INDEPENDENT AUDITOR'S REPORT

To the Plan administrator of the Employee Retirement Plan of Safeway Inc. and its Domestic Subsidiaries:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Employee Retirement Plan of Safeway Inc. and its Domestic Subsidiaries (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 30, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 30, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter—Plan Transfer

As discussed in Note 1 to the financial statements, effective December 31, 2022, certain Plan assets and obligations transferred into the Spin-Off Employee Retirement Plan of Safeway Inc. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EMPLOYEE RETIREMENT PLAN OF SAFEWAY INC.
AND ITS DOMESTIC SUBSIDIARIES

NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEARS ENDED DECEMBER 30, 2023 AND 2022

1. DESCRIPTION OF THE PLAN

The following description of the Employee Retirement Plan of Safeway Inc. and Its Domestic Subsidiaries (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General - The Plan is a defined benefit plan that provides retirement benefits for all employees of Safeway Inc. ("Safeway"), NAI Saturn Eastern LLC (effective January 30, 2015), or Collington Services LLC (effective December 30, 2016) (collectively, the "Company") who have reached the age of 21, have completed one year of service, are not eligible for retirement benefits under another plan to which the Company contributes, and whose principal place of employment is within the United States. The Albertsons Companies Retirement Benefit Plans Committee (the "Plan Administrator") controls and manages the operation and administration of the Plan. The assets of the Plan are maintained in a trust established pursuant to a trust agreement between Safeway and Northern Trust Corporation ("Northern Trust"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Effective April 1, 2015 (the "Freeze Date"), the Plan was frozen to new non-union participants who had not satisfied the Plan's eligibility requirements on the Freeze Date or who were hired (or rehired in the case of a former or inactive participant) after the Freeze Date. All other eligible employees shall continue to participate in the Plan in accordance with the Plan's terms.

Effective October 1, 2021, the assets of the Shaw's Supermarkets, Inc. Pension Plan for Union Employees (the "Shaw's Plan") and the Retirement Plan for Employees of United Supermarkets, LLC (the "United Plan") were transferred to the Master Trust with the Plan. After the asset transfer, the Plan, the Shaw's Plan and the United Plan each held a proportionate share of the Master Trust's assets.

Effective December 31, 2022, the Spin-Off Employee Retirement Plan of Safeway Inc. (the "Safeway Spin-Off Plan") was adopted and certain Plan participants with an accrued benefit of less than $6,600 as of December 30, 2022 ceased to be a participant in the Plan and became a participant in the Safeway Spin-Off Plan on December 31, 2022, and the participant's accrued benefit was transferred to the Safeway Spin-Off Plan. On or subsequent to December 31, 2022, $7.8 million in assets were transferred from the Plan to the Safeway Spin-Off Plan to fund the liabilities associated with the transferred liabilities. After the adoption, the Plan, the Shaw's Plan, the United Plan and the Safeway Spin-Off Plan each hold a proportionate share of the Master Trust's assets.

Trustee and Custodian - The trustee and custodian of the Plan is Northern Trust ("Trustee").

Pension Benefits - Prior to July 1, 1999, benefits were determined by one of two basic formulas based upon years of service, annual compensation, and retirement age. The participant's benefit was calculated based on the formula that provided the larger amount. Effective July 1, 1999, the Plan was amended whereby participants will accrue benefits based on pay-based credits and interest credits. Pay-based credits are defined as an amount equal to a percent of eligible pay for each month the employee participates in the Plan. This percent will be based on the number of years of participation. Interest credits are based on the average rate of return for 30-year Treasury securities that are set in November of each year. The Plan has a "transition retirement benefit" provision. Under this provision, benefits are calculated under the prior plan formula. The participant receives the better of the prior plan formula and the new plan formula through June 30, 2006.

The Plan defines normal retirement as beginning at age 65; however, certain benefits under the prior plan formula are available unreduced at age 62. The cash balance account for each participant is credited monthly with a compensation credit based on rates varying by the employee classification in which the participant works and completed years of participation. The Plan permits early retirement with reduced benefits. Upon retirement or termination, participants may elect to receive their pension benefits as a lump-sum payment, a monthly annuity payment, or a combination of a partial lump-sum payment and a partial monthly annuity payment. Effective September 1, 2020, the Plan was amended to permit inactive participants to elect an in-service distribution of their vested accrued benefit if they have attained age 59 ½ at time of their election.

Benefits become 100% vested for noncash balance participants after completing five years of service after the age of 18, upon death, or upon reaching the age of 55 regardless of the length of service. Effective December 31, 2008, the Plan was amended to change vesting for cash balance participants from five years to three years, in accordance with changes in the applicable law.

Under the transition retirement benefit provision, certain participants accrued an account balance benefit at the minimum rate of 4% of the participant's covered compensation. Accruals under this provision ended on June 30, 2006. The account balance earns an annual return based on 12-month average rates on one-year U.S. Treasury Bills, as determined in November of each applicable year. Participants can elect to receive benefits as a lump-sum distribution, as monthly payments or as a combination of both. Participants who choose to receive monthly payments at age 55 or older receive a monthly benefit of 1% of the total balance in the account. Participants who retire prior to age 55 receive a reduced percentage.

Certain participants covered by collective bargained agreements accrue benefits based on such agreements.

Effective December 31, 2008, the Plan was amended to reduce future pay-based credits by 50% for non-union cash balance participants. Effective December 30, 2018, the Plan was further amended to provide that non-union cash balance participants would no longer receive any future pay-based credits to their cash balance accounts under the Plan.

Effective August 31, 2021, the Plan was amended to allow for the purchase of a group annuity contract to cover benefit payments for certain retirees in pay status under the Plan. The group annuity contract provides for continued payment of the individuals pension benefit, in the same amount that was in effect under the Plan immediately before the purchase of the group annuity contract. As a result, the Plan has no liability for the payment of such benefits. The annuity contracts issued for the year ended December 31, 2021 was $155,931,122, and for the year ended December 31, 2022 there was a related refund of $1,658,439. This activity has been included in Refunds of annuity contracts in the Statements of changes in net assets available for benefits.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates—The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated Plan benefits and changes therein at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties—The Plan utilizes various investment securities, including common collective trust funds, mutual funds, U.S. government securities, corporate bonds, mortgage- and other asset-backed securities, common and preferred stocks, derivative financial instruments, and other securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Plan contributions are made and the actuarial present value of accumulated Plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Investment Valuation and Income Recognition—Investments are stated at fair value. Fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a description of the valuation methods.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits—Benefit payments to participants are recorded upon distribution.

Administrative Expenses—Administrative expenses are principally paid by the Plan, as provided in the Plan document.

Subsequent Events—Subsequent events were evaluated through October 14, 2024, the date the financial statements were available to be issued. During 2024, the Master Trust was restructured. Prior to the restructure, the Plan, the Shaw's Plan, the United Plan and the Safeway Spin-Off Plan each held a proportionate share of the Master Trust’s assets according to their respective percentage of ownership. After the restructuring, the pooled investment structure is eliminated such that each plan will have a designated trust account.

3. CERTIFIED INVESTMENT INFORMATION

The following is a summary of the certified investment information regarding the Plan as of and for the years ended December 30, 2023 and December 30, 2022, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information prepared by the Trustee, and furnished to the Plan administrator (in thousands). The Plan administrator has obtained certifications from the Trustee that such information is complete and accurate.

	2023	2022
Statements of net assets available for benefits:		
Plan's interest in investments of the Safeway Inc. Master Retirement Trust	$ 1,157,406	$ 1,124,065
Statements of changes in net assets available for benefits:		
Investment income (loss), net - Plan's interest in the Safeway Inc. Master Retirement Trust	172,374	(219,314)
Notes 5 and 6: All investment balances and investment information excluding the classification and level of investments in Note 5		
Supplemental schedule: All investment balances and information included in the supplemental schedule of assets (held at end of year).		

4. FUNDING POLICY

Contributions to the Plan are made solely by the Company, and are based on actuarial determinations of funding requirements, which include assumptions regarding rates of return on investments, salary and benefit increases, mortality rates, and other factors, as well as consideration of ERISA funding requirements. The Company had $24,000,000 of contributions in 2023. The Company made no contributions in 2022. The Company met the minimum funding requirements of ERISA for the years ended December 30, 2023 and 2022.

In 1987, the Plan was amended to not require or permit employee contributions. Prior to this amendment, participants were required to contribute a specified percentage of their annual compensation. Participants have a nonforfeitable right to their employee contributions plus interest compounded annually and may withdraw their employee contributions and interest at any time without terminating employment. Accumulated employee contributions and interest thereon, net of applicable benefit payments, at December 30, 2023 and 2022, were $787,453 and $830,080, respectively. Interest is currently credited to the employee accounts at a minimum rate of 5% compounded annually.

5. MASTER TRUST

Beginning on December 6, 2012 (the "2012 Commingle Date") and until the Vons Plan and Genuardi's Plan's net assets available for benefits and accumulated benefit obligation were transferred to the Plan on December 30, 2012, the Plan participated in a master trust arrangement with the Safeway Inc. Master Retirement Trust (the "Master Trust"). The Trustee holds the Master Trust's investment assets and provides administrative functions for each of the plans participating in the Master Trust.

Between December 31, 2012 and June 30, 2013, no other plans participated in the Master Trust. As a result there was no commingling of investments during that period.

On July 1, 2013 (the "2013 Commingle Date"), the Safeway Multiple Employer Retirement Plan (the "SMERP") also began participating in the Master Trust, at which time commingling resumed until the SMERP's net assets available for benefits and accumulated benefit obligation was transferred to the Plan on December 30, 2016.

Use of the Master Trust permitted the commingling of the Plan's assets with the assets of the Vons Plan, Genuardi's Plan and SMERP until those plans merged into the Plan. Between December 31, 2016 and October 1, 2021, no other plans participated in the Master Trust. As a result there was no commingling of investments during that period.

Effective October 1, 2021, the assets of the Shaw's Plan and the United Plan were transferred to the Master Trust with the Plan. After the asset transfer, the Plan, the Shaw's Plan and the United Plan each held a proportionate share of the Master Trust's assets. Effective December 31, 2022, the Safeway Spin-Off Plan was adopted, and began participating in the Master Trust. After the adoption, the Plan, the Shaw's Plan, the United Plan and the Safeway Spin-Off Plan each hold a proportionate share of the Master Trust's assets. Although assets of the plans are commingled in the Master Trust, the Trustee maintains supporting records for the purposes of allocating the net gain or loss of the investment account to the participating plans. The net investment income and administrative expenses are allocated by the Trustee to each participating plan based on the relationship of the interest of each plan of the total of the interests of the participating plans.

Certain amounts in the prior year financial statements have been reclassified to conform to the current year presentation. The amounts due to broker for securities purchased and due from broker for securities sold are included in the total net assets of the Master Trust. Management believes this change in presentation improves the transparency of the financial statements and enhances comparison of the current year with the prior year's presentation.

The following presents the investment securities of the Master Trust, and the Plan's share of investment securities, as of December 30, 2023 and 2022 (in thousands):

	2023		2022

Total increase (decrease) in trust assets	$ 174,925	$ (286,806)
Plan's interest in Trust investment activities	$ 172,374	$ (219,314)

The accounting guidance for fair value measurements defines fair value, establishes a framework for measuring fair value in accordance with GAAP, and requires disclosures about fair value measurements. The guidance prioritizes the inputs for measuring fair value into the following hierarchy:

Level 1—Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2—Securities not traded on an active market but for which observable market inputs are readily available.

Level 3—Unobservable inputs in which little or no market activity exists, therefore requiring an entity to develop its own assumptions about the assumptions that market participants would use in pricing.

The level within the fair value hierarchy is based on the lowest level of any input which is deemed significant to the fair value measurement.

The Plan's policy is to recognize significant transfers between levels at the beginning of the reporting period.

Assets measured at fair value on a recurring basis consisted of the following as of December 30, 2023 (in thousands):

	Master Trust Fair Value Measurements				
Asset Category	**Total**	**Quoted Prices in Active Markets for Identical Assets (Level 1)**	**Significant Observable Inputs (Level 2)**	**Significant Unobservable Inputs (Level 3)**	**Assets Measured at NAV**

For the year ended December 30, 2022, there were no significant transfers in or out of Levels 1, 2 or 3.

Below is a description of the valuation methodologies used for the fair value measurements.

Cash and Cash Equivalents—The carrying value of these items approximates fair value.

Common Collective Trust Funds and Short-Term Investment Collective Trust Fund—These investments are valued based on the Net Asset Value ("NAV") of the underlying investments and are provided by the fund issuers. There are no unfunded commitments or redemption restrictions for these funds.

Common and Preferred Stock—The fair value of common and preferred stock is generally based on the exchange quoted market prices. When quoted prices are not available for identical stock, an industry standard valuation model is used which maximizes observable inputs.

Corporate Bonds—The fair value of corporate bonds is generally based on yields currently available on comparable securities of the same or similar issuers with similar credit ratings and maturities. When quoted prices are not available for identical or similar bonds, the fair value is based upon an industry valuation model, which maximizes observable inputs.

Mortgage- and Other Asset-Backed Securities—The fair value of mortgage- and other asset-backed securities is generally based on yields currently available on comparable securities of the same or similar issuers with similar credit ratings and maturities. When quoted prices are not available for comparable securities, the fair value is based upon an industry model which maximizes observable inputs.

Mutual Funds—Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

U.S. Government Securities—The fair value of U.S. government securities is based on quoted market prices when available. When quoted prices are not available, the fair value of U.S. government securities is based on yields currently available on comparable securities or on an industry valuation model which maximizes observable inputs.

Other Securities—Other securities, which consist primarily of U.S. municipal bonds, foreign government bonds and foreign agency securities are valued based on yields currently available on comparable securities of issuers with similar credit ratings. Also included in Other securities is a commingled fund valued based on the NAV of the underlying investments and is provided by the issuer and exchange-traded derivatives that are valued based on quoted prices in an active market for identical derivatives, assets and liabilities.

Derivative Financial Instruments—Exchange-traded derivatives are valued based on quoted prices in an active market for identical derivatives assets and liabilities. Non-exchange-traded derivatives are valued using industry valuation models, which maximize observable inputs, such as interest-rate yield curve data, foreign exchange rates, and applicable spot and forward rates.

6. DERIVATIVE FINANCIAL INSTRUMENTS

The Master Trust's investment policy allows use of derivatives by investment managers for investment portfolio strategies. Accordingly, Plan investments may include the use of the following commonly structured derivative financial instruments.

Foreign Currency Exchange Contracts—The Plan enters into forward contracts to purchase and sell foreign currencies in the normal course of its investing activities to manage the currency exposure associated with the Plan's foreign investments. The terms of these contracts generally do not exceed one year. The credit risk associated with these contracts is minimal, as they are entered into with a limited number of highly rated counterparties.

The Plan reflects the fair value of all forward contracts as an asset or liability in the Plan's financial statements. The fair values associated with the foreign currency contracts have been estimated by valuing the net position of the contracts using the applicable spot rates and forward rates as of the reporting date. In the statements of net assets available for benefits, forward contracts to purchase foreign currency are reported as part of derivative liabilities and forward contracts to sell foreign currency are shown as derivative assets. Changes in fair value are accounted for as net gain (loss) in fair value of investments.

Futures Contracts—The Plan enters into futures contracts in the normal course of its investing activities to manage market risk associated with the Plan's cash and cash equivalent investments and fixed-income investments to achieve overall investment portfolio objectives. These contracts involve elements of market risk in excess of amounts recognized in the statements of net assets available for benefits. The credit risk associated with these contracts is minimal, as they are traded on organized exchanges and settled daily.

During Plan years 2023 and 2022, the Plan was a party to futures contracts held for trading purposes. Upon entering into a futures contract, the Plan is required to deposit either in cash or securities an amount ("initial margin") equal to a certain percentage of the nominal value of the contract. Subsequent payments are then made or received by the Plan, depending on the daily fluctuation in the value of the underlying contracts. There were no cash and cash equivalents included in the investments of the Plan at December 30, 2023 and 2022 held as performance security on futures contracts.

The fair value of futures contracts in the statements of net assets available for benefits is zero at December 30, 2023 and 2022, as settlements are made by cash daily. Changes in fair value are accounted for as net gain (loss) in fair value of investments.

7. ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to service rendered by employees as of the valuation date. Accumulated plan benefits include benefits expected to be paid to (1) retired or terminated employees or their beneficiaries, (2) beneficiaries of employees who have died, and (3) present employees or their beneficiaries. The actuarial present value of accumulated plan benefits is determined by an independent actuary and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

As permitted by GAAP, the Plan uses beginning of the year accumulated plan benefit data, therefore the table below includes balances in the Plan on December 30, 2023. The actuarial present value of accumulated plan benefits as of December 30, 2022 is as follows (in thousands):

		2022
Vested benefits:		
Participants and/or beneficiaries currently receiving benefits	$	436,692
Other participants		717,881
Total vested benefits		1,154,573
Nonvested benefits		275
Total actuarial present value of accumulated plan benefits	$	1,154,848

The changes in the actuarial present value of the Plan's accumulated plan benefits for the year ended December 30, 2022, are as follows (in thousands):

Actuarial present value of accumulated plan benefits, December 30, 2021	$	1,309,960
Increase (decrease) during the year attributable to:		
Interest accumulation		75,338
Change in actuarial assumptions		(115,650)
Benefits accumulated and other		1,740
Adoption of the Safeway Spinoff Plan		(6,277)
Benefits paid		(110,263)
Total actuarial present value of accumulated plan benefits	$	1,154,848

The significant actuarial assumptions used to determine the actuarial present value of accumulated plan benefits in the December 30, 2022 valuation were: (a) mortality rates based upon the PRI-2012 mortality table with projection scale MP-2021, (b) average active retirement age of 62, (c) average TV retirement age of 65 (based on the average TV current age of 54), (d) a discount rate assumption of 7.50%, (e) 80% of active retirements will take a lump-sum distribution and 90% of terminated vested participants will take a lump-sum distribution, (f) cash balance to annuity conversion rates and interest crediting rates derived using 30-year treasury rates, and (g) lump sum payments are determined using 417(e) interest rates.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

8. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of collective trust funds managed by Northern Trust. Northern Trust is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services for the years ended December 30, 2023 and 2022, were approximately $100,756 and $90,626, respectively, and are included in administrative expenses.

9. FEDERAL INCOME TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed Safeway by a letter dated March 2, 2021, that the Plan and related trust were designed in accordance with the applicable regulations of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's ERISA Plan Administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC, and the Plan and related trust continue to be tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2020.

10. PLAN TERMINATION

Although it has not expressed any intention to do so, Safeway has the right under the Plan, in certain circumstances, to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan is terminated, the net assets of the Plan will be allocated for payment of Plan benefits to the participants in an order of priority determined in accordance with ERISA, applicable regulations thereunder, and the Plan document.

Certain benefits under the Plan are insured by the Pension Benefit Guaranty Corporation ("PBGC") if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination, subject to a statutory ceiling on the amount of an individual's monthly benefit.

Whether all participants receive their benefits should the Plan be terminated at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide those benefits, the priority of those benefits to be paid, and the level and type of benefits guaranteed by the PBGC at that time. Some benefits may be fully or partially provided for by the then-existing assets and the PBGC guaranty, while other benefits may not be provided for at all.

Mortality Rates	
Healthy and Disabled	2022 static mortality table for annuitants and non-annuitants per §1.430(h)(3)-1(a)(3) and IRS Notice 2020-85.
Beneficiary Death Assumption	A certain probability of death is assumed for the surviving spouses of retirees with Joint and Survivor options such that the liability is reduced by 2% for which spouse data is unknown.
Withdrawal Rates	See Table 3.
Disability Rates	Disability rates are included in the withdrawal rates assumption. The benefits payable upon disability are the same for actives and terminated vested participants.
Decrement Timing	Middle of year decrements (except that retirement is assumed to occur at the beginning of the year for ages where the assumed retirement rate is 100%).
Surviving Spouse Benefit	It is assumed that 70% of males and 30% of females have an eligible spouse, and that males are three years older than their spouses.

[1] Calculated using latest January 30-year Treasury rates, limited to an 85% to 110% corridor of the average yields on 30-year Treasury bonds over the 5-year period, rounded to the nearest 0.05%.

Benefit and Compensation Limits	Projected benefits and compensation are limited by the current IRC section 415 maximum benefit of $245,000 and the IRC section 401(a)(17) compensation limit of $305,000.
Valuation of Plan Assets	Smoothed fair market value of assets over the current and prior two years, adjusted for contributions, benefit payments, administrative expenses, and expected earnings. The average value of assets calculated in this manner is further limited to not less than 90% nor more than 110% of fair market value. A characteristic of this method is that the expected distribution of the value of plan assets is skewed toward understatement relative to the corresponding market values for expected long-term rates of return in excess of the third segment rate under IRC section 430(h)(2)(C)(iii).
Expected Return on Assets	
2020 Plan Year	6.25%, before limited by 3rd segment rate of 6.27%.
2021 Plan Year	6.50%, before limited by 3rd segment rate of 6.11%.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, line 22—Description of Weighted Average Retirement Age

The average retirement age shown in line 22 has been calculated by assuming the following retirement rates and no decrements other than retirement for this calculation. All retirements are assumed to occur at mid-year, except for the 100% retirement age. The aggregated rates below are a weighted average of the union and non-union rates based the percentage of the active population that is union or non-union.

Employee Retirement Plan of Safeway Inc. and Its Domestic Subsidiaries
EIN: 943019135 PN: 001

Schedule SB, Part V—Summary of Plan Provisions

Employee Retirement Plan of Safeway Inc. and Its Domestic Subsidiaries ('ERP')

Effective Date	December 1, 1946
Latest Amendment Date	August 31, 2021
Eligibility for Coverage	Full-time employees who: ▪ Have completed one year of service; ▪ Have reached age 21; ▪ Are not participating or eligible for coverage under another retirement plan to which the company contributes; ▪ Are not project employees; ▪ Are not eligible for the SRG 401(k) Plan; and ▪ Are not eligible for the Groceryworks.com LLC 401(k) and Profit Sharing Plan; ▪ Are not SRG orGroceryworks.com employees who are eligible for a match in the Safeway 401(k) Plan. Become eligible for coverage on the first day of the month after fulfilling these requirements. Non-union employees may not enter the plan after April 1, 2015.
Normal Retirement Date	First day of the month after reaching age 65.
Optional Retirement Date	First day of any month after the earlier of 1) completing five years of service (three years for participants with cash balance benefits) after age 18; or 2) reaching age 55.
In-Service Distributions	Effective September 1, 2020, participants who are classified as non-union employees on the date of distribution election are allowed to receive an in-service distribution upon attainment of 59½.
Normal Form of Retirement Benefit	Monthly income payable for life.
Optional Forms of Payment	▪ 5, 10 or 15 years certain and life thereafter; ▪ Joint and 50% to survivor or joint and 100% to survivor; ▪ Single sum payment of 25%, 50%, 75%, or 100%, with remainder as annuity; ▪ A combination of the forms above; and

	▪ Any other form approved by the Benefit Plans Committee. Factors to convert annuities to certain and life are 0.994, 0.971 and 0.939 for the different periods. Factors to convert annuities to joint and survivor forms of payments are 0.94 and 0.89 with further adjustments based on age of contingent annuitant.
Compensation	Compensation includes all amounts paid to the participant including deferred compensation and overtime, contingent and part-time earnings. Compensation also includes salary deferrals to company 401(k) and 125 plans. Compensation does not include discretionary bonuses or any amounts paid after termination.
Annual Benefit at Normal Retirement Date	The benefit formula for most plan participants, which was amended effective July 1, 1999, is the greatest of: (a) Cash balance benefit; (b) Frozen accrued benefit as of June 30, 1999; or (c) Grandfather benefit. Certain union employees have separate benefit structures that are described below. Certain participants have frozen benefits under plans which have been merged into this one. These plans include those previously sponsored by Vons, Genuardi's and Randalls. The annual retirement benefit attributable to company contributions cannot exceed the maximum level permitted by Section 415 of the Internal Revenue Code. This limit is defined in the assumptions section of this report.
Cash Balance Benefit	The actuarial equivalent of the participant's total cash balance account.
Total Cash Balance Account	The sum of the participant's cash balance account and his employee contribution account.
Cash Balance Account	The sum of the participant's opening balance, pay-based credits, year-end credits, interest credits, and special credit at June 30, 2006.

Opening Balance

The single sum value of the participant's employer-provided accrued benefit as of June 30, 1999. The actuarial basis used to determine the participant's opening balance is the plan's lump sum basis in effect on June 30, 1999.

Special Credit at June 30, 2006

The excess, if any, of the single sum value of the participant's employer-provided benefit over the participant's cash balance account, as of June 30, 2006. The actuarial basis used to determine the single sum value is the plan's lump sum basis in effect on June 30, 2006.

Pay-Based Credits

For each month in which the participant is an active participant on the first day of the month, he receives a pay-based credit on the last day of the month determined as a percentage of that month's compensation, based on his category and years of plan participation, according to the following table which was effective December 31, 2008):

Effective December 30, 2018, non-union participants no longer accrue pay-based credits.

Years of Participation	Union	Market Place	Local 114	All Other
0–4	3.0%	2.0%	4.0%	3.0%
5–9	4.0%	2.0%	4.5%	3.5%
10–14	5.0%	2.0%	5.5%	4.0%
15–19	6.0%	2.0%	6.0%	4.5%
20–24	7.5%	2.0%	7.0%	5.5%
25+	9.0%	2.0%	7.5%	6.5%

Year-End Credits

As of December 30 of each of the years listed below, active non-union participants received a year-end credit equal to a percentage of the entire year's compensation:

Year	Dominick EEs[1]	Market Place	All Others
1999	1.00%	N/A	3.25%
2000	2.00%	N/A	3.00%
2001	2.00%	N/A	3.00%
2002	1.00%	1.00%	2.00%
2003	1.00%	1.00%	1.00%
2004	1.00%	1.00%	1.00%
2005	1.00%	1.00%	1.00%
2006	2.00%	2.00%	2.00%

[1] Excludes Dominick's Commissionary.

Interest Credits	2007	1.00%	1.00%	1.00%
	Year	**November 30-Year Treasury Rate**	**Year**	**November 30-Year Treasury Rate**
	2005	4.73%	2014	3.04%
	2006	4.69%	2015	3.03%
	2007	4.52%	2016	2.86%
	2008	4.00%	2017	2.80%
	2009	4.31%	2018	3.36%
	2010	4.19%	2019	2.28%
	2011	3.02%	2020	1.62%
	2012	2.80%	2021	1.94%
	2013	3.80%	2022	4.00%

For subsequent plan years, the annual interest credit rate is the annual rate of return on 30-year Treasury bonds during November preceding the plan year. Note that those participants accruing benefits under the "Union Participant" schedule have a minimum interest crediting rate of 4.01%. For Local 114 sanitation workers, the minimum interest crediting rate is 1.72%. For all other participants the minimum interest crediting rate is 2.34%.

Employee Contribution Account

A participant's employee contribution account is equal to the value of all employee contributions made prior to July 1987, accumulated with interest.

Frozen Accrued Benefit as of June 30, 1999

Frozen accrued benefits as of June 30, 1999 are determined under the benefit provisions of the plan in effect on that date, except that for purposes of determining the final average benefit, the percentage applied to final average compensation in excess of covered compensation is 0.5% at all ages.

Grandfather Benefit

Each participant shall continue to accrue benefits under the benefit formulas of the plan in effect as of June 30, 1999, until June 30, 2006. The grandfather benefit is equal to the sum of the basic benefit plus the account balance benefit. The benefit formulas under the grandfather benefit differ from the June 30, 1999 plan in the following manner:

- The percentage applied to final average compensation in excess of covered compensation is 0.5% at all ages.

- The lump sum value of the account balance benefit is in all cases exactly equal to the account balance.

Basic Benefit

The basic benefit formula, which was amended effective December 30, 1989 (and adjusted as above), is the greater of:

(a) Career average formula: 1½% of annual compensation for each plan year; or

(b) Final average formula: The annual retirement benefit for participants whose full-time employment terminates on or after December 30, 1989.

(i) 0.95% of the participant's "final average compensation" multiplied by his years of participating; plus

(ii) 0.50% of the participant's "final average compensation" in excess of his covered compensation multiplied by his years of participation up to a maximum of 35 years.

"Final average compensation" means the average compensation over the 60 consecutive complete calendar months of highest compensation, out of the last 10 years of service. "Covered compensation" means the average amount of compensation with respect to which Old Age and Survivors Insurance benefits would be provided under the Social Security Act, assuming earnings were equal to the Social Security wage base each year through Social Security retirement age.

Account Balance Benefit

In addition to the benefits described in the preceding paragraphs, each eligible participant active on December 31, 1987 or later who is an eligible account balance participant is entitled to an account balance benefit. The benefit is normally a single sum value called the account balance.

Account Balance

The account balance is the sum of the contribution credits accumulated with the annual interest index.

Contribution Credit

The contribution credit for a plan year is the percentage from the table below times the participant's account balance earnings:

Year	Contribution Credit	Year	Contribution Credit
1987	7.75%	1997	7.50%
1988	7.75%	1998	7.75%
1989	8.00%	1999	7.25%
1990	8.00%	2000	7.00%
1991	6.00%	2001	7.00%
1992	4.00%	2002	6.00%
1993	6.00%	2003	5.00%
1994	7.00%	2004	5.00%
1995	7.50%	2005	5.00%
1996	8.00%	2006	4.00%

Account Balance Earnings

Account balance earnings include basic and regular pay earned while an eligible account balance participant, including overtime pay but excluding contingent (bonus) pay.

Annual Interest Index

Year	Applicable November 1-Year Treasury Rate	Year	Applicable November 1-Year Treasury Rate
1994	2.44%	2009	.048%
1995	5.02%	2010	0.33%
1996	6.10%	2011	0.20%
1997	5.50%	2012	0.17%
1998	5.63%	2013	0.13%
1999	5.14%	2014	0.11%
2000	4.97%	2015	0.29%
2001	6.13%	2016	0.60%
2002	3.76%	2017	1.56%
2003	2.07%	2018	2.70%
2004	1.26%	2019	1.57%
2005	1.77%	2020	0.12%
2006	3.48%	2021	0.18%
2007	4.88%	2022	4.73%
2008	4.66%		

Effective December 31, 2017, the annual interest credit rate is the annual rate of return on one-year Treasury rates during November preceding the plan year. Prior to that, the annual interest credit rate was the average yield on one-year Treasury rates for the 12-month period ending the November preceding the plan year.

Annuity Benefit

If the participant elects to receive an annuity benefit, the account balance will be paid as a monthly benefit in the same form as the regular plan benefits. For a life annuity commencing at age 55 or older, the monthly benefit is 1% of the account balance on the date benefits commence.

Union Benefit

Many union groups have bargained to be participants in this plan but have different benefit formulas. The following groups have separate formulas.

Union Benefit—Teamsters Local 639

Effective December 31, 1990, an alternative benefit structure was adopted for plan participants who were members of Teamsters Local 639. The benefit formula is the sum of (a), (b) and (c):

(a) The accrued benefit under the regular plan formula on December 31, 1990; plus

(b) For each full year of benefit service, the amount from the following table:

Year	Monthly Benefits

(b) A supplemental benefit of $15 per month per year of past service (service prior to July 1, 1997) up to a maximum of 10 years. Effective January 1, 2017, this benefit will be increased to $20 per month per year of past service (service prior to July 1, 1997) up to a maximum of 10 years, pending amendment.

Annual Retirement Benefit at Optional Retirement Date	The annual retirement benefit at an optional retirement date is generally calculated using the normal retirement benefit formula based on compensation and service through the optional retirement date. The basic benefit and the union benefit are reduced if the optional retirement date is prior to age 62. The account balance benefit is reduced if the optional retirement date is prior to age 55. Certain union groups are subject to the “25 and out” and “30 and out” early retirement provisions. Whereby the participants with 30 years of service can commence unreduced benefit. Reduction between 25 and 30 years of service is either 4% or 5% depending on the local group.
Vesting of Benefits	If a participant terminates employment after completing five years of service (three years for participants with cash balance benefits) after age 18, or upon attainment of age 55, he or she will have a vested right to the pension benefits accrued to date of termination. Benefit payments will commence at age 65 or, if the participant chooses, at any time prior to 65, subject to the early retirement reduction provisions of the plan.
Death Benefit	
Before Retirement	If a participant dies prior to retirement, his or her beneficiary would receive the actuarial present value of the participant's accrued benefits.
After Retirement	If a participant dies after retirement, any death benefit will be paid in accordance with the optional benefit payment in effect. If the benefit to the participant was in the life annuity form, his beneficiary would receive the total of all his contributions with interest to his retirement date less any payments made to him or his beneficiary since retirement.
Contributions	The company shall contribute an amount necessary to carry out the purposes of the plan.
Administration	The plan is administered by a Benefit Plans Committee appointed by the company, which will have full authority to interpret and administer the plan.

Termination of Plan	Upon termination of the plan, the trust fund shall be distributed to the participants proportionately and equitably in a manner determined by the Committee. In any event, no participant will receive an amount less than the total of all contributions made by that participant to the plan with interest to the date of termination or his or her retirement date (whichever is earlier) less any payments received under the plan. No liquidation of assets and payment of benefits shall actually be made by the Trustee until after it is advised by the company that the applicable requirements of ERISA governing plan terminations have been met.

Safeway Multiple Employer Retirement Plan ('SMERP')

Effective Date	June 16, 2000
Latest Amendment Date	August 31, 2021
Safeway Plan	For ease of reference, the Employee Retirement Plan of Safeway Inc. and Its Domestic Subsidiaries will be referred to in this summary as the Safeway Plan.
Eligibility for Coverage	Employees of Safeway Inc. and Collington Services, LLC who: ▪ Have completed one year of service; ▪ Have reached age 21; ▪ Are not participating or eligible for coverage under another retirement plan to which the company contributes; ▪ Are not project employees; and ▪ If employed by Safeway Inc., are employed in a non-union non-retail position with the Eastern Division of the company. Become eligible for coverage on the first day of the month after fulfilling these requirements. Participants who have met the above requirements and were participants in the Safeway Plan immediately prior to the effective date of this plan became participants on June 16, 2000. Non-union employees of Safeway may not enter the plan after April 1, 2015.
Normal Retirement Date	First day of the month after reaching age 65.
Optional Retirement Date	First day of any month after the earlier of 1) completing five years of service (three years for participants with cash balance benefits) after age 18; or 2) reaching age 55.
Normal Form of Retirement Benefit	Monthly income payable for life.
Optional Forms of Settlement	▪ 5, 10 or 15 years certain and life thereafter; ▪ Joint and 50% to survivor or joint and 100% to survivor; ▪ Single sum payment of 25%, 50%, 75%, or 100%, with remainder as annuity; ▪ A combination of the forms above; and

	▪ Any other form approved by the Benefit Plans Committee. Factors to convert annuities to certain and life are 0.994, 0.971 and 0.939 for the different periods. Factors to convert annuities to joint and survivor forms of payments are 0.94 and 0.89 with further adjustments based on age of contingent annuitant.
Compensation	Compensation includes all amounts paid to the participant including deferred compensation and overtime, contingent and part-time earnings. Compensation also includes salary deferrals to company 401(k) and 125 plans. Compensation does not include discretionary bonuses or any amounts paid after termination.
Annual Benefit at Normal Retirement Date	The benefit formula for nonunion plan participants is equal to (a) minus (b): (a) The greatest of: (i) Cash balance benefit; (ii) Frozen accrued benefit as of June 30, 1999; or (iii) Grandfather benefit. (b) The participant's benefit (if any) under the Safeway Plan. Union employees have separate benefit structures as described below. The annual benefit attributable to company contributions cannot exceed the maximum level permitted by Section 415 of the Internal Revenue Code. The limit is defined in the assumptions section of this report.
Cash Balance Benefit	The actuarial equivalent of the participant's total cash balance account.
Total Cash Balance Account	The sum of the participant's cash balance account and his employee contribution account.
Cash Balance Account	The sum of the participant's opening balance, pay-based credits, year-end credits, interest credits, and special credit at June 30, 2006.

Opening Balance

The participant's cash balance account under the Safeway Plan as of the effective date of this plan.

Special Credit at June 30, 2006

The excess, if any, of the single sum value of the participant's employer-provided benefit over the participant's cash balance account, as of June 30, 2006. The actuarial basis used to determine the single sum value is the plan's lump sum basis in effect on June 30, 2006.

Pay-Based Credits

For each month in which the participant is an active participant on the first day of the month, he receives a pay-based credit on the last day of the month determined as a percentage of that month's compensation, based on his years of plan participation, according to the following table:

Effective December 30, 2018, non-union participants no longer accrue pay-based credits.

For subsequent plan years, the annual interest credit rate is the annual rate of return on 30-year Treasury bonds during November preceding the plan year. The minimum interest crediting rate is 2.34%.

Employee Contribution Account

A participant's employee contribution account is equal to the value of the participant's employee contribution account under the Safeway Plan as of the effective date of this plan, accumulated with interest.

Frozen Accrued Benefit as of June 30, 1999

Frozen accrued benefits as of June 30, 1999 are determined under the benefit provisions of the Safeway Plan in effect on that date, except that for purposes of determining the final average benefit, the percentage applied to final average compensation in excess of covered compensation is 0.5% at all ages.

Grandfather Benefit

Each participant shall continue to accrue benefits under this plan until June 30, 2006, using the benefit formulas of the Safeway Plan in effect as of June 30, 1999. The grandfather benefit is equal to the sum of the basic benefit plus the account balance benefit. The benefit formulas under the grandfather benefit differ from the June 30, 1999 Safeway Plan in the following manner:

- The percentage applied to final average compensation in excess of covered compensation is 0.5% at all ages.
- The lump sum value of the account balance benefit is in all cases exactly equal to the account balance.

Basic Benefit

The basic benefit formula is the greater of (a) or (b):

(a) Career average formula:

(i) The career average benefit under the Safeway Plan as of the effective date of this plan; plus

(ii) 1½% of annual compensation for each plan year thereafter.

(b) Final average formula:

(i) 0.95% of the participant's "final average compensation" multiplied by his years of participating; plus

(ii) 0.50% of the participant's "final average compensation" in excess of his covered compensation multiplied by his years of participation up to a maximum of 35 years.

"Final average compensation" means the average compensation over the 60 consecutive complete calendar months of highest compensation, out of the last 10 years of service. "Covered compensation" means the average amount of compensation with respect to which Old Age and Survivors Insurance benefits would be provided under the Social Security Act, assuming earnings were equal to the Social Security wage base each year through Social Security retirement age.

Account Balance Benefit

In addition to the benefits described in the preceding paragraphs, each eligible participant who is an eligible account balance participant is entitled to an account balance benefit. The benefit is normally a single sum value called the account balance.

Account Balance

The account balance is the sum of the contribution credits accumulated with the annual interest index. As of the effective date of this plan, each participant's account balance is equal to his account balance under the Safeway Plan.

Contribution Credit

The contribution credit for a plan year is the contribution credit percentage from the table below times the participant's account balance earnings:

Year	Contribution Credit
2000	7%
2001	7%
2002	6%
2003	5%
2004	5%
2005	5%
2006	4%

Account Balance Earnings

Account balance earnings include basic and regular pay earned while an eligible account balance participant, including overtime pay but excluding contingent (bonus) pay.

Annual Interest Index

Year	Applicable November 1-Year Treasury Rate
2006	3.48%
2007	4.88%
2008	4.66%
2009	0.48%
2010	0.33%
2011	0.20%
2012	0.17%
2013	0.13%
2014	0.11%
2015	0.29%
2016	0.60%
2017	1.56%
2018	2.70%
2019	1.57%
2020	0.12%
2021	0.18%
2022	4.73%

Effective December 31, 2017, the annual interest credit rate is the annual rate of return on one-year Treasury rates during November preceding the plan year. Prior to that, the annual interest credit rate was the average yield on one-year Treasury rates for the 12-month period ending the November preceding the plan year.

Annuity Benefit

If the participant elects to receive an annuity benefit, the account balance will be paid as a monthly benefit in the same form as the regular plan benefits. For a life annuity commencing at age 55 or older, the monthly benefit is 1% of the account balance on the date benefits commence.

Union Benefit

Several union groups have bargained to be participants in this plan but have different benefit formulas. In all cases, the benefits are offset by any accrued benefits under the Safeway Plan.

Union Benefit—Teamsters Local 639

The benefit formula is the sum of (a), (b) and (c):

(a) The accrued benefit under the Safeway Plan as of the effective date of this plan; plus

(b) For each full year of benefit service, the amount from the following table:

Year	Monthly Benefit
2000	$152
2001	$160
2002	$180
2003	$190
2004–5/31/2016	$200
≥ 6/1/2016	$100

Any participant hired or rehired after April 27, 2006 will receive $140 per year for any period of employment below the top scale wage for his position. However, all employees on May 15, 2011 will immediately become eligible to accrue benefits at a rate of $200 per month. Effective June 1, 2016, the $140 benefit was reduced to $70 and the $200 benefit was reduced to $100.

(c) The supplemental benefit is the sum of (1), (2) and (3) below:

(1) $5 payable per month per year of credited service (up to a maximum of 30 years) in the plan.

(2) $30 payable per month per year of credited service accrued as of June 16, 2000.

(3) $5 payable per month per year of service accrued as of June 16, 2000 (up to a maximum of 10 years).

Union Benefit—Operating Engineers Local 99

The benefit formula is the sum of (a), (b), (c), and (d):

(a) The accrued benefit under the regular plan formula on February 1, 1991; plus

(b) For each full year of benefit service, the amount from the following table:

Year	Monthly Benefit
2000	$152
2001	$160
2002	$180
2003	$190
2004–5/31/2016	$200
≥ 6/1/2016	$100

Any participant hired after February 13, 2007 will receive $140 per year for the first four years. Effective June 1, 2016, the $140 benefit was reduced to $70.

(c) A supplemental benefit of $30 per month per year of credited service accrued under the Safeway Plan as of June 16, 2000.

(d) A supplemental benefit for each year of service up to a maximum of 10 years.

Year	Monthly Benefit
2007–2008	$ 5
2009–2010	$10
≥ 2011	$15

Union Benefit—Local 1486

The benefit formula is the sum of (a) and (b):

(a) The accrued benefit under the Safeway Plan of the effective date of this plan; plus

(b) For each full year of benefit service, the amount from the following table:

Year	Monthly Benefit
2000	$155
2001	$160
2002	$180
2003	$190
2004–5/31/2016	$200
≥ 6/1/2016	$100

Any participant hired after September 24, 2006 will receive $140 per year for the first four years. Effective June 1, 2016, the $140 benefit was reduced to $70.

Union Benefit—Warehouse Union Local 730

The benefit formula is the sum of (a), (b), and (c):

a) The accrued benefit under the Safeway Plan of the effective date of this plan; plus

(b) For each full year of benefit service, the amount from the following table:

Year	Monthly Benefit
2000	$109
2001	$120
2002	$140
2003	$150
2004–2011	$160
2012–6/1/2016	$200
≥ 6/1/2016	$100

Any employee hired after April 26, 2006 will not receive any benefit for any period of employment as a “Selector Helper.”

No employee shall receive any benefit for any period of employment as an “On-Call Driver.”

Effective March 16, 2012, employees in the job classification of ‘Lumper’ shall not be eligible to participate in the plan.

(c) The supplemental benefit is the sum of (1) and (2) below:

(1) $30 payable per month per year of credited service accrued under the Safeway Plan as of June 16, 2000.

(2) $5 payable per month per year of credited service accrued under the Safeway Plan as of June 1, 2000 (up to a maximum of 10 years).

Annual Retirement Benefit at Optional Retirement Date	The annual retirement benefit at an optional retirement date is generally calculated using the normal retirement benefit formula based on compensation and service through the optional retirement date. The basic benefit and the union benefit are reduced if the optional retirement date is prior to age 62. The account balance benefit is reduced if the optional retirement date is prior to age 55. Certain union groups are subject to the “25 and out” and “30 and out” early retirement provisions whereby the participants with 30 years of service can commence unreduced benefit. Reduction between 25 and 30 years of service is either 4% or 5% depending on the local group.
Vesting of Benefits	If a participant terminates employment after completing five years of service (three years for participants with cash balance benefits) after age 18, or upon attainment of age 55, he or she will have a vested right to the pension benefits accrued to date of termination. Benefit payments will commence at age 65 or, if the participant chooses, at any time prior to 65, subject to the early retirement reduction provisions of the plan.
Death Benefit	
Before Retirement	If a participant dies prior to retirement, his or her beneficiary would receive the actuarial present value of the participant's accrued benefits.
After Retirement	If a participant dies after retirement, any death benefit will be paid in accordance with the optional benefit payment in effect. If the benefit to the participant was in the life annuity form, his beneficiary would receive the total of all his contributions with interest to his retirement date less any payments made to him or his beneficiary since retirement.

Contributions	The company shall contribute an amount necessary to carry out the purposes of the plan.
Administration	The plan is administered by a Benefit Plans Committee appointed by Safeway, which will have full authority to interpret and administer the plan.
Termination of Plan	Upon termination of the plan, the trust fund shall be distributed to the participants proportionately and equitably in a manner determined by the Committee. In any event, no participant will receive an amount less than the total of all contributions made by that participant to the plan with interest to the date of termination or his or her retirement date (whichever is earlier) less any payments received under the plan. No liquidation of assets and payment of benefits shall actually be made by the Trustee until after it is advised by the company that the applicable requirements of ERISA governing plan terminations have been met.

Plan Changes Since the Prior Year

The funding and plan reporting valuations reflect the following changes:

- An update to the mortality table for determining minimum lump sum payments under IRC section 417(e)(3) to the applicable mortality for the current plan year.
- Effective December 30, 2022, the Plan underwent a spinoff of assets and liabilities for a group of active and terminated vested participants whose non-union benefits earned are under the mandatory cashout threshold (e.g., $7,000).

Other Information to Fully and Fairly Disclose the Actuarial Position of the Plan

Due to software limitations with the electronic filing process, information filed electronically cannot be controlled by the Enrolled Actuary. The values on the signed Schedule SB will govern to the extent there are any differences in the entries filed electronically and the actual data contained on the signed Schedule SB.

Schedule SB, line 24—Change in Actuarial Assumptions

The funding valuation reflects the following assumption changes:

- A change in the interest crediting rates to reflect actual 2022 rates and updated projected 2023+ rates.
- A change in the cash balance annuity conversion/lump sum determination rate from 2.10% to 3.65%.
- A change in the late retirement factor interest rate from 2.10% to 3.65%.
- A change in the expected return on assets (before being limited by the third segment rate) from 6.50% for 2021 plan year to 8.00% for 2022 plan year.
- A change in the salary increase scale from 2.80% to 2.90%.
- A change in the current TVs retirement rates to better reflect anticipated future experience.

These changes were made to better reflect the anticipated plan experience. These assumption changes in aggregate did not reduce the funding shortfall; as such, approval of the Commissioner is not required.

Schedule SB, line 25—Change in Method

The plan sponsor requested IRS approval for a funding method change due to the December 30, 2022 spinoff of a group of participants from the Employee Retirement Plan of Safeway Inc. and Its Domestic Subsidiaries (EIN: 94-3019135; Plan No.001) ('ERP') that created the Spinoff Employee Retirement Plan of Safeway Inc. and Its Domestic Subsidiaries (EIN: 94-3019135; Plan No.007) ('Spin') effective December 31, 2022. This request was submitted to the IRS timely and was approved January 31, 2025. The December 31, 2022 Schedule SB for the ERP plan reflects the following approach.

- The Value of Plan assets calculation continues to use the prior two-year smoothing method, and the ERP plan retains all unrecognized gains and losses from the prior period while the Spin plan has a fresh start.
- The ERP plan retains all funding balances.

Above is a projection of benefits expected to be paid separately for active participants, terminated vested participants, and retired participants and beneficiaries receiving payments, and for the entire plan (not to include expected expenses) in each of the next fifty years starting with the plan year and based on the participant's status as of the valuation date. For purposes of this projection, assume no additional accruals, experience (e.g., termination, mortality, and retirement) is in line with valuation assumptions, no new entrants, and benefits are paid in the form assumed for valuation purposes.

Schedule SB, line 22—Description of Weighted Average Retirement Age

The average retirement age shown in line 22 has been calculated by assuming the following retirement rates and no decrements other than retirement for this calculation. All retirements are assumed to occur at mid-year, except for the 100% retirement age. The aggregated rates below are a weighted average of the union and non-union rates based the percentage of the active population that is union or non-union.

Schedule SB, Part V—Summary of Plan Provisions

Employee Retirement Plan of Safeway Inc. and Its Domestic Subsidiaries ('ERP')

Effective Date	December 1, 1946
Latest Amendment Date	August 31, 2021
Eligibility for Coverage	Full-time employees who: ▪ Have completed one year of service; ▪ Have reached age 21; ▪ Are not participating or eligible for coverage under another retirement plan to which the company contributes; ▪ Are not project employees; ▪ Are not eligible for the SRG 401(k) Plan; and ▪ Are not eligible for the Groceryworks.com LLC 401(k) and Profit Sharing Plan; ▪ Are not SRG orGroceryworks.com employees who are eligible for a match in the Safeway 401(k) Plan. Become eligible for coverage on the first day of the month after fulfilling these requirements. Non-union employees may not enter the plan after April 1, 2015.
Normal Retirement Date	First day of the month after reaching age 65.
Optional Retirement Date	First day of any month after the earlier of 1) completing five years of service (three years for participants with cash balance benefits) after age 18; or 2) reaching age 55.
In-Service Distributions	Effective September 1, 2020, participants who are classified as non-union employees on the date of distribution election are allowed to receive an in-service distribution upon attainment of 59½.
Normal Form of Retirement Benefit	Monthly income payable for life.
Optional Forms of Payment	▪ 5, 10 or 15 years certain and life thereafter; ▪ Joint and 50% to survivor or joint and 100% to survivor; ▪ Single sum payment of 25%, 50%, 75%, or 100%, with remainder as annuity; ▪ A combination of the forms above; and

	▪ Any other form approved by the Benefit Plans Committee. Factors to convert annuities to certain and life are 0.994, 0.971 and 0.939 for the different periods. Factors to convert annuities to joint and survivor forms of payments are 0.94 and 0.89 with further adjustments based on age of contingent annuitant.
Compensation	Compensation includes all amounts paid to the participant including deferred compensation and overtime, contingent and part-time earnings. Compensation also includes salary deferrals to company 401(k) and 125 plans. Compensation does not include discretionary bonuses or any amounts paid after termination.
Annual Benefit at Normal Retirement Date	The benefit formula for most plan participants, which was amended effective July 1, 1999, is the greatest of: (a) Cash balance benefit; (b) Frozen accrued benefit as of June 30, 1999; or (c) Grandfather benefit. Certain union employees have separate benefit structures that are described below. Certain participants have frozen benefits under plans which have been merged into this one. These plans include those previously sponsored by Vons, Genuardi's and Randalls. The annual retirement benefit attributable to company contributions cannot exceed the maximum level permitted by Section 415 of the Internal Revenue Code. This limit is defined in the assumptions section of this report.
Cash Balance Benefit	The actuarial equivalent of the participant's total cash balance account.
Total Cash Balance Account	The sum of the participant's cash balance account and his employee contribution account.
Cash Balance Account	The sum of the participant's opening balance, pay-based credits, year-end credits, interest credits, and special credit at June 30, 2006.

Opening Balance

The single sum value of the participant's employer-provided accrued benefit as of June 30, 1999. The actuarial basis used to determine the participant's opening balance is the plan's lump sum basis in effect on June 30, 1999.

Special Credit at June 30, 2006

The excess, if any, of the single sum value of the participant's employer-provided benefit over the participant's cash balance account, as of June 30, 2006. The actuarial basis used to determine the single sum value is the plan's lump sum basis in effect on June 30, 2006.

Pay-Based Credits

For each month in which the participant is an active participant on the first day of the month, he receives a pay-based credit on the last day of the month determined as a percentage of that month's compensation, based on his category and years of plan participation, according to the following table which was effective December 31, 2008):

Effective December 30, 2018, non-union participants no longer accrue pay-based credits.

Years of Participation	Union	Market Place	Local 114	All Other
0–4	3.0%	2.0%	4.0%	3.0%
5–9	4.0%	2.0%	4.5%	3.5%
10–14	5.0%	2.0%	5.5%	4.0%
15–19	6.0%	2.0%	6.0%	4.5%
20–24	7.5%	2.0%	7.0%	5.5%
25+	9.0%	2.0%	7.5%	6.5%

Year-End Credits

As of December 30 of each of the years listed below, active non-union participants received a year-end credit equal to a percentage of the entire year's compensation:

Year	Dominick EEs[1]	Market Place	All Others
1999	1.00%	N/A	3.25%
2000	2.00%	N/A	3.00%

	2012	2.80%	2021	1.94%
	2013	3.80%	2022	4.00%

For subsequent plan years, the annual interest credit rate is the annual rate of return on 30-year Treasury bonds during November preceding the plan year. Note that those participants accruing benefits under the "Union Participant" schedule have a minimum interest crediting rate of 4.01%. For Local 114 sanitation workers, the minimum interest crediting rate is 1.72%. For all other participants the minimum interest crediting rate is 2.34%.

Employee Contribution Account

A participant's employee contribution account is equal to the value of all employee contributions made prior to July 1987, accumulated with interest.

Frozen Accrued Benefit as of June 30, 1999

Frozen accrued benefits as of June 30, 1999 are determined under the benefit provisions of the plan in effect on that date, except that for purposes of determining the final average benefit, the percentage applied to final average compensation in excess of covered compensation is 0.5% at all ages.

Grandfather Benefit

Each participant shall continue to accrue benefits under the benefit formulas of the plan in effect as of June 30, 1999, until June 30, 2006. The grandfather benefit is equal to the sum of the basic benefit plus the account balance benefit. The benefit formulas under the grandfather benefit differ from the June 30, 1999 plan in the following manner:

- The percentage applied to final average compensation in excess of covered compensation is 0.5% at all ages.

- The lump sum value of the account balance benefit is in all cases exactly equal to the account balance.

Basic Benefit

The basic benefit formula, which was amended effective December 30, 1989 (and adjusted as above), is the greater of:

(a) Career average formula: 1½% of annual compensation for each plan year; or

(b) Final average formula: The annual retirement benefit for participants whose full-time employment terminates on or after December 30, 1989.

(i) 0.95% of the participant's "final average compensation" multiplied by his years of participating; plus

(ii) 0.50% of the participant's "final average compensation" in excess of his covered compensation multiplied by his years of participation up to a maximum of 35 years.

"Final average compensation" means the average compensation over the 60 consecutive complete calendar months of highest compensation, out of the last 10 years of service. "Covered compensation" means the average amount of compensation with respect to which Old Age and Survivors Insurance benefits would be provided under the Social Security Act, assuming earnings were equal to the Social Security wage base each year through Social Security retirement age.

Account Balance Benefit

In addition to the benefits described in the preceding paragraphs, each eligible participant active on December 31, 1987 or later who is an eligible account balance participant is entitled to an account balance benefit. The benefit is normally a single sum value called the account balance.

Account Balance

The account balance is the sum of the contribution credits accumulated with the annual interest index.

Contribution Credit

The contribution credit for a plan year is the percentage from the table below times the participant's account balance earnings:

Year	Contribution Credit	Year	Contribution Credit
1987	7.75%	1997	7.50%
1988	7.75%	1998	7.75%
1989	8.00%	1999	7.25%
1990	8.00%	2000	7.00%
1991	6.00%	2001	7.00%
1992	4.00%	2002	6.00%
1993	6.00%	2003	5.00%
1994	7.00%	2004	5.00%
1995	7.50%	2005	5.00%
1996	8.00%	2006	4.00%

Account Balance Earnings

Account balance earnings include basic and regular pay earned while an eligible account balance participant, including overtime pay but excluding contingent (bonus) pay.

Annual Interest Index

Year	Applicable November 1-Year Treasury Rate	Year	Applicable November 1-Year Treasury Rate
1994	2.44%	2009	.048%

2006	3.48%	2021	0.18%
2007	4.88%	2022	4.73%
2008	4.66%		

Effective December 31, 2017, the annual interest credit rate is the annual rate of return on one-year Treasury rates during November preceding the plan year. Prior to that, the annual interest credit rate was the average yield on one-year Treasury rates for the 12-month period ending the November preceding the plan year.

Annuity Benefit

If the participant elects to receive an annuity benefit, the account balance will be paid as a monthly benefit in the same form as the regular plan benefits. For a life annuity commencing at age 55 or older, the monthly benefit is 1% of the account balance on the date benefits commence.

Union Benefit

Many union groups have bargained to be participants in this plan but have different benefit formulas. The following groups have separate formulas.

Union Benefit—Teamsters Local 639

Effective December 31, 1990, an alternative benefit structure was adopted for plan participants who were members of Teamsters Local 639. The benefit formula is the sum of (a), (b) and (c):

(a) The accrued benefit under the regular plan formula on December 31, 1990; plus

(b) For each full year of benefit service, the amount from the following table:

Year	Monthly Benefits
1991	$110
1992	$120
1993	$130
1994	$133
1995	$136
1996	$140
1997	$143
1998	$146
1999	$149
2000	$152
2001	$160
2002	$180
2003	$190
2004+	$200

(c) The supplemental benefit is the sum of (1), (2) and (3) below:

(1) $5 payable per month per year of credited service (up to a maximum of 30 years) in the plan;

(2) $30 payable per month per year of credited service accrued as of June 16, 2000;

(3) $5 payable per month per year of service accrued as of June 16, 2000 (up to a maximum of 10 years).

Union Benefit—Operating Engineers Local 99

Effective February 1, 1991, a benefit structure was adopted for plan participants who were members of Operating Engineers Local 99. The benefit formula is the sum of (a), (b), (c), and (d):

(a) The accrued benefit under the regular plan formula on February 1, 1991; plus

(b) For each full year of benefit service, the amount from the following table:

Year	Monthly Benefits
1991	$ 90
1992	$ 90
1993	$ 90
1994	$140
1995	$140
1996	$140
1997	$143
1998	$146
1999	$149
2000	$152
2001	$160
2002	$180
2003	$190
2004+	$200

(c) A supplemental benefit of $30 per month per year of credited service accrued as of June 16, 2000.

(d) A supplemental benefit of $15 per month per year of service (up to a maximum of 10 years).

Union Benefit—Warehouse Union Local 730

Effective January 1, 1993, an alternative benefit structure was adopted for plan participants who were members of Local 730. The benefit formula is the sum of (a) and (b):

(a) The accrued benefit under the regular plan formula on December 31, 1992; plus

(b) For each full year of benefit service, the amount from the following table:

Year	Monthly Benefits
1993	$ 90
1994	$ 90
1995	$ 95
1996	$ 95
1997	$100
1998	$103
1999	$106
2000	$109

Union Benefit—Bakery, Confectionery, Tobacco Workers and Grain Millers Local 118 (In-Store Bakery Employees)

Effective July 1, 1997, an alternative benefit structure was adopted for plan participants who were members of Local 118. The benefit formula is the sum of (a) and (b):

(a) For each full year of benefit service, the amount from the following table:

Year	Monthly Benefits
< 7/1/1997	$45
7/1/1997–12/31/2000	$70
≥ 1/1/2001	$75

(b) A supplemental benefit of $15 per month per year of past service (service prior to July 1, 1997) up to a maximum of 10 years. Effective January 1, 2017, this benefit will be increased to $20 per month per year of past service (service prior to July 1, 1997) up to a maximum of 10 years, pending amendment.

Annual Retirement Benefit at Optional Retirement Date	The annual retirement benefit at an optional retirement date is generally calculated using the normal retirement benefit formula based on compensation and service through the optional retirement date. The basic benefit and the union benefit are reduced if the optional retirement date is prior to age 62. The account balance benefit is reduced if the optional retirement date is prior to age 55. Certain union groups are subject to the “25 and out” and “30 and out” early retirement provisions. Whereby the participants with 30 years of service can commence unreduced benefit. Reduction between 25 and 30 years of service is either 4% or 5% depending on the local group.
Vesting of Benefits	If a participant terminates employment after completing five years of service (three years for participants with cash balance benefits) after age 18, or upon attainment of age 55, he or she will have a vested right to the pension benefits accrued to date of termination. Benefit payments will commence at age 65 or, if the participant chooses, at any time prior to 65, subject to the early retirement reduction provisions of the plan.
Death Benefit	
Before Retirement	If a participant dies prior to retirement, his or her beneficiary would receive the actuarial present value of the participant's accrued benefits.
After Retirement	If a participant dies after retirement, any death benefit will be paid in accordance with the optional benefit payment in effect. If the benefit to the participant was in the life annuity form, his beneficiary would receive the total of all his contributions with interest to his retirement date less any payments made to him or his beneficiary since retirement.
Contributions	The company shall contribute an amount necessary to carry out the purposes of the plan.
Administration	The plan is administered by a Benefit Plans Committee appointed by the company, which will have full authority to interpret and administer the plan.

Termination of Plan	Upon termination of the plan, the trust fund shall be distributed to the participants proportionately and equitably in a manner determined by the Committee. In any event, no participant will receive an amount less than the total of all contributions made by that participant to the plan with interest to the date of termination or his or her retirement date (whichever is earlier) less any payments received under the plan. No liquidation of assets and payment of benefits shall actually be made by the Trustee until after it is advised by the company that the applicable requirements of ERISA governing plan terminations have been met.

Safeway Multiple Employer Retirement Plan ('SMERP')

Effective Date	June 16, 2000
Latest Amendment Date	August 31, 2021
Safeway Plan	For ease of reference, the Employee Retirement Plan of Safeway Inc. and Its Domestic Subsidiaries will be referred to in this summary as the Safeway Plan.
Eligibility for Coverage	Employees of Safeway Inc. and Collington Services, LLC who: ▪ Have completed one year of service; ▪ Have reached age 21; ▪ Are not participating or eligible for coverage under another retirement plan to which the company contributes; ▪ Are not project employees; and ▪ If employed by Safeway Inc., are employed in a non-union non-retail position with the Eastern Division of the company. Become eligible for coverage on the first day of the month after fulfilling these requirements. Participants who have met the above requirements and were participants in the Safeway Plan immediately prior to the effective date of this plan became participants on June 16, 2000. Non-union employees of Safeway may not enter the plan after April 1, 2015.
Normal Retirement Date	First day of the month after reaching age 65.
Optional Retirement Date	First day of any month after the earlier of 1) completing five years of service (three years for participants with cash balance benefits) after age 18; or 2) reaching age 55.
Normal Form of Retirement Benefit	Monthly income payable for life.
Optional Forms of Settlement	▪ 5, 10 or 15 years certain and life thereafter; ▪ Joint and 50% to survivor or joint and 100% to survivor; ▪ Single sum payment of 25%, 50%, 75%, or 100%, with remainder as annuity; ▪ A combination of the forms above; and

	▪ Any other form approved by the Benefit Plans Committee. Factors to convert annuities to certain and life are 0.994, 0.971 and 0.939 for the different periods. Factors to convert annuities to joint and survivor forms of payments are 0.94 and 0.89 with further adjustments based on age of contingent annuitant.
Compensation	Compensation includes all amounts paid to the participant including deferred compensation and overtime, contingent and part-time earnings. Compensation also includes salary deferrals to company 401(k) and 125 plans. Compensation does not include discretionary bonuses or any amounts paid after termination.
Annual Benefit at Normal Retirement Date	The benefit formula for nonunion plan participants is equal to (a) minus (b): (a) The greatest of: (i) Cash balance benefit; (ii) Frozen accrued benefit as of June 30, 1999; or (iii) Grandfather benefit. (b) The participant's benefit (if any) under the Safeway Plan. Union employees have separate benefit structures as described below. The annual benefit attributable to company contributions cannot exceed the maximum level permitted by Section 415 of the Internal Revenue Code. The limit is defined in the assumptions section of this report.
Cash Balance Benefit	The actuarial equivalent of the participant's total cash balance account.
Total Cash Balance Account	The sum of the participant's cash balance account and his employee contribution account.
Cash Balance Account	The sum of the participant's opening balance, pay-based credits, year-end credits, interest credits, and special credit at June 30, 2006.

Opening Balance

The participant's cash balance account under the Safeway Plan as of the effective date of this plan.

Special Credit at June 30, 2006

The excess, if any, of the single sum value of the participant's employer-provided benefit over the participant's cash balance account, as of June 30, 2006. The actuarial basis used to determine the single sum value is the plan's lump sum basis in effect on June 30, 2006.

Pay-Based Credits

For each month in which the participant is an active participant on the first day of the month, he receives a pay-based credit on the last day of the month determined as a percentage of that month's compensation, based on his years of plan participation, according to the following table:

Effective December 30, 2018, non-union participants no longer accrue pay-based credits.

	Percent of Compensation			
Years of Participation[2]	**Collington EEs< 6/1/2016**	**Collington EEs> 6/1/2016**	**Safeway EEs< 12/31/2008**	**Safeway EEs> 12/31/2008**
0–4	6.0%	3.0%	6.0%	3.0%
5–9	7.0%	3.5%	7.0%	3.5%

20–24	11.0%	5.5%	11.0%	5.5%
25+	13.0%	6.5%	13.0%	6.5%

Year-End Credits

As of December 30 of each year listed below, active participants received a year-end credit equal to a percentage of the entire year's compensation:

Year	**Credit Rate**
2000	3%
2001	3%
2002	2%
2003	1%
2004	1%
2005	1%
2006	2%
2007	1%

[2] Includes participation in this plan and the Safeway Plan.

Interest Credits

Year	November 30-Year Treasury Rate
2006	4.69%
2007	4.52%
2008	4.00%
2009	4.31%
2010	4.19%
2011	3.02%
2012	2.80%
2013	3.80%
2014	3.04%
2015	3.03%
2016	2.86%
2017	2.80%
2018	3.36%
2019	2.28%
2020	1.62%
2021	1.94%
2022	4.00%

For subsequent plan years, the annual interest credit rate is the annual rate of return on 30-year Treasury bonds during November preceding the plan year. The minimum interest crediting rate is 2.34%.

Employee Contribution Account

A participant's employee contribution account is equal to the value of the participant's employee contribution account under the Safeway Plan as of the effective date of this plan, accumulated with interest.

Frozen Accrued Benefit as of June 30, 1999

Frozen accrued benefits as of June 30, 1999 are determined under the benefit provisions of the Safeway Plan in effect on that date, except that for purposes of determining the final average benefit, the percentage applied to final average compensation in excess of covered compensation is 0.5% at all ages.

Grandfather Benefit

Each participant shall continue to accrue benefits under this plan until June 30, 2006, using the benefit formulas of the Safeway Plan in effect as of June 30, 1999. The grandfather benefit is equal to the sum of the basic benefit plus the account balance benefit. The benefit formulas under the grandfather benefit differ from the June 30, 1999 Safeway Plan in the following manner:

- The percentage applied to final average compensation in excess of covered compensation is 0.5% at all ages.
- The lump sum value of the account balance benefit is in all cases exactly equal to the account balance.

Basic Benefit

The basic benefit formula is the greater of (a) or (b):

(a) Career average formula:

(i) The career average benefit under the Safeway Plan as of the effective date of this plan; plus

(ii) 1½% of annual compensation for each plan year thereafter.

(b) Final average formula:

(i) 0.95% of the participant's "final average compensation" multiplied by his years of participating; plus

(ii) 0.50% of the participant's "final average compensation" in excess of his covered compensation multiplied by his years of participation up to a maximum of 35 years.

"Final average compensation" means the average compensation over the 60 consecutive complete calendar months of highest compensation, out of the last 10 years of service. "Covered compensation" means the average amount of compensation with respect to which Old Age and Survivors Insurance benefits would be provided under the Social Security Act, assuming earnings were equal to the Social Security wage base each year through Social Security retirement age.

Account Balance Benefit

In addition to the benefits described in the preceding paragraphs, each eligible participant who is an eligible account balance participant is entitled to an account balance benefit. The benefit is normally a single sum value called the account balance.

Account Balance

The account balance is the sum of the contribution credits accumulated with the annual interest index. As of the effective date of this plan, each participant's account balance is equal to his account balance under the Safeway Plan.

Contribution Credit

The contribution credit for a plan year is the contribution credit percentage from the table below times the participant's account balance earnings:

Year	Contribution Credit
2000	7%
2001	7%
2002	6%
2003	5%
2004	5%
2005	5%
2006	4%

Account Balance Earnings

Account balance earnings include basic and regular pay earned while an eligible account balance participant, including overtime pay but excluding contingent (bonus) pay.

Annual Interest Index

Year	Applicable November 1-Year Treasury Rate
2006	3.48%
2007	4.88%
2008	4.66%
2009	0.48%
2010	0.33%
2011	0.20%
2012	0.17%
2013	0.13%
2014	0.11%
2015	0.29%
2016	0.60%
2017	1.56%
2018	2.70%
2019	1.57%
2020	0.12%
2021	0.18%
2022	4.73%

Effective December 31, 2017, the annual interest credit rate is the annual rate of return on one-year Treasury rates during November preceding the plan year. Prior to that, the annual interest credit rate was the average yield on one-year Treasury rates for the 12-month period ending the November preceding the plan year.

Annuity Benefit

If the participant elects to receive an annuity benefit, the account balance will be paid as a monthly benefit in the same form as the regular plan benefits. For a life annuity commencing at age 55 or older, the monthly benefit is 1% of the account balance on the date benefits commence.

Union Benefit

Several union groups have bargained to be participants in this plan but have different benefit formulas. In all cases, the benefits are offset by any accrued benefits under the Safeway Plan.

Union Benefit—Teamsters Local 639

The benefit formula is the sum of (a), (b) and (c):

(a) The accrued benefit under the Safeway Plan as of the effective date of this plan; plus

(b) For each full year of benefit service, the amount from the following table:

Year	Monthly Benefit
2000	$152
2001	$160
2002	$180
2003	$190
2004–5/31/2016	$200
≥ 6/1/2016	$100

Any participant hired or rehired after April 27, 2006 will receive $140 per year for any period of employment below the top scale wage for his position. However, all employees on May 15, 2011 will immediately become eligible to accrue benefits at a rate of $200 per month. Effective June 1, 2016, the $140 benefit was reduced to $70 and the $200 benefit was reduced to $100.

(c) The supplemental benefit is the sum of (1), (2) and (3) below:

(1) $5 payable per month per year of credited service (up to a maximum of 30 years) in the plan.

(2) $30 payable per month per year of credited service accrued as of June 16, 2000.

(3) $5 payable per month per year of service accrued as of June 16, 2000 (up to a maximum of 10 years).

Union Benefit—Operating Engineers Local 99

The benefit formula is the sum of (a), (b), (c), and (d):

(a) The accrued benefit under the regular plan formula on February 1, 1991; plus

(b) For each full year of benefit service, the amount from the following table:

Year	Monthly Benefit
2000	$152
2001	$160
2002	$180
2003	$190
2004–5/31/2016	$200
≥ 6/1/2016	$100

Any participant hired after February 13, 2007 will receive $140 per year for the first four years. Effective June 1, 2016, the $140 benefit was reduced to $70.

(c) A supplemental benefit of $30 per month per year of credited service accrued under the Safeway Plan as of June 16, 2000.

(d) A supplemental benefit for each year of service up to a maximum of 10 years.

Year	Monthly Benefit
2007–2008	$ 5
2009–2010	$10
≥ 2011	$15

Union Benefit—Local 1486

The benefit formula is the sum of (a) and (b):

(a) The accrued benefit under the Safeway Plan of the effective date of this plan; plus

(b) For each full year of benefit service, the amount from the following table:

Year	Monthly Benefit
2000	$155
2001	$160
2002	$180
2003	$190
2004–5/31/2016	$200
≥ 6/1/2016	$100

Any participant hired after September 24, 2006 will receive $140 per year for the first four years. Effective June 1, 2016, the $140 benefit was reduced to $70.

Union Benefit—Warehouse Union Local 730

The benefit formula is the sum of (a), (b), and (c):

a) The accrued benefit under the Safeway Plan of the effective date of this plan; plus

(b) For each full year of benefit service, the amount from the following table:

Year	Monthly Benefit
2000	$109
2001	$120
2002	$140
2003	$150
2004–2011	$160
2012–6/1/2016	$200
≥ 6/1/2016	$100

Any employee hired after April 26, 2006 will not receive any benefit for any period of employment as a “Selector Helper.”

No employee shall receive any benefit for any period of employment as an “On-Call Driver.”

Effective March 16, 2012, employees in the job classification of ‘Lumper’ shall not be eligible to participate in the plan.

(c) The supplemental benefit is the sum of (1) and (2) below:

(1) $30 payable per month per year of credited service accrued under the Safeway Plan as of June 16, 2000.

(2) $5 payable per month per year of credited service accrued under the Safeway Plan as of June 1, 2000 (up to a maximum of 10 years).

Annual Retirement Benefit at Optional Retirement Date	The annual retirement benefit at an optional retirement date is generally calculated using the normal retirement benefit formula based on compensation and service through the optional retirement date. The basic benefit and the union benefit are reduced if the optional retirement date is prior to age 62. The account balance benefit is reduced if the optional retirement date is prior to age 55. Certain union groups are subject to the “25 and out” and “30 and out” early retirement provisions whereby the participants with 30 years of service can commence unreduced benefit. Reduction between 25 and 30 years of service is either 4% or 5% depending on the local group.
Vesting of Benefits	If a participant terminates employment after completing five years of service (three years for participants with cash balance benefits) after age 18, or upon attainment of age 55, he or she will have a vested right to the pension benefits accrued to date of termination. Benefit payments will commence at age 65 or, if the participant chooses, at any time prior to 65, subject to the early retirement reduction provisions of the plan.
Death Benefit	
Before Retirement	If a participant dies prior to retirement, his or her beneficiary would receive the actuarial present value of the participant's accrued benefits.
After Retirement	If a participant dies after retirement, any death benefit will be paid in accordance with the optional benefit payment in effect. If the benefit to the participant was in the life annuity form, his beneficiary would receive the total of all his contributions with interest to his retirement date less any payments made to him or his beneficiary since retirement.

Contributions	The company shall contribute an amount necessary to carry out the purposes of the plan.
Administration	The plan is administered by a Benefit Plans Committee appointed by Safeway, which will have full authority to interpret and administer the plan.
Termination of Plan	Upon termination of the plan, the trust fund shall be distributed to the participants proportionately and equitably in a manner determined by the Committee. In any event, no participant will receive an amount less than the total of all contributions made by that participant to the plan with interest to the date of termination or his or her retirement date (whichever is earlier) less any payments received under the plan. No liquidation of assets and payment of benefits shall actually be made by the Trustee until after it is advised by the company that the applicable requirements of ERISA governing plan terminations have been met.

Plan Changes Since the Prior Year

The funding and plan reporting valuations reflect the following changes:

- An update to the mortality table for determining minimum lump sum payments under IRC section 417(e)(3) to the applicable mortality for the current plan year.
- Effective December 30, 2022, the Plan underwent a spinoff of assets and liabilities for a group of active and terminated vested participants whose non-union benefits earned are under the mandatory cashout threshold (e.g., $7,000).

Schedule SB, line 25—Change in Method

The plan sponsor requested IRS approval for a funding method change due to the December 30, 2022 spinoff of a group of participants from the Employee Retirement Plan of Safeway Inc. and Its Domestic Subsidiaries (EIN: 94-3019135; Plan No.001) ('ERP') that created the Spinoff Employee Retirement Plan of Safeway Inc. and Its Domestic Subsidiaries (EIN: 94-3019135; Plan No.007) ('Spin') effective December 31, 2022. This request was submitted to the IRS timely and was approved January 31, 2025. The December 31, 2022 Schedule SB for the ERP plan reflects the following approach.

- The Value of Plan assets calculation continues to use the prior two-year smoothing method, and the ERP plan retains all unrecognized gains and losses from the prior period while the Spin plan has a fresh start.
- The ERP plan retains all funding balances.

Employee Retirement Plan of Safeway Inc. and Its Domestic Subsidiaries
EIN: 943019135 PN: 001

Schedule SB, line 24—Change in Actuarial Assumptions

The funding valuation reflects the following assumption changes:

- A change in the interest crediting rates to reflect actual 2022 rates and updated projected 2023+ rates.
- A change in the cash balance annuity conversion/lump sum determination rate from 2.10% to 3.65%.
- A change in the late retirement factor interest rate from 2.10% to 3.65%.
- A change in the expected return on assets (before being limited by the third segment rate) from 6.50% for 2021 plan year to 8.00% for 2022 plan year.
- A change in the salary increase scale from 2.80% to 2.90%.
- A change in the current TVs retirement rates to better reflect anticipated future experience.

These changes were made to better reflect the anticipated plan experience. These assumption changes in aggregate did not reduce the funding shortfall; as such, approval of the Commissioner is not required.
