Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Dalbo Inc. 401k (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained a certification from a qualified institution as of December 31, 2023, and for the year then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all Plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the Participants, to determine the benefits due or which may become due to such Participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Description of the Plan

The following brief description of the Dalbo Inc. 401k (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan is a defined contribution plan and is sponsored by Dalbo Holdings Inc. (the Company) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The original effective date of the Plan is January 1, 2023.

Effective January 1, 2023, certain employers who are members of a controlled group of the Company became adopting employers of the Plan, and as such, amounts totaling \$360,145 were transferred into the Plan. These adopting employers are Dalbo, Inc. and Myogeto James Water Transfer, LLC.

Eligibility

All employees, except union employees, nonresident aliens and residents of Puerto Rico, are eligible for participation after attaining two months of service. Enrollment is allowed on the first day of the month subsequent to the above conditions being met.

Contributions

Each year, eligible employees may elect to contribute up to 90% of their eligible compensation to the Plan, not to exceed the limit in Section 402(g) under the Internal Revenue Code (IRC). Eligible employees who have attained age 50 before the close of the Plan year are allowed to make catch-up contributions up to the maximum allowed by the IRC. Contributions are subject to certain limitations. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of their eligible compensation with an automatic increase of 1% up to a maximum of 6% on the anniversary date following the date the participant became eligible. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. A current description of the investment funds may be obtained from the Plan administrator.

In addition, the Company has elected to make a Company safe harbor matching contribution of 100% of the Participant's deferrals that do not exceed 1% of the Participant's compensation, plus 50% of the Participant's deferrals that exceed 1% of the Participant's compensation but do not exceed 6% of the Participant's compensation. The Company may also make discretionary nonelective contributions on an annual basis. To receive an allocation of such contributions, a Participant generally must be employed on the last day of the Plan year. There were no discretionary nonelective contributions for the 2023 Plan year.

Participant Accounts

Each Participant's account is credited with the Participant's salary deferral contributions, allocations of any Company safe harbor matching contributions and any discretionary nonelective contributions (collectively, Company contributions), and his/her share of the Plan's income (loss). The Plan's income (loss), with respect to each investment fund, is allocated based on the proportion that each Participant's account balance invested in such fund compared to the total of all Participants' account balances invested in such fund.

Notes to Financial Statements

1. Description of the Plan (cont.)

Notes Receivable from Participants

Participants may borrow, from their fund accounts, a minimum of \$500, up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes receivable from Participants are secured by the balance in the Participant's account and bear a rate of interest equal to the prime rate plus 2%. Principal and interest payments occur ratably through regular payroll deductions over a period not to exceed five years or thirty years for the purchase of a primary residence. Participants are allowed to have three loans outstanding at a time.

Vesting

Participants are immediately vested in the value of their salary deferrals and rollovers, plus related investment earnings. Participants vest in the Company safe harbor matching contributions after two years of service, and Participants vest in the discretionary nonelective Company contributions on a 6-year graded vesting schedule.

Payment of Benefits

Participant accounts may be withdrawn upon retirement, death, or termination of employment. Participants may elect to have distributions paid in a lump-sum, in substantially equal installments or partial withdrawals, and are either paid directly to the Participant or rolled over to another qualified retirement plan. The Plan also allows for in-service withdrawals at age 59½, along with withdrawals in the event of a financial hardship.

Plan Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from Participants are charged directly to the Participant's account. Fees related to administration of distributions are taken out of the gross distribution to the Participant. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Forfeitures

Forfeited accounts totaled \$22 at December 31, 2023. Forfeited funds may first be used to pay any administrative expenses and then used to reduce any Company contributions. During the year ended December 31, 2023, \$4,359 of forfeited funds were used to reduce the Company safe harbor matching contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan were prepared using the accrual basis of accounting. The Plan follows accounting standards set by the Financial Accounting Standards Board (FASB). The FASB sets accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Plan administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Notes to Financial Statements

2. Summary of Significant Accounting Policies (cont.)

Investment Valuation and Income (Loss) Recognition

The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price).

Purchases and sales are recorded on a trade-date-basis. Dividends are recorded on the ex-dividend date. Investment income (loss) is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Contributions

Contributions from Plan Participants and the matching contributions from the Company are recorded in the year in which the employee contributions are withheld from compensation.

Notes Receivable

Notes receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023. If a Participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of Benefits

Benefit payments to Participants are recorded upon distribution.

3. Certified Information

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company has provided a certification that the financial information included in the financial statements and supplemental schedule as of December 31, 2023, and for the year then ended, provided to the Plan is complete and accurate. The information as to investment assets and transactions therein, and investment income (loss) included in the accompanying financial statements and supplemental schedule as of December 31, 2023, and for the year then ended, is covered by such certification.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

4. Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs in which little or no market data exists (Level 3 measurements).

Notes to Financial Statements

4. Fair Value Measurements (cont.)

The three levels of the fair value hierarchy under GAAP are described below:

Basis of Fair Value Measurement

Level 1 - Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 - Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly;

Level 3 - Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value.

Registered Investment Companies (Mutual Funds) - Shares of registered investment companies represent investments with various investment managers. The fair values of these investments are determined by reference to the registered investment companies' underlying assets, which are principally marketable equity and fixed income securities. These registered investment companies are traded on national securities exchanges and are valued at the net asset value (NAV) as of December 31, 2023. It is not probable that the shares of registered investment companies will be sold at amounts that differ materially from the NAV of shares held.

Common Collective Trust Fund - Valued at the net asset value using NAV as the practical expedient based on the last reported sales price of the underlying investments held. The Plan's interest in the collective trust fund is based on information reported by the trustee using the audited financial statements of the collective trust fund at year-end. The investment income (loss) is allocated to Participants based on their proportionate share of the net assets of the fund.

Self-directed Brokerage Accounts – Investments included in the self-directed brokerage account include cash and common stocks, which are valued at the closing price reported on the active markets on which the individual securities are traded.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Notes to Financial Statements

4. Fair Value Measurements (cont.)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023.

<i>December 31, 2023</i>	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 847,159	\$ -	\$ -	\$ 847,159
Self-directed brokerage	8,509	-	-	8,509
	<u>\$ 855,668</u>	<u>\$ -</u>	<u>\$ -</u>	<u>855,668</u>
Common collective trust fund measured at NAV*				<u>4,417</u>
Total investments at fair value			\$	<u><u>860,085</u></u>

* Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value to the amounts presented in the statements of net assets available for benefits.

Fair value of investments in certain entities that calculate net asset value per share (or its equivalent) follows:

Investment	Fair Value at December 31, 2023	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common collective trust fund	\$ 4,417	None	Daily	None

5. Tax Status

The Plan is based on the Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA (Pre-Approved Plan) sponsored by ADP, LLC. The Internal Revenue Service (IRS) has opined and informed ADP, LLC by letter dated October 6, 2020, that the Pre-Approved Plan is designed in accordance with the applicable sections of the IRC. The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified, and the related trust is tax exempt.

GAAP requires Plan management to evaluate uncertain tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination, the Plan administrator will facilitate the distribution of account balances under the provisions of the Plan and trust agreement until all assets have been distributed.

Notes to Financial Statements

7. Party-In-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any part rendering service to the Plan, the Company, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses are paid directly by the Company. Notes receivable from Participants are defined by ERISA as party-in-interest transactions. Such transactions are exempt from the prohibited transaction rules.

8. Risk and Uncertainties

The Plan's investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risks in the near term would materially affect Participants' account balances and amounts reported in the statements of net assets available for benefits.

At December 31, 2023, 20% of the Plan's investments were invested in the Fidelity Freedom Index 2045 Premiere Fund.

9. Subsequent Events

The Plan has evaluated subsequent events through March 13, 2025, which is the date the financial statements were available to be issued and has determined that no significant events occurred after December 31, 2023, but prior to issuance of these financial statements, that would have a material impact on its financial statements.
