INDEPENDENT AUDITOR'S REPORT

To the Trustee, Plan Administrator and Participants of
MOM's 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of MOM's 401(k) Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022, and the related Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section,

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

To the Trustee, Plan Administrator and Participants of
MOM's 401(k) Plan

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

To the Trustee, Plan Administrator and Participants of
MOM's 401(k) Plan

Auditor's Responsibilities for the Audits of the Financial Statements - continued

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

To the Trustee, Plan Administrator and Participants of
MOM's 401(k) Plan

Supplemental Schedule Required by ERISA - continued

In our opinion,

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MOM'S 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Plan provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution plan of MOM's Organic Market, Inc. (the Company). The Plan was established on January 1, 2003 and is subject to the provisions of ERISA.

Eligibility - The Plan covers substantially all employees of the Company who have completed one year of service and are age 21 or older. Excluded employees include independent contractors, leased employees and nonresident aliens. Employees may enter the Plan on the first day of the month following the attainment of eligibility requirements.

Contributions - Each year, participants may elect to contribute between 1% and 90% of their eligible compensation (as defined), up to the maximum allowable contribution under the Internal Revenue Code (IRC). These contributions may be made as pre-tax or after-tax Roth deferral contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans prior to or after meeting the Plan's eligibility requirements.

The Company may make the following contributions on behalf of participants:

A discretionary matching contribution, as determined by the Company, made on an annual basis and allocated as a uniform percentage of matched employee contributions. For 2023, the Company elected to make a discretionary matching contribution equal to 50% of the first 6% of each participants' salary deferrals, totaling \$324,812, net of forfeitures and including a true-up amount due as of year end. The 2023 true-up amount totaling \$12,445, plus the 2022 true-up amount totaling \$17,217, which had not been paid into the Plan as of December 31, 2023, are recorded as a receivable on the Statement of Net Assets Available for Benefits as of December 31, 2023.

A discretionary non-elective contribution, as determined by the Board of Directors. The contribution is allocated to participants on a pro-rata basis in the ratio that each participant's eligible compensation bears to the total eligible compensation of all eligible participants for the plan year. No discretionary non-elective contribution was made for 2023.

Qualified Nonelective Contributions (QNECs) and Qualified Matching Contributions (QMACs) to eligible participants, as defined by the Plan. No QNECs or QMACs were made for 2023.

Participant Accounts - Each participant's account is credited with the participant's contributions and Company contributions, as well as allocations of plan earnings or losses and net revenue credits received from the Plan's investment advisor. Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings/losses or account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment Options - Participants may direct the investment of their contributions and Company contributions into various registered investment companies (mutual funds) and a common/collective trust fund, offered by the Plan. For those participants who do not make an investment selection, their contributions and Company contributions are automatically invested in the Plan's qualified default investment account.

MOM'S 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 1 - DESCRIPTION OF PLAN - CONTINUED

Investment Options- continued - The Plan's Expense Budget Account (EBA) is not directed by participants and is invested in the Transamerica Diversified Cash Reserve Account.

Vesting - Participants are immediately vested in their contributions, QNECs and QMACs plus earnings thereon. Vesting in the Company discretionary matching and non-elective contributions is based on years of continuous service. A participant is 100 percent vested after six years of credited service. Regardless of the vesting schedule, participants will become fully vested while in the active service of the Company upon death, disability, as defined, or attainment of the early retirement age of 59 ½.

Notes Receivable from Participants - Participants may borrow from their fund accounts a minimum of \$500 up a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear an interest rate equal to the prime rate plus 2%. Notes must be repaid within five years unless the proceeds are used to acquire a principal residence, in which case the note must be repaid within 20 years. Only one note may be outstanding at a time. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits - Benefit payments are payable upon termination of employment, death or retirement and may be in the form of lump sums, installments or partial payments for required minimum distributions. The Plan shall make automatic distributions of vested account balances that are less than \$5,000 in accordance with plan provisions. Distributions from a participant's rollover account may be made at any time. Hardship withdrawals and in-service withdrawals at age 59 ½ are also permitted, subject to provisions defined in the plan document.

Forfeitures - Forfeitures of the Company contribution portion of participants' accounts (due to participants' termination prior to full vesting) are to be used to reduce Company contributions and pay administrative expenses. At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$14. During 2023, forfeitures of \$26,684 were used to reduce the Company discretionary matching contribution.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amount of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Basis of Accounting - The Plan's financial statements are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition - Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the Plan's investment advisor and Transamerica Retirement Solutions, LLC (TRS). See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

MOM'S 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Unit Values - Individual participant accounts for the common/collective trust fund are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the fund, but do have an interest therein represented by units valued daily. The fund earns dividends which are automatically reinvested in additional units. Generally, contributions to and withdrawals from each fund are made daily at the NAV made immediately after daily valuation, and the participants' accounts are charged or credited with the number of units properly attributable to each participant.

Notes Receivable from Participants - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent participant notes are reclassified as distributions based on the terms of the plan document.

Contributions - Contributions from plan participants and Company contributions are recorded in the year in which the employee contributions are withheld from compensation or in which participant compensation is earned.

Payment of Benefits - Benefits are recorded when paid.

Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment management fees of individual fund investments are charged to the respective investment and included in the net appreciation/depreciation of the investment, as they are paid through revenue sharing. Recordkeeping fees are charged to the Plan's EBA; however, in the event the balance in the EBA is insufficient to fund the recordkeeping fees, the fees will be charged to the forfeiture account or directly to participant accounts on a pro-rata basis. Administrative fees related to the processing of notes receivable from participants and participant distributions are charged directly to the participant's account and are included in administrative expenses.

Reclassification - Certain items in the 2022 financial statements have been reclassified to conform to the 2023 presentation.

NOTE 3 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

MOM'S 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 3 - FAIR VALUE MEASUREMENTS - CONTINUED

Level 2

Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets; (2) quoted prices for identical or similar assets or liabilities in inactive markets; (3) inputs other than quoted prices that are observable for the asset or liability; and (4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2023 and 2022. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Registered Investment Companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Putnam Stable Value Fund: The fund primarily invests directly or indirectly in fully benefit-responsive investment contracts. The fund is valued daily at the NAV as provided by the trustee and is based on the fair value of the underlying contracts except for certain investment contracts that generally are valued at contract value. The NAV is used as a practical expedient to estimate fair value. Unit values are computed by dividing total net assets by the total number of participants' units outstanding on the valuation date. The fund declares and pays dividends which are invested in the fund and included in the determination of unit value. The fund maintains a stable \$1 unit price.

EBA – Interest-Bearing Cash: Valued at the account balance, adjusted for any deposits and credited interest less any withdrawal charges or expenses.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

Investments measured at net asset value				1,185,136
Investments at fair value				<u>\$ 9,474,059</u>

The Putnam Stable Value Fund provides for daily redemption at reported NAV for participant directed withdrawals. There are no unfunded commitments.

NOTE 4 - EXPENSE BUDGET ACCOUNT (EBA)

The Plan maintains an EBA pursuant to the Agreement for Services (the Agreement) between the Plan and TRS. The EBA accumulates credits received by the Plan from the Plan's investment advisor in accordance with the investment choices available within the Plan. The credits are received monthly and are based on an asset-based fee and a position fee for each investment choice selected by each participant.

The accumulation of the EBA is used to pay required revenue to TRS for recordkeeping, administration and other retirement plan services on a quarterly basis. At the direction of the plan administrator, any remaining accumulated balance in the EBA may be used to pay other plan related expenses or allocated pro-rata to participant investment choices. As of December 31, 2023 and 2022, net assets in the EBA are a non-participant directed investment totaling \$135,200 and \$106,105, respectively. Information about significant components of the changes in net assets relating to the EBA is as follows for the year ended December 31, 2023:

Revenue credits	\$ 97,836
Interest income	4,020
Required revenue compensation	<u>(72,761)</u>
Total change in non-participant directed net assets	<u>\$ 29,095</u>

NOTE 5 - INFORMATION CERTIFIED BY A QUALIFIED INSTITUTION

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest income on notes receivable from participants, and dividend, interest and other income for the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company, a qualified institution.

NOTE 6 - RELATED-PARTY AND PARTY IN INTEREST TRANSACTIONS

Plan investments consist of the Transamerica Diversified Cash Reserve Account. Transamerica is an affiliate of TRS, and therefore, this qualifies as a party in interest transaction.

TRS provides certain recordkeeping and administrative services pursuant to the Agreement, and as such, TRS receives required revenue compensation which is withdrawn quarterly from the EBA and receives compensation in the form of interest or similar income ("float") from short-term investments held while contributions and withdrawal transactions are in process. The Plan or Company may make payments to TRS for administrative expenses not covered by the above fees. In addition, participants pay administrative and transactional fees relative to notes receivable and distributions. Fees paid by the Plan to TRS totaled \$80,446 for 2023.

NOTE 7 - TAX STATUS

The Internal Revenue Service (IRS) has determined and informed The Retirement Advantage, Inc., by a letter dated June 30, 2020, that the prototype plan adopted by the Plan is designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in their employer contributions.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 10 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through March 4, 2025, the date the financial statements were available to be issued.

Effective January 1, 2024, the Plan adopted the Transamerica Retirement Solutions, LLC Defined Contribution Pre-Approved Plan #05-001. Significant changes to plan provisions as a result of this adoption are as follows:

- Residents of Puerto Rico are excluded from participating in the Plan;

- All notes receivable from participants, including those for which proceeds were used to acquire a principal residence, must be repaid within five years.
