INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of the
Teach for America, Inc. 403(b) Retirement Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Teach for America, Inc. 403(b) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of May 31, 2024 and 2023, and the related statement of changes in net assets available for benefits for the year ended May 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of May 31, 2024 and 2023, and for the year ended May 31, 2024, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(Continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

(Continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended May 31, 2024 and Schedule H, Line 4i – Schedule of Assets (held at End of Year) as of May 31, 2024, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
May 31, 2024 and 2023

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Teach For America, Inc. 403(b) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions, including definitions of key terms. The Plan is sponsored by Teach For America, Inc. (the "Plan Sponsor") to provide retirement benefits to eligible participants. The Plan utilizes Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company ("Principal") as its custodian.

General: The Plan is a defined contribution plan covering all eligible employees. An Eligible Employee is defined as an employee who is not a nonresident alien with no U.S. income, represented by a bargaining unit that has bargained with the Plan in good faith or hired to work less than 20 hours per week. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Contributions: Participants can make elective deferral contributions on the day of becoming Eligible Employees. Deferral contributions are subject to certain Internal Revenue Service ("IRS") limitations. Upon completing 12 months of service, the Plan Sponsor will match employee contributions of up to 5% of the participant's eligible compensation. The participant may also make an additional employee contribution, up to IRS limitations. Additional discretionary and qualified non-elective amounts may be contributed by the Plan Sponsor at the discretion of the Plan Sponsor. No discretionary or qualified non-elective contributions were made for the year ended May 31, 2024. Effective January 1, 2025, match employee contributions will be funded per pay period and will remain calculated annually.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Plan Sponsor's contributions, (b) Plan earnings, and (c) forfeitures, and is charged with their withdrawals and an allocation of administrative expenses. Allocations are based on participant contributions, eligible compensation, participant account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of their account to any of the investment options available under the Plan.

Fund managers' fees are charged to participants' accounts as a reduction of the return earned on each investment option.

Vesting: Employee deferrals, the employer's matching contributions and earnings thereon are fully and immediately vested. As such, there were no forfeited non-vested accounts during the years ended May 31, 2024 and 2023.

Notes Receivable from Participants: At the discretion of, and subject to, the terms as set forth in the Plan agreement, loans may be made to a participant of the Plan in an aggregate amount equal to the lesser of: (1) \$50,000 or (2) one-half of the participant's total vested account balance. The minimum loan is \$1,000. Loans are repayable over a period of up to five years, unless the proceeds are used to purchase a principal residence, in which case a period of up to 10 years is permitted. The loans are secured by the balance in the participant's account. The number of outstanding loans for a participant is limited to one. Interest is charged at a reasonable rate commensurate with current rates charged for loans made under similar circumstances by persons in the business of lending money. Principal and interest are paid ratably through monthly payroll deductions and is credited to the participant's account.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Payment of Benefits: Upon termination of service, retirement, death or disability, a participant may elect to receive a distribution of their entire vested plan balance, subject to the terms of the Plan agreement. In addition, participants may make withdrawals of their vested account balances after reaching age 59-1/2. Participants may also elect withdrawals of their vested account balances in the case of a hardship, subject to the terms of the Plan. A participant, who is a member of a reserve unit of the United States Armed Forces and was called to active duty for a period of time that exceeds 179 days, may withdraw all or part of their vested account balance during the period of active duty. Rollover account balances may be withdrawn at any time, provided the rollover contributions have been properly segregated. Minimum required distributions for participants who have reached age 72 also apply per IRS regulations.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The Plan's financial statements are prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP").

Use of Estimates: Plan management has made certain estimates and assumptions relating to these financial statements in conformity with US GAAP. Actual results could differ from those estimates.

Investment Valuation and Income Recognition: The Plan's investments are reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan (Note 4). Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest and, totaled \$931,553 and \$1,027,972 at May 31, 2024 and 2023, respectively. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of May 31, 2024 and 2023.

Payment of Benefits: Benefits are recorded when paid.

Administrative Expenses: Investment and administrative fees and expenses are principally paid by the Plan. Certain investment expenses are recorded within net depreciation in fair value of investments in the accompanying Statement of Changes in Net Assets Available for Benefits.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observables market data by correlation or other means.

If the asset or liability has a specified (contractual) term, then Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of the observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at May 31, 2024 and 2023:

- The fair values of registered investment companies are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1 inputs).

The methods described above may produce a fair value measurement that may not be indicative of net realizable value or reflective of future fair values. While plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date and, such differences could be material.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of May 31, 2024 and 2023, respectively:

	2024		2023	
	<u>Total</u>	<u>Level 1</u>	<u>Total</u>	<u>Level 1</u>
Registered investment companies	\$ 197,635,612	\$ 197,635,612	\$ 167,064,634	\$ 167,064,634

NOTE 4 - INVESTMENTS AT CONTRACT VALUE

The Principal Fixed Income Guaranteed Option is a fully benefit-responsive group annuity contract issued by Principal Life Insurance Company. This type of contract does not have specific underlying assets assigned; however, this contract is backed by Principal's general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. As of May 31, 2024 and 2023, the Plan's investments in this fully benefit-responsive group annuity contract totaled \$1,819,216 and \$2,295,436, respectively.

The accompanying Statements of Net Assets Available for Benefits include the fully benefit-responsive group annuity contract recognized at contract value. The contract value equals the accumulated cash contributions and interest credited to the contract, less any withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. A plan-level surrender or transfer of the Plan's interest in the investment contract without 12 months' advance notice will be subject to a 5% surrender charge. Under the terms of the contract, the composite crediting rate is currently reset on a semiannual basis and will never be less than the guaranteed minimum interest rate. As of May 31, 2024 and 2023, the composite crediting rate was 1.55% and 1.75%, respectively.

Certain events limit the Plan's ability to transact at contract value with Principal Life Insurance Company. Such events include the following: amendments to the Plan documents, changes to Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Plan Sponsor or other plan sponsor events that cause a significant withdrawal from the Plan, or the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with Plan participants, is probable.

NOTE 5 – CERTIFIED INVESTMENTS

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at May 31, 2024 and 2023, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended May 31, 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (the trustee of the Plan).

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under Department of Labor regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. As of May 31, 2024 and 2023, Plan investments consist of a Fixed Income Guaranteed Option and shares of registered investment companies issued by affiliates of Principal. Principal is the custodian of the Plan as of May 31, 2024 and 2023; therefore, these transactions and fees paid to Principal qualify as party-in-interest transactions. Notes receivable from participants also reflect party-in-interest transactions.

Certain administrative functions are performed by officers or employees of the Sponsor who may also be participants in the Plan. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Sponsor.

NOTE 7 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate or amend the Plan, subject to the provisions of ERISA.

NOTE 8 - TAX STATUS

The Plan has been designed to qualify under Section 403(b) of the Internal Revenue Code ("IRC"). The terms of the Plan have been prepared to conform to the sample language provided by the IRS in Revenue Procedure 2007-71. The IRS issued an opinion letter dated March 31, 2017, indicating that the prototype adopted by the Plan, as then designed, was in compliance with applicable requirements of the Internal Revenue Code ("IRC"). The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for Plan participants under Section 403(b). The Plan administrator believes that the Plan is currently designed and operating in accordance with the applicable requirements of Section 403(b) of the IRC and, therefore, believes that the Plan is qualified and the related accounts are tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements as of the financial statement date.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of May 31, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2021.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investments. Investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at May 31, 2024 may not necessarily be indicative of amounts that could be realized in a current market exchange.

NOTE 10 - SUBSEQUENT EVENTS

Subsequent events have been evaluated through January 21, 2025, which is the date the Plan's financial statements were available to be issued. There were no subsequent events that would require recognition or additional disclosure in the Plan's financial statements.
