INDEPENDENT AUDITORS' REPORT

To the Plan Administrator of
Pennsylvania Transformer Technology, Inc. 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Pennsylvania Transformer Technology, Inc. 401(k) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of September 13, 2024 and December 31, 2023, the related statements of changes in net assets available for benefits for the period from January 1, 2024 to September 13, 2024 and the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of September 13, 2024 and December 31, 2023 and for the periods then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following description of Pennsylvania Transformer Technology, Inc. (the "Company") 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions. The plan document was amended from time to time to reflect changes in laws applicable to employee benefit plans.

General - The Plan is a defined contribution plan established effective January 1, 1995 and amended most recently on September 29, 2022. The Plan covers virtually all employees who have attained three months of service with the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

On October 31, 2023, the Company was sold to an unrelated entity. Subsequently, on September 13, 2024, the Plan was merged into a qualified plan sponsored by the buyer.

Contributions - Participants are permitted to make contributions to the plan subject to IRS limitations. Participants over the age of 50 could also make additional "catch-up" contributions.

The Company, upon resolution by the Board of Directors, matched a portion of employees' voluntary contributions. For the period from January 1, 2024 to September 13, 2024, the Company matched 100% of the first 3% and 50% of the next 3% deferred into the Plan by non-union employees. For the year ended December 31, 2023, the Company matched 100% of the first 2%, 50% of the next 1%, and 25% of the next 1% deferred into the Plan by non-union employees. The match was made in conjunction with the processing of each pay. There were no matching contributions for union employees, all of whom are covered by a multiemployer defined benefit plan.

Refundable Contributions - Each year, the Plan had to meet the annual nondiscrimination and funding limitation tests. To the extent that these tests result in the identification of employee contributions by highly-compensated employees, a portion of their annual contribution was refunded. These refunds are generally effected in the first quarter of the year following the plan year in which the test results in a requirement to return contributions.

Participant Accounts - Each participant's account was credited with the participant's contribution and the Company's contribution, as applicable, and plan earnings. Earnings are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' investments in that fund. The benefit to which a participant was entitled is the benefit that can be provided from the participant's account.

Vesting - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting of employer contributions and earnings thereon was according to the following schedule (see Note 5):

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1	0%
1 but less than 2	20%
2 but less than 3	40%
3 but less than 4	60%
4 but less than 5	80%
5 or more	100%

Investment Options - Upon enrollment in the Plan, a participant could direct contributions among various investment options.

Payment of Benefits - On termination of service or upon attainment of age 59 1/2, a participant could elect to receive an amount equal to, or less than, the value of the participant's vested interest in his or her account in the form of a lump-sum payment, subject to tax withholding requirements; a qualified rollover; or installment payments. The Plan further provides for hardship withdrawals. All distributions were subject to the provisions of the Plan.

Forfeitures - Forfeitures represent non-vested account balances remaining in the Plan for terminated employees. Upon reaching five consecutive breaks-in-service, as defined in the plan agreement, forfeiture balances were available to offset contributions or to pay Plan expenses, which were otherwise payable by the Company, in accordance with the plan agreement. As of December 31, 2023, the available balance in the forfeitures account was \$7,911. At September 13, 2024, the forfeitures balance of \$1,831 was included in the transfer to the qualified plan sponsored by the buyer.

Administrative Expenses - Administrative expenses represent charges paid by participants related to distributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates - The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported assets and liabilities and changes in net assets available for benefits during the reporting periods. Actual results could differ from the estimates.

Investment Valuation and Income Recognition - Investments are carried at their fair value based on published quotations or, in the absence of readily ascertainable market values, at such values determined by the trustee. The unrealized appreciation (depreciation) of investments was determined by the change in current fair value from the beginning of the period (if held for the entire period) to the end of the period, or from the date of purchase to the end of the period. The realized appreciation (depreciation) of investments was determined by the change in the current fair value from the date of purchase to the date of sale. The Plan presents net appreciation or depreciation in the fair value of its investments in the statements of changes in net assets available for benefits.

Interest, dividends and capital gains distributions were recorded as earned on an accrual basis. Purchases and sales of securities were reflected on a trade-date basis. Any gain or loss on sales of securities was based on the specific cost of the securities sold.

Fair Value Measurements - U.S. GAAP establishes a framework for measuring the fair value of financial assets, which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs are not quoted prices in active markets but they are observable either directly or indirectly.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Mutual funds were valued at the closing prices reported in active markets of the shares held by the Plan at year-end (level 1 measurement).

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at December 31, 2023.

Risks and Uncertainties - Plan assets were composed of various investment securities, which were exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits at December 31, 2023 and statements of changes in net assets available for benefits.

Contributions - Employee contributions were recorded in the period during which the Company made payroll deductions from participants' earnings. Matching Company contributions were funded within days of each pay period.

Benefits - Benefits were reflected when approved for payment and paid by the Plan.

Subsequent Events - Management has evaluated subsequent events through February 17, 2025, the date which the financial statements were available to be issued.

3. GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

At December 31, 2023, the Plan held a fully benefit-responsive group annuity contract, the Fidelity Managed Income Portfolio Fund, which maintained the contributions in a general account. Fidelity Management Trust Company (Fidelity) was contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the group annuity contract was fully benefit-responsive, contract value was the relevant measurement attribute. Contract value, as reported to the Plan by Fidelity, represented contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants could ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limited the Plan's ability to transact at contract value with Fidelity. Such events included the following: (1) premature termination of the contract by the Plan, (2) plant closings or layoffs, (3) Plan termination, (4) bankruptcy, mergers, early retirement incentives, or other Plan sponsor events that cause a significant withdrawal from the Plan, or (5) Plan disqualification. Plan level liquidations of the group annuity contract require notice to Fidelity. The Plan was merged into another qualified plan on September 13, 2024 (see Note 1), and the group annuity contract was subsequently liquidated.

4. CERTIFIED FINANCIAL INFORMATION

The plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-5 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.

Accordingly, the trustee, Fidelity Management Trust Company, has certified that the following data included in the accompanying financial statements is complete and accurate.

- Investments, as shown in the statement of net assets available for benefits as of December 31, 2023.
- Investment activity, as shown in the statements of changes in net assets available for benefits for the period from January 1, 2024 to September 13, 2024 and for the year ended December 31, 2023.

5. PLAN TERMINATION

The Company had the right to terminate the Plan subject to the provisions of ERISA. However, as disclosed in Note 1, the Plan was merged into another plan, which resulted in immediate 100% vesting of employer contributions.

6. INCOME TAX STATUS

The Plan was a prototype plan for which the sponsoring organization obtained its latest determination letter on June 30, 2020 in which the Internal Revenue Service stated that the Plan, as designed, was in compliance with the applicable requirements of the IRC. Although the Plan was amended and restated since receiving the determination letter, the Plan administrator believes that the Plan was designed, and was being operated, in compliance with the applicable requirements of the IRC and therefore, believes that the Plan is qualified.

Management believes that there is no liability related to uncertain tax positions at September 13, 2024 or December 31, 2023. Therefore, no provision for income taxes has been included in the Plan's financial statements. The Plan is no longer subject to tax examinations for the years before 2021.

7. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the statement of net assets available for benefits to the Form 5500 as of December 31, 2023:

Net assets available for benefits per the financial statements	\$ 11,617,600
Fair value adjustment to net investment gain/loss - common / collective trust	(12,120)
Contributions receivable not reflected in the Form 5500 prepared on the cash basis of accounting	(19,104)

Payable for refundable contributions not reflected in the Form 5500 prepared on the cash basis of accounting	<u>\$ 1,293</u>
--	-----------------

Net assets available for benefits per the Form 5500	<u>\$ 11,587,669</u>
---	----------------------

The following is a reconciliation of the increase (decrease) in net assets available for benefits per the statements of changes in net assets available for benefits to the Form 5500 presentation:

	<u>2024</u>	<u>2023</u>
Increase (decrease) in net assets available for benefits per the financial statements	\$(11,617,600)	\$ 2,610,854
Transfer of assets to another plan	12,202,638	-
Prior year fair value adjustment to net investment gain/loss - common / collective trust	12,120	20,667
Current year fair value adjustment to net investment gain/loss - common / collective trust	-	(12,120)
Prior year contributions receivable reflected in the Form 5500 in the current year	19,104	17,439
Current year contributions receivable not reflected in the Form 5500 prepared on the cash basis of accounting	-	(19,104)
Prior year refundable contributions reflected in the Form 5500 in the current year	(1,293)	(3,209)
Current year refundable contributions not reflected in the Form 5500 prepared on the cash basis of accounting (see below)	<u>9,092</u>	<u>1,293</u>
Net income per the Form 5500	<u>\$ 624,061</u>	<u>\$ 2,615,820</u>

The current year refundable contributions not reflected in the Form 5500 prepared on the cash basis of accounting for the period ended September 13, 2024 are included with the transfer of assets to another plan on the Form 5500. Additionally, there are minor classification differences between the financial statements and the Form 5500 in various income and expense categories.

8. RELATED PARTIES AND PARTIES-IN-INTEREST

Fidelity Management Trust Company served as the trustee of the Plan. Fidelity Investments is the issuer of certain of the mutual funds and a common/collective trust held by the Plan and, accordingly, were considered a party-in-interest.

Neither the Company nor employees involved in the administration of the Plan receive compensation from the Plan.
