BPL PLASMA, INC & AFFILIATES
401K AND PROFIT SHARING PLAN & TRUST

NOTES TO FINANCIAL STATEMENTS

FEBRUARY 26, 2024

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the BPL Plasma, Inc and Affiliates 401K and Profit Sharing Plan & Trust (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Agreement for more complete information.

GENERAL

The Plan is a defined contribution Plan covering all eligible employees of BPL Plasma, Inc and Affiliates (The "Company"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). In 2003 the plan was restated under GUST for a Safe Harbor 401k plan and again restated for the Pension Protection Act of 2006. On February 26, 2024 the plan was terminated and its assets were transferred to the Plan of an acquiring entity.

CONTRIBUTIONS - PROFIT SHARING

The Plan is discretionary and the employer determines the amount it will contribute to the Plan. The maximum annual contribution, per employee, under Internal Revenue Code Sections 401(a) and 415(c), is limited to the lesser of \$66,000 or 100% of compensation. Each participant's share is determined by multiplying the total employer contribution by the ratio of his age weighted compensation to the age weighted compensation of all eligible participants.

CONTRIBUTIONS 401K

Employees can make 401k deferral contributions and the employer makes a safe harbor contribution of up to 6% of the participants salary, as a dollar for dollar matching contribution. For the two months ended February 26, 2024 the plan had no deferral or matching contributions. The plan was terminated on that date.

VESTING

Profit sharing participants, upon completion of 2 years of service, will be 20% vested and will attain an additional 20% vesting for each year thereafter and will be fully vested after 6 years service. Vesting provisions are not applicable to 401k contributions made by the employee or matching safe harbor contributions made by the employer as participants are immediately fully vested.

LOAN PROVISIONS

Under the current Plan, no participant loans are allowed.

PAYMENT OF BENEFITS

Upon termination of employment for reasons of death, disability or retirement, a participant or his beneficiaries will receive 100% of his account balance. Upon termination for reasons other than death, disability or retirement, a participant having less than \$1,000 vested in his account will receive 100% of his vested amount upon termination and a participant having more than \$5,000 may choose to receive 100% of his vested amount at any time after the date he terminates his employment.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

FORFEITURES

The portion of a participant's balance in his account which is not vested upon termination of employment shall be forfeited by the participant. Forfeitures shall be allocated in the same manner as employer contributions are allocated at the end of the Plan year in which the forfeiture occurs, and are included in the JP Morgan Prime Money Market Reserve Fund balance.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan have been prepared under the accrual basis of accounting.

INVESTMENTS

All of the plan's assets were in investments, administered by Vanguard in mutual funds stated at fair value. These assets were transferred out of the Plan and the Plan was terminated on February 26, 2024.

FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB accounting Standards Codification Topic 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the assets or liability, or inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

FAIR VALUE MEASUREMENTS (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value at February 26, 2024 and December 31, 2023.

Mutual Funds and Money Market: Valued at the net asset value ("NAV") of shares held by the Plan at year end. The NAV is a quoted price in an active market.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table lists the fair values of investments as of February 26, 2024, all of which were transferred out of the plan:

EXPENSE

The Company has elected to pay expenses of administering Vanguard sponsored funds in the plan. Expenses have been allocated to participants, for other funds available for investment.

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

SUBSEQUENT EVENTS

The Organization has evaluated subsequent events through January 6, 2025, which is the date the financial statements were available to be issued, and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.

NOTE 3 - TAX STATUS

The Fund has adopted a prototype Defined Contribution Plan. The Company follows all the terms of the Plan and the eligibility requirements and contributions or benefit provisions are not more favorable for highly compensated employees. Accordingly, the company believes it is a "Qualified" trust under section 401 of the Internal Revenue Code and is therefore considered to be exempt from federal income tax under provisions of Section 501(a).

NOTE 4 - PLAN TERMINATION

The Company discontinued its contributions and terminated the Plan subject to the provisions of ERISA. In the event of Plan termination, participants became 100 percent vested in their accounts irrespective of their length of participation under the Plan.

NOTE 6 - TOP HEAVY PLANS

A top-heavy retirement plan is one in which the account balances of participants who are key employees exceed 60% of the aggregate account balances.

In any year in which a defined contribution retirement plan is top-heavy, the employer contribution for each participant who is not a key employee must be the lesser of 3% of the participant's compensation or the rate of the highest key-employee rate.

The Company has met the above requirements for the period ended February 26, 2024.
