Independent Auditor's Report

To the Plan Administrator and Participants
Apria Healthcare Group Inc. 401(k) Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Apria Healthcare Group Inc. 401(k) Savings Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of January 1, 2024 and December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for January 1, 2024 and the years ended December 31, 2023 and 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Apria Healthcare Group Inc. 401(k) Savings Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information

prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Apria Healthcare Group Inc. 401(k) Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Apria Healthcare Group Inc. 401(k) Savings Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Apria Healthcare Group Inc. 401(k) Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Apria Healthcare Group Inc. 401(k) Savings Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

APRIA HEALTHCARE GROUP INC. 401(K) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
JANUARY 1, 2024 AND DECEMBER 31, 2023 AND 2022

1. Description of the Plan

The following description of the Apria Healthcare Group Inc. 401(k) Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

a. General

The Plan was established December 1, 1987 by Apria Healthcare Group, Inc. (the “Company”) as a defined contribution plan under the provisions of Section 401(a) of the Internal Revenue Code (“IRC”), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as amended.

On March 29, 2022 (the “Closing Date”), Owens & Minor, Inc. acquired the Company, pursuant to the previously announced Agreement and Plan of Merger, dated as of January 7, 2022, by and among the Corporation; StoneOak Merger Sub Inc., a Delaware corporation and an indirect wholly-owned subsidiary of the Corporation; and Apria Inc. Plan net assets available for benefits of \$349,785,537 were transferred on December 29, 2023 in advance of a merger with the Owens & Minor 401(k) Savings and Retirement Plan (the “Owens & Minor Plan”) that was effective January 1, 2024. The employer receivable, as of December 31, 2023, was paid to the Owens & Minor Plan in January 2024.

b. Plan Termination Effective January 1, 2024

The Owens & Minor Plan was amended effective January 1, 2024, to merge the Plan into the Owens & Minor Plan. As a result, the Plan was terminated effective January 1, 2024. The Plan assets were transferred into the Owens & Minor Plan in December 2023 for administrative convenience. Accordingly, the transferred investments and notes receivable from the Owens & Minor Plan are included as a receivable from the Owens & Minor Plan on the statement of net assets available for benefits as of December 31, 2023.

c. Administration

The Company has delegated most of the Plan Administrative functions to the Administrative Committee (“Plan Administrator”) appointed by the executive vice president of human resources. The Company's contract administrator, third party trustee and custodian is Fidelity Management Trust Company (“Fidelity”). The Company has the discretion to appoint or remove any trustee or agent of the Plan.

d. Eligibility

All employees of the Company are eligible to participate in the Plan except for non-resident aliens, employees classified as Albany Nursing Agency employees, leased employees, or employees who are a member of a collective bargaining unit unless the bargaining agreement specifically provides for participation in the Plan. Eligible employees can participate in the Plan on the first of the month immediately following employment, provided they are 18 years of age or older unless they

are classified as having per-diem status by the employer. Per-diem status employees must complete 1,000 hours of service in the 12 month period commencing on their date of employment before they are eligible to participate in the Plan. Per-diem employees enter the Plan on the January 1st or July 1st after meeting the eligibility requirements.

e. Participant Contributions

Participants may contribute up to 35% of eligible compensation to the Plan, subject to the Internal Revenue Service (“IRS”) limits. The Plan also allows rollover contributions from other qualified plans, subject to certain guidelines detailed in the Plan document. Upon reaching the age of 50, eligible employees may make additional catch-up contributions as allowed by the IRC. Participants may change the percentage they contribute or cease making deferrals at any time.

f. Employer Matching Contributions

The Company may make matching contributions at its discretion. For the years ended December 31, 2023 and 2022, the Company elected to contribute to each participant meeting the eligibility requirements an amount equal to 12% and 21%, respectively, of the participant’s eligible elective deferrals up to the first 8% deferred by the participant and before considering catch-up contributions. Matching contributions are computed annually and are made to participants who have at least 12 months of service and who are employed on the last day of the Plan year.

g. Participant Accounts

Individual accounts are maintained for each of the Plan's participants to reflect the participant's contributions, the Company's contributions, and an allocation of the Plan's earnings and expenses. Participants can direct their accounts into a variety of investments offered by Fidelity. The benefit to which a participant is currently entitled is the benefit that can be provided from the participant’s vested account.

h. Vesting

Participants are immediately vested in their elective deferrals, rollover contributions, and qualified non-elective contributions to the Plan and the earnings thereon. Participants vest in employer matching contributions based on years of service.

Participants vest in employer matching contributions as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1 year	0%
1 year	0%
2 years	0%
3 or more years	100%

Participants become 100% vested in employer matching contributions upon death, permanent disability as defined in the Plan document, or upon reaching retirement age.

i. Payment of Benefits

Participants become entitled to payment of the total vested value of their accounts at the time of termination, retirement, permanent disability, or death. If a participant’s vested account balance is \$1,000 or less, such benefits are automatically distributed in a lump sum cash payment to the

participant, unless the participant has indicated how to distribute the vested account balance. For those balances between \$1,000 and \$5,000, if no method of distribution has been elected, the participant's vested account balance is distributed in the form of a direct rollover to an individual retirement account designated by the Plan Administrator.

j. Hardship Withdrawals

Upon certain conditions, participants, while still employed by the Company, are permitted to withdraw, in a single sum, a portion of their elective deferrals as a result of an immediate and heavy financial need, subject to a \$500 minimum and may not exceed the amount of an immediate and financial need including any amounts necessary to pay any Federal, state or local income taxes or penalties reasonably anticipated to result from the distribution. These conditions include unreimbursed medical expenses, the purchase of the participant's principal residence, the payment of post-secondary education tuition, the payment of burial or funeral costs of immediate family members, the payment of expenses for the repair of damage to the participant's principal residence that would qualify as a casualty loss, the payment of natural disaster clean-up on the participant's principal residence or to prevent eviction or foreclosure from the participant's principal residence.

k. Forfeitures

Participants who terminate employment forfeit the non-vested portion of employer matching contributions and earnings thereon. Forfeited amounts may be used to reduce future employer matching contributions or pay Plan expenses. At January 1, 2024 and December 31, 2023 and 2022, forfeitures totaling approximately \$0, \$0, and \$116,000, respectively, were available to reduce future employer matching contributions or pay Plan expenses. For January 1, 2024 and the years ended December 31, 2023 and 2022, forfeitures of approximately \$0, \$86,000, and \$62,000, respectively, were used to offset the matching contribution and pay Plan expenses.

l. Revenue Credits and Administrative Expenses

During 2015, the Plan entered into an agreement with the trustee whereby the trustee shares certain revenue generated by the Plan in excess of their fee. These deposits are included in other income on the statements of changes in net assets available for benefits and are available to pay Plan expenses. During 2024, 2023 and 2022, revenue credits of \$0, \$0 and \$30,000 were deposited into the Plan, respectively.

Certain administrative costs are paid by the Plan. Direct expenses totaling approximately \$0, \$243,000 and \$211,000 were paid by the Plan during 2024, 2023 and 2022, respectively, representing loan processing fees, recordkeeping, and account maintenance fees. Certain expenses are included in the transaction prices of investments bought and sold and cannot be separately quantified.

m. Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum of \$50,000, but not to exceed 50% of their total vested account balances. Loans are repayable through payroll deductions over periods ranging up to five years, unless the loan is used to acquire a principal residence, in which case the loan term may be extended to fifteen years. The loan is secured by the balance in the participant's account and bears interest at a rate consistent with the rate charged by persons in the business of lending money under similar circumstances. Due to the

pending transfer of assets, there were no loans outstanding as of December 31, 2023, with all assets associated with the Plan being held in the receivable on the statement of net assets available for benefits.

2. Summary of Significant Accounting Policies

a. Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting.

b. Use of Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles (“GAAP”) requires management of the Plan to make estimates and assumptions that affect the reported amounts of assets and changes therein, and disclosure of contingent assets. Actual results could differ from those estimates.

c. Investment Valuation and Income Recognition

The Plan’s investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Net appreciation (depreciation) in fair value of investments consists of the net change in unrealized gains or losses on investments during the year and the realized gain or loss on investments sold during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis; dividends are recorded on the ex-dividend date.

d. Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants may be treated as a distribution based on the terms of the Plan document.

e. Payment of Benefits

Benefits are recorded when paid.

3. Investments

Plan investment assets are held by Fidelity. Participants can direct their accounts among various mutual funds, a money market fund and a common collective trust.

The Fidelity Managed Income Portfolio Fund (the “MIP”) is a common collective trust investing primarily in nonconvertible bonds, U.S. government securities, asset backed securities and mortgage-backed securities. The MIP also invests in wrap contracts. A wrap contract is an agreement by another party, such as a bank or insurance company, to make payments to a portfolio in certain circumstances. Wrap contracts are designed to allow a stable value portfolio to maintain a constant net asset value (“NAV”) and to protect a portfolio in extreme circumstances. Certain events could cause the MIP not to transact at contract value including the Plan’s failure to qualify under Section 401(a) or Section 401(k) of the IRC, establishment of a

defined contribution plan that competes with the Plan for employee contributions, substantive modification of the MIP or the administration of the MIP that is not consented by the wrap issuer, changes in laws, regulations or administrative rulings applicable to the Plan that could have a material adverse effect on the MIP's cash flow, any communication given to unit holders to induce or influence unit holders not to invest in the MIP or transfer assets out of the MIP, or any transfer of assets from the MIP directly to a competing investment option. Earnings from the investment in the common collective trust are included in dividends and interest income on the accompanying statements of changes in net assets available for benefits.

4. Fair Value Measurements

FASB Accounting Standards Codification ("ASC") 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 — inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

There were no investment assets held at January 1, 2024 and December 31, 2023.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2022.

Money market and mutual funds: Valued at fair value based on quoted market prices at year end.

Common collective trust: The Plan's interest in the common collective trust is based on the NAV practical expedient of the common collective trust's underlying investments as based on information reported by the investment advisor using the audited financial statements or daily reported NAV of the common collective trust at year-end. Participant transactions can occur daily.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2022:

Investments at Fair Value at December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 283,883,928	\$ -	\$ -	\$ 283,883,928
Money market fund	16,552,244	-	-	16,552,244
Total	<u>\$ 300,436,172</u>	<u>\$ -</u>	<u>\$ -</u>	300,436,172
Investment at NAV:				
Common collective trust				6,356,257
Total investments				<u>\$ 306,792,429</u>

The following table provides information regarding redemption of investments where the NAV has been used as a practical expedient to measure fair value at December 31, 2022:

	NAV as Fair Value	Redemption	Redemption
	2022	Frequency	Notice Period
Common collective trust	\$ 6,356,257	Daily	1-2 days

The objective of the common collective trust is to provide a competitive level of income over time that is consistent with the preservation of capital. To achieve its investment objective, the common collective trust invests in assets (typically fixed-income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements), enters into wrap contracts issued by third parties and invests in cash equivalents represented by shares in money market funds. At January 1, 2024 and December 31, 2023 and 2022 there were no unfunded commitments.

5. Risks and Uncertainties

The Plan's assets are invested in a variety of investments. Investment securities, in general, are exposed to various risks, such as foreign currency exchange, interest rate, market, and credit risks. As a result of the Plan termination described in Note 1, the Plan no longer exists as of January 1, 2024 and these investment risks no longer exist with the terminated Plan.

6. Information Certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following information included in the financial statements and supplemental schedule was provided and certified by the trustee, Fidelity Management Trust Company, as of December 31, 2023 and 2022 and for the years then ended as complete and accurate:

- Investments, at fair value
- Notes receivable from participants
- Investment income (loss)
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

7. Qualitative Non-elective Contribution (QNEC) Receivable

The Company provided a qualitative non-elective contribution to certain non-highly compensated individuals for the Plan to comply with the non-discrimination requirements of the IRC. For the Plan years ended December 31, 2023 and 2022, the amount due to the Plan was \$794,524 and \$31,872, respectively, and was recorded as a receivable on the statements of net assets available for benefits within employer matching contributions receivable.

8. Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity Investments, an affiliate of Fidelity. Fidelity is the trustee as defined by the Plan. Certain investment fees are paid by the trustee and are reflected in the investment income or loss for the year. The Plan also issues loans to participants that are secured by the vested balance in the participants' accounts. As such, these transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Additionally, the Plan sponsor, Apria Healthcare Group, Inc., is a party-in-interest. However, there were no transactions with the Plan sponsor other than the funding of contributions to the Plan and payment of certain administrative expenses of the Plan.

10. Tax Status

Effective July 6, 2021, the Plan was restated utilizing a Fidelity Volume Submitter Plan Document. Fidelity received an advisory letter from the IRS on June 30, 2020 in which the IRS stated that the Plan, as then designed, was in compliance with the applicable requirements of the IRC. Management believes that the Plan is designed and continues to be operated in compliance with the requirements of the IRC and therefore was tax-exempt through the January 1, 2024 termination date.

Assuming it meets certain initial and ongoing requirements, the Plan is generally exempt from federal and state income taxes. However, GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan

Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of January 1, 2024 and December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements.

11. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of the net assets available for benefits as reported on the Plan's financial statements to amounts reported on the Form 5500 at December 31:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits reported on the financial statements	\$ 352,080,061	\$ 314,018,443
Adjustment from fair value to contract value	-	(429,079)
Receivables not reported on the Form 5500	<u>(2,294,524)</u>	<u>(31,872)</u>
Net assets available for benefits reported on the Form 5500	<u>\$ 349,785,537</u>	<u>\$ 313,557,492</u>

The following is a reconciliation of the net change in net assets available for benefits before transfers as reported on the Plan's financial statements to amounts reported on the Form 5500 for the years ended December 31:

	<u>2023</u>	<u>2022</u>
Net change in net assets available for benefits reported on the financial statements	\$ 38,061,618	\$ (75,283,956)
Change in adjustment from contract value to fair value	429,079	(478,898)
Change in return of excess contributions	-	(146,793)
Change in qualitative non-elective contributions	<u>(2,262,652)</u>	<u>(31,872)</u>
Net change in net assets available for benefits reported on the Form 5500	<u>\$ 36,228,045</u>	<u>\$ (75,941,519)</u>

12. Subsequent Events

The Plan Administrator has evaluated subsequent events through October 9, 2024, the date the financial statements were available for issuance.
