Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Prairie Ridge Integrated Behavioral Healthcare 401(k) Profit Sharing Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for plan benefits as of June 30, 2024 and 2023, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Prairie Ridge Integrated Behavioral Healthcare 401(k) Profit Sharing Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended June 30, 2024 and 2023 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Prairie Ridge Integrated Behavioral Healthcare 401(k) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Prairie Ridge Integrated Behavioral Healthcare 401(k) Profit Sharing Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Prairie Ridge Integrated Behavioral Healthcare 401(k) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Prairie Ridge Integrated Behavioral Healthcare 401(k) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) as of and for the year ended June 30, 2024, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) Description of Plan

The following description of the Prairie Ridge Integrated Behavioral Healthcare 401(k) Profit Sharing Plan, previously the Prairie Ridge Addiction Treatment Services 401(k) Profit Sharing Plan, (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering employees of Prairie Ridge Integrated Behavioral Healthcare (Organization) who have completed six months of service and are at least 20-1/2 years old. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan has adopted a prototype plan document provided by a third-party provider. The Plan's prototype plan document obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service (IRS) stated that the Plan, as then designed, was acceptable under Section 401 of the Internal Revenue Code for use by employers for the benefit of their employees. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with all applicable requirements of the Internal Revenue Code. Therefore, it believes that the Plan was qualified and the related trust was tax exempt as of the financial statement date. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Contributions

The Plan allows participants to make pretax contributions, Roth contributions or a combination of both up to 100% of their annual eligible compensation, as defined in the plan document, subject to the statutory maximum allowed by law. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover contributions).

The Organization may make discretionary matching contributions and/or discretionary profit sharing contributions. The Organization approved profit sharing contributions of \$505,197 and \$505,646 for the years ended June 30, 2024 and 2023, respectively. The Organization did not make any matching contributions during the years ended June 30, 2024 or 2023.

Participants direct the investment of all contributions to their account among various registered investment company (mutual fund) options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's elective contributions, rollover contributions, discretionary contributions made by the Organization and an allocation of Plan earnings and charged with an allocation of administrative expenses. Allocation of the Organization's discretionary profit sharing contribution is based on participant compensation.

Because all accounts are 100% participant directed, Plan earnings are attributable to the investments selected by each participant and allocated to each participant in a manner that reflects the investment experience of each participant's directions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to the Financial Statements

(1) Description of Plan

As of June 30, 2024 and 2023, no amounts were allocated to a participant that had requested a distribution but had not yet been paid.

Vesting

Participants are immediately vested in their elective deferral and rollover contributions plus earnings thereon. Vesting in the employer contributions plus earnings thereon is based on years of service as shown in the following schedule.

Years of Service	Vested Percentage
Less than 3.....	0%
3 or more.....	100%

Forfeitures are reallocated to all participants that are eligible to share in the allocation of profit sharing contributions for the plan year. During the years ended June 30, 2024 and 2023, total forfeitures were \$71,908 and \$35,567, respectively, and forfeitures of \$35,567 and \$19,717, respectively, were reallocated to participant accounts. As of June 30, 2024 and 2023, unallocated forfeitures were \$71,908 and \$35,567, respectively.

Payment of Benefits

In-service distributions are permitted in the event of a financial hardship, disability, qualified birth or adoption or upon attaining age 59-1/2.

Upon termination of service, a participant may elect to receive distributions in lump sums, substantially equal installments or partial withdrawals.

Participant Notes Receivable

Participants may borrow from their account a minimum of \$1,000. Generally, the maximum loan amount is the lesser of 50% of the participant's vested account or \$50,000 (reduced by any outstanding loan balance, if any, during the one-year period ending on the day before the new loan is made). The loans are secured by the balance in the participant's account and bear interest at a rate of 5.25% - 10.50%.

Administrative Expenses

Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded in the accompanying statements of changes in net assets available for benefits as administrative expenses. All administrative expenses are charged to participant accounts.

Third-Party Fee Agreements

In addition to the administrative fees deducted from net assets on the face of the statements of changes in net assets available for plan benefits, the various investment providers to the Plan retain investment earnings to help cover the cost of operating the funds. These fees, which were less than 1% of the Plan's investments for the years ended June 30, 2024 and 2023, have been netted against investment income.

Subsequent Events

Management has evaluated subsequent events through March 7, 2025, the date which the financial statements were available to be issued.

Notes to the Financial Statements

(1) Description of Plan

In October, 2024, the Plan Sponsor acquired the Substance Abuse Treatment Unit of Central Iowa (SATUCI). As a result, the Plan was amended on October 1, 2024, to count participants' years of service at SATUCI for eligibility and vesting purposes and to allow for a special one-time entry date of October 1, 2024 for purposes of all contributions.

(2) Accounting Policies

Basis of Accounting

The Plan prepares its financial statements on the accrual basis of accounting.

Use of Estimates

The Plan Administrator uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities and the reported changes in net assets available for plan benefits.

Financial Instruments and Concentration of Credit Risk

The Plan's investments subject the Plan to concentrations of credit risk in that substantially all of those investments were held by John Hancock Life Insurance Company (U.S.A.). Following customary practices, the Plan does not hold collateral for investments made through this source. The maximum potential credit loss to the Plan is limited to total Plan assets as shown on the accompanying statements of net assets available for plan benefits.

Valuation of Investments

Quoted market prices are used to value registered investment companies.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Gains and losses (realized and unrealized) for the years ended June 30, 2024 and 2023 are reported in net appreciation in the fair value of investments on the statements of changes in net assets available for plan benefits.

Dividends are to be reported separately from net appreciation in the fair value of investments. However, dividends were commingled with net appreciation in the fair value of investments on reports obtained from the custodian and detail was not available to permit segregation of dividends. Therefore, dividends on registered investment companies are included with net appreciation in the fair value of investments on the statements of changes in net assets available for plan benefits and on Form 5500.

Receivables

Participant notes receivable are valued at their unpaid principal balance plus accrued interest receivable. Because participant notes receivable are 100% collateralized by the participants' vested account balances, no allowance for loan losses is deemed necessary. Participant notes receivable which are in default, including outstanding balances due upon termination, are taxed to the borrower and accounted for as a deemed distribution. Interest income is recorded on the accrual basis.

Notes to the Financial Statements

(2) Accounting Policies

Income Tax Status

Plan management is required to evaluate tax positions taken by the Plan and disclose a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of June 30, 2024 and 2023, there are no uncertain positions taken or expected to be taken that would require disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, as of June 30, 2024 and 2023, there were no audits for any tax periods in progress.

Payment of Benefits

Benefits are recorded when paid.

(3) Investments

The information summarized below was certified by John Hancock Life Insurance Company (U.S.A.), the investment custodian, as to the completeness and accuracy of all information presented below. The following table presents the fair value of investments, all of which are participant directed.

	Investments at Fair Value as Determined by Quoted Prices in Active Markets (Level 1)	Investments at Estimated Fair Value Valuation Techniques Based on Observable Market Data (Level 2)	Valuation Techniques Incorporating Information Other Than Observable Market Data (Level 3)	Total
As of June 30, 2024				
Registered investment companies	\$ 6,515,189	\$ —	\$ —	\$ 6,515,189
Total Investments	<u>\$ 6,515,189</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 6,515,189</u>
As of June 30, 2023				
Registered investment companies	\$ 5,513,908	\$ —	\$ —	\$ 5,513,908
Total Investments	<u>\$ 5,513,908</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 5,513,908</u>

The Accounting Standards Codification establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority; Level 2 inputs are based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly; and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

Notes to the Financial Statements

(3) Investments

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available.

Level 1 Fair Value Measurements

The fair value of registered investment companies is based on quoted fair values of the shares held by the Plan at year end.

Level 2 Fair Value Measurements

No investments are measured using Level 2 inputs.

Level 3 Fair Value Measurements

No investments are measured using Level 3 inputs.

(4) Related Party and Party-In-Interest Transactions

The Organization paid administrative fees on behalf of the Plan which were approximately \$17,400 and \$16,600 during the years ended June 30, 2024 and 2023, respectively. In addition, the Plan Sponsor provides management and participant data services to the Plan at no charge.

The Plan directly enters into party-in-interest transactions with service providers, including third-party administrators, investment advisors and auditors. Such transactions resulted in administrative fees as reflected on the statements of changes in net assets available for plan benefits. In addition, certain Plan investments are issued by the investment custodians or their affiliates. Therefore, these transactions qualify as party-in-interest transactions which are exempt from the prohibited transaction rules.

All trustees of the Plan were also participants in the Plan during the years ended June 30, 2024 and 2023.

(5) Risk and Uncertainties

The Plan invests in various registered investment companies. These investments are exposed to various risks such as interest rate, market and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

(6) Plan Termination

Although it has not expressed any intent to do so, the Organization has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.
