Independent Auditors' Report

To the Plan Administrator and Participants
Scientific Systems Company, Inc. Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Scientific Systems Company, Inc. Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of May 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended May 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of May 31, 2024 and 2023, and for the year ended May 31, 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PKF O'Connor Davies, LLP is a member firm of the PKF International Limited network of legally independent firms and does not accept any responsibility or liability for the actions or inactions on the part of any other individual member firm or firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4(i) - Schedule of Assets (Held at End of Year) as of May 31, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Scientific Systems Company, Inc. Profit Sharing Plan

Notes to Financial Statements
May 31, 2024 and 2023

1. Description of the Plan

The following description of the Scientific Systems Company, Inc. Profit Sharing Plan (the “Plan”) is provided for general information purposes only. More complete information regarding the Plan’s provisions may be found in the Plan document.

General

The Plan is a defined contribution plan covering all employees of Scientific Systems Company, Inc. (the “Employer”). All employees who have attained the age of 21 and completed one month of service, except for nonresident aliens, union employees, and interns are eligible to participate in the Plan, (“Participants”).

As of and for the year ended May 31, 2023 and for the period June 1, 2023 through December 26, 2023, Nationwide Mutual Insurance Company, FSB (“Nationwide”) provided custodian services and recordkeeping and administrative services for the Plan. Effective December 27, 2023, the Plan transferred its assets from Nationwide to Fidelity Management Trust Company (“FMTC”), (collectively the “Custodians”). FMTC held the Plan assets as of May 31, 2024 and for the period from December 27, 2023 through May 31, 2024 and Fidelity Workplace Services (“FWS” or the “Recordkeeper”), an affiliate of FMTC, provided record keeping services and executed investment transactions for the period from December 27, 2023 through May 31, 2024. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). All investments are participant-directed.

Plan Administration

The Employer is the plan administrator and has the authority to appoint person(s) or entities to carry out the operation of the Plan. One of the officers of the Employer serves at the Plan’s Trustee. Individual participant accounts may be charged directly with an allocation of administrative expenses, if not paid by the Employer. Individual Participant accounts are charged directly for loan recording, if applicable.

Subsequent Events

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which is March 10, 2025.

Participant Contributions

Each year, Participants may elect to defer up to 100% of eligible compensation, as defined by the Plan, on a pre-tax or roth basis not to exceed a dollar limit established under the Internal Revenue Code (the “IRC”). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans (“Participant Rollovers”).

1. Description of the Plan (*continued*)

Employer Contributions

Employer Matching Contributions

The Employer, at its discretion, may elect to make matching contributions as determined by its Board of Directors. To be eligible for the employer matching contribution, Participants must be contributing to the Plan. For the year ended May 31, 2024, the Employer elected to make matching contributions equal to 50% of each Participant's elective deferrals up to 6% of the Participant's eligible compensation. For the year ended May 31, 2024, the Employer made matching contributions of \$489,498.

Employer Non-Elective Contributions

The Employer, at its discretion, may elect to make an Employer non-elective contribution to the Plan as determined by its Board of Directors. Employer non-elective contributions are allocated based on Participants' compensation. Participants must be employed on the last day of the Plan year and must have completed one year of service with 1,000 hours during the Plan year. Exceptions for participants not employed on the last day of the Plan year are death and total and permanent disability. For the year ended May 31, 2024, the Employer elected not to make an employer non-elective contribution.

Participant Accounts

Each Participant's account is credited with the Participant's contributions, the respective employer contributions, an allocation of the Plan's investment earnings or losses, and is charged with an allocation of certain expenses, if applicable. Allocations are based on Participant compensation or account balance, as defined. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account balance.

Vesting

Participants are immediately vested in their respective participant deferral contributions and employer matching contributions, plus actual earnings thereon. A participant becomes fully vested upon death, disability, or retirement while employed by the Employer. Vesting in employer non-elective contributions is as follows:

<u>Years of Service</u>	<u>Percentage Vested</u>
0	0%
1	20%
2	40%
3	70%
4	100%

1. Description of the Plan (*continued*)

Payment of Benefits

Upon termination of service due to death, disability, termination, or retirement, a Participant or beneficiary may elect to receive a partial withdrawal or a lump-sum distribution in an amount equal to the value of the Participant's vested interest in his or her account. The payment can either be a cash distribution to the Participant, subject to income tax withholdings, or a cash rollover to an individual retirement account or another qualified plan as defined. If a Participant's vested account is less than \$5,000, the plan administrator, after notification, may distribute the account balance to the Participant.

In-service withdrawals are permitted upon reaching age 59 ½ or out of a participant's rollover account balance. In-service withdrawals are also permitted due to financial hardship. Participants must have obtained all distributions, other than the hardship withdrawal, before financial hardship withdrawals are allowed. Hardship withdrawals may be taken from the Participant's deferral contribution account.

Notes Receivable from Participants

Subject to approval by the plan administrator, Participants may borrow from their vested accounts a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range up to five years (or longer for the purchase of a primary residence). Participants may only have one loan outstanding at a time and must obtain spousal consent. Loans are secured by the vested balance in the Participant's account and bear a reasonable interest rate, as determined by the Plan administrator. Principal and interest are paid ratably through payroll deductions or by check if the employee has terminated employment. If a Participant ceases to make loan payments and the plan administrator deems the loan to be in default, the Participant's loan balance is reduced and a benefit payment is deemed to have been made in accordance with the Plan document.

Interest rates for outstanding loans range from 3.25% to 9.50% at May 31, 2024 and 3.25% to 5.75% at May 31, 2023 and mature through December 2031. Loans to Participants are reported as notes receivable from Participants at the unpaid principal balance plus any accrued but unpaid interest.

Forfeitures

A Participant who leaves Employer will forfeit any non-vested balance at the earlier of 1) the last day of the plan year in which the Participant has been separated from the Employer for five years or 2) the day in which the Participant requests a full distribution of their vested account balance. At the Employer's discretion, forfeited balances may be used to pay administrative expenses and to reduce Employer Contributions in the year of forfeiture. At May 31, 2024 and 2023, unused forfeiture balances amounted to \$71,623 and \$72,659, respectively.

Notes to Financial Statements

May 31, 2024 and 2023

1. Description of the Plan (*continued*)

Revenue Sharing Agreement

The Employer has a revenue sharing agreement with Nationwide that provides for expense reimbursements to the Plan. Net revenue sharing amounts are applied first to offset Plan fees incurred at the third party administrator and Nationwide, which would otherwise be billed to the Employer. If net revenue sharing amounts exceed Plan fees, the excess is carried over to the next year. At May 31, 2023, there were no unallocated amounts. During 2024, the Employer ended the revenue sharing agreement.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified as Level 1 investments.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Scientific Systems Company, Inc. Profit Sharing Plan

Notes to Financial Statements
May 31, 2024 and 2023

2. Summary of Significant Accounting Policies (*continued*)

Investments, Investment Valuation and Income Recognition

Investments in mutual funds are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Plan's group annuity contracts are reported at contract value. Contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive contracts because contract value is the amount Participants would received if they were to initiate permitted transaction under the terms of the Plan. See Note 4 for information on the group annuity contracts.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's gains and losses on the investments bought and sold, as well as held during the year. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefit payments to Participants are recorded during the period in which they are paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of May 31, 2024 and 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded as soon as a distributable event occurs.

3. Information Certified (Unaudited)

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required Schedule H, Part IV, Line 4i, Schedule of Assets (Held at End of Year) including investments held and notes receivables from participants at May 31, 2024 and 2023, and net appreciation in fair value of investments, dividend and interest income, and interest income on notes receivable from participants for the year ended May 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by the Custodians, qualified institutions.

Scientific Systems Company, Inc. Profit Sharing Plan

Notes to Financial Statements

May 31, 2024 and 2023

4. Group Annuity Contracts

At May 31, 2024, the Plan holds a fully benefit-responsive group annuity contract issued by Lincoln National Life Insurance Company ("Lincoln National") called the Lincoln Stable Value Fund (the "Lincoln Investment Contract"). Lincoln maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Lincoln Investment Contract issuer is contractually obligated to repay the principal and a specified interest rate to the Plan, subject to the claims paying ability of Lincoln National. Participants invested in the Lincoln Investment Contract through the Lincoln Stable Value Fund.

As the Lincoln Investment Contract is fully benefit-responsive, contract value is the relevant measurement for the portion of the net assets available for benefits attributable to the Lincoln Investment Contract. Contract value, as reported to the Plan by Lincoln National represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the transfer of all or a portion of their investment at contract value. Participants may have requested a lump sum distribution with a market value adjustment determined by Lincoln National.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its contractual obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

The Lincoln Investment Contract is maintained under a group annuity contract which guarantees minimum interest rates and may credit interest that exceeds the minimum guaranteed rate. The crediting interest rate is based on several factors determined by Lincoln National including mortality and expense risks, interest rate guarantees, investment income earned on invested assets, and amortization of any capital gains or losses from the sale of invested assets. Such interest rates are reviewed on a quarterly basis for resetting. During 2024, the average yield earned by the Plan was equal to the yield earned (i.e. interest credited) on the group annuity contract, which was 1.18%. The crediting interest rate may not be less than 1.00%. There were no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with Lincoln National. Such events include the following: (i) amendments to the Plan documents (including complete or partial plan termination or merger with another plan) (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the assets, or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the plan to transact at contract value with the participants.

Scientific Systems Company, Inc. Profit Sharing Plan

Notes to Financial Statements

May 31, 2024 and 2023

4. Group Annuity Contracts (*continued*)

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (i) an uncured violation of the Plan's investment guidelines, (ii) a breach of material obligation under the contract, (iii) a material misrepresentation, or (iv) a material amendment to the agreement without consent of the issuer.

At May 31, 2023, the Plan held a fully benefit-responsive group annuity contract issued by Nationwide Life Insurance Company ("NLIC") called the Nationwide Fixed Select Contract (the "Investment Contract"). NLIC maintained the contributions in a general account, which was credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Investment Contract issuer was contractually obligated to repay the principal and a specified interest rate to the Plan, subject to the claims paying ability of NLIC. Participants invested in the Investment Contract through the Nationwide Fixed Select Contract.

As the Investment Contract was fully benefit-responsive, contract value was the relevant measurement for the portion of the net assets available for benefits attributable to the Investment Contract. Contract value, as reported to the Plan by NLIC represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may have ordinarily directed the transfer of all or a portion of their investment at contract value. Participants may have requested a lump sum distribution with a market value adjustment determined by NLIC.

The Investment Contract was maintained under a group annuity contract which guaranteed minimum interest rates and may have credited interest that exceeded the minimum guaranteed rate. The crediting interest rate was based on several factors determined by NLIC including mortality and expense risks, interest rate guarantees, investment income earned on invested assets, and amortization of any capital gains or losses from the sale of invested assets. Such interest rates were reviewed on a quarterly basis for resetting. During 2024, the crediting interest rate ranged from 2.07% to 2.17%. The crediting interest rate may not be less than 0.50%. There were no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limited the ability of the Plan to transact at contract value with NLIC. Such events included the following: (i) amendments to the Plan documents (including complete or partial plan termination or merger with another plan) (ii) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (iii) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the assets, or (iv) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA.

Notes to Financial Statements

May 31, 2024 and 2023

4. Group Annuity Contracts (*continued*)

In addition, certain events allowed the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events included (i) an uncured violation of the Plan's investment guidelines, (ii) a breach of material obligation under the contract, (iii) a material misrepresentation, or (iv) a material amendment to the agreement without consent of the issuer. Effective December 27, 2023, the Plan transferred the assets to FMTC and the Investment Contract was terminated.

5. Risks and Uncertainties

The Plan invests in investment securities which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect Participants' account balances and the amounts reported in the statements of net assets available for benefits.

6. Party-In-Interest Transactions

Plan investments include funds that have been managed by the Custodians during the year. Therefore, these transactions qualify as exempt party-in-interest transactions. During 2024, the Plan paid administrative expenses of \$39,884 to Nationwide Mutual Insurance Company, FSB and \$7,780 to the FMTC. Notes receivable from participants qualify as exempt party-in-interest transactions as defined by ERISA.

7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of such termination, Participants will become fully vested in their accounts. Any unallocated assets of the Plan will be allocated to participant accounts and distributed in such a manner as the Employer may determine.

8. Tax Status

The underlying volume submitted profit sharing plan has received its latest opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020, stating that the form of the plan is qualified under section 401(a) of the IRC. Any employer adopting this form of the plan will be considered to have a plan qualified under section 401(k) of the IRC. The Plan has been amended since receiving the opinion letter; however, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirement of the IRC and that the Plan is qualified and the related trust is tax-exempt as of the financials statements dates.

Scientific Systems Company, Inc. Profit Sharing Plan

Notes to Financial Statements
May 31, 2024 and 2023

8. Tax Status (*continued*)

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. It is the Plan's policy to account for any uncertainties as described under the income tax laws. Under the income tax laws, the tax-exempt status of the Plan is considered a tax position. No such uncertain tax positions have been recognized by the Plan.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to May 31, 2021.
