INDEPENDENT AUDITORS' REPORT

To the Administrative Committee
The Development Workshop, Inc. Retirement Savings Plan
Idaho Falls, Idaho

Opinion

We have audited the accompanying financial statements of the Development Workshop Inc. Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Development Workshop Inc. Retirement Savings Plan as of June 30, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Development Workshop Inc. Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the

Development Workshop Inc. Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Development Workshop Inc. Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Development Workshop Inc. Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of June 30, 2024 referred to as “supplemental information,” is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor’s Rules and Regulations for Reporting and is Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan’s management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

DEVELOPMENT WORKSHOP, INC. RETIREMENT SAVINGS PLAN
Notes to the Financial Statements
June 30, 2024 and 2023

1. Description of Plan

The following description of the Development Workshop, Inc. Retirement Savings Plan provides only general information. Participants should refer to the Plan document or summary plan description for a more complete description of the Plan's provisions.

General

The Development Workshop, Inc. Retirement Savings Plan (the Plan) is a 403(B) Plan where both annuity contracts and custodial accounts are maintained. The Plan, sponsored by Development Workshop, Inc. (the Company), was adopted on July 1, 1975 with an effective restatement date of July 1, 2009. The Plan covers all employees of the Company with the exception of non-resident aliens and employees who normally work less than 20 hours per week. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to defer his/her compensation and have it contributed to the Plan. Participants may modify or revoke a salary reduction agreement at any time during the year. The Plan allows for catch-up deferrals to be made by participants who are over the age of 50.

To become eligible to receive matching and non-elective employer contributions, an employee must work one year of service defined as at least 1,000 hours within a 12 month period as defined in the Plan. The Plan was amended effective July 1, 2018 to revise eligibility requirements described above. These eligibility provisions do not apply to "Service Contract Act employees".

The Company provides a 1% contribution of the employee's compensation to the 403(B) Plan and a match of 50% of an employee's elective deferral up to a maximum of 1%.

Service Contract Act employees are not eligible for the 1% contribution or matching contributions.

The amount of contributions the Company provides for Service Contract Act employees is dependent on the dollar amount of fringe benefits per hour set by the Department of Labor.

Additional amounts may be contributed at the option of the Development Workshop, Inc. as approved by the board of directors.

1. Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Employer's contribution and plan earnings and expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

A participant has a 100% vested interest at all times in his/her accounts attributable to elective deferrals, QNECS, employee contributions, and rollover contributions. The Plan allows for immediate vesting of 100% in matching contributions and non-elective contributions.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions to various investment options. The Company's matching and discretionary contributions are contributed in the same proportion.

Payment of Benefits

On termination of service, if a participant's balance is greater than \$1,000, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or may request a partial distribution. Accounts balances of \$1,000 or less are automatically distributed to the participant in a lump sum upon termination of service. Participants may request in-service distributions of all vested amounts if they are at least 59 ½ or for elective deferrals only if the participant is requesting a hardship distribution. Participants may request a distribution of rollover contributions at any time.

Forfeitures

Provisions of the Plan provide that upon termination of employment, participants are entitled to receive their contributions and their vested portion of the employer's contributions. The Plan currently has an immediate, 100% vesting provision on all elective and matching contributions so no forfeitures are currently anticipated.

Administrative Expenses

According to uniform rules, the Plan Administrator may charge expenses to a particular investment fund or to participants' accounts if the Plan Administrator determines that such allocation of expense or charge is desirable for the equitable administration of the Plan.

Notes to the Financial Statements
June 30, 2024 and 2023

2. Summary of Significant Accounting Policies

The following accounting policies, which conform with generally accepted accounting principles, have been used consistently in the preparation of the Plan's financial statements.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, unless otherwise stated. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

Notes Receivable – Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Notes are secured by the balance in the participant's account and bear interest at a rate of prime plus 1% above the USA Today published prime rate. Principal and interest are paid ratably through monthly payroll deductions. Notes are valued at their unpaid principal balances plus any accrued but unpaid interest.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Subsequent events were evaluated through February 17, 2025 which is the date the financial statements were available to be issued.

DEVELOPMENT WORKSHOP, INC. RETIREMENT SAVINGS PLAN
Notes to the Financial Statements
June 30, 2024 and 2023

3. Income Tax Status

The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for three years prior to the current fiscal year.

4. Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs are only used if Level 1 or Level 2 inputs are not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The investments in registered investment companies held by the Plan are mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Level 2 Fair Value Measurements

There are no plan assets requiring the use of Level 2 inputs for the periods presented.

Level 3 Fair Value Measurements

The fair value of annuity contracts are valued based on third party pricing information.

DEVELOPMENT WORKSHOP, INC. RETIREMENT SAVINGS PLAN
Notes to the Financial Statements
June 30, 2024 and 2023

4. Fair Value Measurements (continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of June 30, 2024 and 2023:

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)
June 30, 2024			
Registered investment companies	\$ 1,455,184	\$ 1,455,184	\$ -
Annuity contracts	67,750	-	67,750
	<u>\$ 1,522,934</u>	<u>\$ 1,455,184</u>	<u>\$ 67,750</u>
June 30, 2023			
Registered investment companies	\$ 1,431,928	\$ 1,431,928	\$ -
Annuity contracts	62,487	-	62,487
	<u>\$ 1,494,415</u>	<u>\$ 1,431,928</u>	<u>\$ 62,487</u>

Gains and losses included in changes in net assets available for benefits for the years ended June 30, 2024 and 2023, are reported in net appreciation in fair value of investments.

The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the years ended June 30, 2024 and 2023, there were no significant transfers between Levels 1 and 2 and no transfers into or out of Level 3.

Notes to the Financial Statements
June 30, 2024 and 2023

4. Fair Value Measurements (continued)

A reconciliation from the opening balance to the closing of balance Level 3 fair value measurements is as follows:

	Annuity Contracts	Total Fair Value of Level 3 Assets
Balance, June 30, 2023	\$ 62,487	\$ 62,487
Unrealized net gains (losses)	5,702	5,702
Administrative fees	(439)	(439)
Balance, June 30, 2024	\$ 67,750	\$ 67,750

5. Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all amounts credited to their accounts.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant accounts and the amounts reported in the statement of assets available for benefits.

INDEPENDENT AUDITORS' REPORT

To the Administrative Committee
The Development Workshop, Inc. Retirement Savings Plan
Idaho Falls, Idaho

Opinion

We have audited the accompanying financial statements of the Development Workshop Inc. Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Development Workshop Inc. Retirement Savings Plan as of June 30, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Development Workshop Inc. Retirement Savings Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the

Development Workshop Inc. Retirement Savings Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Development Workshop Inc. Retirement Savings Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Development Workshop Inc. Retirement Savings Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of June 30, 2024 referred to as “supplemental information,” is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the Department of Labor’s Rules and Regulations for Reporting and is Disclosure under the Employee Retirement Income Security Act of 1974. Such information is the responsibility of the Plan’s management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.

Notes to the Financial Statements
June 30, 2024 and 2023

1. Description of Plan

The following description of the Development Workshop, Inc. Retirement Savings Plan provides only general information. Participants should refer to the Plan document or summary plan description for a more complete description of the Plan's provisions.

General

The Development Workshop, Inc. Retirement Savings Plan (the Plan) is a 403(B) Plan where both annuity contracts and custodial accounts are maintained. The Plan, sponsored by Development Workshop, Inc. (the Company), was adopted on July 1, 1975 with an effective restatement date of July 1, 2009. The Plan covers all employees of the Company with the exception of non-resident aliens and employees who normally work less than 20 hours per week. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to defer his/her compensation and have it contributed to the Plan. Participants may modify or revoke a salary reduction agreement at any time during the year. The Plan allows for catch-up deferrals to be made by participants who are over the age of 50.

To become eligible to receive matching and non-elective employer contributions, an employee must work one year of service defined as at least 1,000 hours within a 12 month period as defined in the Plan. The Plan was amended effective July 1, 2018 to revise eligibility requirements described above. These eligibility provisions do not apply to "Service Contract Act employees".

The Company provides a 1% contribution of the employee's compensation to the 403(B) Plan and a match of 50% of an employee's elective deferral up to a maximum of 1%.

Service Contract Act employees are not eligible for the 1% contribution or matching contributions.

The amount of contributions the Company provides for Service Contract Act employees is dependent on the dollar amount of fringe benefits per hour set by the Department of Labor.

Additional amounts may be contributed at the option of the Development Workshop, Inc. as approved by the board of directors.

1. Description of Plan (continued)

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of the Employer's contribution and plan earnings and expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

A participant has a 100% vested interest at all times in his/her accounts attributable to elective deferrals, QNECS, employee contributions, and rollover contributions. The Plan allows for immediate vesting of 100% in matching contributions and non-elective contributions.

Investment Options

Upon enrollment in the Plan, a participant may direct employee contributions to various investment options. The Company's matching and discretionary contributions are contributed in the same proportion.

Payment of Benefits

On termination of service, if a participant's balance is greater than \$1,000, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or may request a partial distribution. Accounts balances of \$1,000 or less are automatically distributed to the participant in a lump sum upon termination of service. Participants may request in-service distributions of all vested amounts if they are at least 59 ½ or for elective deferrals only if the participant is requesting a hardship distribution. Participants may request a distribution of rollover contributions at any time.

Forfeitures

Provisions of the Plan provide that upon termination of employment, participants are entitled to receive their contributions and their vested portion of the employer's contributions. The Plan currently has an immediate, 100% vesting provision on all elective and matching contributions so no forfeitures are currently anticipated.

Administrative Expenses

According to uniform rules, the Plan Administrator may charge expenses to a particular investment fund or to participants' accounts if the Plan Administrator determines that such allocation of expense or charge is desirable for the equitable administration of the Plan.

June 30, 2024 and 2023

2. Summary of Significant Accounting Policies

The following accounting policies, which conform with generally accepted accounting principles, have been used consistently in the preparation of the Plan's financial statements.

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, unless otherwise stated. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

Notes Receivable – Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Notes are secured by the balance in the participant's account and bear interest at a rate of prime plus 1% above the USA Today published prime rate. Principal and interest are paid ratably through monthly payroll deductions. Notes are valued at their unpaid principal balances plus any accrued but unpaid interest.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Subsequent events were evaluated through February 17, 2025 which is the date the financial statements were available to be issued.

DEVELOPMENT WORKSHOP, INC. RETIREMENT SAVINGS PLAN
Notes to the Financial Statements
June 30, 2024 and 2023

3. Income Tax Status

The Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress. The Plan administrator believes the Plan is no longer subject to income tax examinations for three years prior to the current fiscal year.

4. Fair Value Measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs are only used if Level 1 or Level 2 inputs are not available.

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The investments in registered investment companies held by the Plan are mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

Level 2 Fair Value Measurements

There are no plan assets requiring the use of Level 2 inputs for the periods presented.

Level 3 Fair Value Measurements

The fair value of annuity contracts are valued based on third party pricing information.

In the event of Plan termination, participants would become 100% vested in all amounts credited to their accounts.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant accounts and the amounts reported in the statement of assets available for benefits.
