Independent Auditor's Report

Profit Sharing Plan and Trust of
David Y. Martin, Jr., LLC
New Orleans, Louisiana

Opinion

We have audited the financial statements of the Profit Sharing Plan and Trust of David Y. Martin, Jr., LLC (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended June 30, 2024, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Profit Sharing Plan and Trust of David Y. Martin, Jr., LLC as of June 30, 2024 and 2023, and the changes in net assets available for benefits for the year ended June 30, 2024, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has

been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Respectfully submitted,

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2024 AND 2023

Note 1 - Description of Plan -

The following description of the Profit Sharing Plan and Trust of David Y. Martin, Jr., LLC (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Description of Plan

The Plan is a defined contribution plan covering all eligible employees of David Y. Martin, Jr., LLC (the "Company") who are at least 20 years of age and have one year of service as defined in the Plan, provided they worked at least 1,000 hours during the Plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Management oversees governance of the Plan, determines appropriateness of the Plan's investment offerings, and monitors investment performance.

At June 30, 2023, the assets of the Plan were held by the trustee, T. Rowe Price Services, Inc. In May 2024, the Plan's assets were transferred to Lincoln Financial Group Trust Company, Inc.

Contributions

Participants may contribute a percentage of their annual compensation as defined in the Plan, not to exceed the limits imposed under section 401(k) of the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing eligible rollover distributions from other qualified plans. In addition to regular pre-tax contributions, the Plan also allows after tax Roth contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company may make a discretionary matching contribution to participants of the Plan as determined annually by the Company's management. The Company also may make a discretionary profit-sharing contribution to all eligible participants of the Plan. In order to be eligible for this contribution, a participant must have worked 1,000 hours during the plan year and be employed on the last day of the plan year. The Company's discretionary matching contributions were \$71,073 for the year ended June 30, 2024, equal to the participant's contribution up to 2% of the participant's eligible compensation. No discretionary profit-sharing contributions were made for the year ended June 30, 2024.

Participant Accounts

Each participant's account is credited or charged with the participant's contribution and allocations of the Company's contributions, the Plan's earnings or losses, and certain Plan administrative expenses not covered by the Plan sponsor. Allocations are based on participant earnings or account balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Participants will be 100% vested in discretionary qualified non-elective contributions made by the employer. Vesting in the Company's discretionary matching and profit sharing contribution is based on the following schedule.

<u>Years of Service</u>	<u>Percentage Vested</u>
Less than Two	0%
Two	20%
Three	40%
Four	60%
Five	80%
Six or More	100%

Payment of Benefits

Upon termination of service due to death, disability or retirement, a participant or their beneficiaries may elect to receive a lump-sum amount or installments equal to the value of the participant's vested interest in his or her account, as described in the adoption agreement. Benefits are recorded when paid.

Forfeited Accounts

Forfeited non-vested accounts may be used to reduce future employer contributions and to pay administrative expenses. At June 30, 2024 and 2023, forfeited non-vested accounts totaled \$4,766 and \$3,395, respectively.

Note 2 - Summary of Accounting Policies -

Basis of Accounting

The financial statements of the Plan are prepared in accordance with the accrual basis of accounting. At June 30, 2024 and 2023, all assets of the Plan are participant directed.

Investment held by a defined-contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan. As of June 30, 2024 and 2023, the Plan has no fully benefit-responsive investment contracts.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates, and such differences may be material.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management of the Plan Sponsor determines the Plan's valuation policies utilizing information provided by the Plan custodian. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis of accounting. Dividends are recorded on the ex-dividend date. Net investment gain (loss) includes gains and losses on investments sold during the year as well as appreciation and depreciation of the investments held at the end of the year. Benefits are recorded when paid.

Contributions

Contributions from Plan participants and the matching contributions from the Company are recorded in the year in which employee contributions are withheld from compensation.

Risk and Uncertainties

The Plan provides for various investment options in any combination of selected mutual funds with its trustee. These funds are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with these funds, it is at least reasonably possible that changes in the values of these funds will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statement of Net Assets Available for Benefits.

Administrative Expenses

The Company, at its sole discretion, may pay the administrative expenses of the Plan. If such expenses are not paid by the Company, they are paid out of Plan assets. Certain expenses of maintaining the Plan were paid directly by the Company for the years ended June 30, 2024 and 2023 and are excluded from these financial statements. Investment related expenses are included in net investment gain (loss).

Subsequent Events

The Plan evaluated subsequent events and transactions for potential recognition or disclosure in the financial statements through March 11, 2025, the date which the financial statements were available to be issued.

Note 3 - Plan Termination -

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested in their accounts.

Note 4 - Tax Status -

The Company has adopted a prototype plan which received a favorable determination from the Internal Revenue Service. The Plan itself has not separately applied for recognition of tax-exempt status. However, the Plan's administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. generally accepted accounting principles require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. With few exceptions, the Plan is no longer subject to income tax examinations for years prior to 2021.

Note 5 - Fair Value Measurements -

The fair value measurement accounting literature provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy consists of three broad levels. Level 1 inputs to the valuation methodology are based on unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access. Level 2 inputs are based primarily on quoted prices for similar assets in active or inactive markets and/or based on inputs that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 inputs are unobservable and are based on assumptions market participants would utilize in pricing the asset.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. When available, valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2024 and 2023.

Mutual Funds - The fair values of mutual funds are based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Accounts - The fair value of the money market fund is based on preserving the net assets value of \$1.00 per shares based on the underlying assets invested in treasury securities.

Stable Value Account - The fair value is based on the net asset value of the underlying investments.

Although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of June 30, 2024 and 2023:

	Assets at Fair Value as of June 30, 2024			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 11,050,074	\$ -	\$ -	\$ 11,050,074
Total Assets in the Fair Value Hierarchy	<u>\$ 11,050,074</u>	<u>\$ -</u>	<u>\$ -</u>	11,050,074
Investments Measured Using Net Asset Value Per Share Practical Expedient*				636,755
Total Investments at Fair Value				<u>\$ 11,686,829</u>

	Assets at Fair Value as of June 30, 2023			
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 8,468,271	\$ -	\$ -	\$ 8,468,271
Money Market	1,117,692	-	-	1,117,692
Total Investments at Fair Value	\$ 9,585,963	\$ -	\$ -	\$ 9,585,963

*Certain investments that were measured at net asset value per share (NAV) practical expedient of the fund have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

Gains and losses included in changes in net assets available for benefits for the year ended June 30, 2024, are reported in Investment Income (Loss).

The following table summarizes investments measured at fair value based on NAV per share as of June 30, 2024:

	Fair Value	Unfunded Commitments	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Stable Value Account	<u>\$ 636,755</u>	n/a	daily	none

The objective of the stable value account is to provide preservation of capital, relatively stable returns consistent with its comparatively low risk profile, and liquidity for participant payments.

Note 6 - Related Party and Party-in-Interest Transactions -

Certain plan investments are managed by an affiliate of Lincoln Financial Group Trust Company, Inc. (Lincoln Financial) as of June 30, 2024, and T. Rowe Price Services, Inc. (T. Rowe Price) as of June 30, 2023. Since Lincoln Financial and T. Rowe Price are the trustees, as defined by the Plan, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment management services are included in net investment gain (loss) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Company also directly pays other fees related to the Plan's operations. All of these party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

Note 7 - Reconciliation of Financial Statements to Schedule H of Form 5500 -

The following is a reconciliation of net assets available for benefits per the financial statements at June 30, 2024 and 2023 to Schedule H of Form 5500:

	2024	2023
Net Assets Available for Benefits per the Financial Statements	\$ 11,758,390	\$ 9,650,771
Less: Employer Contributions Adjustment	<u>-</u>	<u>(488)</u>
Net Assets Available for Benefits per Schedule H of Form 5500	<u>\$ 11,758,390</u>	<u>\$ 9,650,283</u>

The following is a reconciliation of total additions per the financial statements to Schedule H of Form 5500 for the year ended June 30, 2024:

Total Additions per the Financial Statements	\$ 2,265,339
Add: Employer Contributions Adjustment	<u>488</u>
Total Additions per Schedule H of Form 5500	<u>\$ 2,265,827</u>
