INDEPENDENT AUDITOR'S REPORT

To the Participants and Trustees of
California Ironworkers Field Defined Contribution Pension Trust Fund:

Opinion

We have audited the accompanying financial statements of California Ironworkers Field Defined Contribution Pension Trust Fund, which comprise the statements of net assets available for benefits as of May 31, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of California Ironworkers Field Defined Contribution Pension Trust Fund as of May 31, 2024 and 2023, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the California Ironworkers Field Defined Contribution Pension Trust Fund and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the California Ironworkers Field Defined Contribution Pension Trust Fund's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current fund instrument, including all fund amendments, administering the fund, and determining that the fund's transactions that are presented and disclosed in the financial statements are in conformity with the fund's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the California Ironworkers Field Defined Contribution Pension Trust Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the California Ironworkers Field Defined Contribution Pension Trust Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Notes to Financial Statements
May 31, 2024 and 2023

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of California Ironworkers Field Defined Contribution Pension Trust Fund (the “Fund”) are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Investment Valuation, Transactions and Income Recognition

General

Investments are carried at fair value, which is determined, presented and disclosed in accordance with Financial Accounting Standards Board Accounting Standards Codification (“FASB ASC”) 820, *Fair Value Measurements and Disclosures*. Under FASB ASC 820, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the “exit price”) in an orderly transaction between market participants at the measurement date.

FASB ASC 820 establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Fund. Unobservable inputs reflect the Fund’s assumptions about inputs that market participants would use in pricing the investments developed based on the best information available in the circumstances. The fair value hierarchy is categorized into three levels, based on the inputs, as follows:

Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Fund has the ability to access.

Level 2 - Valuations based on quoted prices in markets that are not active, quoted prices for similar investments in active markets or model-based valuations for which all significant assumptions are observable and can be corroborated by observable market data.

Level 3 - Valuations based on unobservable inputs that are supported by little or no market activity and are significant to the overall fair value measurement. Values are determined using proprietary pricing models, discounted cash flow models that include the investment entities’ own judgments and estimations, or some other pricing method using unobservable inputs.

Inputs and Valuation Methods

In determining fair value, FASB ASC 820 allows various valuation approaches. The specific methods used for each of the Fund’s investment classes are presented below.

Common/Collective Trusts: The fair value of the investments in this category has been estimated using the net asset value per share of the investments as a practical expedient. These investments are direct filing entities with the Department of Labor; therefore, information regarding the investment strategy is not disclosed. The per-unit net asset value is determined each business day. Redemptions may be made daily based upon the closing market value on the valuation date of the investments bought or sold and the net asset value per unit. The trustee of the common/collective trusts reserves the right to value any withdrawal as of the next succeeding valuation date or another date as the trustee deems appropriate. As of May 31, 2024 and 2023, there were no unfunded commitments for these investments.

Mutual Funds: The fair value of mutual funds is generally based on quoted market prices in active markets (Level 1).

Valuation Methods, Consistency

The valuation techniques used in the accompanying financial statements have been consistently applied.

Transactions and Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Fund's gains and losses on investments bought and sold as well as held during the year.

Employer Contributions Receivable

Employer contributions due and not received prior to year-end are recorded as employer contributions receivable. Contributions due that are delinquent and contributions due as a result of employer payroll audits are recorded net of an allowance equal to the amount due because their collectability is uncertain. Therefore, delinquent contributions are recognized when received.

Investment in Ironworker Employees' Benefit Corporation (the "IEBC")

The Fund and other related ironworker trust funds (see Note 7) established the IEBC to provide the trusts with administrative services. The investment is valued at the book value of the Fund's interest in IEBC.

Administrative Fee Reimbursement

All employer contribution income is initially credited to participant accounts. Each quarter, the IEBC submits an invoice for administrative fees to Vanguard Fiduciary Trust Company ("Vanguard"). Vanguard allocates the amount of the invoice to participant accounts based on each participant's account balance and forwards the total payment to the IEBC. Total employer contributions show the amount of employer contributions applicable to administrative fees as a separate component.

Net Assets Available for Benefits

Net assets available for benefits are designated as either participant-allocated net assets or unallocated net assets. Once contributions are processed, they are sent to Vanguard and allocated to the participant accounts, which are participant directed. Contributions that have not been processed are designated as unallocated net assets and are held in the Fund's Bank of New York Mellon account. During this period, they are nonparticipant directed.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results may differ from those estimates.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Risks and Uncertainties

The Fund invests in common/collective trusts and mutual funds. Such investments are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investments and the level of uncertainty with respect to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

Accounting Pronouncements Currently Adopted

In June 2016, the FASB issued an Accounting Standards Update ("ASU") amending the accounting for credit losses on financial statements. This methodology replaced the incurred loss methodology with the expected credit losses using a wide range of reasonable and supportable information. The amendment affects loans, debt securities, trade receivables, net investments in leases, off-balance-sheet credit exposure, and other financial instruments recorded at amortized cost. The Fund adopted the new standard effective June 1, 2023, using the modified retrospective approach. Comparative prior periods were not adjusted upon adoption. Upon adoption, there was no cumulative-effect adjustment to the opening fund balance.

2. DESCRIPTION OF THE FUND

The following brief description of the Fund is provided for general information purposes only. Participants should refer to the Summary Plan Description ("SPD") for more complete information.

General

The Fund is a defined contribution retirement plan that was established on July 1, 1978. The Fund was established by labor and employers as a means of accumulating money to protect a member and his family in the event of disability or death during his working years and to provide an additional measure of financial security upon retirement. The Fund is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended.

Investment Options

Once contributions are transferred to Vanguard, they are invested as directed by the participants in various common/collective trusts and mutual funds. Participants must evaluate their own investment goals and objectives and choose the investments best suited to achieve those goals and objectives. Poor investment performance by the investment funds selected by the participants may cause their balances to be lower than the amounts contributed to the Fund on their behalf. The trustees will establish or change investment funds or cease to accept further investments in previously approved investment funds as they deem appropriate, in their sole discretion. All contributions on behalf of participants who make no election will be invested in the Vanguard Target Retirement Trust based on the participant's present age and a retirement age of 65. The trustees may establish rules and regulations for the administration of investments and the exercise of investment options under the Fund.

Participation and Vesting

The Fund's participants include current and retired employees of employers signatory to collective bargaining agreements that require contributions to be made to the Fund. Participant accounts are credited with the contributions made on their behalf and their allocable share of the Fund's investment income and expenses of operating the Fund, which are deducted. During the years ended May 31, 2024 and 2023, the quarterly participant deductions for the administrative expenses of operating the Fund totaled \$2,873,928 and \$2,477,161, respectively. A participant's right to the value of his or her individual account is nonforfeitable from the time that such an individual account is established. A participant is always 100% vested in the amount of his or her individual account.

Payment of Benefits

Participants are entitled to a distribution of the accumulated share in their individual accounts upon retirement, as defined in the SPD. In the event that a participant dies before he or she becomes an annuitant, this accumulated share shall be paid to his or her beneficiary or beneficiaries. A participant may elect to have his or her accumulated share distributed in the form of an annuity, a lump-sum payment, or a combination of the two.

3. PRIORITIES UPON TERMINATION

The Board of Trustees may amend or modify the Fund at any time in accordance with the trust agreement, except to reduce benefits approved for payment prior to the amendment or to reduce a participant's account other than for losses in the fund.

In the event of termination of the Fund, the assets remaining, after providing for the expenses of the Fund and for the payment of any account balance previously approved, shall be distributed among the participants. Each participant shall receive that part of the total remaining assets in the same ratio, as his or her account balance is a percentage of account balances of all participants.

4. TAX STATUS

The Fund obtained its latest determination letter, dated February 17, 2016, in which the Internal Revenue Service stated that the Fund, as then designed, was in compliance with the applicable requirements under Section 401(a) of the Internal Revenue Code and was, therefore, exempt from federal income taxes. The Fund's administrator and the Fund's counsel believe that the Fund continues to operate in compliance with the applicable requirements of the Internal Revenue Code. Therefore, they believe that the Fund was qualified, and the related trust was tax exempt, as of the financial statement date.

The Fund's administrator has analyzed the tax positions taken by the Fund and has concluded that, as of May 31, 2024 and 2023, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Fund is subject to routine audits by the taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

5. FUNDING POLICY

The participating employers contribute such amounts as are specified in the collective bargaining agreements. The predominant hourly contribution rates were \$6.56 from June 1, 2023 through May 31, 2024, and \$5.06 from June 1, 2022 through May 31, 2023.

6. INVESTMENTS AT FAIR VALUE HIERARCHY

7. RELATED ORGANIZATIONS

Administrative services for the Fund are provided by IEBC, a not-for-profit corporation, which provides administrative services to a group of member trust funds collectively known as the California Field Ironworkers Trust Funds (the "Ironworkers Trust Funds"). The Fund enters into various transactions with the related Ironworkers Trust Funds in the normal course of operations. IEBC initially pays investment, operating and administrative expenses related to the Ironworkers Trust Funds. Specific identifiable expenses are charged to the respective trust fund, and common administrative expenses are allocated to each trust on a percentage basis. Amounts reimbursed to IEBC for these expenses for the years ended May 31, 2024 and 2023, totaled approximately \$3,562,000 and \$2,856,000, respectively.

The Fund invests in shares of common/collective trusts and mutual funds managed by an affiliate of Vanguard. Vanguard acts as a trustee for only those investments as defined by the Fund. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

8. SUBSEQUENT EVENTS

In preparing these financial statements, management of the Fund has evaluated events and transactions that occurred after May 31, 2024, for potential recognition or disclosure in the financial statements. These events and transactions were evaluated through February 20, 2025, the date that the financial statements were available to be issued, and no items have come to the attention of management that require recognition or disclosure.
