The Actuarial Report is comprised of the Actuarial Communications and Documents listed below for the above reference plan year:

- Valuation report including Plan Provisions and applied Actuarial Assumptions and Methods
- Form 5500 Schedule SB and its attachments
- AFTAP Certification(s)
- Contribution letter/communication
- Any other written, electronic or oral communications with respect to actuarial services provided in connection with the issuance of the valuation report

**Additional Communications:** No additional materials are incorporated into this Actuarial Report.

**Compliance with Actuarial Standards:** The Actuarial Standards of Practice (ASOPs) offer broad guidelines on whether the assumptions, data, methods, and models utilized in the Actuarial Report are suitable for the intended purpose, ensuring they are adequately reasonable, consistent, and comprehensive. The Actuary, in their professional judgment, has applied the pertinent ASOPs to assess, document, disclose, and present the Actuarial Report, along with the mentioned materials, to the designated recipients. Details regarding the Actuary's assessments, comments, modifications, and disclosures are outlined in this Actuarial Certification and Disclosure report.

**Intended Users and Scope:** The Actuarial Report is exclusively intended for the Plan Sponsor, ERISA Plan Administrator, and Trustee(s) of the Plan. It should not be relied upon for purposes beyond its specified scope, such as FAS Accounting, Participant Distribution, or Plan Termination. The report's focus is on providing the Minimum Required Contribution for the plan year, supporting compliance with Internal Revenue Code Sections 430 and 436.

**Legislative Considerations:** The Actuarial Report takes into account the provisions of the Pension Protection Act of 2006, incorporating modifications introduced by the Worker, Retiree, and Employer Recovery Act of 2008 (WRERA), the Preservation of Access to Care for Medicare Beneficiaries and Pension Relief Act of 2010 (PRA 2010), Moving Ahead for Progress in the 21st Century Act (MAP-21), the Cooperative and Small Employer Charity Pension Flexibility Act of 2014 (CSEC Act), the Highway and Transportation Funding Act of 2014 (HATFA), the Bipartisan Budget Act of 2015 (BBA'15), the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), the American Rescue Plan Act of 2021 (ARP), and any other amendments to the funding rules that have been enacted. It's essential to note that the report doesn't assess the likelihood or consequences of potential future changes in laws and regulations.

**Reliability and Quality of Data:** Data, including employer contribution(s) and plan documents, are sourced from the Plan Sponsor, ERISA Plan Administrator, Trustee(s), or their representatives. Data is relied upon for accuracy while quality reviews have been conducted consistent with ASOP 23. Inaccurate data may impact the correctness of the Actuarial Report.

**Selection of Economic Assumptions:** The Statement of Actuarial Assumptions/Methods and Summary of Plan Provisions provides a comprehensive overview of the techniques, procedures, and assumptions utilized in forming the actuarial opinion for the plan year. Prescribed assumptions, mandated or selected within specified acceptable ranges by legal, regulatory, or authoritative constraints, are meticulously outlined. This includes details on the prescribed funding method, interest and mortality rates, plan asset value, and valuation date permissible under Internal Revenue Code Section 430. In instances where multiple options exist within these prescribed items, the Plan Sponsor's choices are clearly indicated. Importantly, since prescribed assumptions are mandated, their reasonableness is not subject to evaluation within the scope of the valuation report.

The Salary Scale assumption is employed to enhance the current considered compensation for projecting ultimate benefits under the plan. However, it is explicitly clarified that any assumed salary scale in this plan is expected to have minimal impact on funding computations. This is primarily due to the compensation for the majority owner significantly exceeding any anticipated allowable increase under Internal Revenue Code 401(a) (17), and the present value of the majority owner's retirement benefit being constrained by Internal Revenue Code 415.

The age reported is the weighted average of the assumed retirement ages for all active participants as of the valuation date based on their funding target or target normal cost should the funding target of the plan be zero rounded to the nearest whole age. For an active late retiree, the assumed retirement age may be later than the Plan's normal retirement age. Each participant's rate of retirement is assumed to be 100% of his/her assumed retirement age.
