INDEPENDENT AUDITOR'S REPORT

To the Plan Committee
Benefit and Risk Management Services, Inc.
401(k) Profit Sharing Plan & Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Benefit and Risk Management Services, Inc. 401(k) Profit Sharing Plan & Trust ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023, and 2022, and the related statements of change in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023, and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore there is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions and assets held at end of year, as of and for the year ending December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1: DESCRIPTION OF PLAN

The following description of Benefit and Risk Management Services, Inc. 401(k) Profit Sharing Plan & Trust (the “Plan”) provides only summarized general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, established on January 1, 1995, is a defined contribution plan with a 401(k) deferred salary arrangement and profit-sharing provision. The Plan is sponsored by Benefit and Risk Management Services, Inc. (the “Plan Sponsor”) and covers all eligible employees of the Plan Sponsor. The Plan is designed to comply with Section 401(k) of the Internal Revenue Code (the “Code”) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Empower Trust Company, LLC, serves as the Custodian and one employee of the Plan Sponsor serves as the Trustee.

Plan Year

The Plan year begins January 1st and ends December 31st.

Eligibility

Employees of the Plan Sponsor who have completed one month of service and have attained the age of twenty-one (21) years are eligible to participate in the Plan. Eligibility is effective the first day of the month coinciding with, or next following, the date eligibility requirements are met.

Contributions

The Plan allows for the following types of contributions:

Employee Salary Deferral 401(k) Contributions

The Plan includes an elective salary deferral arrangement pursuant to section 401(k) of the Code. Upon eligibility, employees are automatically enrolled into the Plan. The automatic enrollment percentage is 3%; however, a participant may voluntarily contribute up to 100% of their regular wages subject to various nondiscrimination tests and limitations prescribed by the Code. Employees may choose to opt out of the automatic enrollment. Employee salary deferrals include pre-tax elective deferrals and Roth after-tax elective deferrals.

Employee Rollover Contributions

Participants may make rollover contributions from another qualified plan.

Discretionary Non-elective Employer Contributions

The Plan Sponsor may make non-elective contributions at its discretion to plan members that were active participants at the end of the Plan year and completed 1,000 hours of service during the Plan year. The non-elective contributions are allocated to the accounts of eligible participants on a pro-rata share based on compensation. The Plan Sponsor elected not to make a non-elective contribution in 2023 and 2022.

NOTE 1: **DESCRIPTION OF PLAN (Continued)**

Contributions (Continued)

Discretionary Employer Matching Contributions

The Plan Sponsor may make matching contributions in an amount as determined by the Plan Sponsor. The Plan Sponsor elected to make matching contributions equal to 100% of a participant's elective deferrals up to 3% of a participant's eligible compensation in 2023 and 2022.

Participant Accounts and Allocations

Each participant's account is credited with the participant's contributions, rollover contributions, the Plan Sponsor's matching and non-elective contributions, an allocation of investment earnings, and an allocation of certain plan expenses, as defined by the Plan. The yield (interest, dividends, and net realized and unrealized gains and losses) on investment is allocated to each participant's account based on each participant's pro-rata share of the total investments in the particular fund. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary and rollover contributions and investment gains and losses credited thereon. Discretionary employer contributions and gains/losses credited thereon vest as follows:

Less than 2 years credited service	0%
After 2 years credited service	20%
After 3 years credited service	40%
After 4 years credited service	60%
After 5 years credited service	80%
After 6 years credited service	100%

For vesting purposes, a year of service is equivalent to 1,000 hours of service during the Plan year.

Forfeitures

Forfeitures may be used to reduce the employer's contribution to the Plan and offset certain administrative expenses of the Plan. Forfeitures of \$34,435 and \$37,668 were used to reduce employer matching contributions in 2023 and 2022, respectively. Forfeited amounts of \$2,300 and \$1,503 were available to be used to pay administrative expenses and reduce employer contributions as of December 31, 2023, and 2022, respectively.

Notes Receivable from Participants

The Plan allows participants to borrow against their accounts. Participants may borrow an amount equal to 50% of their non-forfeitable vested balance up to a maximum of \$50,000. Borrowings bear interest at rates established by the Plan trustee or custodian and are due within five years. Repayment terms may be extended should the loan be used toward the acquisition of the participant's primary residence.

Retirement

Normal retirement under the Plan is age sixty-five (65).

Payment of Benefits

Payment of benefits may be made at the following times under the Plan: 1) normal retirement; 2) termination of employment; 3) death or disability; 4) in-service upon attaining age 59 ½; or 5) demonstration of financial hardship. Benefit payments under the Plan are distributed to participants in a single lump sum in accordance with the Plan document.

NOTE 1: DESCRIPTION OF PLAN (Continued)

Administrative Expenses

All administrative costs of the Plan are paid by the Plan or the Plan Sponsor at the discretion of the Plan Committee. Expenses related to specific participant transactions are charged to the respective participant's account.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment Valuation and Income Allocation

Investments in mutual funds are stated at fair market value based on quoted market prices when available. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The guaranteed investment contract is valued at contract value.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Investments are valued daily.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded as of December 31, 2023, and 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Income Taxes

The Plan adopted a volume submitter plan which received a favorable opinion letter dated June 30, 2020, in which the Internal Revenue Service stated that the Plan is acceptable under Section 401 of the Code. The Plan has been amended since receiving the opinion letter; however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. Plan management has analyzed tax positions taken by the Plan and determined that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine examinations by taxing authorities; however, there are currently no examinations for any tax periods in progress.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefits are recorded when paid.

Estimates and Assumptions

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3: INFORMATION CERTIFIED BY THE CUSTODIANS

The following information included in the accompanying financial statements was obtained from data that has been prepared and certified as complete and accurate by Empower Trust Company, LLC and Empower Annuity Insurance Company of America for the years ended December 31, 2023, and 2022:

	<u>2023</u>	<u>2022</u>
Mutual funds	\$ 9,800,482	\$ 7,345,659
Guaranteed investment contract	\$ 44,457	\$ 100,089
Notes receivable from participants	\$ 263,542	\$ 346,467
Net appreciation (depreciation) in fair value of investments	\$ 1,374,018	\$ (1,716,570)
Interest and dividends	\$ 227,746	\$ 201,033
Interest income, notes receivable from participants	\$ 16,364	\$ 16,276

NOTE 4: PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE 5: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by the custodian as defined by the Plan. Fees paid by the Plan for investment management services were included as a reduction of the return earned on the respective fund. Certain administrative fees related to administration of the Plan and investment advisory fees were paid by the Plan. Plan assets also include notes receivable from participants. These investments and transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules of ERISA.

NOTE 6: GUARANTEED INVESTMENT CONTRACT

Plan investments include an investment in a fully benefit-responsive investment contract with Empower Annuity Insurance Company of America (“EAIC”). EAIC maintains participant contributions to the fund in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The contract value, as reported to the Plan by EAIC, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. As of December 31, 2023, and 2022, the contract value of the fully benefit responsive investment contract was \$44,457 and \$100,089, respectively. Participants may ordinarily direct the withdrawals or transfer all, or a portion of, their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. Interest is credited to the fixed account at an annual effective yield that is at least equal to the minimum guaranteed interest rate in the investment contract.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include termination of the contract, spinoffs, divestitures, layoffs, corporate relocation, retirement incentive programs, and the liberalization of Plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment may apply. The Plan administrator does not believe that any events that would limit the Plan’s ability to transact at contract value with participants are probable of occurring. The guaranteed investment contract permits the insurance company to terminate the agreement prior to the scheduled maturity date after five completed contract years.

NOTE 7: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) ASC 820 provides a framework for measuring fair value. That framework provides a three-tier hierarchy that prioritizes the inputs to valuation techniques used for measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are as follows:

Level 1 - Inputs are unadjusted quoted prices for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, model-based valuation techniques for which all significant assumptions are observable in the market, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs that are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 7: FAIR VALUE MEASUREMENTS (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2023 and 2022:

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 9,800,482	\$ -	\$ -	\$ 9,800,482
Total	<u>\$ 9,800,482</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 9,800,482</u>

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total

Total	<u>\$ 7,345,659</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 7,345,659</u>

NOTE 8: RECONCILIATION TO FORM 5500

The Plan financial statements contain differences from Form 5500 as follows:

NOTE 9: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statement of net assets available for plan benefits.

NOTE 10: PROHIBITED TRANSACTIONS

During the year ended December 31, 2017, the Plan Sponsor failed to remit certain contributions to the Plan in a timely manner, as defined by ERISA, in the amount of \$1,411. These participant contributions have not been corrected.

During the year ended December 31, 2018, the Plan Sponsor failed to remit certain contributions to the Plan in a timely manner, as defined by ERISA, in the amount of \$520. These participant contributions have not been corrected.

During the year ended December 31, 2021, the Plan Sponsor failed to remit certain contributions to the Plan in a timely manner, as defined by ERISA, in the amount of \$2,122. These participant contributions have not been corrected.

During the year ended December 31, 2022, the Plan Sponsor failed to remit certain contributions to the Plan in a timely manner, as defined by ERISA, in the amount of \$361. These participant contributions have not been corrected.

NOTE 11: SUBSEQUENT EVENTS

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through March 6, 2025, the date the financial statements were available to be issued, and management has determined that no subsequent events have occurred that should be disclosed other than the matter below:

The Plan was amended January 1, 2024, which revised the definition of excluded compensation and updated the allocation of the discretionary employer match to be allocated based on both compensation and years of service.
