INDEPENDENT AUDITORS' REPORT

To the Trustees
The Jewish Museum Defined Contribution Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed the audit of the financial statements of The Jewish Museum Defined Contribution Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of June 30, 2024 and 2023, the related statement of changes in net assets available for benefits for the year ended June 30, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of June 30, 2024 and 2023 and for the year ended June 30, 2024, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (“GAAS”). Our responsibilities under those standards are further described in the Auditors’ Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan’s transactions that are presented and disclosed in the financial statements are in conformity with the Plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors’ Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors’ report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of June 30, 2024 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures

in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Note 1 - Description of Plan

The following description of The Jewish Museum Defined Contribution Retirement Plan (the “Plan”) provides only general information. Participants should refer to the plan documents or summary plan description for a more complete description of the Plan’s provisions, which are available from the plan sponsor.

General

The Plan is a defined contribution plan covering all eligible employees of The Jewish Museum (the “Employer”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Under the Plan, non-union employees become eligible to defer employee compensation (as defined) immediately upon employment, and must complete two years of service with the Employer and must attain the age of twenty-one before they are eligible to receive Employer contributions. Eligible union employees who are members of Transport Workers Union of America, Local 241 (“Union Local 241”), subject to a collective bargaining agreement, become eligible to defer upon hire and become eligible for matching contributions upon completion of two years of service with the Employer and must attain the age of twenty-one. Effective October 1, 2023, eligible union employees who are members of UAW Local 2110’s Technical, Office and Professional Workers (“Union Local 2110”), subject to a collective bargaining agreement, become eligible to defer upon hire and become eligible for Employer contributions upon completion of two years of service (generally work more than twenty-one hours a week) with the Employer and must attain the age of twenty-one. There is no age requirement to defer employee compensation.

Participant Contributions

Each participant of the Plan can elect to contribute up to 100% of their compensation, provided such amount will not cause the Plan to exceed certain limitations prescribed by the Internal Revenue Code (“IRC”). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. These amounts are credited to each participant’s defined contribution account and rollover contribution account, respectively. Participants who are or who attain age fifty during any calendar year are allowed to make catch-up contributions to the Plan. Participants can also elect their contributions to be on an after-tax basis.

Note 1 - Description of Plan (Continued)

Employer Contributions

Employer matching and non-elective contributions are discretionary. For the year ended June 30, 2024, the Employer made contributions to each participant based on the following criteria: For participants who are members of Union Local 241, the Employer matches 100% of the minimum deferral of 3%, up to a maximum deferral of 5%. For participants who are non-union employees and members of Union Local 2110, the Employer makes a match of 100% of up to 5% of their deferral, plus a non-elective contribution of 3% of each eligible participant's compensation.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Employer's discretionary matching, as well as non-elective contributions and (b) plan earnings. Each participant's account can be charged for expenses directly related to their account and an allocation of plan-related expenses. The allocation is based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions and the Employer's contributions.

Participant Investment Account Options

Upon enrollment in the Plan, a participant may direct their elective and Employer contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, a pooled separate account, and guaranteed interest accounts. Each investment option has its own investment strategy, which can be obtained through the prospectus of the respective fund.

Participants may change their investment options at any time.

Payment of Benefits

A participant who ceases to be an employee for any reason other than death or disability shall be entitled to receive their vested accrued benefit. In the event of a participant's death or disability, the participant or participant's beneficiary shall be entitled to receive the participant's entire accrued benefit. A participant or beneficiary who is entitled to receive a distribution will receive it in a lump-sum payment, partial payments, installment payments, or in an annuity contract, as elected.

THE JEWISH MUSEUM
DEFINED CONTRIBUTION RETIREMENT PLAN
Notes to Financial Statements

Note 1 - Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow based on their vested accrued benefit a minimum of \$1,000 up to a maximum of 50% of their vested interest or \$50,000, whichever is less. The loan is secured by the balance in the participant's account and bears interest based on the trustees' policies and the prime interest rate.

Prior to December 1, 2020, participant loans were funded by Teachers Insurance and Annuity Association of America and College Retirement Equities Fund ("TIAA and CREF"), the trustees of the Plan (see Note 3). Principal and interest were paid to TIAA and CREF directly by the participants. These loans are not considered to be assets of the Plan.

Effective December 1, 2020, participant loans are funded from the participant's investment accounts. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest are paid to the trustees directly by the participants. These loans are assets of the Plan.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). See Note 5 for a further discussion of fair value measurements.

Purchases and sales of securities are reflected on the trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

THE JEWISH MUSEUM
DEFINED CONTRIBUTION RETIREMENT PLAN
Notes to Financial Statements

Note 2 - Summary of Significant Accounting Policies (Continued)

Contributions

Contributions from plan participants and employer discretionary contributions from the Employer are recorded in the year in which the employee contributions are withheld from compensation.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

If a participant ceases to make loan repayments and the plan administrator deems the loan to be in default, the participant's loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Certain expenses of the Plan are paid by the Employer and are not included in the statement of changes in net assets available for benefits. During the year ended June 30, 2024, substantially all administrative fees were paid by the Employer. Investment-related expenses are included in net appreciation in fair value of investments.

Note 3 - Fully Benefit-Responsive Investment Contract

The Plan has a fully benefit-responsive investment contract with TIAA and CREF. TIAA and CREF maintain the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 1%. Such interest rates are reviewed on a semi-annual basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

THE JEWISH MUSEUM
DEFINED CONTRIBUTION RETIREMENT PLAN
Notes to Financial Statements

Note 3 - Fully Benefit-Responsive Investment Contract (Continued)

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for the guaranteed investment contract. Contract value, as reported to the Plan by TIAA and CREF, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the Plan to transact at contract value with the participants.

Note 4 - Information Prepared and Certified by the Trustees

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, TIAA and CREF, the trustees of the Plan, have certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate with respect to investments:

- Investments at fair value
- Fully benefit-responsive investment contract at contract value
- Notes receivable from participants
- Net appreciation in fair value of investments
- Interest and dividends
- Interest income on notes receivable from participants
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

THE JEWISH MUSEUM
DEFINED CONTRIBUTION RETIREMENT PLAN
Notes to Financial Statements

Note 5 - Fair Value Measurements

Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2024 and 2023.

Mutual funds: Valued at the daily closing prices as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily Net Asset Value (“NAV”) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

THE JEWISH MUSEUM
DEFINED CONTRIBUTION RETIREMENT PLAN
Notes to Financial Statements

Note 5 - Fair Value Measurements (Continued)

Pooled separate account: Valued at the NAV of units of the separate account. The NAV, as provided by the trustees, is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the separate account, the investment advisor reserves the right to temporarily delay withdrawal from the account in order to ensure that securities liquidations will be carried out in an orderly business manner.

Guaranteed interest account: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer. The guaranteed interest account promises contract value for a benefit event (termination, death, disability, and retirement); however, there is a possible market value adjustment when funds are withdrawn prior to maturity. Therefore, the guaranteed interest account is not considered benefit-responsive and is valued at estimated fair value as determined by TIAA and CREF. The guaranteed minimum crediting interest rate was 3%, with potential for additional interest, if declared by TIAA and CREF, for the year ended June 30, 2024. For the year ended June 30, 2024, the average net return for the guaranteed interest account was 6.04%.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of June 30, 2024 and 2023:

	Investments at Fair Value as of June 30, 2024

Notes to Financial Statements

Note 5 - Fair Value Measurements (Continued)

- (a) In accordance with FASB ASC Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

For investment measured at NAV practical expedient, the redemption frequency can occur daily and there is no redemption notice period. Additionally, there are no unfunded commitments.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 7 - Tax Status

The Plan has been designed to qualify under Section 403(b) of the IRC. The Internal Revenue Service (“IRS”) has determined that the volume submitter 403(b) plan is designed in accordance with applicable sections of the IRC and informed the volume submitter plan sponsor of such in a letter dated August 7, 2017. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for the plan participants under Section 403(b). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan and related trust are currently designed and being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Related Party and Party-in-Interest Transactions

Certain plan investments are invested in the TIAA and CREF traditional annuity, shares of mutual funds, and a pooled separate account managed by TIAA and CREF, who are the trustees as defined in the Plan, and therefore, these transactions qualify as party-in-interest transactions.

THE JEWISH MUSEUM
DEFINED CONTRIBUTION RETIREMENT PLAN
Notes to Financial Statements

Note 8 - Related Party and Party-in-Interest Transactions (Continued)

TIAA and CREF receive revenue from mutual fund service providers for services they provide to the funds, which they remit to the Plan. During the year ended June 30, 2024, the Plan received approximately \$20,000 from TIAA and CREF, which is included in other income on the statement of changes in net assets available for benefits.

Participant notes receivable also qualify as party-in-interest transactions.

Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment. The Plan paid certain expenses related to the Plan's operations and investment activity to various service providers. These transactions are party-in-interest transactions. The plan sponsor pays directly any other fees related to the Plan's operations.

Note 9 - Risks, Uncertainties, and Concentrations

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Market risk includes global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At June 30, 2024 and 2023, approximately 14% and 15%, respectively, of the Plan's investments were invested in the CREF Stock fund.

For participant loans issued prior to December 1, 2020, it is uncertain whether a loan from a participant's plan annuity contract that is invested in the TIAA and CREF traditional annuity qualifies for the prohibited transaction exemption provided by section 408(b)(1) of ERISA, as amended, or whether the interest earnings from the traditional annuity that are retained by TIAA and CREF in connection with such a loan qualify for the prohibited transaction exemption provided under ERISA section 408(b)(2). Prohibited transaction excise taxes will be owed under ERISA if either prohibited transaction exemption does not apply. The occurrence of a prohibited transaction could also create a fiduciary liability under ERISA for the plan fiduciaries.

Note 10 - Subsequent Events

The Plan has evaluated subsequent events through March 13, 2025, which is the date the financial statements were available to be issued. No significant matters were identified for disclosure during this evaluation.
