REPORT OF INDEPENDENT AUDITORS

To the Participants and Trustees of
Electrical Contractors Association of the
City of Chicago and Local Union 134,
I.B.E.W. Joint Pension Trust of Chicago
Pension Plan No. 5

Opinion

We have audited the financial statements of Electrical Contractors Association of the City of Chicago and Local Union 134, I.B.E.W. Joint Pension Trust of Chicago Pension Plan No. 5 (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of June 30, 2024 and 2023 and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Electrical Contractors Association of the City of Chicago and Local Union 134, I.B.E.W. Joint Pension Trust of Chicago Pension Plan No. 5 as of June 30, 2024 and 2023, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Responsibilities of Management for the Financial Statements (continued)

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit;
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed;
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements; and
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2024 AND 2023

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Method of Accounting - The accompanying financial statements of Electrical Contractors Association of the City of Chicago and Local Union 134, I.B.E.W. Joint Pension Trust of Chicago Pension Plan No. 5 (the Plan) have been prepared using the accrual basis of accounting.

New Accounting Pronouncement - In June 2016, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2016-13, *Financial Instruments - Credit Losses* (Topic 326), which is effective for the Plan for the year ended June 30, 2024. This new standard provides financial statement users with more decision-useful information about the expected credit losses on financial instruments and other commitments to extend credit held by a reporting entity at each reporting date. The standard replaced the incurred loss impairment model with a methodology that reflects expected credit losses and requires consideration of a broader range of reasonable and supportable information to inform credit loss estimates. The standard had no material impact on the Plan's financial statements.

Investments - The investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell that asset (or paid to transfer a liability) in an orderly transaction between market participants at the measurement date (the exit price). Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Purchases and sales of the investments are reflected on a trade-date basis.

Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Employer Contributions Receivable - Employer contributions due and not paid prior to year end are recorded as contributions receivable. Payroll compliance audit deficiencies are included in contributions receivable. Amounts for which collection is not certain that have been reserved as an allowance for doubtful accounts, which were determined by a review of historical losses, the aging of receivables and adjusted for management's assessment of current conditions, and reasonable and supportable forecasts regarding future events, totaled \$22,881 and \$25,366 at June 30, 2024 and 2023, respectively.

Revenue Recognition - Revenue derived from employer contributions is recognized in the period in which covered work is performed, based on the number of hours worked in covered employment and the contribution rate currently in effect, as set forth in the applicable collective bargaining agreement. Employers are required to remit contributions monthly. The Plan carries out its purpose described in Note 2 within a jurisdiction primarily located in Cook County, Illinois.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Reciprocal Contributions - The Plan is signatory to reciprocity agreements with various other multiemployer pension plans for its participants who perform work outside the geographic jurisdiction of the Plan's participating local unions. Participants who are normally employed within the territory of one local union (home local) may be temporarily employed within the territory of another local union (reciprocating local). When a participant of the home local works in the territory of a reciprocating local, the latter is to make contributions to the former's fringe benefit plans on the participant's behalf. Monies received by the Plan on behalf of persons from outside participating local unions are forwarded to their home local fringe benefit plans. The Plan uses the same recognition and measurement criteria for contributions received on behalf of its participants under the terms of reciprocity agreements as for all other employer contribution revenue. Amounts paid to other plans under the terms of reciprocity agreements are not reflected in the statements of changes in net assets available for benefits, as the amounts received are not revenue earned by the Plan, and the corresponding payments are not an expense of the Plan. The Plan recognizes a liability upon receiving reciprocal contributions on behalf of non-participants working within the jurisdiction of the local union, and recognizes a decrease in that liability upon remitting those contributions to the appropriate plan. Employer contributions included reciprocal contributions of approximately \$20,323,000 and \$19,949,000 for the years ended June 30, 2024 and 2023, respectively, from various other pension plans under the terms of reciprocity agreements. The Plan remitted a total of approximately \$3,215,000 and \$2,785,000 in reciprocal contributions to various other pension plans under the terms of reciprocity agreements for the years ended June 30, 2024 and 2023, respectively. Reciprocal contributions payable at June 30, 2024 and 2023 are not considered to be material to these financial statements.

Payment of Benefits - Benefit payments to participants are recorded upon distribution. At June 30, 2024 and 2023, participants had elected to take withdrawals totaling \$7,333,344 and \$5,348,913 respectively, which had not yet been distributed.

Administrative Expenses - Administrative expenses of the Plan are charged directly to participant accounts. During the years ended June 30, 2024 and 2023, participants were charged \$7.67 per month. From these amounts, \$2.92 per month was transferred to the Plan's recordkeeper for administration of the participant accounts, and \$4.75 per month was transferred to the Electrical Insurance Trustees (EIT) for administration of the Plan.

Expenses - Certain investment related expenses are included in net appreciation in fair value of investments.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

Subsequent Events - Subsequent events have been evaluated through November 26, 2024, which is the date the financial statements were available to be issued.

NOTE 2. DESCRIPTION OF THE PLAN

The Plan was established pursuant to a collective bargaining agreement between the Electrical Contractors Association of the City of Chicago and Local Union 134, International Brotherhood of Electrical Workers. The Plan is administered by the Electrical Insurance Trustees who also administer other related plans. The Plan is a multiemployer defined contribution money purchase pension plan, subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Benefits under the Plan are not insured by the Pension Benefit Guaranty Corporation.

Contributions to the Plan are invested as directed by the participant, and participants are immediately vested in the contributions made on their behalf. In the absence of participant direction, contributions are invested in a default investment fund based on the participant's age. Participants must evaluate their own investment goals and objectives and choose investment options best suited to achieve those goals and objectives. Poor investment performance by the investments selected by the participants may cause their vested balances to be lower than the amounts contributed to the Plan.

Participants' accounts are credited with employer contributions made on their behalf as well as an allocation of Plan earnings or losses, and are charged with an allocation of administrative expenses as described in Note 1. Allocations are based on participant earnings, account balances or specific transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Participants remain fully vested in their account balance at all times.

The Plan provides retirement benefits for eligible employees of participating electrical contractors, communication and other participating employers in the Chicago area. A participant under age 72 is eligible for benefits under the Plan if the participant: (a) has not engaged in industry employment for the preceding two years; (b) has attained age 65 or age 55 and accrued 10 years of eligibility service; (c) is receiving a disability benefit from the Social Security Administration; or (d) has attained age 62 and has had contributions to the Plan made on their behalf for at least 10 calendar years. Eligible participants over age 72 will receive benefits regardless of their employment status. Benefits are also provided to the beneficiary of a participant upon the participant's death. Benefits are payable in a lump sum, partial lump sum up to four times in any rolling 12-month period, or by the purchase of an annuity contract.

Participants should refer to the summary plan description for more complete information.

NOTE 3. FUNDING POLICY

Participating employers contribute such amounts as are required by their collective bargaining agreements. The majority of the employers contributed at hourly rates ranging from \$7.00 to \$12.90 during the years ended June 30, 2024 and 2023.

NOTE 4. PRIORITIES UPON TERMINATION

It is the intent of the Trustees to continue the Plan in full force and effect; however, to safeguard against any unforeseen contingencies, the right to discontinue the Plan is reserved to the Trustees. In the event of termination, the Trustees shall first satisfy the obligations of the Plan. Any remaining Plan assets will be distributed in such manner as will, in the opinion of the Trustees, bring about the purpose of the Plan. Termination shall not permit any part of the Plan to be used for or diverted to purposes other than the exclusive benefit of the participants.

NOTE 5. FAIR VALUE MEASUREMENTS

The *Fair Value Measurements and Disclosures* Topic of the FASB Accounting Standards Codification established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The following describes the three levels of the fair value hierarchy:

Basis of Fair Value Measurement

Level 1	Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities
Level 2	Quoted prices in markets that are not considered to be active or financial instruments for which all significant inputs are observable, either directly or indirectly
Level 3	Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable

The following tables set forth, by level within the fair value hierarchy, the Plan's investment assets at fair value as of June 30, 2024 and 2023. As required, assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. In accordance with generally accepted accounting principles, certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the following tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Level 1 Measurements

The fair values of the mutual funds are determined by reference to the funds' underlying assets, which are principally marketable equity and fixed income securities. Shares held in mutual funds are traded on national securities exchanges and are valued at the net asset value on the last business day of each period presented.

Level 2 Measurements

Short-term investments are valued at cost, which approximates fair value.

NOTE 5. FAIR VALUE MEASUREMENTS (CONTINUED)

Measurements Using Net Asset Value as a Practical Expedient

Certain investments are valued at the net asset value per share, used as a practical expedient to estimate fair value. The net asset value is based on the fair values of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value.

The common and collective trusts are considered direct filing entities (DFEs) and file a form 5500 annual report with the U.S. Department of Labor. The Plan is not required to disclose the significant investment strategies of DFE investments. There are no significant withdrawal restrictions imposed on these investments.

The stable value fund is also considered a DFE. Redemptions for benefit payments are made within 10 days after a redemption notification is received. Redemptions other than for benefit payments are made within one year after a redemption notification is received.

NOTE 6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participant account balances and amounts reported in the statements of net assets available for benefits.

Due to inherent uncertainties involved in the valuations of investments that are not publicly traded, estimated fair values may differ materially from the values that would have been used had a ready market for the underlying securities existed.

NOTE 7. TAX STATUS

The Plan's latest determination letter from the Internal Revenue Service dated October 9, 2015, stated that the Plan meets the requirements of a qualified plan and tax-exempt trust under Section 401(a) of the Internal Revenue Code and is, therefore, exempt from federal income taxes under the provisions of Section 501(a). The Plan has been amended since receiving the determination letter. The Trustees and the Plan's legal counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

NOTE 7. TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require the Plan to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8. RELATED PARTY TRANSACTIONS

The Plan shares facilities, equipment and staff with other related employee benefit plans administered by the Electrical Insurance Trustees. Expenses shared by these organizations are initially paid by one of the related plans and are allocated on a basis approved annually by the Trustees. The Plan's share of administrative expenses was \$719,674 and \$706,323 for the years ended June 30, 2024 and 2023, respectively. At June 30, 2024 and 2023, the Plan owed \$179,917 and \$176,090 respectively, for shared administrative expenses.

In addition, contributions to the Plan are deposited in a lockbox account and are allocated to the Plan based on the various contracts in effect. Contributions held in the lockbox account at year end are transferred to the Plan shortly after year end, and are included in due from related plan in the accompanying financial statements. At June 30, 2024 and 2023, a total of \$11,831,821 and \$11,435,542 respectively, was due to the Plan for contributions in process.

NOTE 9. UNALLOCATED ACCOUNTS

Net assets available for benefits include unallocated accounts totaling \$561,573 and \$431,238 at June 30, 2024 and 2023, respectively. Unallocated amounts are available to offset any delinquent contributions not collected from employers and to pay administrative expenses incurred by the Plan.

NOTE 10. PARTY-IN-INTEREST TRANSACTIONS

The Plan's investments are managed by John Hancock, the custodian of the Plan, and therefore represent exempt party-in-interest transactions. Fees paid by the Plan for recordkeeping services amounted to \$438,605 and \$430,498 for the years ended June 30, 2024 and 2023, respectively.

NOTE 11. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	<u>2024</u>	<u>2023</u>
Net assets available for benefits per the financial statements	\$ 3,245,243,220	\$ 2,855,599,584
Less - amounts allocated to withdrawing participants	<u>(7,333,344)</u>	<u>(5,348,913)</u>
Net assets available for benefits per the Form 5500	<u>\$ 3,237,909,876</u>	<u>\$ 2,850,250,671</u>

The following is a reconciliation of benefits paid to or for participants per the financial statements to the Form 5500 for the year ended June 30, 2024:

Benefits paid to or for participants per the financial statements	\$ 123,650,093
Add - Amounts allocated to withdrawing participants at end of year	7,333,344
Less - Amounts allocated to withdrawing participants at beginning of year	<u>(5,348,913)</u>
Benefits paid to or for participants per the Form 5500	<u>\$ 125,634,524</u>

Amounts allocated to participants requesting withdrawals are recorded on the Form 5500 for benefit distributions that have been processed and approved for payment prior to year end, but not yet paid as of that date.
