## **Report of Independent Auditors**

The Profit Sharing and Retirement Committee of  
Territorial Savings Bank 401(k) Plan

### **Report on the Audit of the Financial Statements**

#### ***Opinion***

We have audited the financial statements of Territorial Savings Bank 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2021 and 2020, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Territorial Savings Bank 401(k) Plan as of December 31, 2021 and 2020, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America (GAAP).

#### ***Basis for Opinion***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Territorial Savings Bank 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Territorial Savings Bank 401(k) Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for purpose of expressing an opinion on the effectiveness of Territorial Savings Bank 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Territorial Savings Bank 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Other Matter***

#### ***Supplemental Schedule Required by ERISA***

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Schedule H, line 4(i) – schedule of assets (held at end of year) as of December 31, 2021 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

TERRITORIAL SAVINGS BANK

401(k) PLAN

Notes to Financial Statements

December 31, 2021 and 2020

**(1) Plan Description**

The Territorial Savings Bank 401(k) Plan (the Plan) is a defined-contribution plan and is available to eligible employees of Territorial Savings Bank (the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The following brief description of the Plan provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan.

The Employer serves as Plan Administrator. Lincoln Financial Group serves as Recordkeeper and Custodian of the Plan. Reliance Trust is the Trustee of the Plan. Matrix Trust Company holds the Territorial Bancorp Inc. common stock and executes related investment transactions.

**(a) Eligibility**

For purposes of the Plan, an employee who has attained the age of 21 and completed three months of service is eligible to make elective contributions. However, the employee must complete 12 months of service, have worked 1,000 hours during the year, and be employed on the last day of the year to receive employer matching or discretionary contributions.

**(b) Participant Contributions**

Each participant may elect to defer up to 100% of their eligible compensation up to the maximum amount that will not cause the Plan to violate applicable provisions of the Internal Revenue Code (the Code). Participants may also elect to make Roth contributions utilizing after-tax contributions.

Eligible participants may also elect to roll over distributions from a former employer's qualified retirement plan to the Plan.

**(c) Employer Matching Contributions**

The Employer contributes on behalf of each participant an amount determined at the discretion of the Board of Directors. The minimum matching amount will be five percent of the total eligible participant contributions. Employer matching contributions are allocated to the participants' accounts in the proportion that each participant's contribution bears to the total participant contributions for the plan year. In 2021 and 2020, the Employer made matching contributions of \$66,111 and \$64,552, respectively.

**(d) Employer Discretionary Contributions**

The Employer may make discretionary contributions to the Plan as determined by the Board of Directors. Employer discretionary contributions are allocated to eligible participants' accounts in the proportion that each participant's eligible compensation bears to the eligible compensation of all such participants for the plan year. The Employer is not obligated to make discretionary contributions for any plan year. There were no discretionary contributions made during 2021 or 2020.

**(e) Participants' Accounts**

The Plan Administrator maintains separate accounts for each participant.

TERRITORIAL SAVINGS BANK

401(k) PLAN

Notes to Financial Statements

December 31, 2021 and 2020

Participants' accounts are adjusted for (a) the participant's contribution to the Plan, (b) the Employer's matching contribution for the year, (c) the profit or loss of the 401(k) trust fund (whether realized or unrealized) since the end of the immediately preceding year, (d) the aggregate of the Employer's discretionary contributions for such year, and (e) an allocation of expenses. Investment earnings and losses and any fees and expenses paid from the Plan are allocated to participants' accounts based on each participant's proportionate share of the investment balance.

Participants direct the investment of their account into various investment options offered by the Plan. Participants may direct their investments into Territorial Bancorp Inc. common stock, certain mutual funds and a fixed annuity contract as allowed under the Plan. The contributions of participants who do not make elected investment options are invested into the Vanguard LifeStrategy Moderate Growth Fund.

**(f) *Benefits Paid to Participants***

Distribution of a participant's account will be made at such time as a participant ceases employment, becomes disabled, or dies. Distributions from the Plan will be paid in the form of cash or, if a participant's vested balance includes Territorial Bancorp Inc. common stock, they may elect to receive a distribution of those shares. If a participant's vested interest in his or her account is \$1,000 or less, the participant's vested interest may be distributed in a lump sum as soon as practicable. No consent of the participant is required for this involuntary cash out to be made. If the participant's vested interest in his or her account is greater than \$1,000 but less than \$5,000 and no distribution election has been made, the Plan Administrator shall make a direct rollover into an individual retirement account on behalf of the participant.

In-service withdrawals are allowed for participants who have attained the age of 59 ½. A participant may also, with approval, make a hardship withdrawal for allowable financial needs that would qualify for deductions by the participant under Section 213 of the Code.

**(g) *Vesting***

Participant contributions and the Employer's matching and discretionary contributions are immediately vested.

**(h) *Notes Receivable from Participants***

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are issued by the Plan and secured by the balance in the participant's account.

The period of repayment for any loan cannot exceed five years from the date of the loan, except for loans granted to purchase a principal residence for which the applicable repayment period must be within any reasonable period as determined by the Plan Administrator not to exceed a maximum of fifteen years. Additionally, principal and interest on the loan must be paid in equal installments on at least a monthly basis. The loan interest rate is based on the quarterly prime interest rate plus 1% at the time the loan is requested and is fixed for the term of the loan. Each loan must be made against collateral, being the assignment of the participant's entire right, title, and interest in and to the

participant's account, supported by the borrower's collateral promissory note for the amount of the loan. At December 31, 2021, all participant loans bear interest between 4.25% to 6.50%, with maturities through 2033.

**(i) Termination**

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

**(2) Summary of Significant Accounting Policies**

**(a) Basis of Accounting**

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United State of America.

**(b) Investment Valuation and Income Recognition**

The Plan's investments are stated at fair value with the exception of fully benefit-responsive investment contracts. Investments in fixed annuity contracts, which are fully-benefit responsive investment contracts, consist of the Lincoln Financial Group Stable Value Account and are reported at contract value.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Contract value is the relevant measurement for assets invested in fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes realized and unrealized changes in fair value of investments bought, sold, and held during the year.

**(c) Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions upon the occurrence of a distributable event, based upon the terms of the Plan Document. No allowance for credit losses has been recorded as of December 31, 2021 or 2020.

**(d) Payment of Benefits**

Benefits are recorded when paid.

TERRITORIAL SAVINGS BANK

401(k) PLAN

Notes to Financial Statements

December 31, 2021 and 2020

**(e) Expenses**

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

**(f) Use of Estimates**

The preparation of the financial statements in conformity with generally accepted accounting principles requires management of the Plan to make a number of estimates and assumptions relating to the reported amounts of assets and changes therein and the disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

**(g) Risks and Uncertainties**

The Plan may invest in various types of investment securities, including shares of Territorial Bancorp Inc. common stock. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. The value, liquidity, and related income of these securities may be sensitive to changes in economic conditions, and may be adversely affected by shifts in the market's perception of the issuers and changes in interest rates. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

**(h) Subsequent Events**

The Plan has evaluated subsequent events through the date the financial statements are issued.

**(3) Tax Status**

The Plan is a prototype profit sharing and 401(k) plan, which has received approval from the Internal Revenue Service (IRS) for use as a prototype plan by a letter dated March 31, 2014, which stated that the Plan as then designed, was in accordance with applicable sections of the Code. Although the Plan has been amended since the date of the letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code and the Plan is exempt from income tax. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2021 and 2020, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

December 31, 2021 and 2020

**(4) Lincoln Financial Group Stable Value Account**

The Lincoln Financial Group Stable Value Account is a fully benefit-responsive guaranteed fixed annuity contract available as an investment option to plan participants. The fixed annuity contract is issued by Lincoln National Life Insurance Company (Lincoln). Lincoln maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals. The fixed annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the fixed annuity contract is fully benefit-responsive, contract value is the relevant measurement attributable for that portion of the net assets available for benefits of a defined-contribution plan attributable to the fixed annuity contract. Contract value, as reported to the Plan by Lincoln, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct withdrawals or transfers of all or a portion of their investment at contract value.

The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 1.00%. Such interest rates are reviewed on a quarterly basis for resetting. The crediting interest rate and the yield for the fixed annuity contract were 1.50% and 1.75% as of December 31, 2021 and 2020, respectively.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

Certain events could trigger termination of the fixed annuity contract by the issuer, resulting in the Plan not being able to receive immediate contract value. Such events include (1) any charges billed to the contract owner have not been paid to the issuer within 30 days, (2) the Plan ceases to meet the requirements of the Code for purchasers of this contract, (3) at any time, following the end of the third contract year, the contract owner account is less than \$15,000, (4) at any time, following the end of the third contract year, there is no deposit activity for a 24-consecutive month period and the contract owner account is less than \$50,000, (5) the contract owner fails to furnish requested information or other documentation, (6) the issuer discovers any misrepresentation of material information, (7) the issuer discontinues offering this contract form to the public, or (8) the Plan terminates its recordkeeping agreement with the issuer. The Plan Administrator believes that any events that would trigger termination of the fixed annuity contract are not probable of occurring.

TERRITORIAL SAVINGS BANK

401(k) PLAN

Notes to Financial Statements

December 31, 2021 and 2020

**(5) Fair Value Measurements**

The Plan measures its financial assets, financial liabilities, and nonfinancial items that are recognized or disclosed at fair value in its financial statements on a recurring basis at fair value in accordance with the Fair Value Measurements and Disclosures topic of the Financial Accounting Standards Board Accounting Standard Codification. The topic establishes a fair value hierarchy that prioritizes the valuation inputs used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3 inputs are unobservable inputs for the asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2021 or 2020.

*Money market funds and mutual funds:* Valued at the publicly published net asset value (NAV) of shares held by the plan.

*Common stock:* Valued at the closing price reported on the active market on which the individual securities are traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 31, 2021 and 2020, the Plan had no assets or liabilities measured at fair value on a nonrecurring basis.

The Plan's accounting policy is to recognize transfers between levels of fair value hierarchy on the date of the event or change in circumstances that caused the transfer. There were no transfers into or out of Levels 1, 2 or 3 for the years ended December 31, 2021 or 2020.

**(6) Party-In-Interest Transactions**

Certain plan investments are managed by Lincoln Financial Group and Matrix Trust Company. Lincoln Financial Group is the Custodian of the Plan and Matrix Trust Company holds the Territorial Bancorp Inc. common stock and executes related investment transactions, and, therefore, transactions with these entities qualify as exempt party-in-interest transactions.

The Plan invests in common shares of Territorial Bancorp Inc. and in a money market fund managed by an affiliate of the Custodian. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

The following is a reconciliation of the change in net assets available for benefits reported in the financial statements and the net income reported on the Form 5500 for the year ended December 31, 2021:

|  | <u>2021</u>         |
|--|---------------------|
| Change in net assets, per financial statements   | \$ 3,295,360        |

| Net income, per Form 5500  | <u>\$ 3,299,602</u> |

**(8) Subsequent Events**

The market value of investments at December 31, 2021 was \$39,235,500. As of June 22, 2022, the market value of investments declined to \$ 36,207,580. The decrease in market value of investments occurred because of rising interest rates which lowered the market value of the mutual funds and Territorial Bancorp's Inc.'s common stock.

In April 2022, the Plan changed its trustee from Reliance Trust to Lincoln Financial Group.
