2023 to April 30, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified

investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The supplemental schedule H, line 4j—schedule of reportable transactions for the period from July 1, 2023 to April 30, 2024 that accompanies the financial statements does not disclose the cost of the asset or the net gain or loss of certain reportable transactions reported by the qualified institution. Disclosure of this information is required by the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Our opinion on the ERISA-required supplemental schedule is not modified with respect to this matter.

Notes to Financial Statements

1. Plan Description

General

The following description of the Christian Children’s Fund, Inc. Pension Plan (the “Plan”) is provided for general information purposes only. Participants should refer to the comprehensive plan document for a more complete description of the Plan’s provisions.

The Plan was adopted effective May 1, 1963, by ChildFund International, USA (Christian Children’s Fund, Inc. until July 1, 2009) (the “Company” or the “Employer”) and is the sponsor of the Plan. The Plan is a noncontributory defined benefit pension plan under Internal Revenue Code (“IRC”) Section 401(a), which covers certain employees of the Company and their beneficiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

During the 2003 plan year, the Plan was amended to freeze benefit accruals for participants who were not vested in their accrued benefits as of June 30, 2003. The amended Plan also excludes from participation any individuals who were hired on and after July 1, 2003. Participants who had not completed five vesting years of service as of June 30, 2003, continued to earn credited service for service on and after July 1, 2003 solely for vesting purposes. The accrued benefits of participants who were not vested in their accrued benefits as of June 30, 2003 were frozen as of such date and is payable on their separation of service from the Company after age 55 and completing five vested years of service or on their normal retirement date, as elected by participants. Effective June 30, 2006, the Plan was amended so that benefit accruals under the Plan for all employees were frozen. The Plan was amended effective July 1, 2021 to bring the Plan into compliance with the most recent statutory and legal changes.

Plan Termination

On December 15, 2022, the Company passed a resolution to terminate the Plan. On March 15, 2023, the Plan adopted an amendment to terminate and liquidate the Plan. All participants were fully vested in their account balances, and the account balances will be liquidated and distributed to participants as soon as administratively practicable after that time. The Plan filed an application for termination with the Internal Revenue Service (“IRS”) in January 2023. The IRS informed the Plan by letters dated and December 26, 2023 and March 11, 2024, that the termination of the Plan does not affect the Plan’s qualified status for federal tax purposes. Participants will choose amongst several options regarding the type of distribution. Participants may elect a lump sum payment, an immediate monthly annuity or a deferred annuity commencing at his or her retirement date.

In connection with the approved termination, the Employer made lump sum payments to Plan participants of approximately \$2,500,000 between August 2023 and December 2023. Additionally, the Employer entered into two group annuity contract purchases with two insurance companies, for the purchase of annuities under which the entire benefit rights of certain annuitants have been irrevocably guaranteed by the insurance companies. The Plan paid approximately \$7,655,000 and \$9,585,000 in August 2023 and October 2023, respectively, for the group annuity contract purchases. Upon acceptance of the annuity contract offers, the insurance companies assumed the liability, and guarantee benefits for those annuitants identified in the contracts. All Plan assets have been liquidated and all participants have received their benefits as of April 30, 2024. In April 2024, excess assets of \$70,920 reverted back to the Employer.

Christian Children's Fund, Inc. Pension Plan

Notes to Financial Statements

Benefit Payments

Prior to the Plan termination and liquidation, the Plan provided for normal retirement benefits at age 65, early retirement benefits at age 55 and 5 years of service, disability benefits, and survivor benefits. The annual retirement benefit is calculated at 2% of average base earnings plus 0.65% of average base earnings in excess of covered compensation, times credited service up to 25 years. Average base earnings consist of one-fifth of the total base earnings of the highest 60 consecutive months of service. Participants become 100% vested at the earlier of completion of 5 years of vesting service, or attainment of age 65. The Plan also provides for supplemental benefits of \$395 per month, payable beginning at age 65, adjusted to reflect the form of payment chosen by the participant. The supplemental benefit accrues fractionally based on the ratio of credited service at the date of determination to his or her projected credited service at attainment of age 55 and the completion of 5 years of service.

Participants may elect to receive their distributions, subject to certain plan provisions, in the form of single life annuity payments or various joint and survivor annuity payment options. If the present value of the participant's vested accrued benefit does not exceed \$5,000 on the date of distribution, it shall be distributed in a lump sum as soon as practicable after the participant's retirement or termination.

2. Summary of Accounting Policies

Basis of Accounting

The 2024 and 2023 financial statements have been prepared under the liquidation basis. This basis was adopted when liquidation was deemed imminent in accordance with Accounting Standards Update ("ASU") 2013-07, *Liquidation Basis of Accounting*. Plan management determined that liquidation was imminent upon adoption of the resolution to terminate the Plan on December 15, 2022. Under the liquidation basis of accounting, assets are measured at their net realizable value, estimated by fair value reduced by surrender charges, penalties and redemption charges, and disposal expenses, to reflect the estimated amount of cash expected to be collected in settling or disposing of the assets during the liquidation process. Liabilities are measured using the accrual basis of accounting, including any expected costs of the disposal of assets and other costs expected to be incurred during the liquidation process. Accrued interest expected to be earned in liquidation and accrued expenses expected to be incurred in liquidation are not material and have been excluded from these financial statements.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein; disclosure of contingent assets and liabilities; and the actuarial present value of accumulated plan benefits at the date of the financial statements, and changes therein. Actual results could differ from those estimates.

Christian Children's Fund, Inc. Pension Plan

Notes to Financial Statements

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by its investment advisers and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Funding Policy

The Plan's funding policy is for the Company to contribute an amount that will meet or exceed the annual ERISA minimum funding requirement. No contributions were required to meet the minimum funding requirements of ERISA as determined by the Plan's actuary during 2024 or 2023.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expense

Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. All other administrative expenses of the Plan are paid by the Company and excluded from these financial statements. Investment related expenses are included in net appreciation/depreciation in the fair value of investments.

3. Certified Investment Information

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at June 30, 2023, and net (depreciation) appreciation in fair value of investments and interest and dividends for the period from July 1, 2023 to April 30, 2024, and for the year ended June 30, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Metropolitan Life Insurance Company ("MetLife"), a qualified institution.

4. Fair Value Measurements

Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Christian Children’s Fund, Inc. Pension Plan

Notes to Financial Statements

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument’s level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at April 30, 2024 or June 30, 2023. The following is a description of the valuation methodologies used for assets measured at fair value:

General Account: The Plan holds a group insurance contract, the MetLife General Account. Participant principal and interest are fully guaranteed by the general account assets of MetLife. The credited interest rate may stay the same or change each quarter. Valued at the daily closing price as reported by MetLife.

Separate Accounts: Valued based on a daily unit net value, primarily using quoted market prices of the underlying securities or similar securities.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

There were no investments held by the Plan at April 30, 2024 since the plan was terminated.

The following table sets forth, by level within the fair value hierarchy, the Plan’s investments measured at fair value on a recurring basis as of June 30, 2023:

	Level 1	Level 2	Level 3	Total
General account	\$ -	\$ 133,926	\$ -	\$ 133,926
Separate accounts	-	21,270,672	-	21,270,672
Total investments at fair value	\$ -	\$ 21,404,598	\$ -	\$ 21,404,598

5. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump sum distributions that are attributable under the Plan’s provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died, and (c) present employees or their beneficiaries. Benefits under the plan are accumulated based on employees’ compensation during the five highest consecutive years of employment out of the last ten years of employment prior to the freeze date. Benefits payable under all circumstances—retirement, death, disability, and termination of employment—are included, to the extent they are deemed attributable to employee service rendered to the freeze date. Benefits to be provided via annuity contracts excluded from plan assets are excluded from accumulated plan benefits. In a terminating plan, assumptions for the present value of accumulated plan benefits should generally consider the possibility of additional potential costs of annuitizing participants, were participants to elect so. The July 1, 2023 valuation assumptions are based on the Plan termination.

The actuarial present value of accumulated plan benefits is determined by an independent actuary and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

Significant assumptions underlying the actuarial computations as of July 1, 2023 were:

Investment return	4.75%
Mortality table	Pri-2012 White Collar Mortality Tables using the MP-2021 Mortality Improvement Scale
Retirement age	Retirement age assumptions (using a retirement schedule with graded ages of 55 to 70+ years)

The computations of the actuarial present value of accumulated plan benefits were made as of July 1, 2023.

A summary of the actuarial present value of accumulated plan benefits is shown below:

	April 30, 2024	June 30, 2023
Actuarial present value of accumulated plan benefits:	(In Liquidation)	(In Liquidation)
Vested benefits:		
Participants currently receiving benefits	\$ -	\$ 15,198,689
Other participants	-	6,165,777
	-	21,364,466
Actuarial present value of non-vested benefits	-	83,450
Total actuarial present value of accumulated plan benefits	\$ -	\$ 21,447,916

Christian Children’s Fund, Inc. Pension Plan

Notes to Financial Statements

The change in the actuarial present value of accumulated plan benefits is as follows:

	Period from July 1, 2023 to April 30, 2024	Year ended June 30, 2023
	(In Liquidation)	(In Liquidation)
Actuarially computed present value of accumulated plan benefits at beginning of period	\$ 21,447,916	\$ 19,592,910
(Decrease) increase during the period attributed to:		
Increase due to the decrease in the discount period	-	1,218,821
Benefits accumulated and actuarial loss	(680,323)	(463,681)
Benefits paid	(3,527,479)	(1,710,576)
Benefits transferred to insurers	(17,240,114)	-
Assumption changes	-	2,810,442
Actuarially computed present value of accumulated plan benefits at end of period	\$ -	\$ 21,447,916

6. Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. On December 15, 2022, as described in Note 1, the Company resolved to terminate the Plan effective March 15, 2023. Participants became 100% vested in their accounts as of the termination date.

7. Tax Status

The IRS has determined and informed the Plan by letters dated and March 14, 2019 and November 30, 2022, that the Plan and related trust were designed in accordance with the applicable regulations of the IRC. The Plan has been amended since receiving the latest determination letter, however, Plan management believes that the Plan and the related trust is currently designed and operated in compliance with the applicable requirements of the IRC and continues to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Related-Party and Parties-in-Interest Transactions

Plan investments are in funds and accounts that are managed by MetLife. As described in Note 2, the Plan paid certain expenses related to plan operations and investment activity to various service providers. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules under ERISA.

Christian Children’s Fund, Inc. Pension Plan

Notes to Financial Statements

9. Risks and Uncertainties

The Plan holds various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

As of June 30, 2023, there were 3 investments held that individually accounted for more than 10% of total investments.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported, based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

10. Subsequent Events

Subsequent events have been evaluated through March 3, 2025, the date the financial statements were issued.

In July 2024, the Pension Benefit Guarantee Corporation (“PBGC”) notified the Plan it would perform a random audit of the Plan termination. All documents for the initial information request were filed within the 30-day deadline. The Company is currently awaiting selection of a sample of participants by the PBGC to comply with the expected subsequent information request.
