The Plan Administrators
The Reserve Club 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of The Reserve Club 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of June 30, 2024 and 2023, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended June 30, 2024 and 2023, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment

information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules presented on page 11 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

THE RESERVE CLUB 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

A. Description of Plan

The following description of The Reserve Club 401(k) Plan (“the Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provision.

1. **General.** The Plan is a defined contribution plan covering all eligible employees of The Reserve Club (“the Club”) who achieved the minimum service requirements and are at least twenty-one years old. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The financial statements of the Plan are prepared under the accrual method of accounting and were reconciled or agreed to the Form 5500.

2. **Contributions and forfeitures.** The Plan is a safe harbor 401(k) plan. Participants may contribute a percentage of pretax annual compensation, as defined by the Plan. The Plan offers various funds maintained by a mutual fund. The Club may contribute to the Plan out of its current operating cash flow at the discretion of the Club's Board of Directors. During the years ended June 30, 2024 and 2023, the Club matched up to 4% of compensation based on the percentage contributed by the employee. The safe harbor matching contributions are fully vested. Accordingly, no forfeitures occurred during the years ended June 30, 2024 and 2023.

3. **Participant Accounts.** Each participant's account is credited with the participant's contribution and an allocation of (a) the Club's contribution, (b) Plan earnings, and (c) administrative expenses. Allocations are based on participant's earnings or account balance, as defined. The benefit which the participant is entitled is the benefit that can be provided from the participant's vested account. All contributions are invested in the Plan's investment funds in accordance with the Participant's investment elections.

4. **Vesting.** A participant is immediately 100 percent vested in all contributions.

5. **Payment of Benefits.** On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump sum or in annual installments over a period as specified by Internal Revenue Service Regulations. For termination of service due to other reasons, a participant may receive the value of the interest in his or her account as a lump-sum distribution, subject to the appropriate Internal Revenue Service income tax withholding regulations.

6. **Notes Receivable from Participants.** Participants may borrow from their funds accounts in accordance with the plan document. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined from time to time by the Plan Administrator. Principal and interest is paid ratably through payroll deductions.

THE RESERVE CLUB 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

B. Summary of Accounting Policies

1. **Basis of Accounting.** The financial statements of the Plan are prepared using the accrual method of accounting.

2. **Investment Valuation and Income Recognition.** Investment contracts held by a defined-contribution plan are required to be reported at fair value. The value of investments held as of each accounting date is determined based on the fair value of each underlying fund's investments principally using quoted market values from national exchanges value. Purchases and sales of investments are reflected on a trade-date basis. The statement of changes in net assets available for Plan benefits includes the net appreciation (depreciation) in the fair value of investments, which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

Pooled separate accounts are reported at the closing net asset value per unit of participation as determined by the Plan's Custodian based upon the respective fund/portfolio as of the last business day of the Plan year. The purchase or redemption price of the units is determined based on the current net asset value per unit of participation. The value per unit is determined by the Custodian using the market values of the underlying assets or the fair values as determined by the Custodian in the absence of an available market price.

3. **Payment of benefits.** Benefits are recorded as paid.

4. **Estimates.** The preparation of financial statements requires management of the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

5. **Notes Receivable from Participants.** Notes receivable from participants are measured at unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses are reflected in the accompanying statements of net assets available for benefits.

6. **Subsequent events.** The Plan has evaluated subsequent events through the date the financial statements were available to be issued, February 20, 2025. The Sponsor has determined that there are no material events that would require adjustment to or disclosure in its financial statements.

C. Cash Equivalents

The Plan considers as cash equivalents amounts held in bank checking and money market accounts.

THE RESERVE CLUB 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

D. Information Prepared and Certified By Trustee

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan management instructed the plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Fidelity Management Trust, the trustee of the plan, as complete and accurate, except for comparing such information certified by the trustee with information included in the plan's financial statements and supplemental schedules:

	<u>2024</u>	<u>2023</u>
Notes receivable from participants	\$ 25,944	\$ 6,972
Investments	5,335,371	4,365,235
Investment income:		
Interest and dividends	156,008	167,892
Appreciation in fair value of investments	574,159	253,993

E. Fair Value of Investments

The participants direct their account balances between stock, bond and other funds provided by the Trust Company and may change their account distribution in accordance with the terms of the Trust agreement.

The framework for measuring fair value provides fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities, (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified term, the level 2 input must be observable for substantially the full term of the asset or liability.

THE RESERVE CLUB 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

E. Fair Value Measurements, continued

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

These methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2024 and 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

THE RESERVE CLUB 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

F. Tax Status

The Internal Revenue Service has determined and informed the Trustee of the Plan that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. The Plan Administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2020.

G. Related-Party Transactions

Certain plan investments are shares of mutual funds managed by Fidelity Investments. Fidelity Investments is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Administrative fees presented on the accompanying statement of changes in net assets were paid to Fidelity Investments.

H. Plan Termination

Although it has not expressed any intent to do so, the Club has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants remain 100 percent vested in their accounts.

I. Expenses

The Club, as sponsor, pays certain record keeping and administrative fees on behalf of the Plan. Participants pay the cost for loan withdrawals.

J. Risks and Uncertainties

The Plan's investments in mutual funds are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for plan benefits.

K. Related Party Transactions

Certain plan investments are shares of mutual funds managed by Fidelity Investments ("Fidelity"). Fidelity is the Trustee of the Plan assets and, therefore, these transactions qualify as party-in-interest transactions. Administrative fees presented on the accompanying statement of changes in net assets were paid to the related party.
