Independent Auditor's Report

To the Plan Administrator of
Solar Therapeutics 401(k) Plan:

Opinion on the 2023 Financial Statements

We have audited the financial statements of Solar Therapeutics 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2023 Financial Statements).

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Solar Therapeutics 401(k) Plan as of December 31, 2023, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of Solar Therapeutics 401(k) Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Solar Therapeutics 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Solar Therapeutics 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Solar Therapeutics 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule, Form 5500, Schedule H, Part IV, Line 4i - Schedule of Assets Held at End of Year as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matters (Continued)

Accountant's Compilation Report on the 2022 Financial Statements

Management is responsible for the accompanying statement of net assets available for benefits of the Solar Therapeutics 401(k) Plan as of December 31, 2022, and the related notes to the financial statements in accordance with accounting principles generally accepted in the United States of America. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. We did not audit or review the financial statements, nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on this financial statement.

SOLAR THERAPEUTICS 401(K) PLAN

Notes to Financial Statements
December 31, 2023 and 2022

1. DESCRIPTION OF THE PLAN

The following description of Solar Therapeutics 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

a. General

The Plan is a defined contribution 401(k) plan covering all eligible employees of Solar Therapeutics, Inc. (the Company) (Plan Sponsor). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Administrator is responsible for the oversight of the Plan, determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

b. Eligibility

All employees, except union employees, leased employees and non-resident aliens, are eligible to participate in the Plan upon completing three months of service and reaching the age of twenty-one. In order to receive the Company's discretionary matching and discretionary nonelective contributions, plan participants must also work 1,000 hours of service during the plan year and be employed at year-end.

c. Contributions

Participants may elect to defer up to 100% of their pre-tax annual compensation, as defined by the Plan, up to the maximum allowed by the Internal Revenue Code (IRC). The Plan also allows for post-tax (Roth) contributions. Participants who have reached the age of fifty before the end of the plan year are eligible to make catch-up contributions. The Plan provides for automatic enrollment deferrals of 3% for all newly eligible employees, unless an alternative election is made by the participant. Deferrals automatically escalate 1% annually each January 1st until a maximum of 12% is reached. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). Participants direct the investment of their accounts into various investments options offered by the Plan.

The Company may make discretionary matching contributions and discretionary nonelective contributions. No contributions from the Company were made to the Plan during 2023.

d. Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions plus earnings thereon, less administrative fees paid by the Plan. Allocations are based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled to is the benefit that can be provided from the participant's vested account.

e. Vesting Provisions

Participants are fully vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's discretionary matching and discretionary nonelective contribution portions of their accounts are based on years of continuous service. A participant is 100% vested if employment is terminated due to death, disability or retirement.

SOLAR THERAPEUTICS 401(K) PLAN

Notes to Financial Statements
December 31, 2023 and 2022

1. DESCRIPTION OF THE PLAN (Continued)

e. Vesting Provisions (Continued)

Participants vest in the Company's discretionary nonelective and discretionary matching contributions according to the following schedule:

<u>Years of Vesting Service</u>	<u>Vested Percentage</u>
Less than 1 year	0%
More than 1 years but less than 2 years	33%
More than 2 years but less than 3 years	67%
3 or more years	100%

f. Forfeitures

Forfeitures represent non-vested Plan Sponsor contributions forfeited by participants who terminate their employment or who withdraw from the Plan. Forfeitures are retained by the Plan and are used to reduce future Plan Sponsor contributions or offset administrative expenses. There were no unallocated forfeitures as of December 31, 2023 and 2022.

g. Payment of Benefits

The Plan provides for a retirement benefit to be paid to participants who have reached the normal retirement age of 65, with no option for early retirement. In-service withdrawals from all participants' vested accounts are permitted upon attainment of age 59 ½. Participants are entitled to their vested account balance upon death, disability, retirement or termination of employment. A participant may elect to receive a lump sum benefit or installment payments equal to their vested account balance. A participant may also elect to receive a partial payment of their vested account balance. The Plan requires balances up to \$1,000 to be paid out to participants upon termination and requires balances from \$1,000 to \$5,000 be rolled over to an individual retirement account (IRA). Effective January 1, 2024, the involuntary distribution amount was increased to \$7,000 per the SECURE 2.0 Act.

Participants may request a withdrawal upon demonstration to the Plan Administrator that they are suffering a "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to the applicable section of the IRC or standards established by the Secretary of the Treasury or their delegate.

h. Notes Receivable from Participants

Participants may borrow up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The minimum loan amount allowed is \$1,000. Participants may only have one outstanding loan at a time. Loans may not extend beyond five years unless the loan is used to acquire a primary residence, in which case, loans may not extend beyond fifteen years. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus one percent. Principal and interest are paid ratably through payroll deductions.

SOLAR THERAPEUTICS 401(K) PLAN

Notes to Financial Statements
December 31, 2023 and 2022

1. DESCRIPTION OF THE PLAN (Continued)

i. SECURE Act 2.0

On December 29, 2022, the Consolidated Appropriations Act of 2023, which included SECURE Act 2.0, was executed. SECURE Act 2.0 contains over ninety new retirement provisions, with varying effective dates through 2027. Since SECURE Act 2.0 provisions include both required and optional elements, the Plan Administrator will determine the optional provisions to elect and amend the plan document accordingly. Most of the significant provisions will become effective in 2024, and thereafter. Accordingly, there is no material impact to the Plan's 2023 financial statements.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Plan prepares its financial statements in accordance with generally accepted accounting principles (U.S. GAAP) established by the Financial Accounting Standards Board (FASB). References to U.S. GAAP in these notes are to the FASB Accounting Standards Codification (ASC).

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Mutual funds and interest-bearing cash are reported at fair value. Fair value is the price that would be received to sell an asset, or paid to transfer a liability in an orderly transaction between market participants at the measurement date (see Note 3).

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation of investments includes gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded. For the year ended of December 31, 2023, there were \$1,937 of defaulted loans that have been deemed distributed and included in benefits paid to participants in the accompanying statement of changes in net assets available for benefits.

Contributions

Contributions from plan participants are recorded in the year which the participant contributions are withheld from compensation. Discretionary matching and nonelective contributions are recorded when such contributions are authorized by the Plan Sponsor.

SOLAR THERAPEUTICS 401(K) PLAN

Notes to Financial Statements
December 31, 2023 and 2022

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to plan recordkeeping, and the administration of participant loans and processing of distributions are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation of investments.

Subsequent Events

Subsequent events have been evaluated through February 3, 2025, which is the date the financial statements were available to be issued. Effective July 1, 2024, the Plan was amended and restated. Except as noted above and mentioned in Note 1g, there were no other events that met the criteria for recognition or disclosure in the financial statements.

3. FAIR VALUE MEASUREMENT

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. *Fair Value Measurement* establishes a hierarchy of the valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (also referred to as observable inputs).

The fair value hierarchy is as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

December 31, 2023 and 2022

3. FAIR VALUE MEASUREMENT (Continued)

The following are descriptions of the valuation methodologies used for assets measured at fair value:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Interest bearing cash: Interest bearing cash represents cash deposits at a financial institution.

There have been no changes in the methodologies used at December 31, 2023 and 2022.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determinate the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Description	2023			Total
	Level 1	Level 2	Level 3	
Mutual funds	\$ 663,934	\$ -	\$ -	\$ 663,934
Interest bearing cash	290	-	-	290
Total investments, at fair value	<u>\$ 664,224</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 664,224</u>

Description	2022			Total
	Level 1	Level 2	Level 3	
Mutual funds	<u>\$ 234,265</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 234,265</u>

4. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, transactions with investment funds managed and held by the custodian are considered party-in-interest transactions. For the plan year ended December 31, 2023, the Plan paid recordkeeping, advisory and administrative fees totaling \$3,378.

5. PLAN TERMINATION

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become fully vested, and all accrued benefits shall be paid to participants in accordance with the provisions of the Plan.

6. TAX STATUS

The Plan Sponsor has obtained an opinion letter dated June 30, 2020, in which the Internal Revenue Service stated that the restated prototype plan document was in compliance with applicable requirements of the IRC. The Plan Administrator timely adopted the restated prototype plan. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan is currently being operated in accordance with the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

The Plan filed an incomplete Form 5500 for plan year 2023. The Plan intends to amend and file a complete Form 5500 filing with the audited financial statements in 2025.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investments. Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that these changes could materially affect the amounts reported in the statements of net assets available for benefits.
