Independent Auditor's Report

Plan Administrator and Participants
Starkey Laboratories, Inc. Employee Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Starkey Laboratories, Inc. Employee Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters—Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Starkey Laboratories, Inc. Employee Retirement Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of Starkey Laboratories, Inc. Employee Retirement Plan (the Plan), established by Starkey Laboratories, Inc. (the Company), provides only general information. Participants should refer to the Plan adoption agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of the Company who have completed 30 days of service. The Plan excludes employees employed as an intern or on a temporary basis. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended, and all investments are participant-directed. The Plan's 401(k) Committee is responsible for oversight of the Plan. The Plan's Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's 401(k) Committee.

Contributions: Each year participants may contribute 1% to 80% of pretax annual compensation, as defined by the Plan, but not to exceed the limits of the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Contributions may be in the form of pretax elective deferrals or after-tax Roth contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit and contribution plan rollovers. The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled at a contribution rate of 4% of eligible compensation, unless they elect a different contribution rate or affirmatively elect not to participate in the Plan. In addition, each year contribution rates are increased by 1% until they reach 6%, unless the employee elects otherwise.

The Plan includes a discretionary employer matching contribution in an amount equal to 4% of participant contributions. The Company may also contribute a profit sharing contribution at the discretion of the Company's Board of Directors. There were no profit sharing contributions to the Plan during the years ended December 31, 2022 or 2021. Contributions are subject to certain IRC limitations.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds, collective trust funds, pooled separate accounts and participant-directed brokerage accounts.

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, if any, and (b) Plan earnings or losses, net of administrative expenses that are paid by the Plan. Allocations are based on participants' earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus the actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant becomes vested according to a three-year graded vesting schedule.

Starkey Laboratories, Inc. Employee Retirement Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Notes receivable from participants: Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested account balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined monthly by the Plan Administrator. The notes outstanding at December 31, 2022, bear interest at rates ranging from 5.25% to 9.00%. The maximum number of notes outstanding at any one time is two. Principal and interest are paid ratably through payroll deductions and notes are due in various amounts through November 2027.

Payment of benefits: Upon termination of employment, death, disability, retirement or attaining age 59½, a participant may elect or receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount or a distribution in the form of an annuity contract or a qualified joint and survivor annuity. Distributions may also be made in the form of hardship withdrawals from voluntary contributions, excluding Roth contributions and investment earnings, subject to certain limitations.

Forfeited accounts: Forfeited nonvested accounts shall be used to restore accounts of rehired participants, pay administrative expenses or fund employer contributions. Forfeited nonvested accounts totaled approximately \$500 and \$8,500 as of December 31, 2022 and 2021, respectively. Approximately \$228,000 of forfeitures were utilized during 2022 to fund employer contributions.

Transfers to this plan: Diversification is offered to the participants of the Starkey Laboratories, Inc. Employee Stock Ownership Plan (ESOP), an affiliated plan, when they are close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of service in the ESOP may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%. Diversification distributions can be transferred to this Plan or rolled over into another qualified plan.

Northland Hearing Centers, Inc., a fully owned subsidiary of the Company, also sponsors an employee retirement plan for its employees, the All American Hearing Plan. If employees change positions within the Company, their account balances can be transferred out of their current plan and into the corresponding plan.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared using the accrual method of accounting.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Committee determines the Plan's valuation policies utilizing information provided by the Plan's investment advisors and trustee. See Note 4 for a discussion of fair value measurements.

Starkey Laboratories, Inc. Employee Retirement Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balances plus any accrued interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments, and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year).

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Subsequent events: The Plan Administrator has evaluated subsequent events through September 6, 2023, the date the financial statements were available to be issued.

Note 3. Information Certified or Provided by the Trustee

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by Principal Trust Company, the trustee, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee that the information provided to the Plan Administrator by the trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information that appears throughout the financial statements and ERISA-required supplemental schedule:

	December 31 2022	December 31 2021
Investments, at fair value:		
Mutual funds	\$ 102,341,017	\$ 123,497,973
Collective trust funds	84,658,953	92,768,456

Notes receivable from participants	2,566,190	2,272,305
	<u>\$ 227,103,104</u>	<u>\$ 262,629,888</u>

Starkey Laboratories, Inc. Employee Retirement Plan

Notes to Financial Statements

Note 3. Information Certified or Provided by the Trustee (Continued)

Principal Trust Company also certified to the completeness and accuracy of \$43,276,548 of net depreciation in fair value of investments, \$1,276,036 of interest and dividends related to the aforementioned investments, and \$138,594 of interest income on notes receivable from participants for the year ended December 31, 2022.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under this guidance are described below.

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Mutual funds are valued at quoted prices available in an active market.

Collective trust funds: The collective trust funds are valued at net asset value (NAV) of shares or units held by the Plan based on quoted market value of the underlying assets.

Pooled separate accounts: Pooled separate accounts are valued at NAV, which is a practical expedient to estimate fair value. Pooled separate accounts are valued daily and can be redeemed at NAV as of the measurement date.

Note 4. Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

December 31, 2022				
	Level 1	Level 2	Level 3	Total
Investments, at fair value:				
Mutual funds	\$ 102,341,017	\$ -	\$ -	\$ 102,341,017
	<u>\$ 102,341,017</u>	<u>\$ -</u>	<u>\$ -</u>	<u>102,341,017</u>
Investments measured at net asset value:				
Collective trust funds (a)				84,658,953
Pooled separate accounts (a)				37,536,944
Total investments at fair value				<u>\$ 224,536,914</u>
December 31, 2021				
	Level 1	Level 2	Level 3	Total
Investments, at fair value:				
Mutual funds	\$ 123,497,973	\$ -	\$ -	\$ 123,497,973
	<u>\$ 123,497,973</u>	<u>\$ -</u>	<u>\$ -</u>	<u>123,497,973</u>
Investments measured at net asset value:				
Collective trust funds (a)				92,768,456
Pooled separate accounts (a)				44,091,154
Total investments at fair value				<u>\$ 260,357,583</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV or its equivalent have not been classified in the fair value hierarchy. The fair value amounts in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Investment Category	Fair Value		Unfunded Commitment	Redemption Frequency	Redemption Notice Period
	2022	2021			
Collective trust funds	\$ 84,658,953	\$ 92,768,456	None	Immediate	None
Pooled separate accounts	37,536,944	44,091,154	None	Immediate	None

Starkey Laboratories, Inc. Employee Retirement Plan

Notes to Financial Statements

Note 5. Income Tax Status

The Internal Revenue Service (IRS) has determined and informed the Company by a letter dated June 14, 2012, that the Plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified and the related trust is tax-exempt.

U.S. GAAP require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants would become 100% vested in their accounts and all of the assets would be distributed to the participants based upon the balance in their respective accounts.

Note 7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2022 statement of net assets available for benefits.

Note 8. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by the trustee of the Plan. Therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants and transactions with the Company also qualify as party-in-interest transactions. Administrative fees paid by the Plan to the trustee during 2022 were approximately \$202,000.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements as of December 31, 2022 and 2021, to Form 5500:

	December 31	
	2022	2021
Net assets available for benefits per the financial statements	\$ 227,497,507	\$ 263,008,349
Adjustment for participant loan valuation	(26,387)	(37,850)
Adjustment for employer contribution receivable	(102,565)	(97,922)
Adjustment for employee contribution receivable	(291,838)	(280,539)
